**Watch Her Disappear** - Lisa Regan 2022-04-12

The girl's prom dress, the color of champagne, shimmers in the dying light. A corsage of wilting pink sweetheart roses decorates her wrist. She is perfectly still, lying on the ground like a delicate china doll, trapped forever in a sleep from which she will never wake... When a call comes in about a young girl found dead at a high school prom—her life drained away from a fatal stab wound—Detective Josie Quinn drops everything to attend the scene. Taking in the girl's neatly braided hair, Josie feels a flicker of recognition. But no one comes forward to identify this innocent child, murdered on what should have been the happiest night of her life. Trawling missing persons files, Josie realizes where she has seen the girl before. Gemma Farmer disappeared a few months ago, shattering her family. But why would her body appear now, on her sixteenth birthday? Josie's only clue is the five neat little cuts on Gemma's pale arm. Days later, another missing girl shows up, tucked neatly into her bed on the morning of her birthday, her favourite teddy beside her, her skin as cold as ice—and the autopsy reveals scars on her arm matching Gemma's. Her head spinning, Josie fears the marks are a serial killer's twisted way of counting his victims. But where are the other girls he's killed, and how many more could follow? The case takes a terrifying turn when a local teen goes missing just days before she turns sixteen. Clock ticking, Josie turns the town upside down in search of answers. But when her own chief comes forward with a missing piece in this devastating puzzle spanning decades, will it be enough to get inside the mind of the most unexpected and elusive killer she has ever encountered, or will another precious life be taken? **She Gets the Girl** - Rachael Lippincott 2023-04-04

She's All That meets What If It's Us in this New York Times bestselling hate-to-love YA romantic comedy from the coauthor of Five Feet Apart Rachael Lippincott and debut writer Alyson Derrick. Alex Blackwood is a little bit headstrong, with a dash of chaos and a whole lot of flirt. She knows how to get the girl. Keeping her on the other hand...not so much. Molly Parker has everything in her life totally in control, except for her complete awkwardness with just about anyone besides her mom. She knows she's in love with the impossibly cool Cora Myers. She just...hasn't actually talked to her yet. Alex and Molly don't belong on the same planet, let alone the same college campus. But when Alex, fresh off a bad (but hopefully not permanent) breakup, discovers Molly's hidden crush as their paths cross the night before classes start, they realize they might have a common interest after all. Because maybe if Alex volunteers to help Molly learn how to get her dream girl to fall for her, she can prove to her ex that she's not a selfish flirt. That she's ready for an actual commitment. And while Alex is the last person Molly would ever think she could trust, she can't deny Alex knows what she's doing with girls, unlike her. As the two embark on their five-step plans to get their girls to fall for them, though, they both begin to wonder if maybe they're the ones falling...for each other.

**Flirting in the Era of #MeToo** - Alison Bartlett 2019-04-30

This book provides a contemporary review of the social practices and representations of flirting. In the wake of #MeToo, flirting has become entangled with stories of harassment and abuse that have generated both outrage and confusion. Nevertheless, this book argues that negotiating intimacy has always been an ambiguous social practice that can be risky and fraught, and examines how the presiding perception of flirting is constructed in contemporary cultural media. The book interrogates the relation between flirting and scandal, the kinds of scripts available in popular culture, and relations to feminism and other current social theories around gender and sexuality. It asks the questions; how can desire be declared? How can playfulness be understood? And what kind of language is available to speak about these complexities? Drawing from a range of media forms such as public scandal, reality television, and teen film, Flirting in the Era of #MeToo argues that contemporary flirting is both provocative and conservative in its negotiation of an assemblage of shifting values, and considers possibilities for social innovation and change in light of these competing tensions.

**Seducing a Woman with Words** - Lucas Lautier 2018-05-31

"Hi, how are you?" Do you count on seducing a girl with this kind of line? Really? May he who has never ended up in the friendzone cast the first stone at me. We've all already found ourselves in this uncomfortable situation: the one where we try to go further with a friend before being gently rejected. And yet, by applying some powerful advice that would have allowed you to position yourself otherwise in the nascent relationship, you would surely be in a relationship with this woman at this time. The secrets I am about to pass on to you have made me the man I am today: a true and complete man who is aware of the hidden power of words. The seduction techniques that you will soon learn have allowed me to sleep with more than forty women at only 22 years old. Passionate about human psychology (and female beauty), I looked into the subject very early to reach my goals. I ended up mastering the tricks of the trade to a point where everything became too easy... Seducing a woman by SMS, approaching on Facebook or flirting on Tinder is child's play for me. This is what you're going to learn in this book: - How to never again end up in the Friendzone by learning the difference between a classic conversation and flirting (many people confuse the two). We don't talk to a friend in the same way that we would talk to a potential future girlfriend. - How to effectively start a conversation with a woman on a dating site or Facebook and make her want to get to know you, by differentiating yourself from other men. - How to never run out of subjects to talk about, by using the storytelling technique. - How to position yourself in the emerging relationship to be and continue to be the alpha-male and to control the upcoming sequence of events. - How to make a girl want you without seeming like a pervert. To handle the art of sexualisation like a God. - How to appear mysterious and make her crazy for you in a short amount of time. - How to be light-hearted, funny and endearing by using humour. The examples will be as real as can be and modelled on real conversations. All of the extracts from discussions which will be presented to you are not made up but rewritten versions of, or strongly inspired by, my past conversations: everything is authentic

(except the names used for obvious confidentiality reasons). Ready to be part of the elite? The group of 5% of men who seduce Facebook, Tinder, Happn, Bumble, Match.com, OkCupid, Instagram and many others. And who sleep with all the women of their dreams.
