Harmony in Relationships - Jasper Blackwell

"Harmony in Relationships: Unlocking the Power of Communication and Understanding for Women" is a comprehensive guide that empowers women to build healthier, more fulfilling relationships. This book explores essential topics, from effective communication and emotional intelligence to conflict resolution and self-care. Discover the keys to lasting harmony and personal growth within your romantic partnerships.

Sex, Youth, and Sex Education - David Campos

2002-04-23

An authoritative reference that discusses the history of sex education and its ramifications in the United States. Community and school officials, parents, and educators often stay to the wee hours of the night at PTA meetings arguing about sex education and sexual behavior among young people. While some groups preach abstinence and attempt to sign as many youngsters as possible to their rosters, it remains a fact that 50 percent of U.S. teenagers, beginning at age 15, are sexually active. *Sex, Youth, and Sex Education* is a wonderfully crafted resource that gives not only a statistical overview of sexual activity in schools, but also examines sex education, the scourge of sexual violence in schools, and sexuality among selected groups of youngsters. What emerges is a groundbreaking work for educators and students of sociology, psychology, and education. This work brings to light the fascinating—not to mention ubiquitous—world of sexuality among today's youth and its impact on parents, school personnel, policymakers, and society.

[Shattering Minds](#) - Anna Ovaska 2023-09-07

This study offers a new perspective on unusual and unsettling experiences that are often interpreted as "mental illnesses" and on the techniques through which literary

representations invite readerly responses and engagement. The book examines how four Finnish modernist writers, Helvi Hämäläinen, Jorma Korpela, Timo K. Mukka, and Maria Vaara, construct experiences of shattering and distress as bodily experiences that are embedded in the social and material world and entangled with social and cultural norms that govern subjectivity, gender, and sexuality. Drawing on narrative theory, theories of embodied cognition, phenomenology of illness, and feminist theory, the analyses show how literary works can invite readers to respond emotionally and to reflect on our views of the human mind and its interaction with the world. The book sheds light on the fictional portrayals and techniques of representation and on the ethics of narrating and reading about painful experiences. It also illuminates the ways the mind, body, consciousness, and mental distress are discussed in Finnish modernist literature and situates the texts in the international modernist tradition.

School Library Journal - 1999

Ivory Power - Michele A. Paludi 1991-01-22

Current estimates suggest that at least 30% of all undergraduate women experience sexual harassment by at least one professor during their four years in college. When definitions of sexual harassment include gender harassment (sexist comments and behavior), the incidence is 70%. the frequency of graduate women and women faculty and administrators who are harassed is even higher. *Ivory Power* discusses current research and theory on sexual harassment on college campuses. It takes a sociological perspective to understanding and eliminating sexual harassment by presenting the following issues: the emotional impact of sexual harassment and psychotherapeutic approaches that have proved valuable in treatment; the

impact on women's cognitions and a developmental model for helping women to understand and label this form of victimization; the impact of sexual harassment on physical health and suggestions for dealing with stress-related problems; and the educational interventions that have been implemented in order to challenge attitudes that perpetuate harassment. Ivory Power also addresses the interface of racism and sexism on college campuses, the legal issues involved in academic sexual harassment cases, and suggestions for handling complaints of sexual harassment in campus settings. An up-to-date bibliography of articles and books on academic harassment is provided.

Sexual Ethics - Patrick D. Hopkins 2023-02-01
An accessible and engaging anthology of readings focused specifically on applied ethics issues of sexual morality. *Sexual Ethics: An Anthology* addresses conceptual, ethical, and public policy issues about sex, providing a balanced and non-sectarian discussion of many of today's most important and controversial moral topics. Covering a broad range of contemporary sexual ethics issues, this easily accessible textbook includes explications and point/counterpoint pieces on the definition of sex and sexual orientation, sexual harassment and rape law, sexual discrimination, age of consent, marriage and adultery, online affairs, gay marriage, polygamy and polyamory, sexual orientation change therapy, transgender and sex reassignment surgery, intersexed infants and surgery, pornography, prostitution, psychiatric classifications of sexuality disorders, and specific paraphilias. Organized around six broad themes—Consent, Marriage, Homosexuality, Transgender, Commerce, and Paraphilias—*Sexual Ethics* presents multiple sides of each issue, offering diverse perspectives on critical topics, supported by relevant philosophical arguments, position papers, psychological studies, government regulations, and court rulings. *Sexual Ethics* is particularly designed to provide a ready-made course in sexual ethics, with several major elements ideally suited for classroom instructors and students: Includes an introductory chapter on key definitional, conceptual, and theoretical issues. Features "Framing Questions" for each

section that address a major moral or policy issue and highlights the pro/con nature of the readings (e.g., How should we define rape? Should pornography be protected as free speech?) Features a short summary at the beginning of each reading, including the topic, major points, and conclusion, very helpful for instructor planning. Features 15 "Discussion Starters" that help students start thinking critically and talking about sexual ethics before doing any reading. Features 45 brief "Decision Cases" drawn from major media stories especially relevant to the college student context, including college virginity, male rape, child pornography on television, college sexual harassment, faux-bisexuality, fraternity party sex, transgender inclusion, race and sex, asexuality, bromances, campus pride groups, fetishes and kink, online sex, Title IX mandatory reporting, transgender sports competition, religious diversity and sex, sex education, feminists working at sexually exploitative jobs, cancel culture, and robot sex. These cases are ideal for class discussion, class presentations, and research paper topics. *Sexual Ethics: An Anthology* is an excellent textbook for undergraduate classes in applied ethics, sexual ethics, and gender studies, as well as related courses in sociology, public policy, marriage and family law, and social work.

Perspectives on Evil and Violence - Arthur G. Miller 2014-02-24

Within the past decade, there has been an intensified concern about pervasive and serious harmdoing that has drawn the attention of researchers. The primary objective of this special issue is to consider the contributions of social and personality psychology toward understanding the perception of sustained harmdoing and to assess the implications (theoretical, methodological, and philosophical) for the field of undertaking research in this area. The authors represented in this issue have each made significant contributions to the study of harmdoing and evil, and their articles deal with a variety of conceptual and empirical perspectives on harmdoing.

Dealing with Rape - 1994

[Twin Flame Journey From A Man's Perspective](#) - Terrence Johnson 2023-08-22

GUEST - "Look! An awakened DM! And he wrote a book!" Mr. J - "Many of you DFs have wanted your Divine Masculine to awaken and return to you. Although I am not a replacement for your Twin, as an awakened DM I do have so much I can share with you. I have carefully written this guidebook to aid all Twins with their Soul Twin connection, their spiritual journey, and their very lives." GUEST - "Thank you, Terrence!" GUARDS - "Welcome, GUESTS. Always honor and follow Mr. J's lead. We are in service of The Palace and Mr. J to bring safety, guidance, and righteousness." GUESTS - "Thank you, GUARDS!" Mr. J - "Please read the rest of this description, then we can proceed to the good stuff!" Twin Flames and Twin Souls are controversial and often misunderstood. They find themselves experiencing something they don't have many words to describe. Many Twins find themselves struggling to understand the journey and what they are experiencing. The struggle is over! I am here to share everything I have learned about Soul Twins including some things with my own Soul Twin journey. GUEST - "Does everyone have a Soul Twin?" Mr. J - "Yes, everyone does have a Soul Twin. This guidebook is useful for any and everybody. Your Soul Twin is your mirrored Self. They are a living, breathing mirror of your soul and your Self. Everyone has a mirrored Self, although not everyone experience their Soul Twin as a physical person. To learn more, open this guidebook for more information!" Have you ever wondered why you keep attracting NARCS or the same type of lovers? Do you wonder why no matter what you do, you just can't seem to get him (or her) to love you or behave better? Do your lovers cheat on you or run from you, keeping you at arms distance? In this book, you will discover the Mirrored Self (aka the Twin Soul). This is a spiritual book. It is a knowledgeable, realistic, and spiritual take on the most significant relationship, the one with your Self. All other relationships and connections with other people are a direct mirror of your own soul, and of your Self. Want a better lover, and a deeper, more pleasing love? Read on to find out! Learn about the Twin Soul journey and connection from a real Soul Twin and an awakened DM. I was led to help the Soul Twin collective after meeting a mysterious

woman in 2020 and found myself on a particular forum. On this particular forum, I sought answers to the question to what the heck I was experiencing. I did not know that I would end up being of big help to other Twins especially the female Twins.

Academic and Workplace Sexual Harassment - Michele A. Paludi 1991-01-01

This book represents the first comprehensive resource manual for understanding and preventing sexual harassment in the academic community and in the workplace. Studies indicate that sexual harassment is at epidemic proportions in the academy and in the workplace: from 30%–70% of women in U.S. colleges and universities experience some form of sexual harassment (including sexual assaults) each year; a University of Massachusetts study reports 13% of undergraduate women were raped by acquaintances; and 50% of women in the workplace report serious sexual harassment from supervisors and fellow employees. This manual provides the results of research and of practical, effective experience in reducing the occurrence of sexual harassment, investigating complaints, and providing counseling and remedies for the victims. In addition, the authors have compiled bibliographies, audio-visual material, and pedagogical techniques for dealing with sexual harassment in the academy and in the workplace, as well as information and workshop techniques to facilitate training programs.

Unsafe Words - Shantel Gabrieal Buggs 2023-02-10

Queer people may not have invented sex, but queers have long been pioneers in imagining new ways to have it. Yet their voices have been largely absent from the #MeToo conversation. What can queer people learn from the #MeToo conversation? And what can queer communities teach the rest of the world about ethical sex? This provocative book brings together academics, activists, artists, and sex workers to tackle challenging questions about sex, power, consent, and harm. While responding to the need for sex to be consensual and mutually pleasurable, these chapter authors resist the heteronormative assumptions, class norms, and racial privilege underlying much #MeToo discourse. The essays reveal the tools that queer

communities themselves have developed to practice ethical sex—from the sex worker negotiating with her client to the gay man having anonymous sex in the back room. At the same time, they explore how queer communities might better prevent and respond to sexual violence without recourse to a police force that is frequently racist, homophobic, and transphobic. Telling a queer side of the #MeToo story, *Unsafe Words* dares to challenge dogmatic assumptions about sex and consent while developing tools and language to promote more ethical and more pleasurable sex for everyone.

Family Violence From a Global Perspective - Sylvia M. Asay 2013-06-17

Focusing on family violence worldwide, *Family Violence From a Global Perspective: A Strengths-Based Approach* draws on the expertise of authors from 16 countries representing 17 cultures to tell the story of domestic violence in their respective parts of the world. This one-of-a-kind edited collection by Sylvia M. Asay, John DeFrain, Marcee Metzger, and Bob Moyer incorporates a strengths-based approach, including individual, relationship, community, and societal strengths. The collection draws on multiple perspectives (academics, counselors, organizers, activists, and victims) to determine strengths and analyze how they can translate into greater safety for victims, increased accountability of perpetrators, and improved policy formation and research. Each chapter focuses on the lived experiences of victims of intimate partner violence, child abuse, or elder abuse and includes information about the abuser, the family, the community, and the culture.

Toward the Next Generation of Bystander Prevention of Sexual and Relationship Violence - Victoria L. Banyard 2015-09-03

This brief integrates and synthesizes an array of research about who helps others and under what conditions and discusses the implications of this research for a bystander intervention focused prevention agenda to reduce sexual and relationship violence in schools and communities. It combines an examination of bystander helping behavior in the specific context of sexual and relationship violence with social psychological research on bystander

behavior outside that context in order to inform prevention efforts. This brief is designed for researchers, practitioners, and students concerned about violence prevention and who are interested in bystander intervention as a promising prevention strategy. Connections between research and practice are the foundation of this brief. The brief addresses the following questions: What is the promise of a bystander approach to violence prevention? Where does it fit within the spectrum of sexual and relationship violence prevention? How do we expand theoretical models of helping behavior to the unique context of interpersonal violence? How can we bring in research from other areas of health behavior change and developmental research on violence to inform a broader bystander action model? It provides a new synthesis and model of bystander interaction. It outlines a strategic plan for new research and next steps in prevention practices. *Social, Psychological, and Forensic Perspectives on Sexual Abuse* - Gopalan, Rejani Thudalikunnil 2018-01-15

Sexual abuse, a topic still struggling to break free of its social taboos, is an issue that must be addressed, assessed, and discussed in order to further efforts for prevention and treatment. *Social, Psychological, and Forensic Perspectives on Sexual Abuse* is an important resource that comprehensively examines the prevalence, assessment, causes, and impacts of sexual violence from cultural, legal, psychosocial, theoretical, and medical viewpoints. Discussing difficult but relevant issues including forensic assessment, legal ramifications, mental health, risk assessment, and effects on family life, this book is geared towards researchers, mental health professionals, clinicians, and special educators seeking current research on prevention, assessment, and rehabilitation in sexual abuse.

Textbook of Plastic, Reconstructive, and Aesthetic Surgery, Vol 6 - Karoon Agrawal 2022-08-25

Over 200 Chapters in six volumes cover the whole gamut of plastic, reconstructive and aesthetic surgeries. A comprehensive and illustrated work from the land of Sushruta for students, teachers, and practicing surgeons. In this volume, Principles and Advances in Plastic

Surgery, a very wide spectrum of topics, right from the history of plastic surgery to current and raging subjects like lasers; composite tissue allotransplantation; simulation; robotics; telemedicine and information technology in plastic surgery; clinical photography; human factors and skills in plastic surgery; doctor-patient relationship; and legal issues have been discussed. The six volumes seek to incorporate in one work issues relevant to the developing world as well as insights from national and international plastic surgery practices, which highlight newer management techniques along with traditional methods. This makes these volumes a "must have" resource for students and practitioners of plastic surgery across the globe. Key Features The book is broadly divided into five sections: general, face, hair restoration, body contouring, and breast. Explains techniques of "hair restoration surgery". This is a unique topic and is not covered in any of the similar published titles. Covers all the aspects of aesthetic plastic surgery including nonsurgical management. The chapter on regenerative medicine gives a futuristic literature. Section on face covers topics related to ageing, surgical and nonsurgical rejuvenation techniques.

Programs to Reduce Teen Dating Violence and Sexual Assault - Arlene N. Weisz 2009

"This book describes the successful programs that experienced practitioners have implemented to prevent dating violence and sexual assault among adolescents."--Page 1.

SIECUS Report - 2000

[Love Does Not Control](#) - Thomas Jay Oord
2023-04-03

That love does not control seems obvious to many people. And yet the temptation to control—often with good motives — is strong. The long-term results of yielding to this temptation damage everyone. Contributors to *Love Does Not Control* explore uncontrolling love and a vision of God as uncontrolling. They do so from their perspectives as therapists, psychologists, and counselors. Writers ponder

what uncontrolling love might mean for human healing. Open and relational theology operates as the underlying framework for most contributors. That theology fits nicely with the belief that love is uncontrolling. Open and relational theology rethinks divine power in light of love and postulates what it might mean for creatures to imitate their Creator's uncontrolling love. The essays in *Love Does Not Control* are diverse. Readers may discover some differences of opinion as they move from essay to essay. But contributors share in common the quest to explore what uncontrolling love means for issues in counseling, psychology, and/or therapy. These essays have a power that goes beyond mere theoretical reflection. The ideas in these pages have the capacity to transform our living. And even reading *Love Does Not Control* has the potential to become an exercise in uncontrolling love!

Sexual Harassment - Kate Havelin 2000

Describes sexual harassment, its possible causes, its effects, and what can be done to stop it.

Re-Imagining Sexual Harassment - Maja Lundqvist 2023-04-18

EPDF and EPUB available Open Access under CC-BY-NC-ND licence. The #MeToo movement sparked many debates and increased the demand for more problematised perspectives on the issue of sexual harassment. This book opens up new understandings of sexual harassment by bringing researchers, writers and policy makers in the Nordic region into dialogue within an ambitious volume. It asks what role juridical frameworks can and should play in prevention and raises questions about how the image of Nordic states – as gender equal, colour-blind and with strong welfare – affects the work against sexual harassment in the region. Re-imagining definitions of justice, violence, exploitation and work, this book offers knowledge of immediate importance for everyone working to prevent sexual harassment, through research, policy making or in everyday practice.
