[Encyclopedia of Sex and Sexuality \[2 Volumes\] - Heather L. Armstrong 2021-03](#)

Providing a comprehensive framework for the broad subject of human sexuality, this two-volume set offers a context of historical development, scientific discovery, and sociopolitical and sociocultural movements. The broad topic of sex--encompassing subjects as varied as sexuality, sexual and gender identity, abortion, and such crimes as sexual assault--is one of the most controversial in American society today. This two-volume encyclopedic set provides readers with more than 450 entries on the subject, offering a comprehensive overview of major sexuality issues in American and global culture. Themes that run throughout the volumes include sexual health and reproduction, sexual identity and orientation, sexual behaviors and expression, the history of sex and sexology, and sex and society. Entries cover a breadth of subjects, such as the major contributors to the field of sexology; the biological, psychological, and cultural dimensions of sex and sexuality; and how the modern-day political climate and the government play a major role in determining attitudes and beliefs about sex. Written in clear, jargon-free language, this set is ideal for students as well as general readers. Explores the important yet often controversial nature of human sexuality through a carefully curated selection of entries that provide clear yet sensitive coverage of the topic Includes a thorough treatment of the understanding of sexual behaviors in individuals and relationships that contextualizes models of sexuality related to contemporary lifestyles Defines common terms related to sexual and gender identity as well as their application to the modern-day understanding of sexual behavior Further readings sections at the end of each entry guide readers toward additional information

Understanding Human Sexuality - Janet Shibley Hyde 2001

Understanding Sexuality Research - Michael W. Wiederman 2001

With reader-friendly guidance, UNDERSTANDING SEXUALITY RESEARCH uses realistic, hypothetical cases to promote students' critical thinking. The first five chapters present salient issues to consider when evaluating research on human sexuality. The next ten application chapters correspond well with the primary chapters presented in most sexuality texts, making it easy for instructors to integrate the book into the course throughout the semester. Students learn to effectively apply critical thinking skills to human sexuality research and become more critical judges of research conducted by others.

Sexuality Explained - Louise Kirk 2013-02

Sexuality Explained: a guide for parents and children underpins parents in their role as first educators of their children. It draws on the latest knowledge of the human body to show how mind, heart and body interplay in our sexual makeup, and how the life-giving and love-making aspects of the sexual act are each designed for permanence. The Guide

works at many levels. By drawing the reader into a succession of conversations between a mother and her daughter, her father and her brother, a full picture of the biology of reproduction is created in a friendly way. The stories give parents ideas on how they might converse with their own children. The text is necessarily comprehensive, to answer possible questions, and to make sure that the parents know more than what is now taught in school biology, which can be checked for accuracy. Children vary enormously in their maturity, which is one reason why it is best that they are taught about sex and sexuality individually and, if possible, by members of their own family who know and love them. The age range set against each chapter is for guidance only. Parents may use the Guide in a variety of ways. They can let the Guide do most of the work for them, reading it out loud with their children. They can give a chapter to older children to read on their own, being ready for questions. Or they can absorb ideas to speak in their own words as occasion arises. To aid discussion and to give a framework for homemade lessons, each chapter ends with a glossary and a list of points to remember. The hand-drawn biological drawings, all of which have been specially commissioned, have been reproduced at the back of the book to be cut out and arranged in any order. The Guide is principally designed for parents, but it can also be read by young people on their own, and later chapters might be used by teachers and youth leaders for student workshops. There is no religious teaching but the Guide starts from the premise that all human life is of equal dignity and worthy of respect.

Understanding Teenage Sexuality - Steven Emery-Wright 2009

[Encyclopedia of Sex and Sexuality \[2 volumes\] - Heather L. Armstrong 2021-03-01](#)

Providing a comprehensive framework for the broad subject of human sexuality, this two-volume set offers a context of historical development, scientific discovery, and sociopolitical and sociocultural movements. The broad topic of sex—encompassing subjects as varied as sexuality, sexual and gender identity, abortion, and such crimes as sexual assault—is one of the most controversial in American society today. This two-volume encyclopedic set provides readers with more than 450 entries on the subject, offering a comprehensive overview of major sexuality issues in American and global culture. Themes that run throughout the volumes include sexual health and reproduction, sexual identity and orientation, sexual behaviors and expression, the history of sex and sexology, and sex and society. Entries cover a breadth of subjects, such as the major contributors to the field of sexology; the biological, psychological, and cultural dimensions of sex and sexuality; and how the modern-day political climate and the government play a major role in determining attitudes and beliefs about sex. Written in clear, jargon-free language, this set is ideal for students as well as general readers.

It's Perfectly Normal - Robie H. Harris 2021-05-18

Fully and fearlessly updated, this vital new edition of the acclaimed book on sex, sexuality, bodies, and puberty deserves a spot in every family's library. With more than 1.5 million copies in print, *It's Perfectly Normal* has been a trusted resource on sexuality for more than twenty-five years. Rigorously vetted by experts, this is the most ambitiously updated edition yet, featuring to-the-minute information and language accompanied by new and refreshed art. Updates include: * A shift to gender-neutral vocabulary throughout * An expansion on LGBTQIA topics, gender identity, sex, and sexuality—making this a sexual health book for all readers * Coverage of recent advances in methods of sexual safety and contraception with corresponding illustrations * A revised section on abortion, including developments in the shifting politics and legislation as well as an accurate, honest overview * A sensitive and detailed expansion on the topics of sexual abuse, the importance of consent, and destigmatizing HIV/AIDS * A modern understanding of social media and the internet that tackles rapidly changing technology to highlight its benefits and pitfalls and ways to stay safe online Inclusive and accessible, this newest edition of *It's Perfectly Normal* provides young people with the knowledge and vocabulary they need to understand their bodies, relationships, and identities in order to make responsible decisions and stay healthy.

Sexuality in America - Robert T. Francoeur 1998

Members of the Society for the Scientific Study of Sexuality describe virtually every aspect of American sexual behavior and values. The volume contains sections on basic premises, religious and ethnic factors, autoerotic patterns, heterosexual and homosexual behaviors, cross-gendered persons, and u

False Intimacy - Harry Schaumburg 2019-12-31

With frank honesty, *False Intimacy* offers realistic direction to those whose lives or ministries have been impacted by sexual addiction while examining the roots behind these behaviors. This compelling book examines different aspects of sexual addiction, including shame, purity, and forgiveness, while exploring one's true identity and God-given sexuality.

Understanding Asexuality - Anthony F. Bogaert 2015

In a world where people often feel compelled to advertise their sexual inclinations and preferences, many people identify as asexual, lacking sexual attraction to either men or women. This book introduces the idea of asexuality as a fourth category of sexual orientation and re...

Study Guide with Readings to Accompany Hyde: Understanding Human Sexuality, Fourth Edition - John W. Engel 1990-01

Understanding Global Sexualities - Peter Aggleton 2012-07-26

Over the course of the past thirty years, there has been an explosion of work on sexuality, both conceptually and methodologically. From a relatively limited, specialist field, the study of sexuality has expanded across a wide range of social sciences. Yet as the field has grown, it has become apparent that a number of leading edge critical issues remain. This theory-building book explores some of the areas in which there is major and continuing debate, for example, about the relationship between sexuality and gender; about the nature and status of heterosexuality; about hetero- and homo-normativity; about the influence and intersection of class, race, age and other factors in sexual trajectories, identities and lifestyles; and about how best to understand the new forms of sexuality that are emerging in both rich world and developing world contexts. With contributions from leading and new scholars and activists from across the globe, this book highlights tensions or 'flash-points' in contemporary debate, and offers some innovative ways forward in terms of thinking about sexuality - both theoretically and with respect to policy and programme development. An extended essay by Henrietta Moore introduces the volume, and an afterword by Jeffrey Weeks offers pointers for the future. The contributors bring together a range of experiences and a variety of disciplinary perspectives in engaging with three key themes of sexual subjectivity and global transformations, sexualities in practice, and advancing new thinking on sexuality in policy and programmatic contexts. It is of interest to students, researchers and activists in sexuality, sexual health and gender studies, especially those working from public health, sociological and anthropological perspectives.

Sex Sex and More Sex - Onnis Lee 2016-01-26

This book is educational and is intended to help you comprehend yourself, others, fetishes and fantasies with understanding. This book is for adults only!!!

Understanding Sex and Relationship Education, Youth and Class -

S. Elley 2013-10-04

This book sets out an original Youth Work-based SRE programme and explores how a range of socioeconomic, cultural and sexual norms, values and attitudes differently shape decision-making on sex, intimacy and future plans across different contexts.

Sexuality and Gender for Mental Health Professionals - Christina Richards 2013-10-15

Questions of sexuality and gender affect everyone and therefore have an inevitable relevance in the consulting room. Yet with interpretations and manifestations of both varying greatly from person to person, understanding the inherent complexities of sexuality and gender can be a daunting task for the health professional. Breaking down these complexities this practical guide familiarises the reader with all of the common and many of the less common sexualities, genders and relationship forms, and explains experiences and issues relating to each. The book contains: -Explanations of various forms of sexuality, gender and relationship structures -Common concerns relating to specific groups -Key practises relating to specific groups -The treatment of specific groups in contemporary Western society -Details of some rules and ideals that are commonly found within specific groups -Suggestions for professional practice with these groups Ideal for all members of the multidisciplinary team, this accessible book is relevant to practitioners across theoretical backgrounds. Whether you are a trainee or qualified psychotherapist, counsellor, nurse, medic, psychiatrist, social worker or applied psychologist, this is a vital text for your professional practice. CHRISTINA RICHARDS is Senior Specialist Psychology Associate at the West London Mental Health NHS Trust (Charing Cross) Gender Identity Clinic. MEG BARKER is a senior lecturer in psychology at the Open University and a sex and relationship therapist.

Understanding Human Sexuality - Janet Shibley Hyde 2000

This text approaches the subject of human sexuality from a psychological perspective. It features information from a variety of disciplines, such as biology, women's studies, sociology, anthropology and health education. The text offers extensive coverage of research and theoretical findings, but its informal tone makes it suitable for students at all academic levels.

Sex, Sexuality and Therapeutic Practice - Catherine Butler 2009-10-26

Sexuality is an important area of clients' lives yet it is often neglected, both in the consulting room and in training. This book examines issues of sexuality in a positive and affirming light and considers how sexuality-related issues can be introduced into therapy and training. Sex and sexuality are important to consider in psychotherapy, psychology, counselling and health provision across a variety of contexts and are relevant to clinicians and therapists working in health and mental health settings as well as in specialist services such as sexual and reproductive health and HIV. *Sex, Sexuality and Therapeutic Practice* opens with a general discussion of sex and sexuality before considering how the therapists can think and talk about sexuality in practical and self-reflective ways in different circumstances. Each chapter in the book focuses on a specific topic with areas covered including: sexual diversity across the lifespan health and disability sexual and gender minority issues how culture and sexuality interact. The manual provides up-to-date information, further reading, handouts for clients, self-reflective exercises and examples of training exercises for workshops and teaching. It is an essential resource for health professionals, therapists, clinicians, academics and trainers, and will support the practicing therapist as well as those in training.

Understanding Sex and Sexuality - Nancy Hennessy Cooney 1987

Genealogies of Identity - Margaret Sönsner Breen 2005

Genealogies of Identity examines issues of sex and sexuality across a range of critical and cultural perspectives. The volume considers historically specific discourses of sex and sexuality, their effect within public contexts such as the church and the workplace, and the link of those discourses to understandings of individual identity, citizenship, nation, and human rights. As well, the volume analyses representations of sexuality and desire in art, literature, theatre, and theory - representations that serve both to codify and to subvert social norms and aesthetic and theoretical traditions. Finally and more broadly, the volume attests to the critical importance of inter- and multidisciplinary approaches to understanding constructions of gender, sex, and sexuality. *Genealogies of Identity* consists of fifteen essays, versions of which were presented at the First Global Conference on Critical Issues in Sexuality, held in Salzburg, Austria, in October 2004.

Lessons in Love and Understanding - Jenni Gates 2020-06-01

Sex and gender are delicate and nuanced issues for all of us and can be

intimidating topics to teach. This practical, empathetic book aims to dispel some of the uncertainties that many teachers have and empower them to lead inclusive, age-appropriate lessons in primary and secondary schools. Taking an approach that celebrates the individual identity of all

learners, and underpinned by an awareness of the complexity of language around these topics, this book offers a careful evaluation of the 2020 Relationship and Sex Education policy for schools in England, and how schools can offer intelligent, socially responsible, sex education that goes beyond simply meeting statutory requirements.
