

Brian Fantana Sex Panther Quote

The Numbers Game - Michael Blastland 2010-01-05

The Strunk and White of statistics team up to help the average person navigate the numbers in the news Drawing on their hugely popular BBC Radio 4 show More or Less, journalist Michael Blastland and internationally known economist Andrew Dilnot delight, amuse, and convert American mathphobes by showing how our everyday experiences make sense of numbers. The radical premise of The Numbers Game is to show how much we already know and give practical ways to use our knowledge to become cannier consumers of the media. If you've ever wondered what "average" really means, whether the scare stories about cancer risk should convince you to change

your behavior, or whether a story you read in the paper is biased (and how), you need this book. Blastland and Dilnot show how to survive and thrive on the torrent of numbers that pours through everyday life.

Evil Dead - George Reinblatt 2010

Based on Sam Raimi's 80s cult classic films, EVIL DEAD tells the tale of 5 college kids who travel to a cabin in the woods and accidentally unleash an evil force. And although it may sound like a horror, it's not! The songs are hilariously campy and the show is bursting with more farce than a Monty Python skit. EVIL DEAD: THE MUSICAL unearths the old familiar story: boy and friends take a weekend getaway at abandoned cabin, boy expects to get lucky, boy unleashes ancient evil spirit, friends turn

into Candarian Demons, boy fights until dawn to survive. As musical mayhem descends upon this sleepover in the woods, ¿camp¿ takes on a whole new meaning with uproarious numbers like ¿All the Men in my Life Keep Getting Killed by Candarian Demons,¿ ¿Look Who¿s Evil Now¿ and ¿Do the Necronomicon.¿

Embodied Modernities - Fran Martin 2006-07-31

From feminist philosophy to genetic science, scholarship in recent years has succeeded in challenging many entrenched assumptions about the material and biological status of human bodies. Likewise in the study of Chinese cultures, accelerating globalization and the resultant hybridity have called into question previous assumptions about the boundaries of Chinese national and ethnic identity. The problem of identifying a single or definitive referent for the "Chinese body" is thornier than ever. By facilitating fresh dialogue between fields as diverse as the history of

science, literary studies, diaspora studies, cultural anthropology, and contemporary Chinese film and cultural studies, Embodied Modernities addresses contemporary Chinese embodiments as they are represented textually and as part of everyday life practices. The book is divided into two sections, each with a dedicated introduction by the editors. The first examines "Thresholds of Modernity" in chapters on Chinese body cultures in the late nineteenth and early twentieth centuries—a period of intensive cultural, political, and social modernization that led to a series of radical transformations in how bodies were understood and represented. The second section on "Contemporary Embodiments" explores body representations across the People's Republic of China, Taiwan, and Hong Kong today. Contributors: Chris Berry, Louise Edwards, Maram Epstein, Larissa Heinrich, Olivia Khoo, Fran Martin, Jami Proctor-Xu, Tze-lan D. Sang,

Setting the Scene - Fraser MacLean 2011-11-16

The art of animation layout takes center stage for the first time in this gorgeous, full-color volume. Animation fans and students can finally take a behind-the-scenes peek at the history of layout, the process by which artists plot scenes and stitch together the many elements of animated works. With in-depth text by veteran animator Fraser MacLean, this extraordinary book features previously unpublished art from major studios archives including Warner Bros., Pixar, Walt Disney, and more as well as interviews with some of the biggest names in animation and a foreword by Academy Award winning director Pete Docter. From the genre's earliest pioneers to the digital world of contemporary cinema, *Setting the Scene* provides an enchanting journey into the history of animation.

Pirates - Wild Pages Wild Pages Press 2018-06-17

Stylish Designer Journal / Notebook. Interior 150 lined pages. Size 6"x 9". Glossy softcover. Perfect for everyday use. Perfectly spaced between lines to allow plenty of room to write. Wild Pages Press are publishers of unique journals, school exercise books, college or university lecture pads, memo books, notebooks, journals and travel journals that are a little bit quirky and different. 200% of Nothing - A. K.

Dewdney 1996-02-09

Acclaim for "In today's world, 'innumeracy' is an even greater danger than illiteracy, and is perhaps even more common. Advertisers and politicians exploit it; intellectuals (self-styled) even flaunt it. I hope that this wise and witty book will provide cures where they are possible, and warnings where they are necessary. "It's also a lot of fun. I can guarantee that 100%."--Arthur C. Clarke "Dewdney retells with charm and wit magnificent morsels of mathematical mayhem discovered by his army of volunteer 'abuse detectives.' From 'sample trashing' to 'numerical terrorism,' from 'percentage pumping' to 'dimensional dementia,' 200% of Nothing plumbs the depths of innumeracy in daily life and reveals what ordinary people can do about it. A rich, readable, instructive, and persuasive book."--Lynn Arthur Steen, Professor of Mathematics, St. Olaf College

The Art and Craft of Feature Writing - William E. Blundell

1988-11-29

Storytelling—how to catch and hold a reader's interest through artful narration of factual material William E. Blundell, one of the best writers on one of America's best-written papers—The Wall Street Journal—has put his famous Journal Feature-Writing Seminars into this step-by-step guide for turning out great articles. Filled with expert instruction on a complex art, it provides beginners with a systematic approach to feature writing and deftly teaches old pros some new tricks about: · How and where to get ideas · What readers like and don't like · Adding energy and interest to tired topics · Getting from first ideas to finish article · The rules of organization · How—and whom—to quote and paraphrase · Wordcraft, leads, and narrative flow · Self-editing and notes on style ... plus many sample feature articles.

Angels and Demons in Art -

Rosa Giorgi 2005

This sumptuously illustrated

Downloaded from
legacy.opendemocracy.net
on 2022-10-17 by guest

volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how

they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

Business Secrets of the Pharoahs - Mark Crorigan
2020-10-06

This book is a replica of the original 'Business Secrets of The Pharoahs' written by Mark Crorigan / Mark Corrigan. As seen in Season eight, Episode Two of the British television sitcom Peep Show. The cover and pages of this book have been meticulously recreated using a genuine screen used prop for reference. Since very little content ever existed for the body of the book much of the book consists of a collection identical recurring pages just like the original prop. This book consists of 260 pages on white paper. This is perfect for anyone who appreciates the Peep Show franchise, tv props,

Downloaded from
legacy.opendemocracy.net
on 2022-10-17 by guest

memorabilia or even cosplaying. Business Secrets of The Pharaohs itself is a product of satire and is not to be taken as a serious work of a literature.

The Cannon Film Guide: Volume I, 1980-1984 - Austin Trunick

"The Cannon Film Guide is the greatest book anyone could ever write about the greatest movie studio that ever was. And is." —Mike McPadden, author of Teen Movie Hell and Heavy Metal Movies The Cannon Film Guide Volume I explores forty films and franchises produced by The Cannon Group, the most prolific b-movie studio of the 1980s, during the company's first five years under the command of cult film legends Menahem Golan and Yoram Globus. Through in-depth studies and behind-the-scenes stories from the people who made them, this volume examines such beloved, VHS-era classics as the Breakin', Missing in Action, Hercules, and Death Wish movies, Revenge of the Ninja, Ninja III:

The Domination, The Apple, Bolero, Exterminator 2, The Last American Virgin, and many more. "If you're a fan of Cannon films, or even not a fan, you will be fascinated by Austin Trunick's deep dive into the studio's output. This is an under-reported part of cinema history and this book will delight both film buffs and casual devotees of action-packed movies. This book added to my knowledge, not to mention my testosterone level." —Frank Conniff, comedian, TV's Mystery Science Theater 3000" A joyful, knowledgeable ode to one of the great film companies of all time, a sprawling epic full of fun stories, interviews, and images, and it delivers on its promise to be the ultimate guide to The Cannon Group and their releases." —david j. moore, author of The Good, the Tough, and the Deadly and World Gone Wild

The Geeks' Guide to World Domination - Garth Sundem
2009-03-10

TUNE IN. TURN ON. GEEK OUT. Sorry, beautiful people.

*Downloaded from
legacy.opendemocracy.net
on 2022-10-17 by guest*

These days, from government to business to technology to Hollywood, geeks rule the world. Finally, here's the book no self-respecting geek can live without—a guide jam-packed with 314.1516 short entries both useful and fun. Science, pop-culture trivia, paper airplanes, and pure geekish nostalgia coexist as happily in these pages as they do in their natural habitat of the geek brain. In short, dear geek, here you'll find everything you need to achieve nirvana. And here, for you pathetic nongeeks, is the last chance to save yourselves: Love this book, live this book, and you too can join us in the experience of total world domination. • become a sudoku god • brew your own beer • build a laser beam • classify all living things • clone your pet • exorcise demons • find the world's best corn mazes • grasp the theory of relativity • have sex on Second Life • injure a fish • join the Knights Templar • kick ass with sweet martial-arts moves • learn ludicrous emoticons • master the Ocarina of Time •

pimp your cubicle • program a remote control • quote He-Man and Che Guevara • solve fiendish logic puzzles • touch Carl Sagan • unmask Linus Torvalds • visit Beaver Lick, Kentucky • win bar bets • write your name in Elvish Join us or die, you will. Begun, the Geek Wars have

The Wreck of the Mary Deare - 1956

In the Beauty of the Lilies - John Updike 2006-06

Taking its title from the "Battle Hymn of the Republic", *IN THE BEAUTY OF THE LILIES* traces one family's profound journey through four generations--and across the spiritual landscape of twentieth-century America. It is one of John Updike's fullest and finest work of fiction.

How to Lie with Statistics - Darrell Huff 2023-03-30

'A great introduction to a crucial topic' Bill Gates
'Perhaps the most popular book on statistics ever published ... It's a marvel ... gave me a peek behind the curtain of statistical manipulation, showing me how

Downloaded from
legacy.opendemocracy.net
on 2022-10-17 by guest

the swindling was done so that I would not be fooled again' Tim Harford In 1954, Darrell Huff decided enough was enough. Fed up with politicians, advertisers and journalists using statistics to sensationalise, inflate, confuse, oversimplify and - on occasion - downright lie, he decided to shed light on their ill-informed and sneaky ways. How to Lie with Statistics is the result - the definitive and hilarious primer in the ways statistics are used to deceive. With over one and half million copies sold around the world, it has delighted generations of readers with its cheeky takes on the ins and outs of samples, averages, errors, graphs and indexes. And in the modern world of big data and misinformation, Huff remains the perfect guide through the maze of facts and figures that are designed to make us believe anything. 'A hilarious exploration of mathematical mendacity.... Every time you pick it up, what happens? Bang goes another illusion!' The New York Times 'A pleasantly

subversive little book guaranteed to undermine your faith in the almighty statistic' Atlantic

The Vagina Monologues - Eve Ensler 2000

THE STORY: An Obie Award-winning whirlwind tour of a forbidden zone, THE VAGINA MONOLOGUES introduces a wildly divergent gathering of female voices, including a six-year-old girl, a septuagenarian New Yorker, a vagina workshop participant, a woman

Kind of a Big Deal - Saul Austerlitz 2023-08-22

From the author of Generation Friends, featuring brand-new interviews with Will Ferrell and Adam McKay, a surprising, incisive, and often hilarious book about the film that changed comedy, Anchorman. It's been nearly twenty years since Ron Burgundy burst into movie fans' lives, reminding San Diego to "stay classy" while lampooning a time gone by—although maybe not as far gone as we might think? In Kind of a Big Deal, comedy historian Saul Austerlitz tells the history of how Anchorman

*Downloaded from
legacy.opendemocracy.net
on 2022-10-17 by guest*

was developed, written, and cast, and how it launched the careers of future superstars like Will Ferrell, Steve Carell, and Paul Rudd, also setting the stage for a whole decade of comedy to come and influencing films like *The 40-Year-Old Virgin*, *Talladega Nights*, *Knocked Up*, *Superbad*, and so many more. But *Kind of a Big Deal* isn't only a celebration of *Anchorman*—it's also a cultural analysis of the film's significance as a sly commentary on feminism, the media, fragile masculinity, 1970s nostalgia, and more. Featuring brand-new interviews with stars such as Will Ferrell, director Adam McKay, and other key players, the book includes insider commentary alongside updated pop-culture analysis. And it also shares surprising stories and facts: from the film's original conception as a plane crash/cannibal comedy mashup to the surprising, real-life newscaster who inspired the character of Veronica. Overall, this is a celebration of a movie that millions love—but it's also

an unsparing look back at what has and hasn't changed, since the 1970s and since 2004. Perfect for fans of the film and anyone who cares about comedy today, *Kind of a Big Deal* proves that the movie was, and is, exactly that.

Feel Good Food - Joe Wicks
2022-03

Make the food that makes your day What we eat has a huge impact on how we feel. From energy-boosting breakfasts to satisfying family feasts, the food you eat can transform your day. Wanda Hickey's Night of Golden Memories - Jean

Shepherd 1982-10-01
A bestselling classic of humorous and nostalgic Americana and the basis of the movie A Christmas Story. "Mr. Shepherd has the true satirist's grip on his pen: he is humorous, sympathetic, and ironic all at once."—Boston Globe
Before Garrison Keillor and Spalding Gray there was Jean Shepherd: a master monologist and writer who spun the materials of his all-American childhood into immensely resonant—and utterly hilarious—works of comic art. Wanda Hickey's Night of Golden Memories represents one of the peaks of his achievement, a compound of irony, affection, and perfect detail that speaks across generations. Wanda Hickey's Night of Golden Memories is a universal (and aching) funny) orchestration of Midwestern puberty rites. From the gut-wrenching playground antics of one Delbert Bumpus and the almighty sacrifice of the Easter ham, to taffy-apple binges at

the state fair and the supernatural glow surrounding unapproachable high school beauty Daphne Bigelow, to the memorable disaster that was Shepherd's (and everyone else's) junior prom—these are some of the archetypal legends of childhood that Shepherd evokes from his nostalgic Indiana muse. A timeless and enduring classic, Wanda Hickey's Night of Golden Memories captures the sweet cacophonous roar of youth tempered with the wit and honesty of a grown boy

Poking a Dead Frog - Mike Sacks 2014-06-24

A NEW YORK TIMES BESTSELLER NAMED A BEST BOOK OF THE YEAR BY NPR
Amy Poehler, Mel Brooks, Adam McKay, George Saunders, Bill Hader, Patton Oswalt, and many more take us deep inside the mysterious world of comedy in this fascinating, laugh-out-loud-funny book. Packed with behind-the-scenes stories—from a day in the writers' room at The Onion to why a sketch does or doesn't

Downloaded from
