A heartbroken woman retreats to the Yorkshire coast to explore turn-of-the-century art—and uncovers a ghostly secret—in this time-slip romantic mystery. Staying alone in the shadow of an abandoned manor house along the desolate coast of Yorkshire would be madness to some, but art enthusiast Lissy de Luca can't wait. After separating from her Italian photographer boyfriend, Stefano, Lissy could use a little isolation. Plus, she wants to study the Staithes Group—an artists' commune active at the turn of the twentieth century. Lissy is fascinated by Sea Scarr Hall, but her research is interrupted by strange events and peculiar sightings. A lonely figure patrols the cove at night, while the discovery of a hidden painting leads Lissy to a chilling realization about the home's former occupants. And then there's the photograph of a girl; so beautiful . . . and so familiar. The occupants of Sea Scarr Hall may be gone, but they still have an important message for Lissy—and they'll do whatever it takes to make sure she gets it.

**The House of Life** - Dante Gabriel Rossetti 2022-11-21

The book on Ancient, Classical, and Medieval Poetry begins with epic poetry from ancient Babylonia and Greece. Poetry did not grow during the Middle Ages, but it saw a renaissance during the Renaissance. Gabriel Charles Dante Rossetti, often known as Dante Gabriel Rossetti, was a member of the Rossetti family and an English poet, illustrator, painter, and translator. With William Holman Hunt and John Everett Millais, he created the Pre-Raphaelite Brotherhood in 1848. Rossetti went on to become a key inspiration for the movement's second generation of painters and authors, most notably William Morris and Edward Burne-Jones. His art impacted European Symbolists and he was a key figure in the Aesthetics movement.

Three eras. Three young women. Three Guardians, separated by centuries. Aemelia: the Christian daughter of a Roman Commandant. Meggie: accused of witchcraft in the seventeenth century. Liv: a twenty-first century teenager, intent on finding information for a project. When horrors from the past threaten her, Liv discovers she is a Guardian of the mystical Coventina's Well. She must work with the spirits who linger there, and use their combined power to banish evil from the sacred spring. Set amongst the wild landscape of Hadrian's Wall in Northumberland, the Guardians must confront the tragic past and the potential future in order to help each other survive.

**A ROOM OF ONE'S OWN** - Virginia Woolf 2017-12-06

First published on 24 October 1929, the essay was based on a series of lectures she delivered at Newnham College and Girton College, two women's colleges at Cambridge University in October 1928. While this extended essay in fact employs a fictional narrator and narrative to explore women both as writers of and characters in fiction, the manuscript for the delivery of the series of lectures, titled "Women and Fiction", and hence the essay, are considered non-fiction. The essay is generally seen as a feminist text, and is noted in its argument for both a literal and figural space for women writers within a literary tradition dominated by patriarchy. Virginia Woolf was one of the greatest authors of the twentieth century, transformed the art of fiction. The author of numerous novels and short stories, she was also an acknowledged master of the essay form, and an admired literary critic. Adeline Virginia Woolf (1882-1941) was an English writer who is considered one of the foremost modernists of the twentieth century and a pioneer in the use of stream of consciousness as a narrative device.

In this time-slip romantic mystery, a captivating painting connects a young woman to her new artist beau—and to a Victorian diary full of haunting secrets. While visiting London's Tate Britain museum, Cori Keeling can't take her eyes off her favorite pre-Raphaelite painting: John Everett Millais's Ophelia. But it's Cori herself who catches the eye of gallery worker and aspiring artist Simon Daniels. He's immediately struck by Cori's resemblance to the red-haired beauty in the nineteenth-century masterwork. Though the painting draws Cori and Simon together, it's Cori who becomes obsessed with its haunting subject. Her determination to learn more leads to a mysterious, century-old diary—one kept by a woman named Daisy who hid a shocking secret in its pages. The further Cori reads, the clearer it becomes that Daisy will stop at nothing to be heard—and that she's crying out for Cori to help her. As the ghosts of the past envelop Cori and Simon, they'll discover the truth about the girl in the painting, the woman in the diary—and Cori's own chilling connection to both of them.
