General Knowledge for Competitive Exams - UPSC/ State PCS/ SSC/ Banking/ Insurance/ Railways/ BBA/ MBA/ Defence - 2nd Edition - Disha Exports 2017-08-01

GENERAL KNOWLEDGE forms a very important subject not just for competitive exams but is also a very important component for every student. The thoroughly revised & updated 2nd edition provides a

comprehensive updation of all sections. The USP of the book is the use of Infographics, MindMaps, Tables, Charts etc. to present information so as to make it the Most Student Friendly book for students. It comprehensively covers Geography, History, Polity, Economy, Business, General Science, Ecology & Environment, Art & Culture, Sports, Healthcare, Communication, News & Media, Education & Career, IT & Computers and Technology. The book has been prepared keeping in mind the

importance of the questions asked in previous years' competitive exams papers and is useful for aspirants of UPSC, SSC, Banking, Insurance, Railways, Engg Services and AFCAT etc. Some other Salient Features:

- India Panorama - provides a lot of details of every state/ UT along with National Symbols, Space Programs of India, Defence & Security, Atomic & Nuclear programs, Heritage sites, Superlatives, First in India etc.
- World Panorama - provides details of every continent, major countries - their languages, emblems, currencies, Superlatives, First in World, Sobriquets, Important dates, people, places etc.
- Most Famous People of All Time
- Technology has been covered with application in all the possible fields - education, space, business, sciences, defence, infrastructure, telecom, sports, printing, transport, Banking etc.
- Quiz is another important feature of the book. It provides MCQ's on national and international general knowledge separately.

- Latest Update - provides the various important people, event, issue and ideas of latest times.

Drug Wars - Robin Feldman
2017-06-09

In this book, Feldman and Frondorf explain how companies employ strategies that block generic medicines from the market and keep prices high.

The Best Book On Getting An IBanking Internship -

Erin Parker 2012-03-13

WANT TO LAND AN INTERNSHIP AT JP MORGAN?

Our internship expert, Erin, has fought for her spot at top bulge bracket banks and boutique firms. She knows how stressful it can be to face case study questions at interviews, and she wants to help you stand out from the thousands of other applicants to earn your position at JP Morgan. Erin guides you step-by-step from interview preparation to conquering the 90-hour work week. You're a business major with dreams of a fast-paced, high-intensity career on Wall Street. You know that

Downloaded from
legacy.opendemocracy.net
on 2022-12-13 by guest

internships and work experience are the key to landing jobs after college, and you'll need every possible advantage to outshine other qualified students competing for the same summer internship. However, many other guides substitute fluff for practical advice, and you want to hear the strategies for success from a real intern. Erin's tips will give you an unfair advantage over your toughest competitors as you network at info sessions, nail your interview questions, and rise to the top of your internship class. **WHAT YOU'LL GET FROM OUR INSIDER'S GUIDE:** * An interview handbook with 200+ advanced interview practice questions and 5 tips to stand out from the competition * A comprehensive style guide for writing the 4 types of cover letters and highlighting your deliverables rather than responsibilities on your resume Insider scoop on what bankers look for in successful intern applicants * A survival guide for banking life: building your

own social empire, dressing for success, & conquering fatigue **MEET ERIN PARKER** Erin is an economics student at Stanford University. She has had three investment banking internships spanning UBS (private wealth management), FT Partners (financial technology coverage), and J.P. Morgan in New York (syndicated and leveraged finance). She is co-president of Blyth Fund, a six-figure student investing group, and is on the board of Stanford Finance. Erin is also the Finance Director of Gumball Capital, a student-run startup whose mission is poverty alleviation. **WHAT READERS ARE SAYING:** "I wish that this book had existed when I was applying for positions back in college. I was a economics major with almost no real job experience, and it must have shown in my interviews. I got lucky because UBS was willing to take a chance on me as a summer intern, which led me to get where I am now. If I could do it again, though, I would take the much easier route and read this book. It

would have prepared me for the parts of the job I never imagined." - First Year Analyst At Citigroup "Applying for my summer internship was a rough experience- I was afraid that I would never get the chance to show my skill in investment research to big companies because I would be rejected before I ever made it to the internship stage. Fortunately for me, this book helped me prepare and build my interview skills to the point where I felt that I had not just a fair shot at the job but an unfair advantage over the other candidates. It's a must read." - Current Intern At Goldman Sachs

Ethnographies of Conferences and Trade Fairs

- Hege Høyer Leivestad
2017-06-21

This anthology is an attempt to make sense of conferences and trade fairs as phenomena in contemporary society. The authors describe how these large-scale professional gatherings have become key sites for making and negotiating both industries and individual professions. In fact,

during the past few decades, conferences and trade fairs have become a significant global industry in their own right. The editors assert that large-scale professional gatherings are remarkable events that require deeper analysis and scholarly attention.

US Black Engineer & IT -

highly sought after for multiple uses, both in the US and globally. It is unique with more than 310 sources and resources cited. It is about the game changers- organizations, media entities, businesses, resource institutions, and women's associations, all driving towards progress.

Working Mother - 2004-12

The magazine that helps career moms balance their personal and professional lives.

Biomedicalization - Adele E. Clarke 2010-08-31

The rise of Western scientific medicine fully established the medical sector of the U.S. political economy by the end of the Second World War, the first "social transformation of American medicine." Then, in an ongoing process called medicalization, the jurisdiction of medicine began expanding, redefining certain areas once deemed moral, social, or legal problems (such as alcoholism, drug addiction, and obesity) as medical problems. The editors of this important collection argue that since the mid-1980s, dramatic, and especially

technoscientific, changes in the constitution, organization, and practices of contemporary biomedicine have coalesced into biomedicalization, the second major transformation of American medicine. This volume offers in-depth analyses and case studies along with the groundbreaking essay in which the editors first elaborated their theory of biomedicalization.

family structures and widening social divisions. This book explores how these macro-level changes affect the micro organisation of daily life, with reference to working patterns and gender divisions in Northern and Western Europe and the United States.

Mid-Pacific Magazine -

Alexander Hume Ford 1926

Christianity in China - Xiaoxin Wu 2009-09-18

Now revised and updated to incorporate numerous new materials, this is the major source for researching American Christian activity in China, especially that of missions and missionaries. It provides a thorough introduction and guide to primary and secondary sources on Christian enterprises and individuals in China that are preserved in hundreds of libraries, archives, historical societies, headquarters of religious orders, and other repositories in the United States. It includes data from the beginnings of Christianity in China in the early eighth

century through 1952, when American missionary activity in China virtually ceased. For this new edition, the institutional base has shifted from the Princeton Theological Seminary (Protestant) to the Ricci Institute for Chinese-Western Cultural Relations at the University of San Francisco (Jesuit), reflecting the ecumenical nature of this monumental undertaking.

Education as Enforcement -

Kenneth J. Saltman 2010-09-13

The first volume to focus on the intersections of militarization, corporations, and education, *Education as Enforcement* exposed the many ways schooling has become the means through which the expansion of global corporate power are enforced. Since publication of the first edition, these trends have increased to disturbing levels as a result of the extensive militarization of civil society, the implosion of the neoconservative movement, and the financial meltdown that radically called into question the basic assumptions undergirding neoliberal

ideology. An understanding of the enforcement of these corporate economic imperatives remains imperative to a critical discussion of related militarized trends in schools, whether through accountability and standards, school security, or other discipline based reforms. Education as Enforcement elaborates upon the central arguments of the first edition and updates readers on how recent events have reinforced their continued original relevance. In addition to substantive updates to several original chapters, this second edition includes a new foreword by Henry Giroux, a new introduction, and four new chapters that reveal the most contemporary expressions of the militarization and corporatization of education. New topics covered in this collection include zero-tolerance, foreign and second language instruction in the post-9/11 context, the rise of

single-sex classrooms, and the intersection of the militarization and corporatization of schools under the Obama administration.

J.P. Morgan & Co. and the Crisis of Capitalism - Martin Horn 2022-03-03

Examines how J.P. Morgan, then the world's leading bank, responded to the greatest crisis in the history of financial capitalism.

InfoWorld - 2000-02-14

InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

Hispanic Engineer & IT - 1999-12

Hispanic Engineer & Information Technology is a publication devoted to science and technology and to promoting opportunities in those fields for Hispanic Americans.
