The Adams-Jefferson Letters

- John Adams 1959

Thomas Jefferson - Rebecca

Aldridge 2001

Covers the life of Thomas Jefferson, author of the Declaration of Independence. Begins with his early interest in books and learning and traces the many roles he played, including his role in Congress during the American Revolution and as third President of the United States.

Adams and Jefferson - Merrill

D. Peterson 2021-10-15

Adams and Jefferson: A Revolutionary Dialogue documents the public lives and personal friendship of John Adams and Thomas Jefferson, from their first meeting as delegates to the Second Continental Congress to their deaths on the fiftieth anniversary of the Declaration of Independence. This study takes a look at some of the famous correspondence between the two statesmen

who devoted their lives to a new chapter of freedom and self-government. Peterson draws an extended parallel between the backgrounds, experiences, personalities, and intellectual styles of Adams and Jefferson and examines their work in the achievement of independence and the design of new governments for Massachusetts and Virginia. While Adams and Jefferson had much in common, their ideas of human nature, history, society, and government included many differences that would reveal themselves in the course of time. Merrill D. Peterson looks at Adams and Jefferson's relationship across their lives, including their disputes in the midst of the coming French Revolution, their excitement for the establishment of a new American government under the Constitution, their contest for the presidency in 1796, and their eventual reconciliation. The Georgia Open History Library has been made possible

in part by a major grant from the National Endowment for the Humanities: Democracy demands wisdom. Any views, findings, conclusions, or recommendations expressed in this collection, do not necessarily represent those of the National Endowment for the Humanities.

Thomas Jefferson and Sally Hemings - Annette Gordon-Reed 1998-03-29

When Annette Gordon-Reed's groundbreaking study was first published, rumors of Thomas Jefferson's sexual involvement with his slave Sally Hemings had circulated for two centuries. Among all aspects of Jefferson's renowned life, it was perhaps the most hotly contested topic. The publication of Thomas Jefferson and Sally Hemings intensified this debate by identifying glaring inconsistencies in many noted scholars' evaluations of the existing evidence. In this study, Gordon-Reed assembles a fascinating and convincing argument: not that the alleged thirty-eight-year liaison necessarily took place but

rather that the evidence for its taking place has been denied a fair hearing. Friends of Jefferson sought to debunk the Hemings story as early as 1800, and most subsequent historians and biographers followed suit, finding the affair unthinkable based upon their view of Jefferson's life, character, and beliefs. Gordon-Reed responds to these critics by pointing out numerous errors and prejudices in their writings, ranging from inaccurate citations, to impossible time lines, to virtual exclusions of evidence—especially evidence concerning the Hemings family. She demonstrates how these scholars may have been misguided by their own biases and may even have tailored evidence to serve and preserve their opinions of Jefferson. This updated edition of the book also includes an afterword in which the author comments on the DNA study that provided further evidence of a Jefferson and Hemings liaison.00 Possessing both a layperson's unfettered curiosity and a

lawyer's logical mind, Annette Gordon-Reed writes with a style and compassion that are irresistible. Each chapter revolves around a key figure in the Hemings drama, and the resulting portraits are engrossing and very personal. Gordon-Reed also brings a keen intuitive sense of the psychological complexities of human relationships—relationships that, in the real world, often develop regardless of status or race. The most compelling element of all, however, is her extensive and careful research, which often allows the evidence to speak for itself. *Thomas Jefferson and Sally Hemings: An American Controversy* is the definitive look at a centuries-old question that should fascinate general readers and historians alike. [Thomas Jefferson vs. John Adams](#) - Ellis Roxburgh 2015-12-15

It may be surprising to even history buffs that Founding Fathers Thomas Jefferson and John Adams were at odds for years after the American

Revolution. Each held tightly to their opposing views of how the new nation should be governed. This absorbing text not only reviews many important benchmarks of American history—such as the writing of the US Constitution and the establishment of political parties—it also provides well-rounded analyses of these two powerful men, their relationship, and their eventual reconciliation. Their prolific writings provide many significant quotations throughout this valuable and insightful volume.

[Adams vs. Jefferson](#) - John Ferling 2004-09-03

It was a contest of titans: John Adams and Thomas Jefferson, two heroes of the Revolutionary era, once intimate friends, now icy antagonists locked in a fierce battle for the future of the United States. The election of 1800 was a thunderous clash of a campaign that climaxed in a deadlock in the Electoral College and led to a crisis in which the young republic teetered on the edge of

collapse. Adams vs. Jefferson is the gripping account of a turning point in American history, a dramatic struggle between two parties with profoundly different visions of how the nation should be governed. The Federalists, led by Adams, were conservatives who favored a strong central government. The Republicans, led by Jefferson, were more egalitarian and believed that the Federalists had betrayed the Revolution of 1776 and were backsliding toward monarchy. The campaign itself was a barroom brawl every bit as ruthless as any modern contest, with mud-slinging, scare tactics, and backstabbing. The low point came when Alexander Hamilton printed a devastating attack on Adams, the head of his own party, in "fifty-four pages of unremitting vilification." The stalemate in the Electoral College dragged on through dozens of ballots. Tensions ran so high that the Republicans threatened civil war if the Federalists denied Jefferson the presidency.

Finally a secret deal that changed a single vote gave Jefferson the White House. A devastated Adams left Washington before dawn on Inauguration Day, too embittered even to shake his rival's hand. With magisterial command, Ferling brings to life both the outsize personalities and the hotly contested political questions at stake. He shows not just why this moment was a milestone in U.S. history, but how strongly the issues--and the passions--of 1800 resonate with our own time.

Agony and Eloquence - Daniel L. Mallock 2016-02-02

The drama of John Adams and Thomas Jefferson is the foundational story of America—courage, loyalty, hope, fanaticism, greatness, failure, forgiveness, love. Agony and Eloquence is the story of the greatest friendship in American history and the revolutionary times in which it was made, ruined, and finally renewed. In the wake of Washington's retirement, longtime friends Thomas

Jefferson and John Adams came to represent the opposing political forces struggling to shape America's future. Adams's victory in the presidential election of 1796 brought Jefferson into his administration—but as an unlikely and deeply conflicted vice president. The bloody Republican revolution in France finally brought their political differences to a bitter pitch. In Mallock's take on this fascinating period, French foreign policy and revolutionary developments—from the fall of the Bastille to the fall of the Jacobins and the rise of Napoleon—form a disturbing and illuminating counterpoint to events, controversies, individuals, and relationships in Philadelphia and Washington. Many important and fascinating people appear in the book, including Thomas Paine, Camille Desmoulins, Dr. Benjamin Rush, Tobias Lear, Talleyrand, Robespierre, Danton, Saint-Just, Abigail Adams, Lafayette, James Madison, John Quincy Adams,

Dr. Joseph Priestley, Samuel Adams, Philip Mazzei, John Marshall, Alexander Hamilton, and Edward Coles. They are brought to life by Mallock's insightful analysis and clear and lively writing. *Agony and Eloquence* is a thoroughly researched and tautly written modern history. When the most important thing is at stake, almost anything can be justified. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Setting the World Ablaze - John E. Ferling 2002

Setting the World Ablaze is the story of the American Revolution and of the three Founders who played crucial roles in winning the War of Independence and creating a new nation: George Washington, John Adams, and Thomas Jefferson. Braiding three strands into one rich narrative, John Ferling brings these American icons down from their pedestals to show them as men of flesh and blood, and in doing so gives us a new understanding of the passion and uncertainty of the struggle to form a new nation. A leading historian of the Revolutionary era, Ferling draws upon an unsurpassed command of the primary sources and a talent for swiftly moving narrative to give us intimate views of each of these men. He shows us both the overarching historical picture of the era and a gripping sense of how these men encountered the challenges that faced them. We see Washington, containing a profound anger at British

injustice within an austere demeanor; Adams, far from home, struggling with severe illness and French duplicity in his crucial negotiations in Paris; and Jefferson, distracted and indecisive, confronting uncertainties about his future in politics. John Adams, in particular, emerges from the narrative as the most under-appreciated hero of the Revolution, while Jefferson is revealed as the most overrated, yet most eloquent, of the Founders. Setting the World Ablaze shows in dramatic detail how these conservative men--successful members of the colonial elite--were transformed into radical revolutionaries.

The Presidency of John Adams - Ralph A. Brown 1975

The administration of John Adams was a period of rapid change, internal discord, and the continual threat of war. Few of the nation's chief executives have been subjected to such immediate and ever-present danger of foreign involvement and national destruction, to such bitter

animosities and serious cleavages within their administrations, or to such constant need for decision making as was John Adams. In the face of such adversity Adams successfully pursued a policy of neutrality and conciliation and, in so doing, provided time for the country to grow strong and to prosper. Yet, despite the seriousness of the country's problems and the contributions of his administration, he is seldom designated as one of the great American presidents. Of the many who helped create the nation and lead it through those first difficult years, Adams alone has come to be judged largely in terms of the descriptions and appraisals written by his personal enemies and political detractors. Over the years, historians have generally accepted and emphasized the weaknesses, faults, and mistakes his opponents ascribed to him. In this volume, however, Ralph Adams Brown presents a new evaluation of John Adams and of his four years

in the presidency. The portrait drawn by Adams's enemies disappears and the second president emerges as a world citizen whose insight, judgment, and perseverance held the young nation together in a critical period. This volume focuses closely on the most significant aspect of Adams's presidency, foreign affairs. As an emerging nation without economic stability or military might, the United States could have become hopelessly caught in the web of European intrigues and power struggles. Adams not only faced serious problems with France and Spain, but also had to be continually alert to the complexities of the nation's relationship with Great Britain. Brown examines the country's increasing concern with matters of defense, and traces Adams's successful efforts to evade foreign entanglements. Unfortunately, many of Adams's important decisions and policies ran counter to the wishes of strong, ambitious, and verbal elements in his own political party. Describing the

vicious personal attacks to which Adams was subjected, and the devious and disloyal maneuvers of his cabinet members, Brown traces Adams's difficulties with Timothy Pickering, James McHenry, Oliver Wolcott, Jr., Alexander Hamilton, and others. He documents Adams's steadfastness to his ideals and principles, despite the hostility, exaggerated accusations, and perfidy that surrounded him. Based on more than five years of intensive research, much of in primary sources, Brown's study sheds new light on the many national problems between 1797 and 1801. Most important, it stands as a reassessment of Adams as a shrewd, sensitive, experienced diplomat; a man of fiery beliefs tempered by superior insight and judgment; a man who, despite his love of freedom and his enthusiasm for the the American Revolution, feared war and mob violence; a man favored broad social reforms and change of government by due process; a man who contributed to the development

of the presidency by working diligently to maintain the independence and integrity of the executive office.

WORST OF FRIENDS - SUZANNE TRIPP. JURMAIN 2017

John Adams and Thomas Jefferson were good friends with very different personalities. But their differing views on how to run the newly created United States turned them into the worst of friends. They each became leaders of opposing political parties, and their rivalry followed them to the White House.

Thomas Jefferson - Fawn McKay Brodie 1975

Explores the relationship between Jefferson's inner life and his public life including his attitudes toward the church, slavery, women, and revolution.

Old World, New World -

Leonard J. Sadosky 2010-02-09

Old World, New World: America and Europe in the Age of Jefferson grew out of workshops in Salzburg and Charlottesville sponsored by

Monticello's International Center for Jefferson Studies, and revisits a question of long-standing interest to American historians: the nature of the relationship between America and Europe during the Age of Revolution. Study of the American-European relationship in recent years has been moved forward by the notion of Atlantic history and the study of the Atlantic world. The present volume makes a fresh contribution by refocusing attention on the question of the interdependence of Europe and America. *Old World, New World* addresses topics that are timely, given contemporary public events, but that are also of interest to early modern and modern historians. By turning attention from the Atlantic World in general to the relationship between America and Europe, as well as using Thomas Jefferson as a lens to examine this relationship, this book carves out its own niche in the history of the Atlantic world in the age of revolution.

Founding Brothers - Joseph J.

Ellis 2003-12-16
PULITZER PRIZE WINNER • NATIONAL BESTSELLER • A landmark work of history explores how a group of greatly gifted but deeply flawed individuals—Hamilton, Burr, Jefferson, Franklin, Washington, Adams, and Madison—confronted the overwhelming challenges before them to set the course for our nation. “A splendid book—humane, learned, written with flair and radiant with a calm intelligence and wit.” —The New York Times Book Review The United States was more a fragile hope than a reality in 1790. During the decade that followed, the Founding Fathers—re-examined here as Founding Brothers—combined the ideals of the Declaration of Independence with the content of the Constitution to create the practical workings of our government. Through an analysis of six fascinating episodes—Hamilton and Burr's deadly duel, Washington's precedent-setting Farewell Address, Adams'

administration and political partnership with his wife, the debate about where to place the capital, Franklin's attempt to force Congress to confront the issue of slavery and Madison's attempts to block him, and Jefferson and Adams' famous correspondence—Founding Brothers brings to life the vital issues and personalities from the most important decade in our nation's history. *Adams and Jefferson* - Merrill Peterson 2021-10-15

John Adams and Thomas Jefferson - Jill Keppeler 2021-07-15

Great friendships are not always easy. The friendship between Founding Fathers John Adams and Thomas Jefferson was downright rocky, so much so that they're sometimes called the "Founding Frenemies." With this unique book, readers will learn about the relationship, friendly and otherwise, between two of the United States' most well-known founders. Readers follow along

from their first meeting as delegates in the Continental Congress in 1775 to their deaths on the same day in 1826. Primary sources offer insight into their often-adversarial friendship. Historical photographs provide a window into the era.

John Adams - David McCullough 2008-01-29
Chronicles the life of America's second president, including his youth, his career as a Massachusetts farmer and lawyer, his marriage to Abigail, his rivalry with Thomas Jefferson, and his influence on the birth of the United States.

Friends Divided - Gordon S. Wood 2017-10-24
A New York Times Book Review Notable Book of 2017
From the great historian of the American Revolution, New York Times-bestselling and Pulitzer-winning Gordon Wood, comes a majestic dual biography of two of America's most enduringly fascinating figures, whose partnership helped birth a nation, and whose subsequent falling out did much to fix its course.

Thomas Jefferson and John Adams could scarcely have come from more different worlds, or been more different in temperament. Jefferson, the optimist with enough faith in the innate goodness of his fellow man to be democracy's champion, was an aristocratic Southern slaveowner, while Adams, the overachiever from New England's rising middling classes, painfully aware he was no aristocrat, was a skeptic about popular rule and a defender of a more elitist view of government. They worked closely in the crucible of revolution, crafting the Declaration of Independence and leading, with Franklin, the diplomatic effort that brought France into the fight. But ultimately, their profound differences would lead to a fundamental crisis, in their friendship and in the nation writ large, as they became the figureheads of two entirely new forces, the first American political parties. It was a bitter breach, lasting through the presidential administrations of both men, and beyond. But late

in life, something remarkable happened: these two men were nudged into reconciliation. What started as a grudging trickle of correspondence became a great flood, and a friendship was rekindled, over the course of hundreds of letters. In their final years they were the last surviving founding fathers and cherished their role in this mighty young republic as it approached the half century mark in 1826. At last, on the afternoon of July 4th, 50 years to the day after the signing of the Declaration, Adams let out a sigh and said, "At least Jefferson still lives." He died soon thereafter. In fact, a few hours earlier on that same day, far to the south in his home in Monticello, Jefferson died as well. Arguably no relationship in this country's history carries as much freight as that of John Adams of Massachusetts and Thomas Jefferson of Virginia. Gordon Wood has more than done justice to these entwined lives and their meaning; he has written a magnificent new addition to America's collective

story.

Thomas Jefferson Vs. John Adams - Ellis Roxburgh
2016-01-15

It may be surprising to even history buffs that Founding Fathers Thomas Jefferson and John Adams were at odds for years after the American Revolution. Each held tightly to their opposing views of how the new nation should be governed. This absorbing text not only reviews many important benchmarks of American history such as the writing of the US Constitution and the establishment of political parties it also provides well-rounded analyses of these two powerful men, their relationship, and their eventual reconciliation. Their prolific writings provide many significant quotations throughout this valuable and insightful volume.

John Adams and the American Press - Walt Brown 1995

This interesting study of the early American press and President Adams first discusses the fourth estate's treatment of

President Washington. The newspapers of the day, alien in both form and content to today's publications, are also covered. The confrontational relationship between Adams and editors is examined, focusing on the President's personality, the honeymoon at the beginning of his administration, the increasing politicization of editorial scrutiny, and the role of the press in Adams' close electoral defeat by Thomas Jefferson.

Using Adams' voluminous correspondence, an analysis of his own views of press coverage concludes the work.

Jefferson and Hamilton -

John Ferling 2014-10-07

One of America's foremost historians brilliantly brings to life the fierce struggle - both public and, ultimately, bitterly personal - between Thomas Jefferson and Alexander Hamilton - two rivals whose opposing visions of what the United States should be continue to shape our country to this day.
