

# Sex How It Works Television Show

**Marie Stopes' Sexual Revolution and the Birth Control Movement** - Clare Debenham  
2018-03-06

This book examines the life, work and controversial achievements of Marie Stopes, author and pioneer of the birth control movement in the interwar period. As the centenary of the ground-breaking publication of *Married Love* approaches, this study traces and reassesses Marie's remarkable achievements, considering the literary, scientific and political themes of her life's work. Clare Debenham analyses how Stopes's personal life led her to turn away from palaeobotany to concentrate on transforming the country's sexual relationships by writing *Married Love*. Utilising extensive

unpublished archive research, biographies, letters, and interviews with her friends and relatives, Debenham demonstrates that Stopes's work on sexual relationships has overshadowed her considerable achievements including her scientific career as a paleobotanist, her literary success in the interwar period, and her work, with help from suffragists, in establishing the first British birth control clinic.

**Think Sociology** - John Carl 2011-08-16  
THINK Currency. THINK Issues. THINK Relevancy. THINK Sociology. With an engaging visual design and just 15 chapters, THINK Sociology is the Australian Sociology text your students will want to read. This text thinks their thoughts, speaks their language, grapples with

the current-day problems they face, and grounds sociology in real world experiences. THINK Sociology is informed with the latest research and the most contemporary examples, allowing you to bring current events directly into your unit with little additional work.

Resources in Women's Educational Equity -

**The Vampire in Folklore, History, Literature, Film and Television** - 2015-09-18

This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present. More than 6,000 entries document the vampire's penetration of Western culture, from scholarly discourse, to popular culture, politics and cook books.

Sections by topic list works covering various aspects, including general sources, folklore and history, vampires in literature, music and art, metaphorical vampires and the contemporary vampire community. Vampires from film and television--from Bela Lugosi's Dracula to Buffy

the Vampire Slayer, True Blood and the Twilight Saga--are well represented.

**Sex** - Nikol Hasler 2015-05-26

Sex: An Uncensored Introduction provides honest, in-depth information about sex, sexual orientation, masturbation, foreplay, birth control options, and protection against disease. This revised and updated edition includes updated information about everything from STIs to new sex-related legislation as well as brand new sections on sexting, online dating and safety, and sex-related bullying of all kinds. The hilariously straightforward contents of the book will be augmented by a new foreword written by a trusted "sexpert" to lend added expertise to this new edition.

**The Whedonverse Catalog** - Don Macnaughtan 2018-05-21

Director, producer and screenwriter Joss Whedon is a creative force in film, television, comic books and a host of other media. This book provides an authoritative survey of all of

Whedon's work, ranging from his earliest scriptwriting on Roseanne, through his many movie and TV undertakings--Toy Story, Buffy the Vampire Slayer, Angel, Firefly/Serenity, Dr. Horrible, The Cabin in the Woods, and Agents of S.H.I.E.L.D.--to his forays into the Marvel Cinematic Universe. The book covers both the original texts of the Whedonverse and the many secondary works focusing on Whedon's projects, including about 2000 books, essays, articles, documentaries and dissertations.

Beautiful TV - Greg M. Smith 2009-03-06

During its five-year run from 1997 to 2002, the popular TV show *Ally McBeal* engaged viewers in debates over what it means to be a woman or a man in the modern workplace; how romance factors into the therapeutic understanding of relationships; what value eccentricity has and how much oddity society should tolerate; and what utility fantasy has in the pragmatic world. In addition to these social concerns, however, *Ally McBeal* stood out for being well-

constructed, narratively complex, and stylistically rich—in short, beautiful TV. Starting from the premise that much of television today is "drop-dead gorgeous" and that TV should be studied for its formal qualities as well as its social impact, Greg M. Smith analyzes *Ally McBeal* in terms of its aesthetic principles and narrative construction. He explores how *Ally's* innovative use of music, special effects, fantasy sequences, voiceovers, and flashbacks structures a distinctive fictional universe, while it also opens up new possibilities for televisual expression. Smith also discusses the complex narrative strategies that *Ally's* creator David E. Kelley used to develop a long-running storyline and shows how these serial narrative practices can help us understand a wide range of prime-time TV serials. By taking seriously the art and argument of *Ally McBeal*, *Beautiful TV* conclusively demonstrates that aesthetic and narrative analysis is an indispensable key for unlocking the richness of contemporary

television.

*Apocalypse TV* - Michael G. Cornelius  
2020-03-27

The end of the world may be upon us, but it certainly is taking its sweet time playing out. The walkers on *The Walking Dead* have been "walking" for nearly a decade. There are now dozens of apocalyptic television shows and we use the "end times" to describe everything from domestic politics and international conflict, to the weather and our views of the future. This collection of new essays asks what it means to live in a world inundated with representations of the apocalypse. Focusing on such series as *The Walking Dead*, *The Strain*, *Battlestar Galactica*, *Doomsday Preppers*, *Westworld*, *The Handmaid's Tale*, they explore how the serialization of the end of the world allows for a closer examination of the disintegration of humanity--while it happens. Do these shows prepare us for what is to come? Do they spur us to action? Might they even be causing the

apocalypse?

**Media, Gender and Identity** - David Gauntlett  
2008-03-18

Popular media present a vast array of stories about women and men. What impact do these images and ideas have on people's identities? The new edition of *Media, Gender and Identity* is a highly readable introduction to the relationship between media and gender identities today. Fully revised and updated, including new case studies and a new chapter, it considers a wide range of research and provides new ways for thinking about the media's influence on gender and sexuality. David Gauntlett discusses movies such as *Knocked Up* and *Spiderman 3*, men's and women's magazines, TV shows, self-help books, YouTube videos, and more, to show how the media play a role in the shaping of individual self-identities. The book includes: a comparison of gender representations in the past and today, from James Bond to *Ugly Betty* an introduction to key theorists such as Judith Butler, Anthony

Gender Warp - Richard Mcadams 2003-08

What will life be like in the U.S. by 2034 if current trends in gender relations and gender politics continue? Women especially will be severely disadvantaged by verifiable trends in marriage, divorce, family life, and the military. Everyday life, and gender relations, in 2034 are viewed through the eyes of three couples at different stages of life. Men have been emasculated and women must carry the burden for domestic life, work life, and ever-higher taxes. The roles of the two genders have become so warped that everything from the family to the military has become dysfunctional. A better way of life in a fictional New Zealand is compared to a U.S. society that is becoming increasingly

unsatisfying to individual citizens, particularly women. The book relates how President Midge Houston and a few trusted lieutenants struggle to change society, against great odds, to the benefit of both men and women.

Teaching America about Sex - M. E. Melody 1999-05

This witty and provocative study of sex and marriage manuals reveals the patterns of permissiveness and prohibition, and, tellingly, the mechanisms of suasion and enforcement - from sermons and hellfire to mutilation and electroshock - that have informed popular sex education over the past hundred and twenty years. From the roaring '20s to the 1960s sexual revolution and after, *Teaching America about Sex* reveals that, even as sexual behavior changed during periods of upheaval, the prescriptive literature on sex has remained traditional at its core, promoting primarily sex within marriage for the purpose of reproduction.

*Queer in the Choir Room* - Michelle Parke

2014-10-14

These new essays examine the many ways that issues of gender and sexuality intersect with other identities and practices--including race, religion, disability, music and education--on the Fox hit program Glee. With gender and sexuality concerns at the crux, the authors tackle such specific aspects of the show as the coming out narrative, Glee fandom and fan fiction, representation of sex education, and the intersection of Broadway music and queerness. The aim of these essays is to open up a dialogue about Glee--which is often dismissed by critics and fans alike--and to reveal how scholars are critically engaging with the show around issues of gender and sexuality.

*Library of Congress Subject Headings* - Library of Congress 2005

*Consumerism on TV* - Alison Hulme 2016-03-09  
Presenting case studies of well-known shows including Will and Grace, Birds of a Feather, Sex

and the City and Absolutely Fabulous, as well as 'reality' television, this book examines the transformations that have occurred in consumer society since its appearance and the ways in which these have been constructed and represented in popular media imagery. With analyses of the ways in which consumerism has played out in society, *Consumerism on TV* highlights specific aspects of the changing nature of consumerism by way of considerations of gender, sexuality and class, as well as less definable changes such as those to do with the celebration of ostentatious greed or the righteousness of the 'ethical' shopper. With attention to the highly delineated consumer field in which 'shopping' as an embedded practice of everyday life is caught between escapism and politics, authors explore a variety of themes, such as the extent to which consumerism has become embedded in forging identity, the positing of consumerism as a form of activism, the visibility of the gay male consumer and

invisibility of the lesbian consumer, and the (re)stratification of consumer types along class lines. An engaging invitation to consider whether the positioning of consumerism through on-screen depictions is indicative of a new type of non-philosophical politics of 'choice' - a form of marketised, (a)political pragmatism - this book will appeal to scholars and students of sociology and cultural and media studies, with interests in class, consumption and gender.

*Gender and Sexual Dissidence on Catalan and Spanish Television Series* - Silvia Grassi  
2016-09-23

Taking as a starting point an interpretation of the television medium as an Ideological State Apparatus, this book examines how gender roles and non-heteronormative sexualities are constructed in Spanish and Catalan television series. In the first part, which focuses on the construction of gender roles in Catalan soap operas, it applies the analytical paradigms founded by Anglo-Saxon feminist scholars for the

content of soap operas to a corpus of material which has rarely been analysed through this perspective. In the second part, which focuses on the construction of non-heteronormative sexualities in Spanish and Catalan television series, the book challenges the rhetoric of "normalisation" and the "essentialist" paradigms which have so far dominated the examination of the construction of sexuality in television series. As such, this book addresses the role performed by television in the construction of meanings which surround gender issues and non-heteronormative sexualities. This is a timely exercise because gender studies and studies of sexual dissidence are fairly recent fields in Spanish and Catalan academia and television has been largely disregarded, especially as far as the analysis of characters and storylines is concerned. As a result, this book represents a major contribution to these fields in the Spanish and Catalan contexts.

**Public Health Reports - 1999**

**Television, Sex and Society** - Beth Johnson  
2012-06-14

Since the 1990s, the screening of sex on American, British and Asian television screens has become increasingly prolific. Considering not only the specificities of selected sexualised images in relation to popular series, this study also concerns itself with the ramifications of TV sex as well as discussing the various techniques that are used by TV producers/programme makers to establish the cultural worth of their texts in series such as *Shameless*, *The Tudors* and *True Blood*. The contributions draw attention to shifting representations of sex on television away from the authoritarian state and

patriarchal order, toward a more democratic form of representation. As a significant and under-represented aspect of contemporary television studies, this is the first full-length academic collection to consider the wide-ranging representations of sex in society on contemporary television.

**Health Services Reports** - United States.  
Health Services and Mental Health  
Administration 1999

**Television, Sex and Society** - Beth Johnson  
2012-06-14

Focuses upon contemporary expressions and representations of televisual sex, discussing British, US and Asian television, to engage with ideas of gender, genre and dramatic politics.
