Movies and Midrash - Wendy I. Zierler 2017-08-16

Brings popular cinema and Jewish religious texts into a meaningful dialogue. Movies and Midrash uses cinema as a springboard to discuss central Jewish texts and matters of belief. A number of books have drawn on films to explicate Christian theology and belief, but Wendy I. Zierler is the first to do so from a Jewish perspective, exploring what Jewish tradition, text, and theology have to say about the lessons and themes arising from influential and compelling films. The book uses the method of [inverted midrash]: while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal (parable) as a means of further explication, Zierler turns that process around, beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts. Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought. Films covered include The Truman Show (truth), Memento (memory), Crimes and Misdemeanors (sin), Magnolia (confession and redemption), The Descendants (birthright), Forrest Gump (cleverness and simplicity), and The Hunger Games (creation of humanity in God's image), among others. [This is a groundbreaking work of originality, insight, and high quality. It will be of great importance not only for Jewish readers but also for non-Jewish readers who long for a non-Christian perspective on popular film. I loved this book!] [Eric Michael Mazur, editor, Encyclopedia of Religion and Film

PRODUCE YOURSELF - Terence Michael 2017-10-26

Transparency in Assessment - Exploring the Influence of Explicit Assessment Criteria - Anders Jönsson 2019-04-03

In many schools and higher education institutions it has become common practice to share assessment criteria with students. Sometimes it is required for accountability purposes, at other times criteria are used as a means to communicate expectations to students. However, the idea that explicit assessment criteria should be shared with students has been contested. On the one hand, research has shown that explicit criteria may positively affect student performance, reduce their anxiety, as well as support students' use of self-regulated learning strategies. On the other hand, there are fears that explicit criteria may have a restraining

influence on students' learning, as well as limiting their autonomy and creativity. There are also indications of students becoming more performance oriented, as opposed to learning oriented, when being provided with explicit assessment criteria. Taken together, it is not fully understood under which circumstances it is productive for student learning to share explicit assessment criteria, and under which circumstances it is not. In particular, empirical research on the proposed negative effects of sharing criteria with learners is limited and most fears voiced in the literature are based on individual experiences and anecdotal evidence. In this book, we therefore bring different perspectives on transparency in assessment together, in order to further our understanding of how students are influenced by the use of explicit assessment criteria. A deeper understanding of the influence of explicit assessment criteria on students' understanding of criteria, motivation, and learning is equally imperative for future research and educational practice, both of which need to go beyond individual opinions and convictions.

Teacher-Student Relationships - III Zarra, PhD Ernest J. 2013-04-08

Teachers and teenage students are becoming involved in inappropriate sexual relationships, often leading to devastation and arrest. Teacher-Student Relationships: Crossing into the Emotional, Physical, and Sexual Realms addresses the reasons these relationships develop, considers the roles of modern technology in the development, and offers solutions from within the profession.

Attachment Theory and the Teacher-Student Relationship - Philip Riley 2010-09-13

How teachers form and maintain classroom and staffroom relationships is crucial to the success of their work. A teacher who is able to accurately interpret the underlying relationship processes can learn to proactively, rather than reactively, influence the dynamics of any class. These are skills that can be taught. This invaluable text explains how adult attachment theory offers new ways to examine professional teaching relationships, classroom management and collegial harmony: equally important information for school leaders, teacher mentors and proteges. Attachment Theory and the Teacher-Student Relationship addresses three significant gaps in the current literature on classroom management: the effects of teachers' attachment style on the formation and maintenance of classroom and staffroom relationships the importance of attachment processes in scaffolding teachers' and students emotional responses to daily educational tasks the degree of influence these factors have on teachers' classroom behaviour, particularly management of student behaviour. Based on recent developments in adult attachment theory, this book highlights the key aspects of teacher-student relationships that teachers and teacher educators should know. As such, it will be of great interest to educational researchers, teacher educators, students and training teachers.

Empathic Communities - Johanna M. Selles 2011-05-01

Empathy is generally considered a useful skill for professional students in the helping professions, such as medicine, nursing, teaching, and clergy. This book examines the pedagogical and curricular implications of educating for empathy. Empathy is described as consisting of both cognitive and affective elements. Students may demonstrate empathic abilities on a continuum from an empathic deficit to empathic overload. Mentoring, reflection, journaling, and an understanding of spiritual formation can be helpful to professional students in learning how to engage empathy. For both the professional and the client, empathy can enhance the encounter and the professional relationship. Building on the inherent potential for relationality, professionals engaging empathy bring respectful humility into their encounters that can facilitate intercultural understanding in a diversifying and complex world.

[Beyond the Philosopher's Fear](#) - Professor Ludger H Viefhues-Bailey 2012-10-01

Based on a detailed analysis of gender in Stanley Cavell's treatment of the skeptical problem, this book addresses the relationship between gender and religion in modern skepticism. Engaging in dialogue with Julia Kristeva's philosophy, Viefhues claims that a religious problem underlies Cavell's understanding of the feminine. The feminine which the skeptic fears is construed as a placeholder for the beyond, marking the transcendence of our origins which are elusive yet at the same time part of ourselves. It is argued that a religious question of origins thus lies at the heart of the modern skeptical problem.

[Forbidden](#) - Amanda Heartley 2017-08-13

I'm her teacher... but rules are made to be broken. Lennon Eight years together and my high school sweetheart cheats on me. C'est la vie. I'm moving on, hopelessly defeated by love and relationships. Until I see her, a dark-haired beauty at a friend's wedding slipping a stolen beer bottle under her skirt. And when I catch her drinking it in my car, her ballsy attitude blows my mind ...and that's not all she blows. Can't wait to see this little firecracker again. Though I didn't expect to see Darcy so soon, just two days later sitting in my class - on the first day of my first teaching job after finishing college. Not the best start to my career. I'm intrigued by her, although it's wrong. Her sexy smile, the way she licks her lips at me when I look at her, the way she moves - they all make me rock hard and drive me wild. I know she wants me too, but I have to push her out of my mind. This can't happen... we can't happen. There are rules against teachers having s*x with their students, and I've spent six long years working my ass off to get to this point. I won't throw it all away now. She's a divine temptation, but she's forbidden, nonetheless. *** *Forbidden* is a heartwarming new adult romance featuring a hot and steamy relationship between a teacher and his student. NO cliffhanger, NO cheating, and a happy-ever after guaranteed!

Educators as First Responders - Deborah Offner 2022-12-29

Educators as First Responders is a comprehensive, hands-on guide to adolescent development and mental health for teachers and other educators of students in grades 6-12. Today's schools are at the forefront of supporting adolescents with increasingly complex, challenging psychosocial needs. Moreover, students are more likely to seek out a trusted teacher, advisor, or coach for support than to confide directly in a parent or even a school counselor. Succinct and accessible, this book provides tips and strategies that teachers, coaches, nurses, counselors, and other school professionals can put into immediate use with students in varying degrees of distress. These evidence-based practices and real-world classroom examples will help you understand the "whole student," a developing individual shaped not just by parental pressure or psychiatric diagnosis but by school and broader cultural and systemic forces.

[Bad Teacher](#) - Clarissa Wild 2016-06-28

New York Times & USA Today Bestselling Author Clarissa Wild brings you *Bad Teacher*, a standalone Contemporary Romance. My name is Thomas and I'm always hard. No really, that's my last name. Thomas

Hard, the pleasure is all mine ... literally. I can't help it that my name suits me well. You know what else suits me well? That girl sitting across the bar, with her lips right where I tell them to be. I want her, and when I want something, it's gonna be mine. One night. No names. No phone numbers. Just me, her, and pure pleasure. Except, that one girl turns out to be the biggest mistake of my life. Why? Because I broke my cardinal rule ... Never bang a student. * Author's note: Don't like reckless decisions & unbridled screwing? Don't love girls that are obsessed with ice cream, rainbows, and unicorns? Don't enjoy a bit of corny humor sprinkled on top? Then this book is not for you. And last but not least, if you hate cats with giant jewels ... Don't even bother.*

Governing Fables - Sandford Borins 2011-08-01

Governing Fables: Learning from Public Sector Narratives advocates the importance of narrative for public servants, exemplifies it with a rigorously selected and analyzed set of narratives, and imparts narrative skills politicians and public servants need in their careers. *Governing Fables* turns to narratology, the inter-disciplinary study of narrative, for a conceptual framework that is applied to a set of narratives engaging life within public organizations, focusing on works produced during the last twenty-five years in the US and UK. The genres discussed include British government narratives inspired by and reacting to Yes Minister, British appeasement narratives, American political narratives, the Cuban Missile Crisis narrative, jury decision-making narratives, and heroic teacher narratives. In each genre lessons are presented regarding both effective management and essential narrative skills. *Governing Fables* is intended for public management and political science scholars and practitioners interested in leadership and management, as well as readers drawn to the political subject matter and to the genre of political films, novels, and television series.

The Caring Teacher: Using Compassion to Connect with Kids - Timothy Michael Jones 2014-10-23

A teacher's manual that reads like a memoir. This is how Mr. Jones describes his new book "The Caring Teacher: Using compassion to connect with kids." After teaching children with special needs for nearly 30 years, Mr. Jones has concluded that the single greatest quality a successful and effective teacher needs is "CARE " Students will simply not give you their best efforts if they believe their teacher does not GENUINELY CARE about them. This may be one of the most comprehensive books ever written for teachers about how to incorporate CARE in classrooms. Mr. Jones has thoroughly examined virtually every aspect of CARE relative to education. In Parts I and II, Mr. Jones discusses 26 relevant and critical topics all teachers confront every day in the classroom. The reader will have over 30 handouts that Mr. Jones has created over his 30 year career for all teachers to start using so that CARE is being immersed in their classroom. In Part I, Mr. Jones looks at such issues as HOMEWORK, REWARDS, GRADING, DISCIPLINE and STATE EXAMS. In Part II, he examines TEACHING KIDS TO CARE, BEING EVALUATED (BY YOUR STUDENTS), MAINSTREAMING, INCLUSION, how PROFESSIONAL DEVELOPMENT should be utilized, the importance of PARENTAL INVOLVEMENT, why PARENT CONFERENCES HAS NOTHING TO DO WITH PARENTAL INVOLVEMENT and finally, a test teachers can take to see if they are a "PROFESSIONAL TEACHER." In Part III, Mr. Jones explores the "Ten Qualities" of a "Caring Teacher." Examples include "TREATING STUDENTS 'FAIR' NOT THE SAME (WHEN IT COMES TO DISCIPLINE), the importance of CONSISTENCY THROUGHOUT THE YEAR, BEING KIND TO EVERYONE (NOT JUST TO YOUR STUDENTS), having HIGH EXPECTATIONS FOR THEMSELVES (AS WELL AS THEIR STUDENTS) and realizing that CARE AND COMPASSION ARE THE TWO GREATEST QUALITIES NECESSARY TO CONNECT WITH KIDS. The "Caring Teacher" concludes with an Appendix containing seven important addendums including Mr. Jones' "30 Acts of Kindness," a test and scoring rubric to determine if you are a "Caring Teacher" as well as a test and a scoring rubric to see if your students CARE (about their education). Next, is a list of ten movies about "Caring Teachers." This is followed by the "Six Great Books" that show students of all ages the power and importance of compassion. The sixth supplement is the "Four Great Speeches" which Mr. Jones has his students memorize throughout the year to assess if his students CARE (about their education). It is so fitting and appropriate that the seventh and final document is an actual student's assignment which clearly "proves" that teachers do make a difference, although they may not know it at the time. What makes the

"Caring Teacher" so enjoyable to read is how Mr. Jones weaves personal stories from both his students and his own life. Additionally, Mr. Jones references historical fictional characters including Jean Valjean (Les Miserables) and Atticus Finch (To Kill A Mockingbird), as well as current political figures such as Donald Rumsfeld (former Secretary of Defense) and four former Presidents. Other "newsmakers" include Ron Clark (Teacher of the Year, 2000) Anderson Cooper of CNN and even Late Night Comedian, Jimmy Kimmel.

Savaging the Dark - Christopher Conlon 2014-05-26

Middle school teacher Mona Straw finds a connection to her eleven-year-old student, Connor Blue, through old films and movies. As their relationship becomes sexually intimate, Mona risks losing her family, her career, and her standing in the community. She justifies her actions yet slowly falls into madness.
