He's Just Not Up for It

Anymore - Bob Berkowitz

2007-12-26

Men not interested in sex? Can this really be true? It is for the estimated 20 million American men and women who are in relationships in which the man has stopped being sexually intimate. This breakthrough book reveals the counterintuitive truth: Many men are just not up for it anymore. To find out why, bestselling author and relationship expert Dr. Bob Berkowitz and his wife, Susan Yager-Berkowitz, began an unprecedented survey of more than 4,000 men and women in this situation, gathering data and following up with hundreds of interviews with selected respondents. Why don't these men want to have sex? Is the problem physical, emotional, or psychological—or are these guys simply bored with their

partners? Is it unexpressed anger about other aspects of their relationships? Are they depressed? Now that there is limitless access to pornography, are some men no longer able to be turned on without it? Are they becoming satiated? Do they have a fully functioning libido, just not for their wives? Or is decreased interest in sex just an unacknowledged but natural fact of life for a lot of men? Do they want their libidos back? Further, how do their partners feel about this? Are they dejected or relieved? Do they suspect infidelity, asexuality or homosexuality, or just blame themselves? What are they doing about it? What can they do? *He's Just Not Up for It Anymore* provides a unique window into the sexless man's mind—so that men and women can understand this important issue and begin to address the

problems that have inhibited intimacy, and ultimately solve them.

This book is a sword of deliverance and battle plan for sexual freedom. Lust will take you further than you want to go, keep you longer than you want to stay and cost you more than you want to pay. understood and properly controlled. You do not have to be a slave to your own lusts. Your body does not have to be your master. This book will show you how to: - Get a grip on your flesh.- Harness and possess your soul. - Govern and rule over your bodily appetites.- Avoid seduction and enticements.- Discern the origins of urges and feelings before being drawn away by them.- Differentiate between spirit, mind and body.- Practice eye control on demand.- Cultivate meaningful relationships.- Fight to preserve your personal integrity.- Live your life to the fullest.- Put sex in its proper place. - Properly evaluate and establish your manhood.- Esteem women as God created them and see them more than sex objects.- Know yourself and others by the Spirit.- Live freely in the Spirit and cut the strings of seduction.Promiscuous sex is like eating cotton candy. Though it does not nourish you, it tastes good for a little while. However the more you indulge

and eat eventually the sicker you'll feel. Having sex doesn't make you a man. Dogs can have sex. Manhood is determined by your ability to control your bodily appetites and rightly direct them according to your life's purpose. Love is not lust. Love gives. Lust is insatiably selfish and only takes Life is meant to be lived, not enslaved. Liberation is yours for the taking. Stop lusting and start living!

The Art of Lasting Long in Bed - Anthony Ekanem 2016-07-21

What is the cause of premature ejaculation? I am going to quickly talk about this before I go on to talk about how to tackle it. There are different causes of premature ejaculations and I usually list about 6 of them but since this guide is all about getting results, I won't waste time with that. Instead, I will summarize all of them into the main cause of premature ejaculation which is "your inability to handle the pleasure you are experiencing during sex". That is what causes you to orgasm and

ejaculate. And the orgasm comes from the stimulation or arousal that you experience when you are having sex. The main problem that causes most men to experience premature ejaculation is allowing themselves to experience sexual stimulation at a very high intensity level. Talking about intensity levels, it is very important for you to be aware of the various levels of arousal that you go through when you are having sex. I usually use a scale of levels 1 - 10 to explain this where level 1 is the stage where you are not aroused and level 10 is that level when you just cannot control yourself anymore. That is when you ejaculate. In between levels 1-10 are other levels. The levels you have to know how to control most are levels 7-9 because this is where you function during sex. At these levels, you are enjoying sex at a high intensity but it can still be put under control. Not knowing how to control arousal at these levels is what causes premature ejaculation and how to control it is the main thing I
