**The Dating Blueprint** - Jason Evert 2019-10-11  
Women don't feel comfortable telling a man what they wish he knew about dating. He's expected to know it. Unfortunately, the only time men receive specific guidelines is when they're being told what they're not supposed to do. As a result, very few know what they are supposed to do! What men want is a clear blueprint. Imagine how much simpler dating would be if women could just speak their minds! Therefore, Jason Evert surveyed more than a thousand women and asked them questions such as: • How would you want a man to ask you out? • How do you not want to be asked on a date? This book reveals their surprising answers, plus: • How to know if she's the right one • Where women don't want to go on a first date • What word they want a man to say when he asks • When, where, and how he should ask • What she hopes the date will include • How a man can save his marriage before he's married Dating doesn't need to

become a relic of the past. It needs to be revived. For this to happen, men need to put down their screens, look a woman in the eye, and ask her on a date. The Dating Blueprint explains how.

**How to Attract Women** - Zac Miller  
2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as

the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend.

Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her

Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Go to the "Buy now with 1-click" button at the top of this page, and pick up How to Attract Women RIGHT NOW!

So if you are looking for a little spark to rekindle your relationship, you're reading the right book. Some things in this book may work for you, and some things may not. It's really up to you what you get out of reading this book. It's going to boil down to how much dedication and patience you have to make your relationship into something special day by day for the rest of your life. So I took the main factors, and I have broken them down so you can understand and implement them. Just like with your job, if you don't put in any effort, you will get no results and even get fired. As well as your relationship, if you don't put in any effort, your spouse will leave you for someone else that will treat him or her the way they want to be treated. They say one man's trash is another man's treasure. I know you ladies just would like to aim this book at your man, but remember, it takes two. So you're going to get as much as you put into it as well. Most women are looking for that perfect relationship

or person. No one's perfect. If someone's new in your life, they have to learn you just as much as you have to learn them. I'm just giving you the tool to help you learn your significant other to the best of your ability. The dos and don'ts, as well as the hows and whens. So if you're ready to get started and you think you have what it takes, continue to read. You might want to highlight things that catch your attention cause if they catch your attention, most likely it's something that may catch your significant other's attention as well. These are going to be the things you're going to want to try first. Like I said before, some things may not work. But don't give up; just move on, and try something else cause everyone is different. Certain things will spark, and certain things won't. So that's where your learning about your significant other comes in. I've helped a lot of relationships as well as took my relationships to another level. So that's why I'm writing this book now. Many of my friends and family wanted me to share my knowledge with you all, so I said, Why not? Can't hurt. Your only weakness is not putting in any effort to achieve happiness.

### **Leaving Patriarchy Behind** - Leticia Aguilar 2023-01-06

Can we fight, and win, against an ideology that has been established and practiced for decades? In *Leaving Patriarchy Behind*, Leticia recounts her father's disappointment at the birth of each daughter: "After each birth, Papa would turn to Mama and ask, 'Mama, es un niño?' But, out of 18 babies, Mama only had four boys." With some challenging years behind her, Leticia considers the culture that informed her parents' principles, those she knew she could not accept as her own. She realized from childhood that she was not one to follow the disparate rules set for boys and girls. In these short vignettes, Leticia Aguilar recalls her life as a child in Mexico in the 1960s and as an adult in America in the '70s and beyond. Looking back, she reflects on her struggles as a girl, then a young woman, and the men who told her what she could and could not do. Instead, Leticia turned away from Mexican patriarchy, even as she was criticized and warned of her shortcomings in being independent. In a small mountain community in
