LSD, My Problem Child Albert Hofmann 2017-09-27 This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In LSD: My Problem Child, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery.

Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

It's Not You Sara Eckel 2014-01-07 "Why am I still single?" If you're single and searching, there's no end to other people's explanations, excuses, and criticism explaining why you haven't found a partner: "You're too picky. Just find a good-enough guy and you'll be fine." "You're too desperate. If men think you need them, they'll run scared." "You're too independent. Smart, ambitious women always have a harder time finding mates." "You have low self-esteem. You can't love someone else until you've learned to love yourself." "You're too needy. You can't be happy in a relationship until you've learned to be happy on your own." Based on one of the most popular Modern Love columns of the last decade, Sara Eckel's *It's Not You* challenges these myths, encouraging singletons to stop picking apart their personalities and to start tapping into their own wisdom about who and what is right for them. Supported by the latest psychological and sociological research, as well as interviews with people who have experienced longtime singledom, Eckel creates a strong and empowering argument to understand and accept that there's no one reason why you're single—you just are.

Monogamy Marianne Brandon Ph.D 2010-08-19 This text provides a groundbreaking look at sexual instincts and offers a clinical psychologist's and sex therapist's insights and solutions to the challenges of monogamous relationships. Monogamous relationships are firmly embedded in the framework of our society, and yet the divorce rate and common failures of intimacy in long-term relationships challenges the efficacy of this paradigm. Oddly, the concept of monogamy has been virtually ignored by mental health professionals, while anthropologists, sociologists, biologists, and zoologists have researched and explored the topic. *Monogamy: The Untold Story* presents not only the scientific research about the challenges of monogamy, but also the practical solutions to overcome them. In part one, the author explores sexual instincts and monogamy from an anthropological, biological, psychological, and social perspective. Part two offers men and women a step-by-step guide to enhancing passion and strengthening their intimate bond by capitalizing on their natural sexual instincts.

World War Z Max Brooks 2006-09-12 #1 NEW YORK TIMES BESTSELLER • "Prepare to be

entranced by this addictively readable oral history of the great war between humans and zombies.”—Entertainment Weekly We survived the zombie apocalypse, but how many of us are still haunted by that terrible time? We have (temporarily?) defeated the living dead, but at what cost? Told in the haunting and riveting voices of the men and women who witnessed the horror firsthand, World War Z is the only record of the pandemic. The Zombie War came unthinkably close to eradicating humanity. Max Brooks, driven by the urgency of preserving the acid-etched first-hand experiences of the survivors, traveled across the United States of America and throughout the world, from decimated cities that once teemed with upwards of thirty million souls to the most remote and inhospitable areas of the planet. He recorded the testimony of men, women, and sometimes children who came face-to-face with the living, or at least the undead, hell of that dreadful time. World War Z is the result. Never before have we had access to a document that so powerfully conveys the depth of fear and horror, and also the ineradicable spirit of resistance, that gripped human society through the plague years. THE INSPIRATION FOR THE MAJOR MOTION PICTURE “Will spook you for real.”—The New York Times Book Review “Possesses more creativity and zip than entire crates of other new fiction titles. Think Mad Max meets The Hot Zone. . . . It’s Apocalypse Now, pandemic-style. Creepy but fascinating.”—USA Today “Will grab you as tightly as a dead man’s fist. A.”—Entertainment Weekly, EW Pick “Probably the most topical and literate scare since Orson Welles’s War of the Worlds radio broadcast . . . This is action-packed social-political satire with a global view.”—Dallas Morning News

The Missing Element Debra Silverman 2016-03-01 Everyone longs to be understood in their essence. In "The Missing Element", author Debra Silverman describes human nature in a compassionate and succinct way, and offers ways for us to get to know ourselves in depth with the wisdom of archetypes. The information in this book stands on the shoulders of our elders, who understood the four directions, the four elements, the four noble truths. Whatever pain you experience is specific to your personality type, based on the four elements. The 'missing element' is twofold: it refers to the Observer inside you - the part of you that can stand outside of judgment and see yourself with a more wise and compassionate approach - much like our elders did. And it also refers to the elements that make up your personality and more specifically, to the element which is your weakest. Your issues will repeat themselves again and again until you can see yourself and others from the compassionate vantage point that unites all of us. Life Is in the Transitions Bruce Feiler 2021-08-10 A New York Times bestseller! A pioneering and timely study of how to navigate life's biggest transitions with meaning, purpose, and skill Bruce Feiler, author of the New York Times bestsellers *The Secrets of Happy Families* and *Council of Dads*, has long explored the stories that give our lives meaning. Galvanized by a personal crisis, he spent the last few years crisscrossing the country, collecting hundreds of life stories in all fifty states from Americans who'd been through major life changes—from losing jobs to losing loved ones; from changing careers to changing relationships; from getting sober to getting healthy to simply looking for a fresh start. He then spent a year coding these stories, identifying patterns and takeaways that

can help all of us survive and thrive in times of change. What Feiler discovered was a world in which transitions are becoming more plentiful and mastering the skills to manage them is more urgent for all of us. The idea that we'll have one job, one relationship, one source of happiness is hopelessly outdated. We all feel unnerved by this upheaval. We're concerned that our lives are not what we expected, that we've veered off course, living life out of order. But we're not alone. *Life Is in the Transitions* introduces the fresh, illuminating vision of the nonlinear life, in which each of us faces dozens of disruptors. One in ten of those becomes what Feiler calls a lifequake, a massive change that leads to a life transition. The average length of these transitions is five years. The upshot: We all spend half our lives in this unsettled state. You or someone you know is going through one now. The most exciting thing Feiler identified is a powerful new tool kit for navigating these pivotal times. Drawing on his extraordinary trove of insights, he lays out specific strategies each of us can use to reimagine and rebuild our lives, often stronger than before. From a master storyteller with an essential message, *Life Is in the Transitions* can move readers of any age to think deeply about times of change and how to transform them into periods of creativity and growth.

All About Love bell hooks 2018-01-30 A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The Voice of Knowledge Don Miguel Ruiz 2010-02-01 In The Voice of Knowledge, Miguel Ruiz

reminds us of a profound and simple truth: The only way to end our emotional suffering and restore our joy in living is to stop believing in lies — mainly about ourselves. Based on ancient Toltec wisdom, this breakthrough book shows us how to recover our faith in the truth and return to our own common sense. Ruiz changes the way we perceive ourselves, and the way we perceive other people. Then he opens the door to a reality that we once perceived when we were one and two years old — a reality of truth, love, and joy. “We are born in truth, but we grow up believing in lies. . . . One of the biggest lies in the story of humanity is the lie of our imperfection.” — don Miguel Ruiz • From the international bestselling author of *The Four Agreements* • A New York Times bestseller • Over 300,000 copies sold in the U.S.

The Three Questions Don Miguel Ruiz 2018-06-26 The beloved spiritual teacher builds on the message of his enduring New York Times and international bestseller *The Four Agreements* with this profound guide that takes us deeper into the tradition of Toltec wisdom, helping us find and use the hidden power within us to achieve our fullest lives. In *The Four Agreements*, Don Miguel Ruiz introduced seekers on the path to enlightenment to the tenets of Mesoamerican spiritual culture—the ancient Toltec. Now, he takes us deeper into Native American practice, and asks us to consider essential questions that drive our lives and govern our spiritual power. Three eternal questions can help us into our power and use it judiciously: Who am I? What is real? How do I express love? At each stage in our lives, we must ask these simple yet deeply profound questions. Finding the answers will open the door to the next stage in our development, and eventually lead us to our complete, truest selves. But as Don Miguel Ruiz makes clear, we suffer if we do not ask these questions—or if we fail to pay attention to their answers—because we either never act on our power or use it destructively. Only when power is anchored in our identity and in reality will it be able to be

in synch with the universe—and be of true benefit to ourselves and to others. The three questions provide a practical framework that allows readers to engage with Ruiz’s transformative message and act as a vehicle for overcoming fear and anxiety and discovering peace of mind. An essential guide for all travelers pursuing self-knowledge, understanding, and acceptance, *The Three Questions* is the next step in our unique spiritual metamorphosis.

Losing Control, Finding Serenity Daniel A. Miller 2012-07-12 ForeWord Reviews 2012 Book of the Year Award Finalist! What Would Your Life Be Like If You Simply Let Go of Control? At work, they oversee every detail of every project and expect nothing less than perfection from their coworkers. At home, they obsess over finding the "right" person. Then, they criticize their lover or spouse for doing everything wrong. As parents, they practice zero tolerance for their children's preferred study practices, choice of friends, dress choices, and differing life views. Sound familiar? Everyone knows the type: micromanagers, nitpickers, and domestic despots. Yet, most people fail to recognize the signs of a compulsion to control in themselves—or realize the toll of their behavior on their career, their family, their friendships, and their own happiness. In *Losing Control, Finding Serenity: How the Need to Control Hurts Us and How to Let It Go* (Ebb and Flow Press, 2011) Daniel Miller pinpoints the dangers of excessive control, which goes far beyond setting limits and standards, in all aspects of life. What's more, he shows those who feel the pressure to control how to break free and reap unexpected gifts. Sharing his journey of transformation, Miller reveals what happened when he finally decided to "surrender": his blinders fell away, new opportunities emerged, and he experienced unprecedented, profound inner peace. The Five Elements Dondi Dahlin 2016-09-27 *The Five Elements* brings the wisdom of an ancient healing system to modern readers, helping them understand themselves--why they do what they do--better. Dondi Dahlin shows us that we are all born with individual rhythms that go beyond the influence of our genes and upbringing. The five elements originated in ancient Chinese medicine over 2,000 years ago--when scholars theorized that the universe is composed of five forces: water, wood, fire, earth, and metal. Understanding these elements helps us stay in balance physically, mentally, spiritually, and emotionally. By explaining the efficacy of wood, the depth of water, the joy

of fire, the compassion of earth, and the wisdom of metal, this book helps people understand themselves and form lasting connections to others, answering the age-old question of why we do what we do.

Unapologetically Ambitious Shellye Archambeau 2020-10-06 *Named a Best Business Book of 2020 by Fortune and Bloomberg* Full of empowering wisdom from one of Silicon Valley's first female African American CEOs, this inspiring leadership book offers a blueprint for how to achieve your personal and professional goals. Shellye Archambeau recounts how she overcame the challenges she faced as a young black woman, wife, and mother, managing her personal and professional responsibilities while climbing the ranks at IBM and subsequently in her roles as CEO. Through the busts and booms of Silicon Valley in the early 2000s, this bold and inspiring book details the risks she took and the strategies she engaged to steer her family, her career, and her company MetricStream toward success. Through her journey, Shellye discovered that ambition alone is not enough to achieve success. Here, she shares the practical strategies, tools, and approaches readers can employ right now, including concrete steps to most effectively: Dismantle impostor syndrome Capitalize on the power of planning Take risks Developing financial literacy Build your network Establish your reputation Take charge of your career Integrate work, marriage, parenthood, and self-care Each chapter lays out key takeaways and actions to increase the odds of achieving your personal and professional goals. With relatable personal stories that ground her advice in the real world and a foreword by leading venture capitalist and New York Times bestselling author Ben Horowitz, *Unapologetically Ambitious* invites readers to move beyond the solely supportive roles others expect them to fill, to learn how to carefully tread the thin line between assertive and aggressive, and to give themselves permission to strive for the top. Make no

apologies for the height of your ambitions. Shellye Archambeau will show you how.

Wisdom of the Shamans don Jose Ruiz 2018-05-02 For generation after generation, Toltec shamans have passed down their wisdom through teaching stories. The purpose of these stories is to implant a seed of knowledge in the mind of the listener, where it can ultimately sprout and blossom into a new and better way of life. In *The Wisdom of the Shamans: What the Ancient Masters Can Teach Us About Love and Life*, Toltec shaman and master storyteller don Jose Ruiz shares some of the most popular stories from his family's oral tradition and offers corresponding lessons that illustrate the larger ideas within each story. Ruiz begins by explaining that contrary to the stereotypical image of "witch doctor," the ancient shamans were men and women who fulfilled several roles within their communities: philosopher, spiritual guide, medical doctor, psychologist, and friend. According to Ruiz, their teachings are not primitive or reserved for a chosen few initiates but are instead a powerful series of lessons on love and life that are available to us all. To that aim, he has included exercises, meditations, and shamanic rituals to help you experience the personal transformation these stories offer. The shamans taught that the truth you seek is inside of you. Let these stories, lessons, and tools be your guide to finding the innate wisdom that lives within.

The Fifth Agreement Don Miguel Ruiz 2010-01-18 In *The Four Agreements*, a New York Times bestseller for over 7 years, Ruiz revealed how the process of our education, or "domestication," can make us forget the wisdom we were born with. Throughout our lives, we make many agreements that go against ourselves and create needless suffering. The Four Agreements help us to break these self-limiting agreements and replace them with agreements that bring us personal freedom, happiness, and love. In *The Fifth Agreement*, don Miguel Ruiz joins his son don Jose Ruiz to offer a fresh perspective on *The Four Agreements*, and a powerful new agreement for transforming our

lives into our personal heaven. The Fifth Agreement takes us to a deeper level of awareness of the power of the Self, and returns us to the authenticity we were born with. In this compelling sequel to the book that has changed the lives of millions of people around the world, we are reminded of the greatest gift we can give ourselves: the freedom to be who we really are.

The Mastery of Self don Miguel Ruiz 2016-05-23 Renowned Toltec wisdom teacher don Miguel Ruiz Jr. reveals how the tools of awareness, understanding, and unconditional love can free your authentic self. The Toltecs were an ancient civilization that predated the Aztecs. They believed that life as we perceive it is a dream. We each live in our own personal dream, and our collective dreams come together to shape the “Dream of the Planet.” But problems arise when we forget that the dream is just that—a dream, and not a fixed reality. The Mastery of Self takes the Toltec philosophy of the “Dream of the Planet” and the personal dream and explains how we can: Wake up from our illusions Liberate ourselves from the inhibiting stories we all tell ourselves Live as our true, authentic, loving selves Once released, we can live our authentic lives not only in solitude and meditation but anywhere—at the grocery store, stuck in traffic, and so forth—and in any situation or scenario that might confront us. Each chapter includes rituals, meditations, and other practices to manifest Toltec wisdom in our lives.

The Four Agreements Companion Book Don Miguel Ruiz 2010-03-18 The Four Agreements Companion Book takes you further along the journey to recover the awareness and wisdom of your authentic self. This book offers additional insights, practice ideas, a dialogue with don Miguel about applying The Four Agreements, and true stories from people who have transformed their lives.
