Per una cultura della famiglia: il linguaggio dell'amore Livio Melina 2015-11-11 Voluta fortemente da Giovanni Paolo II e rilanciata con decisione dal Santo Padre Benedetto XVI, la riflessione intorno all'amore coniugale e alla sessualità umana appare oggi maggiormente bisognosa di approfondimento e specializzazione. Di fronte all'ideologia antipersonalistica del gender che riduce la sessualità umana ad una ricerca individualistica e arbitraria del piacere, la proposta cristiana non si limita a contrapporre delle limitazioni moralistiche. Per approfondire questo percorso, Mons. Melina, Preside dell'Istituto Giovanni Paolo II per gli Studi su matrimonio e famiglia, insiste sulla pienezza teologica del corpo, che nulla toglie, ma apre prospettive di straordinaria ricchezza alla vita sessuale e affettiva dell'uomo e della donna.

Humanae Vitae, a Generation Later Janet E Smith 1991 Janet E. Smith presents a comprehensive review of this issue from a philosophical and theological perspective. Tracing the emergence of the debate from the mid-1960s and reviewing the documents from the Special Papal Commission established to advise Pope Paul VI, Smith also examines the Catholic Church's position on marriage, which provides context for its condemnation of contraception.

Dynamic Catholicism Thomas Bokenkotter 2010-06-30 Formerly Essential Catholicism, this book has been retitled to reflect how, through the centuries, the Roman Catholic Church has evolved in many aspects of its teaching. The new title also reflects how theologians today grapple with ever new ways of understanding many facets of Catholic belief and practice. Who is Jesus? Or Mary? Who are the saints? How are theologians trying to understand such topics as marriage, divorce, homosexuality? What of social justice? The relationship of conscience to papal authority? Thomas Bokenkotter masterfully shows how these questions and many others have been answered in different ways through the centuries. He also translates the latest theological writings on these topics into plain language. "My aim," he says, "has been to sift through and select what seems most helpful and enlightening for those who seek an understanding of the essentials of Catholicism today." Here, then, is a book for all Catholics -- those assured

in their belief and those questioning it.

Moral Theology After Humanae Vitae Vincent Twomey 2010 The author discusses some of the major developments in fundamental moral theology which were sparked off by the publication of the hugely controversial encyclical, *Humanae Vitae* (1968), as well as the impact of its rejection by many leading moral theologians. Within the broader cultural background of modernity, Professor Twomey analyzes this dissent and attempts to sketch an alternative moral theology based on the recovery of virtue as the context for moral reflection and on a new appreciation of the nature of sexuality. He also attempts a positive appreciation of the generally neglected 'doctrinal content' of Pope Paul VI's encyclical that shook the world when it appeared in order to explain why *Humanae Vitae* remains to this day a sign of contradiction within the Church and beyond.

Homosexuality and Following Jesus Paul Flaman 2012-02-22 Jesus' prayer was "that all may be one." In this clear, concise, and compelling book, Paul Flaman addresses ways in which we can contribute to fulfilling this foundational prayer of the Christian life when it comes to the issue of homosexuality -- an issue that has caused much division in countries, churches, and families around the world. Flaman argues that Jesus' example and teaching help us focus on what is most important, including his call for us to: Treat others the way we would like to be treated Respond to the real needs of others in loving others as he loves us Live according to the truth Take up our cross to find fullness of life Avoid sexual immorality Forgive and be reconciled and healed

Why Humanae Vitae Was Right Janet Smith 2014-11-01 For the 25th anniversary year of the historic document *Humanae Vitae*(1968), Janet Smith has gathered together twenty-one outstanding essays and articles by well-respected thinkers to provide the demonstration that Pope Paul VI was not simply correct, but prophetic. While this document is still widely neglected and misunderstood, the Church continues to proclaim that contraception is a moral evil and that the view of man, sexuality, and marriage that leads to the use of the Pill is not one that is compatible with human dignity, sexual responsibility and spousal love. Many are unaware that there have been energetic and persuasive worth defenses of this teaching. The general reader, as well as the ethicist and moral theologian, will find much here to stimulate his thinking on this issue. Contributors include William May, Paul Quay, Elizabeth Anscombe, Dietrich von Hildebrand, Carlo Caffara, Cormac Burke, Ralph McInerney, John Kippley, John Finnis and Janet Smith.

Infertility Kevin Wm. Wildes 2012-12-06 Infertility: A Crossroad of Faith, Medicine, and Technology brings together a diverse group of clinicians, theologians, and philosophers to examine the use of reproductive technologies in the light of the Roman Catholic moral tradition and recent teaching. The book provides relevant background information (e.g. *Donum Vitae* from the Congregation for the Doctrine of the Faith) as it explores the psychological, social, legal, and moral contexts of reproductive medicine. This book is Volume 3 of *Catholic Studies in Bioethics* in the series *Philosophy and Medicine*.

The Mystery of the Trinity in the Theological Thought of Pope John Paul II Antoine Nacheff 1999 Since his election to the papacy in 1978, Pope John

Paul II's incomparable theological thinking has exercised a vast influence upon the Catholic Church. His documents command worldwide attention because he presents the Tradition of the Church in an accessible way to contemporary readers. *The Mystery of the Trinity in the Theological Thought of Pope John Paul II* investigates all the papal documents, including his Encyclicals on the Father (Dives in Misericordia), on the Son (Redemptor Hominis), and on the Holy Spirit (Dominum et Vivificantem). In detail, this work systematically presents John Paul II's philosophy of the human person in relationship with the Divine Persons, his theology of creation and redemption, his Christology, and his theology of the Holy Spirit.

Self-Gift: Essays on Humanae Vitae and the Thought of John Paul II Janet E. Smith 2018-06-29 Janet E. Smith has been among the world's preeminent voices in the study of the issues raised by Pope Paul VI's 1968 encyclical letter *Humanae vitae*. *Self-Gift: Essays on Humanae Vitae and the Thought of John Paul II* presents Smith's critical collection of essays on the vocation of marriage, human sexuality, contraception, and more. Her groundbreaking scholarship touches on all the areas implicated in *Humanae vitae*: from natural family planning to parenthood and natural law to personalism. This collection not only includes Smith's English translation of the encyclical from the original Latin text, but also helpful background on the development and release of this authoritative magisterial document. With a particular emphasis on the personalist and Thomistic philosophy of Pope St. John Paul II and how it illuminates the two-millennia tradition of Catholic teaching on human sexuality, *Self-Gift* delivers crucial insight into the Creator's plan for human sexuality and our full flourishing in Christ.

Sex and the Sanctity of Human Life William E. May 1984 Theologian William May offers an engaging study of sex, in particular the relationship between the natural and the spiritual dimension of human love and reproduction. For those who question the common assumption of secular society about the body, human sexuality, courtship, marriage, family, and children, this book presents wise and beautiful insights into the human condition.

Marriage William E. May 2009-01-01 In this revised and expanded edition of *Marriage: The Rock on Which the Family is Built*, internationally-renowned theologian William E. May makes the case for marriage's foundational role for family, with marriage defined as the union of one man and one woman. Drawing on Pope John Paul II's "theology of the body," he explains the person-affirming, love-enabling, life-giving, and sanctifying nature of marriage. He shows how marriage is necessarily a complementary union of man and woman and how this rules out the idea of "same-sex" marriage.

The Mystery of Marriage: A Theology of the Body and the Sacrament Perry J. Cahall 2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage. Incorporating the rich insights found in St. John Paul II's *Theology of the Body*, Dr. Cahall presents a theology of marriage that incorporates the biblical, systematic, pastoral, and historical traditions which have shaped our understanding of this sacrament.

Mary for Protestants R. Divozzo 2019-06-12 Have you ever wondered about Mary, Jesus' mother? Is she important beyond having given birth to Christ? Is there more to her relationship to Jesus than simply being his biological mother? If you have wondered what Mary is all about, then you will be interested in what this book has to tell you about her. It is a theological and scriptural reflection on Mary as we find her in the biblical record and will help the Protestant reader understand Mary in her relation to Christ according to the ancient wisdom and profound richness of the Catholic

tradition about Mary the Mother of God.

Sex, Marriage, and Chastity William E. May 1981 "There is a compelling and urgent need to provide the public with a relatively brief work which articulates as clearly and persuasively as possible the truths about human sexuality, marriage and chastity as enunciated by the Roman Catholic Church. The present work is an effort to provide this study." [Book jacket].

Humanae Vitae, 50 Years Later Charles J. Chaput 2019 "Experts representing a variety of disciplines including history, culture, theology, medicine, law, and psychology reflect upon the Catholic Church's teachings on marriage and licit methods for the regulation of births, on the occasion of the 50th anniversary of the papal document *Humanae vitae*. Covenant of Love Richard Hogan 2011-02-16 Pope John Paul II has had a profound theological and personal impact on Catholics and non-Catholics alike. In the scholarly tradition of Saint Augustine and Saint Thomas, he has found a new unity between faith and reason. The study of God, says John Paul, is also the study of humanity. He has come to vigorously insist on the rights and dignity of each human person, and on the divine importance of the family. John Paul teaches that the keystone of Christian living today is the communion of persons which is the family. *Covenant of Love* conveys this central message of his pontificate. It explores the influence of Christ on the modern family, human intimacy, and sexuality and illustrates the Pope's response to the violations of that familial communion: materialism, sterilization, pre-marital sex, abortion, polygamy, adultery and lust, contraception and artificial conception, and homosexuality. Written for the layman as well as for clerics, students, and educators, this volume will enhance the understanding and appreciation of Pope John Paul II's teachings. *Covenant of Love*, presents the extraordinary new way that John Paul II is using to present a new synthesis of the faith that can be the means of renewing the faith of all Christians and of bringing more people to Christ. It sets out his philosophical and theological design for every Christian who seeks a closer relationship with God--in the person of Christ, in the Church, and in the human heart. Fr. Richard M. Hogan holds a doctorate in medieval history from the University of Minnesota. Fr. John M. LeVoir holds a M.A. in theology from Saint Paul Seminary. Both are diocesan priests of the Archdiocese of Saint Paul-Minneapolis with extensive pastoral experience. "A splendid analysis of Pope John Paul II's teachings on sexuality, marriage and the family. We see that the Pope's magnificent vision of the human person is ultimately grounded in the revealed truth that the human person is made in the image and likeness of God." - William E. May, Catholic University of America
