In the Penalty Box Lynn Rush 2021-01-05 Willow Figure skating was supposed to be my whole world. One unlucky injury and I'm down...but I'm definitely not out. I just need to rehab—a boatload of it. But who'd have thought I could do it on the boys' hockey team? Of course, the infuriatingly hot captain of the team seems to think I'm nothing but sequins and twirls. Now the only thing a girl can do is put him in his place. Game on. Brodie Hockey is my whole world. I've worked my tail off getting my team in a position to win the championships—and impress major college scouts. So what's a guy to do when a figure skater ends up as our new goalie? Of course, the distractingly sexy skater thinks I'm a testosterone-laced bro with a competitive streak. But I'm almost certain she's just biding her time to heal, then she's gone. Game over.

their friends who gather around a fire on the Christmas Eve. Douglas, one of them, reads a manuscript that tells the story of governess being hired by a man who has become responsible for his young niece Flora and nephew Miles following the deaths of their parents. Flora, is living in Bly, where she is cared for by Mrs. Grose, the housekeeper. Her uncle, the governess's new employer, is uninterested in raising the children and gives her full charge. The story inspired critical debate over the question of the ghosts.

The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

He prompts other memories too - of Rachel, his beautiful wife who became a celebrity, and of Victor's own small claim to fame, as the man who says the unsayable on the radio. From the Beast to the Blonde Marina Warner 1995 This brilliant and timely study looks beyond the Freudian interpretation of fairy tales, to the tellers of the tales, and to the social and cultural contexts in which the tales are told and re-told through the centuries, from the ancient sibyls to the eighteenth-century SALONIERES, from Angela Carter to Disney. The value and enduring popularity of folk and fairy tales derives not only from their mythic significance but, crucially, from the fact that their concerns are rooted in the material world. Lively, provocative and ground-breaking, FROM THE BEAST TO THE BLONDE is Marina Warner's first major work of non-fiction since the acclaimed MONUMENTS AND MAIDENS.

Caliban and the Witch Silvia Federici 2021-07-29 'A groundbreaking work . . . Federici has become a crucial figure for . . . a new generation of feminists' Rachel Kushner, author of *The Mars Room* A cult classic since its publication in the early years of this century, *Caliban and the Witch* is Silvia Federici's history of the body in the transition to capitalism. Moving from the peasant revolts of the late Middle Ages through the European witch-hunts, the rise of scientific rationalism and the colonisation of the Americas, it gives a panoramic account of the often horrific violence with which the unruly human material of pre-capitalist societies was transformed into a set of predictable and controllable mechanisms. It is a study of indigenous traditions crushed, of the enclosure of women's reproductive powers within the nuclear family, and of how our modern world was forged in blood. 'Rewarding . . . allows us to better understand the intimate relationship between modern patriarchy, the rise of the nation state and the transition from feudalism to capitalism' Guardian

Black on Both Sides C. Riley Snorton 2017-12-05 Winner of the John Boswell Prize from the American Historical Association 2018 Winner of the William Sanders Scarborough Prize from the Modern Language Association 2018 Winner of an American Library Association Stonewall Honor 2018 Winner of Lambda Literary Award for Transgender Nonfiction 2018 Winner of the Sylvia Rivera Award in Transgender Studies from the Center for Lesbian and Gay Studies The story of Christine Jorgensen, America's first prominent transsexual, famously narrated trans embodiment in the postwar era. Her celebrity, however, has obscured other mid-century trans narratives—ones lived by African Americans such as Lucy Hicks Anderson and James McHarris. Their erasure from trans history masks the profound ways race has figured prominently in the construction and representation of transgender subjects. In *Black on Both Sides*, C. Riley Snorton identifies multiple intersections between blackness and transness from the mid-nineteenth century to present-day anti-black and anti-trans legislation and violence. Drawing on a deep and varied archive of materials—early sexological texts, fugitive slave narratives, Afro-modernist literature, sensationalist journalism, Hollywood films—Snorton attends to how slavery and the production of racialized gender provided the foundations for an understanding of gender as mutable. In tracing the twinned genealogies of blackness and transness, Snorton follows multiple trajectories, from the medical experiments conducted on enslaved black women by J. Marion Sims, the “father of American

gynecology,” to the negation of blackness that makes transnormativity possible. Revealing instances of personal sovereignty among blacks living in the antebellum North that were mapped in terms of “cross dressing” and canonical black literary works that express black men’s access to the “female within,” *Black on Both Sides* concludes with a reading of the fate of Phillip DeVine, who was murdered alongside Brandon Teena in 1993, a fact omitted from the film *Boys Don’t Cry* out of narrative convenience. Reconstructing these theoretical and historical trajectories furthers our imaginative capacities to conceive more livable black and trans worlds.

Black Queer Studies E. Patrick Johnson 2005-10-11 While over the past decade a number of scholars have done significant work on questions of black lesbian, gay, bisexual, and transgendered identities, this volume is the first to collect this groundbreaking work and make black queer studies visible as a developing field of study in the United States. Bringing together essays by established and emergent scholars, this collection assesses the strengths and weaknesses of prior work on race and sexuality and highlights the theoretical and political issues at stake in the nascent field of black queer studies. Including work by scholars based in English, film studies, black studies, sociology, history, political science, legal studies, cultural studies, and performance studies, the volume showcases the broadly interdisciplinary nature of the black queer studies project. The contributors consider representations of the black queer body, black queer literature, the pedagogical implications of black queer studies, and the ways that gender and sexuality have been glossed over in black studies and race and class marginalized in queer studies. Whether exploring the closet as a racially loaded metaphor, arguing for the inclusion of diaspora studies in black queer studies, considering how the black lesbian voice that was so expressive in the 1970s and 1980s is all but inaudible today, or investigating how the social sciences have solidified racial and sexual exclusionary practices, these insightful essays signal an important and necessary expansion of queer studies. Contributors. Bryant K. Alexander, Devon Carbado, Faedra Chatard Carpenter, Keith Clark, Cathy Cohen, Roderick A. Ferguson, Jewelle Gomez, Phillip Brian Harper, Mae G. Henderson, Sharon P. Fierce Attachments Vivian Gornick 2005-09-14 In this deeply etched and haunting memoir, Vivian Gornick tells the story of her lifelong battle with her mother for independence. There have been

numerous books about mother and daughter, but none has dealt with this closest of filial relations as directly or as ruthlessly. Gornick's groundbreaking book confronts what Edna O'Brien has called "the principal crux of female despair": the unacknowledged Oedipal nature of the mother-daughter bond. Born and raised in the Bronx, the daughter of "urban peasants," Gornick grows up in a household dominated by her intelligent but uneducated mother's romantic depression over the early death of her husband. Next door lives Nettie, an attractive widow whose calculating sensuality appeals greatly to Vivian. These women with their opposing models of femininity continue, well into adulthood, to affect Gornick's struggle to find herself in love and in work. As Gornick walks with her aged mother through the streets of New York, arguing and remembering the past, each wins the reader's admiration: the caustic and clear-thinking daughter, for her courage and tenacity in really talking to her mother about the most basic issues of their lives, and the still powerful and intuitively-wise old woman, who again and again proves herself her daughter's mother. Unsparing, deeply courageous, *Fierce Attachments* is one of the most remarkable documents of family feeling that has been written, a classic that helped start the memoir boom and remains one of the most moving examples of the genre.
