Sex Trafficking - Marie Segrave 2012-12-06
Trafficking in persons, particularly the trafficking of women into sexual servitude (sex trafficking) has generated much attention over the past decade. This book provides a critical examination of the international and national frameworks developed to respond to this issue - focused both on the design of policy responses and their implementation. Uniquely it brings

together, and brings to life, the voices of policymakers, non-government agencies and trafficked women. The analysis is grounded in rich empirical work and research in Europe, Asia, Australia and North America. This book examines how sex trafficking has been mobilized within anti-trafficking policies across the globe and offers a close examination of the dominant international framework, drawing upon a rich and diverse set of case studies: Australia, Serbia and Thailand. This analysis draws upon over 100 interviews with trafficking 'experts' across the three nations-including policymakers, police, immigration authorities, socialworkers, lawyers, UN agencies, local and international NGOs, activists. Critically, it also draws upon the voices

of women who have been trafficked.

The Cuban Slave Market, 1790-1880 - Laird W. Bergad 1995-05-26

Slavery was in many ways the fundamental institution in colonial Cuba, whose economy was based on the export of sugar from the slave-worked plantations. This volume presents a quantitative study of Cuban slavery from the late eighteenth century until 1880, the year slavery was formally abolished on the island. The core of this study is an examination of the yearly movement of slave prices and changes in the demographic characteristics of the slave market. Based on data from the notarial protocol records of the Archivo Nacional de Cuba, this book establishes precise price trends for slaves by age, sex, nationality, and occupation, and considers a number of other variables including the prices of coartados (slaves who had begun the process of buying their freedom) and the patterns of emancipation. Incorporating over 30,000 slave transactions from three separate

locations in Cuba - Havana, Santiago, and Cienfuegos - this work comprises the largest extant database on any slave market in the Americas.

BDSM Mastery - Basics Your Guide to Play, Parties, and Scene Protocols - Robert J Rubel Ph D 2014-12-17

This is not a book that explains what BDSM is, this is a book that explains what BDSM is all about. This is a book for people who are considering stepping into real time BDSM, and it is also a book for people who have been involved in the community for a while. This book treats the world of BDSM as a culture unto itself and goes a long way to explaining the expectations, rules, and words that are common to this culture. This book does not tell you how to use any implements (floggers, canes, etc), but it does explain why in the world you'd want to use such implements. This is a must-have resource book for your kink library.

Sexual Enslavement of Girls and Women

Worldwide - Andrea Parrot 2008-08-30

They are in different countries but share the same hell. Maria is one of 14 women lured from Mexico to Seattle, Washington, with the promise of a job, then held by force in a brothel and required to sexually service men 12 hours a day. Anna is a young mother from the Ukraine who left her husband and children there to take a job as a housecleaner in Italy, where she was put in a barred, guarded house and forced into prostitution. Nadia is an 11-year-old girl in Africa, kidnapped and forced to have sex with a militiaman daily, with a machete ever ready nearby should she refuse. All three women are part of horrific sex slavery that has drawn the attention of officials in countries around the globe. It is not rare; officials say it is increasing, at least partly due to the billions of dollars it brings in for organized crime. The U.S. State Department estimates 800,000 victims, mostly women and children, are trafficked for sex trade across nations each year and millions more are

trafficked within countries - including the U.S., Britain, Spain, and the Netherlands. As a Seattle Times reporter explained when Maria's case hit the news there, the reality is that sex slaves for the most part are young women and teenaged girls who come from almost every one of the world's poorer countries and end up in almost every country where there is a combination of sexual demand and money. But they are also in undeveloped Africa, in prisons internationally, locked in forced marriages, or sold to men by parents. In this book, Parrot and Cummings outline the scope and growth of the sex slave market today and explain the history with various elements - including economic, political, cultural, and religious - that make this trade difficult to fully expose, quell, combat, and shut down. We hear from girls and women around the world describing how sexual enslavement has tortured them physically, emotionally, and spiritually, whether they suffer at the hands of prison guards in Turkey, criminals in

Washington, or buyers dealing with parents who sell their daughters for the sex slave trade in Greece, Belgium, or France. The authors also describe national and international efforts and legislation passed or in design to stop sex slavery. Successful countries and regions are spotlighted. Then Parrot and Cummings point out actions still needed to stop the sex slavery trade.

When Shelly answered the ad in the college

newspaper for test subjects, she had no idea what effect the drug might have on her. The doctors never said. As she sat in the lab, waiting to be released, she began to feel ... strange. Itchy, she described it to the doctor. As time went on, the feeling grew. It made her want to do things ... sexy things. Little did she know that the new drug would demand more of her than Shelly ever thought possible - and there seemed to be no way out.

Human Trafficking - Bandana Purkayastha
2018-12-14

The last few decades have seen a huge increase in attention paid to the trafficking of human beings, often referred to as modern-day slavery. International and national policies and protocols have been developed and billions of dollars spent to combat the issue and protect trafficking victims. Yet it continues to flourish and human beings, in both the Global North and the Global South, continue to be degraded to the level of commodities and smuggled across borders for

profit. Drawing upon feminist and human rights approaches to trafficking, this book links the worlds of policy, protocols, and social structures to the lived experience and conditions of trafficked people. Recognizing that trafficking for sex, labor, and body parts often overlaps in a broader context shaped by poverty, violence, and shrinking access to rights, the authors offer a more thoroughgoing account of this social problem. Only with such an integrated approach can we understand the exploitative conditions that make people vulnerable to trafficking, and the progress - as well as gaps - in initiatives seeking to address it.

Selling Sex in the City: A Global History of Prostitution, 1600s-2000s - 2017-08-28

Time's Slave - Alexis Alexandra

Entering the secured basement lab, a place she had been denied access to all of her life, Hannah discovers her mother's deepest, darkest secret - a secret so profoundly earth-shattering that it could trigger the extinction of everything should it fall into the wrong hands. On May 12, 3184 Hannah Hargrove becomes the second person to travel through time. Telling the computer to take her to the date of her conception - another secret her mother closely guarded, she was surprised to find herself in the twenty-fourth century. But when she ignored all warnings and set the date for the future, she realized too late the folly of her curiosity. Landing in the year 5107, Hannah enters a world gone mad. A war-torn world where men reign supreme and women are so much chattel. With a two tear stay looming ahead of her, she gets a head start on her eventual training - engaging in sexual acts she could scarcely imagine all in the name of survival.

Sex Slaves and Discourse Masters - Doctor Jo Doezema 2013-07-18

Why is the international community so concerned with the fate of prostitutes abroad? And why does the story of trafficking sound so familiar? In this pioneering new book, Jo Doezema argues that the current concern with trafficking in women is a modern manifestation of the myth of white slavery. Combining historical analysis with contemporary investigation, this book sheds light on the current preoccupations with trafficking in women. It examines in detail sex worker reactions to the myth of trafficking, questions the current feminist preoccupation with the 'suffering female body' and argues that feminism needs to move towards the creation of new myths. The analysis in this book is controversial but crucial, an alternative to the current panic discourses around trafficking in women. An essential read for anyone who is concerned with the increased movement of women

internationally and the attempts of international and national governments to regulate this flow. *William Wilberforce Trafficking Victims Protection Reauthorization Act of 2007, November 6, 2007, 110-1 House Report 110-430, Part 1* - 2008

Slave Scripture - Norman McClelland 2018-03-21

When a man or a woman decides to enter a relationship in which he or she surrenders his or her will to another person, there is automatically the potential for exploitation and even abuse. This can actually go both ways. A major way of preventing one side from taking unfair and even dangerous advantage of the other side is to establish not just rules but also an elaborate code of behavior or protocol that specifies the exact rights of each party. This is formally done with a master-slave contract. It may seem strange that a slave has rights, but this is a voluntary enslavement, which means this person

Sex Trafficking of Children Online - Beatriz Susana Uitts 2022-07-20

This book argues that forms of online child sexual exploitation equate to slavery-like practices under international law and that States have a responsibility to punish offenders as such, based on a careful review of relevant legal instruments and standards.

Protocol Handbook for the Leather Slave - Robert J. Rubel 2007-02

Examples, ideas and discussion for those who follow - or would like to follow - the calling to live in a modern-day Master/Slave relationship. More than a general book about rules, rituals, personal behaviour and etiquette, Rubel offers a glimpse into the complex world of protocols set in the context of a Leather Master/ Slave relationship.

The Cocoa Plantations America'S Chocolate

Secret Forced Child Labor, Rape, Sodomy, Abuse of Children, Child Sex Trafficking, Child Organ Trafficking, Child Sex Slaves - Raymond C. Christian 2015-08-22

Children working the cocoa plantations for Americas chocolate. Would you ever dream of such abuse happening to five-year-old boys and girls, children being worked worse than animals on the cocoa plantations to get the cocoa bean, the main ingredient in chocolate, to America. The cocoa beans are covered with the blood, sweat, and tears of five-year-old children sold for slave labor to work on the cocoa plantations. Everyone has limited freedoms, even in America. We protect our children. They dont have to work on cocoa plantations like five-year-old children in Africa. What should we do about the children who are being abused? Laws are in place. The International Labor Organization, Convention laws, and the Convention of the Rights of the Child, these laws are not being enforced.

aware of the abuse taking place on the Ivory Coast of Africa and Ghana, where 60 percent of the cocoa beans in the world are produced on the cocoa plantations. The cocoa plantations on the Ivory Coast of Africa and Ghana are noted as being the worst form of child slavery in the history of the world. Five-year-old children are working one hundred hours a week. Children are sold into slavery and will never have a childhood or education. Children working to get cocoa beans to America so the chocolate industries can produce chocolate while ignoring the laws in place. Five-year-old children are being raped, sodomized, beaten with bike chains, and possibly murdered trying to escape the cocoa plantations? Chocolate is a trillion-dollar industry. Five-year-old children are being used as child sex slaves, in sex trafficking, and organ trafficking? Why, America, why? Please help the children!
