Belfast Days - Eimear O'Callaghan 2022-02

Belfast 1972. It's the bloodiest year of the Northern Irish 'Troubles', and 16-year-old Eimear O'Callaghan, a Catholic schoolgirl in West Belfast, bears witness in her new diary. What follows is a unique and touching perspective into the daily life of an ordinary teenager coming of age in extraordinary times. The immediacy of the diary entries are complemented with the author's mature reflections written 40 years later. The result is poignant, shocking, wryly funny, and, above all, explicitly honest. *Belfast Days* is a unique book that comes at a time when Northern Ireland is desperately struggling to come to terms with the legacy of its turbulent past. It provides a powerful juxtaposition of the ordinary everyday concerns of a 16-year-old girl - who could be any girl in any British or Irish city at this time, worrying about her hair, exams, boys, clothes, discos - with the unimaginable horror of a society slowly disintegrating before her eyes, a seemingly inevitable descent into a bloody civil war, fuelled by sectarianism, hatred, and fear. Written by an experienced broadcaster and journalist who rediscovered her 1972 diary on the eve of the publication of the Saville Report (also known as the Bloody Sunday Inquiry), *Belfast Days* demonstrates how one person's examination of her own 'story' provided her with a new perspective on one of the darkest periods in 20th-century Irish and British history. *** "...the writing is extraordinary." -- Stephen Dubner, author of *Freakonomics* *** ".Brigid Jones in a war-zone." -- Anne Cadwallader, author of *Lethal Allies* *** "Eimear O'Callaghan's 1972 eloquent eye-witness testimony salutes the hard work, the persistence and the breathtaking courage of those who fought against tyranny and oppression for so many, many years!" - The Celtic Connection, September 2015 [Subject: Memoir, History, Irish Studies, British Studies]

A Tale for the Time Being - Ruth Ozeki 2013-03-11

In the wake of the 2011 tsunami, Ruth discovers a Hello Kitty lunchbox washed up on the shore of her beach home in British Columbia. Within it lies a diary that expresses the hopes, heartbreak and dreams of a young girl desperate for someone to understand her. Each turn of the page pulls Ruth deeper into the mystery of Nao's life, and forever changes her in a way neither could foresee. Weaving across continents and decades, *A Tale for the Time Being* is an extraordinary novel about our shared humanity and the search for home.

The Diary of A Young Girl (Deluxe Hardbound Edition) - Anne Frank 2022-12-06

A thirteen-year-old Jewish girl and her family abandoned their house in Amsterdam and went into hiding in 1942, when Nazis occupied Holland. They and another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short.

The Diary of Nina Kosterina - Nina Kosterina 1972

Nina Kosterina began her diary in 1936, when she was fifteen years old. She wrote the last entry in 1941, on the eve of her departure for the front to fight against the invading Germans, where she was killed. Apart from being an absorbing and remarkably contemporary story of the growing up of a vital rebellious adolescent, this moving document is also a revealing and candid record of the life of young people in Soviet Russia during the great Stalinist purges and trials, and the early days of World War II. Though many of Nina Kosterina's preoccupations were personal, the larger political events of the time shadowed her life and filled her diary increasingly - as the reign of terror spread, enveloping first the parents of her friends and then her own father and family.

The Diary of a Soviet Schoolgirl - Nina Lugovskaya 2003

Recently unearthed in the archives of the NKVD, Nina Lugovskaya's diary provides a rare window into the daily routines of an educated Moscow family during the 1930s. Nina's diary begins in 1932, after her father's return from three years exile in Siberia. Her family is still living in their large apartment, her older sisters are still singing and drawing, but money is scarce and knocks at the door are cause for alarm. Much like Anne Frank, 13-year-old Nina Lugovskaya is conscious of the extraordinary dangers all around her, yet preoccupied by ordinary adolescent concerns: boys and parties and who she wants to be when she grows

up-a writer. Traumatized by her father's first arrest, she hates Stalin and abhors his dictatorship, but cannot discuss her feelings with her exhausted mother or her friends. Her diary is her confidant, personal and political, as much a portrait of her lonely inner world as it is of the Soviet outer one - the lies, the hypocrisy, the arrests and injustice. The diary ends in January 1937, the day before the NKVD conducted a thorough search of her family's apartment. Her diary was seized, carefully studied and the "incriminating" passages underlined (these markings have been preserved in the book). After her arrest in March, these passages were used to convict her as a "counterrevolutionary" who was "preparing to kill Stalin."

Wild Ginger - Anchee Min 2004-01-01

Two girls come of age during the horrors of China's Cultural Revolution in this novel by the national bestselling author of *Empress Orchid*. The young and beautiful Wild Ginger is only in elementary school, but has already survived hell through her sheer iron will. Singled out by the Red Guards for her "foreign-colored eyes," she has seen her deceased father branded a traitor and her mother commit suicide under the oppressive weight of persecution. But the young Wild Ginger will not allow herself to be taken down. Nor will she turn her back on other martyrs—like sweet Maple, daughter of a teacher of Chinese history, survivor of a labor camp, and victim of daily brutal beatings by a gang girl called Hot Pepper. While the two become fast friends over their shared ostracism, it is Wild Ginger who will take her Maoist principles to the extreme, becoming no less than a national model for the revolutionary Communist doctrine. But when both self-possessed young girls begin to feel a prohibited romantic love for the same boy, all three of them will face mortal danger. In this novel, the author of *Pearl of China* and the New York Times Notable Book *Red Azalea* "continues her extraordinarily acute inquiry into the wounded psyches of martyrs...and survivors of China's horrific Cultural Revolution... As in all her unsparing, compelling, and transcendent books, Min discerns both the vulnerability and strength of individuals and, more disturbingly, unveils the eroticism of pain. Given our own times, Min's taut and compassionate tale of oppressed teenagers kept in ignorance of the wider world, children brainwashed into performing acts of violence and self-destruction, is especially urgent."—Booklist

I Want to Live - Nina Lugovskaia 2008

"Does that boy like me? Why are my sisters so mean? Does anyone think I'm pretty? Will my father be arrested? These were the everyday concerns of thirteen-year-old Moscow schoolgirl Nina Lugovskaya, who began to write a diary in 1932. Her indignant outbursts against the brutal raids and purges of Stalin's terror appear alongside the more typical adolescent worries about girlfriends, boys, parties and homework. For five years Nina scribbled down her most intimate thoughts and dreams, including her ambition one day to become a writer. Then in 1937 the NKVD, Stalin's secret police, ransacked Nina's home and discovered her diary. Nina's criticism of the regime provided sufficient evidence for the charge of treason, and she, her mother and two sisters were sentenced to five years hard labour in the Gulag, followed by seven years exile in Siberia. Recently Nina's diary was discovered in the KGB archives, complete with the original passages underlined by the secret police. Like Anne Frank's diary, this journal poignantly reveals life at a time of political upheaval, betrayal and repression through the eyes of an innocent"

My Life in Houses - Margaret Forster 2014

As heard on BBC Radio 4 'I was born on May 25, 1938, in the front bedroom of a house in Orton Road, on the outer edges of Raffles, a council estate. I was a lucky girl.' So begins Margaret Forster's journey through the houses she's lived in, from that sparkling new council house, built as part of a utopian vision by Carlisle City Council, to her beloved London house of today, via Oxford, Hampstead, the Lake District and a spell in the Mediterranean. This is not a book about bricks and mortar, or about how a house becomes a home with the right scatter of cushions. This is a book about what houses are to us, the effect they have on the way we live our lives. It is also a wonderful backwards glance at the changing nature of our accommodation: from blacking grates and outside privies; to cities dominated by bedsits and lodgings; to houses today being converted back into single dwellings, all open-plan spaces and bringing the outside in. Finally, it is a gently insistent, personal inquiry into the meaning of home.

Diary Of An Ordinary Woman - Margaret Forster 2012-08-31

Margaret Forster presents the 'edited' diary of a woman, born in 1901, whose life spans the twentieth century. On the eve of the Great War, Millicent King begins to keep her journal and vividly records the

dramas of everyday life in a family touched by war, tragedy, and money troubles. From bohemian London to Rome in the 1920s her story moves on to social work and the build-up to another war, in which she drives ambulances through the bombed streets of London. Here is twentieth-century woman in close-up coping with the tragedies and upheavals of women's lives from WWI to Greenham Common and beyond. A triumph of resolution and evocation, this is a beautifully observed story of an ordinary woman's life - a narrative where every word rings true.

The Faraway War - Richard Aldrich 2014-11-27

Following the illuminating first-hand revelations about the war in Europe and the Middle East compiled in *Witness to War*, Richard Aldrich now taps into another huge variety of diarists to explore the Second World War in the Pacific. From the dramatic bombing of Pearl Harbor to the devastating moment when the atomic bomb was dropped upon Hiroshima, the war is brought to life through the diaries of people on all sides, with events recorded as they happened and drawn into a chronological account of the war by Aldrich's expert month-by-month commentary. *The Faraway War* offers a stunning and diverse range of diaries, focusing both on ordinary people, some of whose diaries are published here for the first time, and on more celebrated figures such as Evelyn Waugh, Charles Lindbergh, Harry Truman and Joyce Grenfell. With this second volume Richard Aldrich now completes the picture that he began with *Witness to War*, by creating an intimate and illuminating portrait of a whole world ravaged by war.

But this is her diary from that year; her life. The Diary of Lena Mukhina - Lena Mukhina 2016-04-21

In May 1941 Lena Mukhina was an ordinary teenage girl, living in Leningrad, worrying about her homework and whether Vova, the boy she liked, liked her. Like a good Soviet schoolgirl, she was also diligently learning German, the language of Russia's Nazi ally. And she was keeping a diary, in which she recorded her hopes and dreams. Then, on 22 June 1941, Hitler broke his pact with Stalin and declared war on the Soviet Union. All too soon, Leningrad was besieged and life became a living hell. Lena and her family fought to stay alive; their city was starving and its citizens were dying in their hundreds of thousands. From day to dreadful day, Lena records her experiences: the desperate hunt for food, the bitter cold of the Russian winter, the cruel deaths of those she loved. *The Diary of Lena Mukhina* is a truly remarkable account of this most terrible era in modern history. It offers readers the vivid first-hand testimony of a courageous young woman struggling simply to survive.

Lady's Maid - Margaret Forster 2012-08-22

"Fascinating . . . The reader is treated to a revealing account of the passionate romance between Elizabeth Barrett and Robert Browning through the eyes of an intimate observer."—Booklist Young and timid but full of sturdy good sense and awakening sophistication, Lily Wilson arrives in London in 1844, becoming a lady's maid to the fragile, housebound Elizabeth Barrett. Lily is quickly drawn to her mistress's gaiety and sharp intelligence, the power of her poetry, and her deep emotional need. It is a strange intimacy that will last sixteen years. It is Lily who smuggles Miss Barrett out of the gloomy Wimpole Street house, witnesses her secret wedding to Robert Browning in an empty church, and flees with them to threadbare lodgings and the heat, light, and colors of Italy. As housekeeper, nursemaid, companion, and confidante, Lily is with Elizabeth in every crisis—birth, bereavement, travel, literary triumph. As her devotion turns almost to obsession, Lily forgets her own fleeting loneliness. But when Lily's own affairs take a dramatic turn, she comes to expect the loyalty from Elizabeth that she herself has always given. The Diary of Ma Yan - Ma Yan 2009-09-08

Wednesday, November 7 My father gave me and my brother a little money. My stomach is all twisted up with hunger, but I don't want to spend the money on anything as frivolous as food. Because it's money my parents earn with their sweat and blood. I have to study well so that I won't ever again be tortured by hunger. . . . In a drought-stricken corner of rural China, an education can be the difference between a life of crushing poverty and the chance for a better future. But money is scarce, and the low wages paid for backbreaking work aren't always enough to pay school fees. Ma Yan's heart-wrenching, honest diary chronicles her struggle to escape hardship and bring prosperity to her family through her persistent, sometimes desperate, attempts to continue her schooling. First published in France in 2002, the diary of Ma Yan created an outpouring of support for this courageous teenager and others like her -- support that led to the creation of an international organization dedicated to helping these children . . . all because of one ordinary girl's extraordinary diary.
