Take your relationship to the next level by creating an environment where love and passion thrive—from the coauthor of *Cracking the Code to Marital Bliss*. Ever wonder what happily married couples do that miserable couples don't? How things might be different if your wife thought of you as a ROCK STAR husband? Horning knows what a woman wants and how filling her needs on her terms fuels her passion,

His uncommon and often disruptive insights into the dynamics between the sexes are unabashedly poignant and profoundly on target. *Winning at the Game of Wife* reveals the secret sauce for transforming what you have into an rewarding, adventurous, and passionate experience. If that doesn't sound like your marriage, you just aren't doing it right. What does a woman want anyway? How do I bring sex back into our marriage? Where did the passion go and how do I get it back? How can I take infidelity and divorce off the table? If you've ever asked any of these questions, *Winning at the Game of Wife* will

known spankers you've probably never heard of. Intensely private, her expertise in the art and science of traditional, old-fashioned domestic discipline is known among the initiated the world over. This book allows you to benefit from that knowledge. The daughter of an American college professor and a British dance instructor, Gemma was born in London, England. Her family relocated to the U.S. when she was six years old. Her background in literature and the theater prepared her well to explore her fascination with spanking fantasies. One thing led to another and, in an era when such things were tolerated far less amicably than they are now, she transformed recreational pursuits into a continuously expanding trade, at which she was able to bring her unique brand of excitement to the lives of spanking lovers worldwide. In the pages of this book you'll find a plethora of stories about the early days of Ms. Forbes' career. You'll also find here essential useful tips, hints and advice for beginners and

experienced spanking enthusiasts alike. If there's ever been something you've wondered about spanking games, you'll likely find it addressed right here. There's information on how to begin your exploration, how to find someone to play with, how to use (and even find) spanking implements, how to broach the idea of inviting your significant other to join you in your penchant, even what to do when a spanking scene goes wrong... and much, much more.
