The Colors of Space and Other Stories Marion Zimmer Bradley 2016-01-11 FALCONS of NARABEDLA Voltage—from Nowhere! Somewhere on the crags above us I heard a big bird scream. I turned to Andy, knee-deep in the icy stream beside me. "There's your eagle. Probably smells that cougar I shot yesterday." I started to reel in my line, knowing what my brother's next move would be. "Get the camera, and we'll try for a picture." We crouched together in the underbrush, watching, as the big bird of prey wheeled down in a slow spiral toward the dead cougar. Andy was trembling with excitement, the camera poised against his chest, his eyes glued in the image-finder. "Golly—" he whispered, almost prayerfully, "six foot wing spread—maybe more—" The bird screamed again, warily, head cocked into the wind. We were to leeward; the scent of the carrion masked our enemy smell from him. The eagle failed to scent or to see us, swooping down and dropping on the cougar's head. Andy's camera clicked twice. The eagle thrust in its beak— A red-hot wire flared in my brain. The bird—the bird—I leaped out of cover, running swiftly across the ten-foot clearing that separated us from the attacking eagle, my hand tugging automatically at the hunting knife in my belt. Andy's shout of

surprised anger was a faraway noise in my ears as the eagle started away with flapping, angry wings—then, in fury, swept down at me, pinions beating around my head. I heard and felt the wicked beak dart in, and thrust blindly upward with the knife, ripped, slashing, hearing the bird's scream of pain and the flapping of wide wings. A red haze spun around me—

This Is a Classic Regina Galasso 2023-01-26 This Is a Classic illuminates the overlooked networks that contribute to the making of literary classics through the voices of multiple translators, without whom writers would have a difficult time reaching a global audience. It presents the work of some of today's most accomplished literary translators who translate classics into English or who work closely with translation in the US context and magnifies translators' knowledge, skills, creativity, and relationships with the literary texts they translate, the authors whose works they translate, and the translations they make. The volume presents translators' expertise and insight on how classics get defined according to language pairs and contexts. It advocates for careful attention to the role of translation and translators in reading choices and practices, especially regarding literary classics.

Abuse Bernice Miller 2018-01-10 Abuse is rampant in our world, our country, our neighborhood. Physical abuse is immediately apparent in bloody wounds that leave scars. Sexual abuse may be buried and not apparent until years later. Verbal abuse cuts deeply into the psyche and may not ever show itself. But if it does, it has left a festering aching yet hidden wound that can never be excised. It is as damaging to an afflicted person as a broken wing is to a bird. Helens world, gentle and loving, is crammed into a tiny home filled with many children and everyday common ailments. Everyday illnesses and very little money. Each member of the family tends to one another. Her adoring father sees the deterioration that poverty brings. He comes up with a scheme. And it involves Helen. We follow Helen as she navigates through her stormy world as her family and friends are subjected to the worlds abuses, in one form or another. And then, it finds her. And

Olivia Twist Lorie Langdon 2018-03-06 Olivia Twist is an innovative reimagining of Charles Dickens' classic tale Oliver Twist, in which Olivia was forced to live as a boy for her own safety until she was rescued from the streets. Now eighteen, Olivia finds herself at a crossroads: revealed secrets threaten to destroy the "proper" life she has built for herself, while newfound feelings for an arrogant young man she shouldn't like could derail her carefully laid plans for the future. Olivia Brownlow is no damsel in distress. Born in a workhouse and raised as a boy among thieving London street gangs, she is as tough and cunning as they come. When she is taken in by her uncle after a caper gone wrong, her life goes from fighting and stealing on the streets to lavish dinners and soirees as a debutante in high society. But she can't seem to escape her past ... or forget the teeming slums where children just like her still scabble to survive. Jack MacCarron rose from his place in London's East End to become the adopted "nephew" of a society matron. Little does society know that MacCarron is a false name for a boy once known among London gangs as the Artful Dodger, and that he and his "aunt" are robbing them blind every chance they get. When Jack encounters Olivia Brownlow in places he least expects, his curiosity is piqued. Why is a society girl helping a bunch of homeless orphan thieves? Even more intriguing, why does she

Fashioning England and the English Rahel Orgis 2018-07-27

This book explores how literary texts envision England and respond to discourses and conceptions of Englishness and the English nation, especially in relation to gender and language. The essays discuss texts from the fifteenth to the twentieth century and bear witness to changing views of England and the English, highlighting the importance of religion, economy, landscape, the spectre of the “other” and language in this discourse. The volume pays attention to women writers’ reflection on the nation and the roles female figures play in male writers’ visions of nationhood. It brings into conversation less well-known voices like those of Osborn Bokenham, Thomas Deloney, Eleanor Davies and Jacquetta Hawkes with canonical authors—William Shakespeare, William Wordsworth, Jane Austen and Virginia Woolf—and opens a space for exploring the interplay of dominant and variant voices in the fashioning of England.

Draculas, Vampires, and Other Undead Forms John Edgar Browning 2009-04-08 Since the publication of *Dracula* in 1897, Bram Stoker’s original creation has been a source of inspiration for artists, writers, and filmmakers. From Universal’s early black-and-white films and Hammer’s Technicolor representations that followed, iterations of *Dracula* have been cemented in mainstream cinema. This anthology investigates and explores the far larger body of work coming from sources beyond mainstream cinema reinventing *Dracula*. *Draculas, Vampires and Other Undead Forms* assembles provocative essays that examine *Dracula* films and their movement across borders of nationality, sexuality, ethnicity, gender, and genre since the 1920s. The essays analyze the complexity *Dracula* embodies outside the conventional landscape of films with which the vampire is

Bunny Mona Awad 2019-06-11 "The Secret History meets Jennifer's Body. This brilliant, sharp, weird book skewers the heightened rhetoric of obsessive female friendship in a way I don't think I've ever seen before. rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and are often found entangled in a group hug so tight it seems their bodies might become permanently fused. But everything changes when Samantha receives an invitation to the Bunnies' exclusive monthly "Smut Salon," and finds herself drawn as if by magic to their front door-- ditching her only friend, Ava, an audacious art school dropout, in the process. As Samantha plunges deeper and deeper into Bunny world, and starts to take part in the off-campus "Workshop" where they devise their monstrous creations, the edges of reality begin to blur, and her friendships with Ava and the Bunnies are brought into deadly collision. A spellbinding, down-the-rabbit-hole tale about loneliness and belonging, creativity and agency, and female friendship and desire, Bunny is the dazzlingly original second book from an author with tremendous "insight into the often-baffling complexities of being a woman" (The Atlantic). Blast, Corrupt, Dismantle, Erase Brett Josef Grubisic

2014-06-16 What do literary dystopias reflect about the times? In *Blast, Corrupt, Dismantle, Erase*, contributors address this amorphous but pervasive genre, using diverse critical methodologies to examine how North America is conveyed or portrayed in a perceived age of crisis, accelerated uncertainty, and political volatility. Drawing from contemporary novels such as Cormac McCarthy's *The Road*, Neil Gaiman's *American Gods*, and the work of Margaret Atwood and William Gibson (to name a few), this book examines dystopian literature produced by North American authors between the signing of NAFTA (1994) and the tenth anniversary of 9/11 (2011). As the texts illustrate, awareness of and deep concern about perceived vulnerabilities—ends of water, oil, food, capitalism, empires, stable climates, ways of life, non-human species, and entire human civilizations—have become central to public discourse over the same period. By asking questions such as “What are the distinctive qualities of post-NAFTA North American dystopian literature?” and “What does this literature reflect about the tensions and contradictions of the inchoate continental community of North America?” *Blast, Corrupt, Dismantle, Erase* serves to resituate dystopian writing within a particular geo-

The Shipping News Annie Proulx 2008-01-01 Winner of the Pulitzer Prize, Annie Proulx's *The Shipping News* is a vigorous, darkly comic, and at times magical portrait of the contemporary North American family. Quoye, a third-rate newspaper hack, with a "head shaped like a crenshaw, no neck, reddish hair...features as bunched as kissed fingertips," is wrenched violently out of his workaday life when his two-timing wife meets her just desserts. An aunt convinces Quoye and his two emotionally disturbed daughters to return with her to the starkly beautiful coastal landscape of their ancestral home in Newfoundland. Here, on desolate Quoye's Point, in a house empty except for a few mementos of the family's unsavory past, the battered members of three generations try to cobble up new lives. Newfoundland is a country of coast and cove where the mercury rarely rises above seventy degrees, the local culinary delicacy is cod cheeks, and it's easier to travel by boat and snowmobile than on anything with wheels. In this harsh place of cruel storms, a collapsing fishery, and chronic unemployment, the aunt sets up as a yacht upholsterer in nearby Killick-Claw, and Quoye finds a job

reporting the shipping news for the local weekly, the Gammy Bird (a paper that specializes in sexual-abuse stories and grisly photos of car accidents). As the long winter closes its jaws of ice, each of the Quoyles confronts private demons, reels from catastrophe to minor triumph—in the company of the obsequious Mavis Bangs; Diddy Shovel the strongman; drowned Herald Prowse; cane-twirling Beety; Nutbeem, who steals foreign news from the radio; a demented cousin the aunt refuses to recognize; the much-zipped Alvin Yark; silent Wavey; and old Billy Pretty, with his bag of secrets. By the time of the spring storms Quoyles has learned how to gut cod, to escape from a pickle jar, and to tie a true lover's knot.

Virginia Woolf's Rooms and the Spaces of Modernity Suzana Zink

2018-02-01 This book provides a fascinating account of rooms in selected works by Virginia Woolf. Casting them as spaces which are at once material, textual and emotional, the volume shows Woolf's rooms to be consistently connected to wider geographies of modernity and therefore central to her writing of gender, class, empire and the nation. The discussion moves "in and out of rooms," from the focus on travel in Woolf's debut novel, to the archival function of built space and literary heritage in *Night and Day*, the university as a male space of learning in *Jacob's Room*, the iconic *A Room of One's Own* and its historical readers, interior space as spatial history in *The Years*, and rooms as loci of memory in her unfinished memoir. Zink masterfully shows the spatial formation of rooms to be at the heart of Woolf's interweaving of the political and the aesthetic, revealing an understanding of space as dynamic and relational.

Safe at Last David J. Schopick 1995 Many children, teenagers, & adults are struggling to overcome some kind of abusive past. The abuse can be physical, sexual, verbal, or cultural as in racism, sexism, & homophobia. Dr. Schopick has developed an imaging technique he calls "monster therapy." Victims of abuse are burdened by "monsters on their shoulders," a metaphor for the pain, anger, & shame that devastates them. Dr. Schopick offers the image of victims hurling their monsters at others who, from then on, suffer in the clutches of similar beasts. The image of the monster also serves as a device for recovery & Dr. Schopick has helped many people shed their monsters. With thoughtful coaching, he has led many people through a variety of activities & exercises. Dr. Schopick sees his book as a support to one's current treatment or simply as a personal resource. "This is an easy-to-read book...like a good coach who can empower & bring out the best in you. It is not about blame but true healing." - Bernie S. Siegal, M.D., author of *How to Live Between Office Visits*. Literature in Society Regina Rudaitytė 2012-12-05 The essays in this volume focus on the text-world dichotomy that has been a pivotal problem since Plato, implicating notions of mimesis and representation and raising a series of debatable issues. Do literary texts relate only to the fictional world and not to the real one? Do they not only describe but also perform and thus create and transform reality? Is literature a mere reflection/expression of society, a field and a tool of political manipulations, a playground to exercise ideological and social power? Herbert Grabes' seminal essay "Literature in Society/Society and Its Literature", which opens this volume, perfectly captures the essential functions of literature in society, whether it be Derridean belief in a revolutionary potential of literature, "the power of literature to say everything", or Hillis Miller's view of literature having the potential to create or reveal alternative realities; or, according to Grabes, the ability of literature "to offer to society a possibility of self-reflection by way of presenting a double of what is held to be reality"; and, last but not least, the ability of literature "to considerably contribute to the joy of life by enabling a particular kind of pleasure" - the pleasure of reading literature. The subsequent essays collected in this volume deal with complex relations between Literature and Society, approaching this issue from different angles and in various historical epochs. They are on diverse thematics and written from diverse theoretical perspectives, differing in scope and methodology.
