Swan Hammer - Maggie Graber 2022-07-01
This collection chronicles coming of age as a queer millennial in a twenty-first century America defined by the internet, climate crisis, and a growing disconnection that the poems within work to resist. Here, everyone and everything serves as a potential reflection for something larger than the poet can understand:

an unknown debit card thief, the cartoon teacher Ms. Frizzle, The Weather Channel, an RV park, a dead poet. These poems seek to make something of the spaces between and reach toward a sense of the ecstatic just beyond. They are poems of imagination and vision that strive to look rather than look away, that attempt to capture a nebulous feeling before it is gone for good. Swan Hammer is an instructor's guide to connection-making, of seeing and then seeing again, in ways that have been redefined in the age of the internet. Here is one poet's wandering relationship to their own sense of what it is to be alive and queer at a time when there is so much on the brink of disappearing—and what a queer experience it is.

The Hard Parts - Oksana Masters 2023-02-21
The remarkable and inspirational story of Oksana Masters, who was born with radiation-induced birth defects and suffered appalling abuse as an orphan, before being adopted and moving to the US, where she went on to triumph

over her challenges to win ten Paralympic medals in four different sports. Oksana Masters was born in the shadow of Chernobyl, with one kidney, a partial stomach, six toes on each foot, webbed fingers, no right bicep and no thumbs. Her left leg was six inches shorter than her right, and she was missing both tibias. Relinquished to the orphanage system by birth parents daunted by the staggering cost of their child's medical care, Oksana encountered numerous abuses, some horrifying. Salvation came at the age of seven when Gay Masters, an unmarried American professor who saw a photo of the little girl and became haunted by her eyes, waged a two-year war against stubborn adoption authorities to rescue Oksana from her circumstances. In America, Oksana endured years of operations that included a double leg amputation. Still, how could she hope to fit in when there were so many things making her different? As it turned out, she would do much more than fit in. Determined to prove herself

and fuelled by a drive to succeed that still smouldered from childhood, Oksana triumphed in not just one sport but four - winning against the world's best in rowing, biathlon, cross-country skiing and road cycling competitions. This is Oksana's astonishing story of journeying through a series of dark tunnels - and how, with her mother's love, she finally found her way into the light. Her message to anyone who doesn't fit in: you can find a place where you excel and where you have worth.

Bodies of Subversion - Margot Mifflin

2013-08-02

"In this provocative work full of intriguing female characters from tattoo history, Margot Mifflin makes a persuasive case for the tattooed woman as an emblem of female self-expression." —Susan Faludi *Bodies of Subversion* is the first history of women's tattoo art, providing a fascinating excursion to a subculture that dates back into the nineteenth-century and includes many never-before-seen photos of tattooed women from the last century. Author Margot Mifflin notes that women's interest in tattoos surged in the suffragist 20s and the feminist 70s. She chronicles: * Breast cancer survivors of the 90s who tattoo their mastectomy scars as an

alternative to reconstructive surgery or prosthetics. * The parallel rise of tattooing and cosmetic surgery during the 80s when women tattooists became soul doctors to a nation afflicted with body anxieties. * Maud Wagner, the first known woman tattooist, who in 1904 traded a date with her tattooist husband-to-be for an apprenticeship. * Victorian society women who wore tattoos as custom couture, including Winston Churchill's mother, who wore a serpent on her wrist. * Nineteenth-century sideshow attractions who created fantastic abduction tales in which they claimed to have been forcibly tattooed. "In *Bodies of Subversion*, Margot Mifflin insightfully chronicles the saga of skin as signage. Through compelling anecdotes and cleverly astute analysis, she shows and tells us new histories about women, tattoos, public pictures, and private parts. It's an indelible account of an indelible piece of cultural history." —Barbara Kruger, artist

Reese Blackwood I'm called America's sweetheart. They say I have the voice of an angel. I almost gave all that up, thanks to a traumatic experience at the start of my career. Instead of letting it define me, I chose to rise above. I showed everyone what a woman on a mission could accomplish, and now I'm living my dream. After one chance meeting, my entire world changes. Austin is every woman's fantasy, and he wants me. While the attraction is there for me as well, I don't need any distractions right now. Austin Jones Focused. Driven. I'm the man I am today because I never let the idea of settling down disrupt being the best I can during my hockey career. But then Reese floats into my life and everything changes, and now all I want to do is pin her against the boards. They say opposites attract. You can't get more opposite than Country Music's hottest female singer and a hockey player from Canada. With competing travel schedules, our instant attraction appears

to be doomed from the start. Can it really be love? Or is it just a hot ice-melting fling?

A grumpy sunshine novel Fresh off a broken engagement, I discover I'm the descendent of the first licensed female pilot in California, my name sake, the first Emily Parker. Now there's only one thing to do, right? Take flying lessons, of course. It must be in my blood. Except the grumpy former Air Force pilot who's taken over his late father's flight school under duress doesn't seem thrilled to see me. Maybe that's because I spilled hot coffee all over his crotch in one of my "I love Lucy" moments. So far he

claims I'm responsible for his aching jaw (bar fight, don't ask) and the spilled coffee. He's not sure he can trust me around heavy machinery. Probably not, but if Stone wants to rescue his late father's flight school he needs students.

What do I need? To say goodbye to my good girl image. And secondly, it's time to break every one of my rules. For fans of Lucy Score, Christina Lauren and Katherine Center. (Fully revised and previously published by Harlequin in 2017)
