Great Relationships and Sex Education - Alice Hoyle 2019-11-26

Great Relationships and Sex Education is an innovative and accessible guide for educators who work with young people to create and deliver Relationships and Sex Education (RSE) programmes. Developed by two leading experts in the field, it contains hundreds of creative activities and session ideas that can be used both by experienced RSE educators and those new to RSE. Drawing on best practice and up-to-date research from around the world, Great RSE provides fun, challenging and critical ways to address key contemporary issues and debates in RSE. Activity ideas are organised around key areas of learning in RSE: Relationships, Gender and Sexual Equality, Bodies, Sex and Sexual Health. There are activities on consent, pleasure, friendships, assertiveness, contraception, fertility and so much more. All activities are LGBT+ inclusive and designed to encourage critical thinking and consideration of how digital technologies play out in young people's relationships and sexual lives. This book offers: Session ideas that can be adapted to support you to be creative and innovative in your approach and that allow you to respond to the needs of the young people that you work with. Learning aims, time needed for delivery, suggested age groups to work with and instructions on how to deliver each activity, as well as helpful tips and key points for educators to consider in each chapter. Activities to help create safe and inclusive spaces for delivering RSE and involve young people in curriculum design. A chapter on 'concluding the learning' with ideas on how to involve young people in evaluating and reflecting on the curriculum and assessing their learning. A list of recommended resources, websites, online training courses and links providing further information about RSE. With over 200 activities to choose from, this book is an essential resource for teachers, school nurses, youth workers, sexual health practitioners and anyone delivering RSE to

young people aged 11-25.

Sex Ed - Ruby Rare 2022-01-06

Written by sex educator and body-positivity advocate Ruby Rare, Sex Ed is the practical and fun guide to sex that you've always wanted – but never known how to ask for. This is the information you should have been taught at school: a no-holds-barred roadmap that covers everything from how the brain is the most important sex organ and how to communicate what you want to yourself and a partner, all the way down to the messy stuff – solo sex, orgasms, touching, kissing, blow jobs, cunnilingus, anal play, lube, toys, kegels. After all, sex education shouldn't start and end with putting a condom on a banana.

Education for Tomorrow's Jobs - National Research Council 1983-02-01

The ways in which vocational education can be strengthened to contribute most effectively to national education and economic goals are the subject of this book. It discusses changes in the economy and in the nature of jobs that affect the skills needed in the workplace; unemployment conditions, particularly among the young; and the educational implications of these changes and conditions. The book takes a critical look at vocational education, evaluating the strengths and weaknesses of the system, and makes specific recommendations for its improvement. Current Awareness in Family Life and Sex Education - 1981

Women's Work, Men's Work - National Research Council 1986-02-01

Even though women have made substantial progress in a number of formerly male occupations, sex segregation in the workplace remains a fact of life. This volume probes pertinent questions: Why has the overall degree of sex segregation remained stable in this century? What informal barriers keep it in place? How do socialization and educational practices

affect career choices and hiring patterns? How do family responsibilities affect women's work attitudes? And how effective is legislation in lessening the gap between the sexes? Amply supplemented with tables, figures, and insightful examination of trends and research, this volume is a definitive source for what is known today about sex segregation on the job.

Sex, Career and Family - Michael P. Fogarty
2016-12-13

(A) Participation rates and the 'network effect' --
(b) Education, qualifications and occupations --
(c) Achievement: jobs at the top -- IV. THE EXPERIENCE OF WESTERN COUNTRIES- EMERGENCE OF A NEW ACCENT --
Discrimination not the central issue for the long run -- The central issue: not about admitting women to existing structures, but about adapting structures to women's presence in them -- (a) What are to be the norms of child care and marital relationships, and what conditions do they impose on men's as well as women's careers? -- (b) How is the sheer load of work involved in running a large family to be reconciled with the wife's career? -- (c) What are to be the norms of masculine and feminine behaviour? -- (d) How far can and should work as well as family patterns be adapted to fit women's distinctive life cycle? -- (e) What are to be the personal and social strategies for the next stage? -- PART THREE: STUDIES OF FAMILY AND WORK CAREERS -- V. THE CONCEPTUAL FRAMEWORK OF THE RESEARCH -- Pre-school infancy period -- The school period (from nursery school to secondary school) -- The specialized training period -- The period of marriage and later career development -- Methods of investigation -- VI. WORK CAREERS -- Introduction -- The nature of career aspirations -- The place of career in the lives of men and women -- Components of career aspirations -- (a) Levels of aspiration -- (b) Types of aspiration -- Occupational choice and career performance -- Determinants of married women's expected work patterns -- Summary and discussion -- VII. FAMILY PATTERNS AND WORK -- Fundamental concepts: salience, commitment and integration -- The familistic emphasis -- Household division of labour -- The children and child-care activities -- The marital relationship -- The interaction between family and career

Women Education, Employment and Gender-discrimination - Talwar Sabanna 2007
In Addition To Sex Differences In The Availability Of Schooling And In Enrolment Patterns; There Are Other Types Of Sex Inequalities In Educational Opportunity That Have Implications For Economic Roles. Many Educational Systems Are Characterized By Pervasive Sex-Linked Streaming, With The Result That Girls Are Not Offered The Same Curriculum, Standards, And Programme Options As Boys. The Nature Of This Streaming Rarely Derives From Traditional Sex-Role Norms Or The Traditional Division Of Labour Between The Sexes, But Instead Reflects Trends And Practices. Pre-Vocational And Vocational Programmes Usually Tract Feamesl Into Homemaking Or Domestic Science Courses, While Males Are Taught Skills Which May Lead To Remunerative Employment. When Females Are Offered Career Training Courses, They Are Usually Encouraged To Choose Terminal Vocational Programmes That Prepare Them For A Limited Range Of Sex-Stereotyped Jobs. Taking Into Account The Need For Study Of The Problem Of Women Education, Employment And Gender Discrimination The Present Study Specifically Examined The Women Education, Employment And Various Aspects Responsible For Gender Discrimination In Backward Region Like Hyderabad-Karnataka Of Karnataka State.

Sex Ed - Ruby Rare 2020

Sex ed shouldn't start and end with putting a condom on a banana. This is the pleasure-focused sex ed that you deserved to get at school - in all its challenging, messy, awkward, hilarious, enjoyable glory - from the sex educator you deserved to have. Welcome to sex ed, where everyone is invited to the party.

Handbook for Achieving Gender Equity Through Education - Susan S. Klein

2014-05-22

First published in 1985, the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education. This new, expanded edition provides a 20-year retrospective of the field, one that has the great advantage of documenting U.S. national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX, the landmark federal law prohibiting sex discrimination in education, equity programs and research. Key features include: Expertise - Like its predecessor, over 200 expert authors and reviewers provide accurate, consensus, research-based information on the nature of gender equity challenges and what is needed to meet them at all levels of education. Content Area Focus - The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics, science, and

engineering. Global/Diversity Focus - Global gender equity is addressed in a separate chapter as well as in numerous other chapters. The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans, Latina/os, Asian and Pacific Island Americans, American Indians, gifted students, students with disabilities, and lesbian, gay, bisexual, and transgender students. Action Oriented - All chapters contain practical recommendations for making education activities and outcomes more gender equitable. A final chapter consolidates individual chapter recommendations for educators, policymakers, and researchers to achieve gender equity in and through education. New Material - Expanded from 25 to 31 chapters, this new edition includes: *more emphasis on male gender equity and on sexuality issues; *special within population gender equity challenges (race, ability and disability, etc); *coeducation and single sex education; *increased use of rigorous research strategies such as meta-analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs; *technology and gender equity is now treated in three chapters; *women's and gender studies; *communication skills relating to English, bilingual, and foreign language learning; and *history and implementation of Title IX and other federal and state policies. Since there is so much misleading information about gender equity and education, this Handbook will be essential for anyone who wants accurate, research-based information on controversial gender equity issues—journalists, policy makers, teachers, Title IX coordinators, equity trainers, women's and gender study faculty, students, and parents.
