Practice Makes Perfect: Basic Portuguese, Premium Second Edition - Sue Tyson-Ward 2019-09-13

Master essential language skills to build your confidence in basic Portuguese Whether you are learning on your own with a textbook or taking a beginning class, Practice Makes Perfect: Basic Portuguese will support your study and build your confidence in your new language. Each bite-sized lesson of this proven guide focuses on essential vocabulary and key grammar concepts, illustrated with clear examples. You will then learn to communicate in authentic Portuguese: how to meet new people, engage in small talk, express ideas, and more. More than 180 entertaining exercises will help you practice your new skills. And this second edition is also accompanied by flashcards and audio recordings, available via app, that will provide a new dimension and flexibility to your study. Practice Makes Perfect: Basic Portuguese will help you master:

- High-frequency vocabulary
- Ser vs. estar, saber vs. conhecer, ter and its uses
- Sets of flashcards for all the vocabulary lists
- Superlatives and comparisons: tão and tanto
- Continental Portuguese and Brazilian variants
- Verb tenses, sentence structure, and more

Basic Portuguese - Cristina Sousa 2014-11-13

Basic Portuguese: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. Twenty units cover the core material which students can expect to encounter in their first year of learning Portuguese. Grammar points are followed by examples and exercises which allow students to reinforce and

consolidate their learning. Clearly presented and user-friendly, Basic Portuguese provides readers with a thorough grounding in the fundamentals of Portuguese grammar.

Comparative Grammar of Spanish, Portuguese, Italian and French - Mikhail Petrunin 2018-06-25

Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once. 2) Second of all I spent many years learning these

languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages.3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman.4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's.5) If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.

The Wine and Food Lover's Guide to Portugal - Charles Metcalfe 2008
The authors offer a guide to wine, food and travel in Portugal, with recommendations of wineries, restaurants, hotels, wine and food shops and places to visit.

Portuguese in Three Months - Maria Fernanda Allen 1997
This language textbook aims to give the reader a working knowledge of Portuguese within three months. It explains essential grammar in a simple and practical way, and provides short exercises and conversational drills. There is also a pack available, containing this book and an audio cassette.

The Five Love Languages - Gary Chapman 2009-12-17
Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for

easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called A Love Language Minute that can be heard on more than 150 radio stations as well as the weekly syndicated program Building Relationships with Gary Chapman, which can both be heard on fivelovelanguages.com. The Five Love Languages is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running!

The Language Lover's Guide to Learning Portuguese - Russell Walker 2014-07-01

This book is a study companion written in plain English, which explains the things that you need to know to be successful in learning Portuguese. No prior grammatical knowledge is assumed, and technical terms are explained clearly and progressively. Exercises are provided to help you consolidate what you have learned and build your Portuguese vocabulary. Although the main focus is on European Portuguese, Brazilian alternatives are also given. Among the many things covered in this book: How do you pronounce words in Portuguese? What do all those funny little squiggles mean? What exactly are verbs, adjectives, prepositions, and pronouns? How do you know when to use 'ser' and when to use 'estar'? How do you use the personal infinitive? How does the subjunctive work? If you don't know your diacritic from your diphthong, you've come to the right place!

In Other Words - Christopher J. Moore 2009-05-26

When ideas fail, words come in handy. But sometimes you can't find the right word, and what you want to say can't be found in the dictionary. English has its limitations, but the expression you're searching for may exist in another language. In Other Words is a unique collection of well-known and absolutely obscure "untranslatables"-linguistic gems that convey a feeling or notion with satisfying precision yet resist simple

translation. This quirky lexicon of hard-to-translate words gives the reader a new way to look at the world and how words relate to us. The words are arranged by region or country of origin, and a brief introduction to each section—each done by a respected translator—gives insight into the culture of the people as well as the language. Each of these singular words is cleverly and thoroughly defined, with interesting details and references throughout. The search for that elusive *mot juste* may be over.

Portuguese in 3 months - Maria Fernanda Allen 2008-10-01

From the bay of Lisbon to the carnival streets of Rio de Janeiro, one language unites 150 million people. With this unique guide you too can speak Portuguese as you build your vocabulary and perfect your grammar using Hugo's proven system. Whether you are ordering seafood on the Algarve or cheering on Brazil in the World Cup, you will feel confident in understanding and speaking this vibrant language.

Fluent Forever - Gabriel Wyner 2014-08-05

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to

create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

The Loom of Language - Frederick Bodmer 1985

Here is an informative introduction to language: its origins in the past, its growth through history, and its present use for communication between peoples. It is at the same time a history of language, a guide to foreign tongues, and a method for learning them. It shows, through basic vocabularies, family resemblances of languages -- Teutonic, Romance, Greek -- helpful tricks of translation, key combinations of roots and phonetic patterns. It presents by common-sense methods the most helpful approach to the mastery of many languages; it condenses vocabulary to a minimum of essential words; it simplifies grammar in an entirely new way; and it teaches a language as it is actually used in everyday life.

Learn Portuguese - Daily Language Learning 2019-11-19

Are you sick and tired of not being able to learn Portuguese fast? Have you tried endless other ways of learning Portuguese but nothing seems to stick? Do you finally want to say goodbye to your tendency to 'forget most of what you've studied' and discover something which works for you?

Lingo - Gaston Dorren 2015-12-01

Six thousand years. Sixty languages. One “brisk and breezy” whirlwind armchair tour of Europe “bulg[ing] with linguistic trivia” (The Wall Street Journal). Take a trip of the tongue across the continent in this fascinating, hilarious and highly edifying exploration of the many ways and whys of Euro-speaks—its idiosyncrasies, its histories, commonalities, and differences. Most European languages are descended from a single ancestor, a language not unlike Sanskrit known as Proto-Indo-European (or PIE for short), but the continent's ever-changing borders and cultures have given rise to a linguistic and cultural diversity that is too often forgotten in discussions of Europe as a political entity. *Lingo* takes us into today's remote mountain villages of Switzerland, where Romansh is still the lingua franca, to formerly Soviet Belarus, a country whose language was Russified by the Bolsheviks, to Sweden, where up until the

1960s polite speaking conventions required that one never use the word “you.” “In this bubbly linguistic endeavor, journalist and polyglot Dorren thoughtfully walks readers through the weird evolution of languages” (Publishers Weekly), and not just the usual suspects—French, German, Yiddish, Irish, and Spanish, Here, too are the esoteric—Manx, Ossetian, Esperanto, Gagauz, and Sami, and that global headache called English. In its sixty bite-sized chapters, Dorret offers quirky and hilarious tidbits of illuminating facts, and also dispels long-held lingual misconceptions (no, Eskimos do not have 100 words for snow). Guaranteed to change the way you think about language, Lingo is a “lively and insightful . . . unique, page-turning book” (Minneapolis Star Tribune).

Modern Brazilian Portuguese Grammar Workbook - John Whitlam
2013-09-05

Modern Brazilian Portuguese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The book is divided into two sections: Part A provides exercises based on essential grammatical structures Part B practises everyday functions (e.g. making social contact, asking questions and expressing needs) A comprehensive answer key at the back of the book enables you to check on your progress. Modern Brazilian Grammar Workbook is ideal for all learners who have a basic knowledge of Brazilian Portuguese, including undergraduates taking Brazilian Portuguese as a major or minor part of their studies, as well as intermediate and advanced students in schools and adult education. It can be used independently or in conjunction with Modern Brazilian Portuguese Grammar: A Practical Guide.

in Portuguese Have basic conversations when traveling, dining out, conducting business, and shopping Packed with dialogue examples, self-tests, and English-to-Portuguese and Portuguese-to-English dictionaries, The Everything Learning Brazilian Portuguese Book will have you speaking--and understanding--Portuguese in no time.

The Portuguese - Barry Hatton 2016-01-06

Portugal is an established member of the European Union, one of the founders of the euro currency and a founder member of NATO. Yet it is an inconspicuous and largely overlooked country on the continent's south-west rim. In the fifteenth- and sixteenth-century Age of Discovery the Portuguese led Europe out of the Mediterranean into the Atlantic and they brought Asia and Europe together. Evidence of their one-time four-continent empire can still be felt, not least in the Portuguese language which is spoken by more than 220 million people from Brazil, across parts of Africa to Asia. Analyzing present-day society and culture, The Portuguese also considers the nation's often tumultuous past. The 1755 Lisbon earthquake was one of Europe's greatest natural disasters, strongly influencing continental thought and heralding Portugal's extended decline. The Portuguese also weathered Europe's longest dictatorship under twentieth-century ruler António Salazar. A 1974 military coup, called the Carnation Revolution, placed the Portuguese at the centre of Cold War attentions. Portugal's quirky relationship with Spain, and with its oldest ally England, is also scrutinized. Portugal, which claims Europe's oldest fixed borders, measures just 561 by 218 kilometres . Within that space, however, it offers a patchwork of widely differing and beautiful landscapes. With an easygoing and seductive lifestyle expressed most fully in their love of food, the Portuguese also have an anarchical streak evident in many facets of contemporary life. A veteran journalist and commentator on Portugal, the author paints an intimate portrait of a fascinating and at times contradictory country and its people.
