The Quincunx - Charles Palliser 1990-11-27

An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself. “So compulsively absorbing that reality disappears . . . One is swept along by those enduring emotions that defy modern art and a random universe: hunger for revenge, longing for justice and the fantasy secretly entertained by most people that the bad will be punished and the good rewarded.”—The New York Times “A virtuoso achievement . . . It is an epic, a tour de force, a staggeringly complex and tantalizingly layered tale that will keep readers engrossed in days. . . . The Quincunx will not disappoint you. It is, quite simply, superb.”—Chicago Sun-Times “A bold and vivid tale that invites the reader to get lost in the intoxicating rhythms of another world. And the invitation is irresistible.”—San Francisco Chronicle “A remarkable book . . . In mood, color, atmosphere and characters, this is Charles Dickens reincarnated . . . It is an immersing experience.”—Los Angeles Times Book Review “To read the first pages is to be trapped for seven-hundred odd more: you cannot stop turning them.”—The New Yorker “Few books,

at most a dozen or two in a lifetime, affect us this way. . . . For sheer intricacy and ingenuity, for skill and clarity of storytelling, it is the kind of book readers wait for, a book to get lost in.”—The Philadelphia Inquirer

We Do Know How - James T. Riordan 2014-09-24

An insider with practical experience in development work reveals how understanding market realities can more effectively reduce poverty. This book by a practitioner—not an academic, government official, or pundit—has been written for practitioners and offers fresh thinking on how to do international development work. It combines that thinking with practical guidance, in plain English, on what to do—and perhaps just as importantly, what not to do—on the ground. *We Do Know How* takes buzzwords commonly used in development circles—demand-driven, results-oriented, accountability, and others—and makes them real, spelling out a proven approach for expanding business sales and generating jobs for poor people. Although government has a role to play in development, in the end the actions of businesses drive economic growth and expand people’s incomes. *We Do Know How* shows how to

build on the incentives that drive businesses and, in the process, create jobs for the poor. Specifically, it urges development practitioners to support only those business opportunities for which there is market demand, abiding by the maxim “produce what you can sell,” not “sell what you produce.” More than that, it cautions practitioners not to become solutions looking for problems but to search creatively for ways to solve the specific problems that stand most in the way of clients meeting buyers’ requirements. *We Do Know How* challenges much conventional wisdom on how to do development work. At the same time, and in contrast to other books on development, it shows how, by maintaining focus and discipline, development practitioners can deliver demonstrable increases in jobs for those who need them.

[Murder at the Inn](#) - James Moore 2015-02-02

In which pub was the notorious murder that led to the Kray twins becoming Britain's most feared gangsters? Where is the hostelry in which Jack the Ripper's victims drank? How did Burke and Hare befriend their victims in a Scottish watering hole before luring them to their deaths? What is the name of the pub where the Lord Lucan mystery first came to light? And how did a pub become the scene of the murder that led to Ruth Ellis going to the gallows? For centuries, the history of beer and pubs has gone hand in hand with some of the nation's most despicable and fascinating crimes. Packed with grizzly murders - including fascinating little-known cases - as well as sinister stories of smuggling, robbery and sexual intrigue, *Murder at the Inn* is a treasure trove of dark tales linked to the best drinking haunts and historic hotels across the land.

The Homeopathic Revolution - Dana Ullman 2007-10-16

What do Mark Twain, David Beckham, Catherine Zeta-Jones, and Mother Teresa have in common? All have been enthusiastic fans of homeopathy, the alternative medical tradition that treats “like with like.” Homeopathy has an incredible history of support by many of the most respected people of the past 200 years, and modern science is finally catching up. In *The Homeopathic Revolution*, Dana Ullman blends vivid personal stories and quotes from these and other luminaries from a variety of eras

and fields with a new definition of homeopathy as “nanopharmacology”—one that will help people, including skeptics, start to understand its value. After explaining why conventional medicine is inadequately scientific, why homeopathy makes sense and works, and why it is so threatening to conventional medicine and drug companies, Ullman lets legends like Coretta Scott King, Cindy Crawford, Bill Clinton, Vincent Van Gogh, and other practitioners weigh in on the subject. By writing about homeopathy’s heroes and telling their stories, Ullman is able to reference and describe important scientific studies in user-friendly language that verifies the value of this widely used but still misunderstood tradition.

Dr. Gully - Elizabeth Jenkins 1972

White-Collar Crime in Late Nineteenth and Early Twentieth-Century Britain - John Benson 2019-12-06

This book throws new light on white-collar crime, criminals and criminality in late nineteenth and early twentieth-century Britain. It does so by considering the life of one man, Jesse Varley (1869–1929), who embezzled more than £80,000 from Wolverhampton Corporation, and for a decade and more enjoyed an ostentatiously extravagant lifestyle. He was discovered, and despite serving a period of penal servitude, he turned again to white-collar crime (this time in Sheffield). Sentenced again to penal servitude, he died a few years later in Liverpool in what were said to be ‘very poor circumstances’.

“We are a trading community, a commercial people. Murder is doubtless a very shocking offence, nevertheless as what is done is not to be undone, let us make our money out of it.” Punch.

Silent in the Grave - Deanna Raybourn 2015-08-17

"Let the wicked be ashamed, and let them be silent in the grave." These ominous words are the last threat that Sir Edward Grey receives from his killer. Before he can show them to Nicholas Brisbane, the private inquiry agent he has retained for his protection, he collapses and dies at his London home, in the presence of his wife, Julia, and a roomful of dinner guests. Prepared to accept that Edward's death was due to a long-standing physical infirmity, Julia is outraged when Brisbane visits and suggests that her husband was murdered. It is a reaction she comes to regret when she discovers damning evidence for herself, and realizes the truth. Determined to bring the murderer to justice, Julia engages the enigmatic Brisbane to help her investigate Edward's demise. Dismissing his warnings that the investigation will be difficult, if not impossible, Julia presses forward, following a trail of clues that lead her to even more

unpleasant truths, and ever closer to a killer who waits expectantly for her arrival.

The Essential Mystery Lists - Roger M Sobin 2011-09-30

For the first time in one place, Roger M. Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the "best of" lists by more than fifty of the most important contributors to the genre.; Mr. Sobin spent more than two decades gathering the data and lists in this volume, much of that time he used to recheck the accuracy of the material he had collected. Several of the "best of" lists appear here for the first time in book form. Several others have been unavailable for a number of years.; Of special note, are Anthony Boucher's "Best Picks for the Year." Boucher, one of the major mystery reviewers of all time, reviewed for The San Francisco Chronicle, Ellery Queen Mystery Magazine, and The New York Times. From these resources Mr. Sobin created "Boucher's Best" and "Important Lists to Consider," lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968.? This is a great resource for all mystery readers and collectors.; ; Winner of the 2008 Macavity Awards for Best Mystery Nonfiction.
