

The Psychology Of Sex Offenders

Sexual Crime and the Experience of Imprisonment

- Nicholas Blagden 2019-03-12

This book focuses on the experience of imprisonment from the perspectives of individuals with sexual convictions. It stresses the importance of a positive and rehabilitative prison climate. The volume begins with an exploration of the theoretical underpinnings of a rehabilitative prison climate and discusses some of the practical ways of creating rehabilitative cultures in prisons housing people convicted of sexual offences. Four empirical chapters focus on the experience of stigmatisation, prison officers' attitudes towards prisoners' offences, negotiating the 'sex offender' identity in prisons and the varied experience of

'being' in prisons exclusively for individuals with sexual convictions. Throughout the authors discuss the specific benefits of peer-support, such as the chance to earn self-forgiveness, construct adaptive identities and consequently move away from harmful labels. The book also spotlights a chapter on the experience of imprisonment written by a former service-user, this unique position offers an insightful account of an individual's journey through the prison system.

Sexual Crime and Intellectual Functioning

- Kerensa Hocken 2020-11-30

This book explores sexual crime and intellectual functioning. Drawing on expertise from clinical practice and applied research, the volume begins with an

exploration of the theoretical and historical background to the interest in links between sexual offending and intellectual functioning. The authors then move on to discuss assessment of intellectual functioning in prison, interventions for low intellectual functioning, autistic spectrum and personality disorder. This book offers a rare insight into the phenomenon of high IQ and sexual offending, a much neglected aspect of the sexual crime literature, and includes novel research that unpacks this link. It further offers an extraordinary insight into the experiences of a person of superior IQ in the criminal justice system for a sexual offence. The book is relevant not only to psychologists, criminologists, social workers and students, but also to practitioners, researchers and the general public with an interest in learning about sexual offending and intellectual functioning.

Forensic Management of Sexual Offenders - Robert

Alan Prentky 2012-12-06

Over the past several decades the seeming escalation of crimes involving sexually deviant, coercive, and aggressive behavior has become an increasingly serious problem, manifested in costs to both victims and society at large. The long-term psychological impact of sexual assault on adult and child victims has been documented numerous times. The costs incurred by society include a network of medical and psychological services provided to aid victim recovery, the investigation, trial, and incarceration of offenders-often in segregated units or special facilities-and the invisible but tangible blanket of fear that forces potential victims to schedule normal daily activities around issues of safety. Despite the gravity of the problem, there has been a paucity of empirical research directed at the etiology, course, remediation, and management of sexually deviant and coercive behavior. In treating these disorders and in making

Downloaded from
legacy.opendemocracy.net
on 2019-04-18 by guest

crucial decisions about how to manage these offenders, clinicians have been forced to rely on their personal experience. Such experience by its nature is unsystematic and lacks the validation that empirical research provides. The lack of sound empirical data addressing the problem is certainly noteworthy, though not surprising. The paucity of research in this area may well be attributable to historical scientific timidity about most aspects of sexual behavior. In 1922 Dr. Robert L.

Responding to Sexual Offending - K. McCartan
2014-10-05

This collection brings together international contributors from multiple disciplines to discuss the current public, social and governmental understandings and responses to sexual violence. Exploring issues such as how to manage sex offenders, the volume provides recommendations for how to reduce offending and improve community engagement.

Assessment and Treatment of Sex Offenders - Anthony R.

Beech 2009-03-04

A comprehensive resource for practitioners working with sexual offenders. Discusses assessments and interventions, as well as providing a comprehensive literature review There are around 10,000 convictions or cautions for sexual offences in the UK each year; early evidence suggests that treatment programmes can halve re-conviction rates Edited by a University of Birmingham team who are world leaders in researching this area; the subject is of interest worldwide, with strong markets in Canada and New Zealand Includes material on managing offenders with developmental disabilities and those with Dangerous and Severe Personality Disorder [Working with Sex Offenders](#) - Daniel Wilcox 2017-02-03 Working with Sex Offenders is a unique book which brings together leading practitioners in the field to provide a comprehensive and up-to-date distillation of relevant guidance to assist anyone who works

on 2019-04-18 by guest

with sex offenders. The authors examine topics including assessment, treatment, supervision and safeguarding. Skills and strategies for successful engagement with offenders are a key focus of the book, as well as improving understanding of underpinning factors associated with offending and desistance. This volume, which is derived from well-received presentations hosted by the UK's National Organisation for the Treatment of Abusers (NOTA) over a number of years, also offers a detailed examination of individual, organisational and societal roles in relation to identifying and preventing sexual abuse in our communities. Using case examples throughout, *Working with Sex Offenders* will be essential reading for all professionals involved in the management and treatment of sex offenders.

Sexual Crime and Circles of Support and Accountability -

Helen Elliott 2018-05-31

This book offers a collection of original contributions to

current research available on Circles of Support and Accountability (CoSA) by engaging with current literature and unpublished research in the field. The book explores the role of narrative identity in desistance from sexual crime and how CoSA maps onto this, as well as a history of CoSA across the world. The text then moves into an empirical section, reporting on some unpublished findings, including an evaluation of a new prison-based CoSA in the UK. Lastly, the experiences of service users and the influence of media perceptions are explored, offering a space for the 'unheard voices' as well as consideration of future directions for practitioners. The book is relevant not just to psychologists, criminologists, social workers and students, but to practitioners and the general public with an interest in learning about CoSA. The editors of this volume have all been involved in the setting up of the Safer Living Foundation, a charity formed in 2014 to reduce and prevent sexual

offending.

Sex Offenders and the Internet - Dennis Howitt
2009-09-28

Online, the opportunity to commit a crime is never more than a few clicks away. Sex Offenders and the Internet explores the nature of online sex offenders in order to help practitioners understand and treat this new category of client. Kerry Sheldon and Dennis Howitt examine the research base by reviewing case studies and psychological profiles, with a particular focus on paedophilic Internet sex offenders. Issues covered include child pornography, the often overlooked 'excuses' for paedophilia, and how we can move forward. The result is a book that comprehensively details the nature of Internet sex offenders, bringing together the relevant research into one essential volume.

Sex and Violence - Penelope Harvey
2021-04-29

Produced in response to the growing international demand for information, this book details the latest research in

understanding and controlling violent and sexual offences. Increasing numbers of psychologists are now studying and working with offenders to the advancement of forensic psychology. Chapters cover contributions from ten different countries and are grouped into three sections dealing with risk assessment, sex offenders and offences and violent offenders and offences. The first section discusses the progress that has been made towards making accurate decisions about the risk that an individual poses to the community and emphasises the need to draw on both clinical experience and research. The second section explores understandings and investigations of sexual offences including discussion on: American commitment laws for sexually violent predators; the status of "recovered memories" in criminal trials; factors influencing delays in reporting sexual abuse; a model of rapists' accounts of their offences; and situational factors in sexual offending. The final section on violent

Downloaded from
legacy.opendemocracy.net
on 2019-04-18 by guest

offenders and offences includes discussion on: criminal careers; domestic violence; mutilation-murder in Japan; offender profiling; and sentencing of homicide cases. This book will be of interest to scholars in criminology, psychology and forensic psychiatry and to policy-makers and practitioners who deal with sexual and violent offences.

The Wiley International Handbook of Correctional Psychology - Devon L. L.

Polaschek 2019-04-29

A two-volume handbook that explores the theories and practice of correctional psychology With contributions from an international panel of experts in the field, The Wiley International Handbook of Correctional Psychology offers a comprehensive and up-to-date review of the most relevant topics concerning the practice of psychology in correctional systems. The contributors explore the theoretical, professional and practical issues that are pertinent to correctional psychologists and other

professionals in relevant fields. The Handbook explores the foundations of correctional psychology and contains information on the history of the profession, the roles of psychology in a correctional setting and examines the implementation and evaluation of various interventions. It also covers a range of topics including psychological assessment in prisons, specific treatments and modalities as well as community interventions. This important handbook: Offers the most comprehensive coverage on the topic of correctional psychology Contains contributions from leading experts from New Zealand, Australia, Europe, and North America Includes information on interventions and assessments in both community and imprisonment settings Presents chapters that explore contemporary issues and recent developments in the field Written for correctional psychologists, academics and students in correctional psychology and members of

allied professional disciplines, The Wiley International Handbook of Correctional Psychology provides in-depth coverage of the most important elements of the field.

Sexual Offending - Theresa A. Gannon 2017-02-06

Sexual Offending presents the latest theory and research relating to the social cognition, emotion, and motivational goals of individuals who have committed sexual offences. Explores how individuals who have committed sexual offences perceive the world and themselves, and how understanding this can inform their rehabilitation Provides a broad-based view of cognition, and explores the complex relationship between cognition, emotion and associated constructs such as motivational goals Integrates recent work on female sexual offenders alongside the literature on their male counterparts, providing researchers and practitioners with a single resource A valuable handbook for researchers, practitioners and students concerned with

understanding and rehabilitating individuals who have committed sexual offences

Sexual Crime and Trauma - Helen Swaby 2020-10-02

This book explores the growing understanding and evidence base for the role of trauma in sexual offending. It represents a paradigm shift, in which trauma is becoming an important risk factor to be considered in the treatment of individuals convicted of sexual crime. The authors consider the theoretical and historical explanations and understandings of sexual offending and its relationship with early trauma, paving the way for a volume which considers client's treatment needs through a new, trauma-informed lens. The experiences and challenges of specific groups are also explored, including young people and women. Readable, yet firmly anchored in a sound evidence base, this book is relevant to psychologists, therapists, criminologists, psychiatrists, mental health nurses, social

workers, students, and to practitioners and the general public with an interest in learning more about the topic.

Sex Offender Treatment -

Edmond J Coleman 2014-03-18

This important volume brings together findings in the psychological and medical treatment of sex offenders. It disseminates research from experts around the world in the field of sex offender treatment, making this knowledge available to researchers and clinicians everywhere.

Professionals struggling to find effective methods for treating their patients will find Sex Offender Treatment a valuable tool for their daily work.

Chapters in Sex Offender Treatment cover a variety of topics. Authors examine such areas as psychodynamic and psychiatric disorders associated with the sex offender, findings on pharmacologic interventions, treatment techniques and the public perception of sex offender treatment, and cautionary notes for those who provide therapy for sex

offenders. Within these areas, some specific themes addressed include: types of personality disorders and implications for more effective treatment the effectiveness of antiandrogen treatment and the promising results of other pharmacotherapies techniques for developing insight in incest perpetrators a study of adult male incest offenders' perceptions of the treatment process an adolescent treatment program using a family communication approach hypotheses regarding sexual offenders and men who batter, using psychodynamic and feminist theory Full of practical strategies and useful information, Sex Offender Treatment is a book professionals will reach for again and again.

Treatment of Sex Offenders -

D. Richard Laws 2016-02-29

This rigorous survey offers a comprehensive rethinking of the assessment and treatment of sexual offenders for a bold challenge to practitioners. It critiques what we understand about offenders and the

Downloaded from
legacy.opendemocracy.net
on 2019-04-18 by guest

mechanisms of offending behaviors, and examines how this knowledge can best be used to reduce offending and relapses. To this end, experts weigh the efficacy of common assessment methods and interventions, the value of prevention programs, and the validity of the DSM's classifications of paraphilias. This strengths/weaknesses approach gives professional readers a guide to the current state as well as the future of research, practice, and policy affecting this complex and controversial field. Included in the coverage: Strengths of actuarial risk assessment. Risk formulation: the new frontier in risk assessment and management. Dynamic risk factors and offender rehabilitation: a comparison of the Good Lives Model and the Risk-Need-Responsivity Model. The best intentions: flaws in sexually violent predator laws. Desistance from crime: toward an integrated conceptualization for intervention. From a victim/offender duality to a public health perspective. A

call to clear thought and accurate action, Treatment of Sex Offenders will generate discussion and interest among forensic psychologists, psychiatrists, clinical psychologists, and social workers.

Contemporary Sex Offender Risk Management, Volume II

Hazel Kemshall 2017-11-25

This book, the second of two volumes edited by Kemshall and McCartan, focuses on responses to sexual offending, and how risk is used by policy makers, stakeholders, academics and practitioners to both construct and respond to unknown and known sex offenders within the contexts of criminal justice, health and social policy. The chapters provide an oversight of contemporary policies, practices and debates within the area to help both professionals and researchers. The collection focuses on emerging areas (crime linkage, predictive policing, sexual offending across borders, desistance, and public health approaches), as well as more

traditional topics (multi-agency working, risk assessment, sex offender policies, and treatment). The authors examine how professionals can use multi-agency approaches to prevent sexual violence, and assessing the impact of desistance on framing sex offender management. A bold and engaging volume, this edited collection will be of great importance to scholars and practitioners working reframing traditional approaches to sex offender management in a contemporary fashion.

Assessment and Treatment of Sexual Offenders with Intellectual Disabilities - Leam A. Craig 2010-12-03

A practical handbook for practitioners that covers the assessment, treatment and management of sexual offenders with intellectual disabilities - an area of growing interest within clinical forensic psychology. New for the Wiley Series in Forensic Clinical Psychology: a practical handbook that covers the assessment, treatment and

management of sexual offenders with intellectual disabilities Summarises the research literature on the characteristics and prevalence of sexual offenders with intellectual disabilities Discusses risk assessment and innovations in treatment and management Includes contributors world-renowned in the field of assessment and treatment of sexual offenders with intellectual disabilities such as Tony Ward, Glynis Murphy, and Douglas Boer

International Perspectives on the Assessment and Treatment of Sexual Offenders - Dr Douglas P. Boer 2011-03-21

International Perspectives on the Assessment and Treatment of Sexual Offenders: Theory, Practice and Research provides the first truly global perspective on the assessment and treatment of sex offenders. Presents a comprehensive overview of current theories and practices relating to the assessment and treatment of sex offenders throughout the world, including the US,

Europe, and Australasia Covers all the major developments in the areas of risk assessment, treatment, and management Includes chapters written by internationally respected practitioners and researchers experienced in working with sexual offenders such as Bill Marshall, Ruth Mann, Karl Hanson and Jayson Ware

Handbook of Sexual Assault

- William Lamont Marshall
2013-11-21

A useful tool for practitioners, researchers, theorists, and advanced students, Handbook of Sexual Assault analyzes the nature and extent of the problem of sexual offending and classifies the types of offenders according to an empirically developed system. In addition, contributors present the theories of the etiology and maintenance of sexual offending; offer various perspectives and factors relevant to accurate assessment; and detail contemporary treatment procedures.

The Psychology of Sex Offenders - Albert Ellis 1956

Theories of Sexual Offending - Tony Ward 2006-02-22

This comprehensive text provides an up-to-date review and critique of current theorising about sexual offending. It presents the key ideas underpinning each theory in a clear and accessible manner. Theories are rigorously tested and evaluated, and their merits are examined from both a research and a clinical point of view.

Importantly, the emphasis is on providing clear links between theory and practice, and the clinical implications of the different theories and perspectives are explicitly discussed. In addition, a number of new ideas about the aetiology of sexual offending are presented. *Theories of Sexual Offending* is one of the few books to draw all of the disparate strands of theorising together, and is the only one to clearly link theory to practice. It will be a valuable resource for any professional working with sexual offenders, such as clinical and forensic psychologists, psychiatrists,

*Downloaded from
