What I Like About You - Marisa Kanter
2020-04-07

“Heartwarming, endearing, and sure to leave you swooning, *What I Like About You* shines with authentic characters you will absolutely fall in love with. This story is as sweet as the cupcakes you’ll be craving by the end!”
—Rachael Lippincott, #1 New York Times bestselling author
Can a love triangle have only two people in it? Online, it can...but in the real world, it's more complicated. In this debut novel that's perfect for fans of Jenny Han and Morgan Matson, Marisa Kanter hilariously and poignantly explores what happens when internet friends turn into IRL crushes. Is it still a love triangle if there are only two people in it? There are a million things that Halle Levitt likes about her online best friend, Nash. He's an incredibly talented graphic novelist. He loves books almost as much as she does. And she never has to deal with the awkwardness of seeing him in real life. They can talk about anything... Except who she really is. Because online, Halle isn't Halle—she's Kels, the enigmatically cool creator of *One True Pastry*, a YA book blog that pairs epic custom cupcakes with covers and reviews. Kels has everything Halle doesn't: friends, a growing platform, tons of confidence, and Nash. That is, until Halle arrives to spend senior year in Gramps's small town and finds herself face-to-

face with real, human, not-behind-a-screen Nash. Nash, who is somehow everywhere she goes—in her classes, at the bakery, even at synagogue. Nash who has no idea she's actually Kels. If Halle tells him who she is, it will ruin the non-awkward magic of their digital friendship. Not telling him though, means it can never be anything more. Because while she starts to fall for Nash as Halle...he's in love with Kels.

What Is a Girl Worth? - Rachael Denhollander 2022-08-02

Written by Rachael Denhollander, recipient of Sports Illustrated's Inspiration of the Year Award and one of Time's 100 Most Influential People (2018). "Who is going to tell these little girls that what was done to them matters? That they are seen and valued, that they are not alone and they are not unprotected?" Rachael Denhollander's voice was heard around the world when she spoke out to end the most shocking USA gymnastics scandal in history. The first victim to publicly accuse Larry Nassar, the former USA Gymnastics team doctor who sexually abused hundreds of young athletes, Rachael now reveals her full story for the first time. How did Nassar get away with it for so long? How did Rachael and the other survivors finally stop him and bring him to justice? And how can we protect the vulnerable in our own families, churches, and communities? What Is a Girl Worth? is the inspiring true story of Rachael's journey from an idealistic young gymnast to a strong and determined woman who found the courage to raise her voice against evil, even when she thought the world might not listen. In this crucial cultural moment of #MeToo and #ChurchToo, this deeply personal and compelling narrative shines a spotlight on the physical and emotional impact of abuse, why so many survivors are reluctant to speak out, and what it means to be believed.

Video Playtime - Ann Gray 2006-08-21

The 1980s saw an explosion in the use of the domestic video cassette recorder (VCR), arguably the most significant new form of home entertainment technology since television. In Video Playtime Ann Gray investigates what women themselves felt about the VCR, both in terms of the ways these entertainment facilities were used within their households, and what kinds of programmes and films they themselves particularly enjoyed. Ann Gray draws heavily on verbatim quotes from discussions to provide a rich description of different types of household micro-cultures and to give readers more direct access to the women themselves and the ways in which they accounted for their own experience. Video Playtime addresses questions of domestic technology as well as those of taste and cultural preference, particularly in relation to class, addressing the dynamics of power within existing social and cultural relations and thereby setting the analysis within a much wider social context.

Reinventing Hannah - Jack A. Ori 2020-04-11

She only went to that party to protect a friend. 16-year-old Hannah longs to be bold enough to break the rules, but her fear of rocking the boat gets in the way. That's why she turns down a date with Brad, the guy she secretly likes but her friends have labeled as a loser, to keep her promise to watch Sierra's back at a party. But that decision changes her life forever, as Hannah is the one whose drink is drugged and who wakes up the next morning with no memory of what happened the night before. She's been date raped, and she doesn't want anyone to know. Not her parents, not her goody-two-shoes best friend Molly, and definitely not Brad. But keeping quiet leaves Hannah stuck in depression, fear, and self-blame, creates an ever-widening rift between her and Molly, and reinforces the lie that she is a hypocrite who

gets drunk and sleeps around. The only way out is an act of courage she isn't sure she is capable of. When Hannah decides to reinvent herself into someone unafraid to speak her truth -- or to date Brad no matter what anyone thinks-- friends and enemies alike pressure her to go back to being quiet, while her own fear and pain keep getting in her way. But if she doesn't silence the frightened voice in her head and stand up for herself and other survivors, there's no way she'll ever be able to reclaim her happiness. And she's not the only one who could get hurt if she lets her rapist win. NOTE: Since Reinventing Hannah (#ReinventingHannah) is about the journey of a 16-year-old rape survivor, it may be difficult or painful for you to read if you are a real-life survivor. However, many such readers find it empowering, even though they may also need to take lots of breaks. Read it the way that's best for you, and don't forget you can always call the National Sexual Assault Hotline at 1-800-656-4673 if you need to talk after reading.

The Black Madonna - John D. Loscher 2005-11-14

This whole country is nothing but a nation of immigrants, Jan. That's what makes this nation so great! Our forefathers got kicked out of every respectable country in the world! Jan Sharanski would never see the humor in his wife's cynical joke. Having been born in America, she had known nothing but freedom her entire life. He, on the other hand, came from a world where freedom existed so long as no one asked any questions...and that Jan Sharanski, a partisan in the Polish underground during the Second World War, finds he must flee his native Poland for the United States in order to escape communist oppression. Arriving in Chicago, Jan settles in the city's Near-Westside Polish

community. There, amidst the backdrop of the Cold War, the Chicago mafia, and the Daley political machine, he will build his life. In the process, Jan discovers that yes, America is the land of opportunity but sadness is also a part of that Great American Dream. Capturing the true essence of that American Dream falls to Jan's daughter, Drusilla. Putting her faith in the Black Madonna, Drusilla sets out on her own personal quest to fulfill her father's ambitions. Steeling herself in the rough and tumble world on the mean streets of Chicago, Drusilla will discover the love, hurt, pain, and success first known by her father. In the process, Drusilla Sharanski discovers her own appreciation for what it is to truly be an American.

Wilds Rage - Bill Jacobsen 2012-03-27

<https://www.smashwords.com/books/view/145548>

8 For over the last sixty years, just a handful of certain elite higher up officials and scientists in our government have been harboring some very amazing secrets, deep down in the bowels of area 51. These secrets have been kept very highly classified from even all the military personnel their and all the US Presidents during this time period. Until finally the secrets have matured to a level of finely machined tools, to be turned lose on this planet, with an assortment of amazing weapons beyond today's reality. Wilds and Celia grow up almost as normal as others. Suddenly one day as they turn into young adults they find themselves very different from others. They had to learn very young and very fast to master the art of hiding who they have become. Are they thrill seekers, suicidal or just plain born on this planet as a half breed alien race? You will have to decide as the proof is in the RAGE! You could say they were planned out many years before conception, to be what they are today. The human population of this planet is in turmoil today and we need to set it's people back on the right path. How do we do it in our lifetime? There is but one way. Where does this book take you? It takes you to Florida, Italy, International Space Station, Russia, Phoenix Islands, Cambodia and Afghanistan. There's also a new revolutionary technical break threw in energy. Putting oil as we know it on the back burner. Even under strict military orders their missions are totally insane, but something or somebody has to do the impossible, to get this planet humanity back to normal. Its been to long and now it's way out of control. What is normal? Maybe normal is not the norm anymore! You decide as you follow a CIA's family adventures in space and around the world and back.
