*The Fix Up - Kendall Ryan 2016-10-11*

From New York Times bestseller, Kendall Ryan, comes a sexy new standalone novel. My tempting and very alpha friend Sterling Quinn is someone I consider off-limits. It's not just that we're friends, he's also cocky, confident, and British, which means he's a walking aphrodisiac. But lately he's been giving me the look. You know the one. When he thinks I'm not paying attention, and his gaze lingers for too long. When we start working together, that's when the sexual tension between us gets so thick, I want to hack through it with a machete. I want to make all these deep feelings I've harbored for him disappear, because there's no way this can end well. The lines between business and pleasure become irrevocably blurred, and I'm stuck between a rock and Sterling's very, very hard place. Rather than keep a level head about our growing attraction, Sterling wants to go all in, showing me just how explosive we can be together. But I've been around long enough to know that this British bad boy is more than my heart can handle. I'm not about to be cast aside like yesterday's underwear when he's done having fun. Sterling's never been told no, and he's not about to put his ego aside and play by my rules. But I never thought he'd fight so dirty.

**Sweet Thing** - Renée Carlino 2014-01-07

After the death of her father, classically trained pianist Mia Kelly gives up a possible career as a musician to run her father's New York City café, but all that changes when she meets a charming guitarist named Will. Original.

[The End and the Beginning](#) - Hermynia Zur Mühlen 2010

First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Mühlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Mühlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

**Dangerous Science** - Daniel J. Rozell 2020-02-04

The public is generally enthusiastic about the latest science and technology, but sometimes research threatens the physical safety or ethical norms of society. When this happens, scientists and engineers can find themselves unprepared in the midst of an intense science policy debate. In the absence of convincing

evidence, technological optimists and skeptics struggle to find common values on which to build consensus. The best way to avoid these situations is to sidestep the instigating controversy by using a broad risk-benefit assessment as a risk exploration tool to help scientists and engineers design experiments and technologies that accomplish intended goals while avoiding physical or moral dangers. *Dangerous Science* explores the intersection of science policy and risk analysis to detail failures in current science policy practices and what can be done to help minimize the negative impacts of science and technology on society.

**The Perfect Match** - Kristan Higgins 2013-10-29

After Honor Holland agrees to a marriage of convenience to help British professor Tom Barlow stay in the country, she begins to wonder if there isn't something more between them. Original.

**Forever a Bridesmaid** - Courtney Hunt 2015-07-27

**The Four Loves** - C S Lewis 2021-04-03

We hear often that love is patient and kind, not envious or prideful. We hear that human love is a reflection of divine love. We hear that God is love. But how do we understand its work in our lives, its perils and rewards? Here, the incomparable C. S. Lewis examines human love in four forms: affection, the most basic, general, and emotive; friendship, the most rare, least jealous, and, in being freely chosen, perhaps the most profound; Eros, passionate love that can run counter to happiness and poses real danger; charity, the greatest, most spiritual, and least selfish. Proper love is a risk, but to bar oneself from it-to deny love-is a damning choice. Love is a need and a gift; love brings joy and laughter. We must seek to be awakened and so to find an Appreciative love through which "all things are possible."

[Married by Monday](#) - Catherine Bybee 2012-05-01

Carter Billings: & ;Sandy blond hair and Hollywood good looks, Carter Billings could have any woman he wants. However, when he makes his bid for the Governor's seat in the state of California, he needs to settle down and become a family man. Eliza, the woman he secretly adores, embodies the perfect amount of spice and passion to suit his marital needs, but she's not interested in becoming Mrs. Billings. She can't even stand to be in the same room with him.& ;Eliza Havens:& ;It's much easier to drive Carter away than to give into desire. Matching couples is how she earns a living, but getting married isn't an option. The secrets she carries are too dangerous to entangle anyone else. When her hidden identity and past threaten her future, she's left with little choice. Carter is quick to offer solutions to both their problems, but saying yes could mean endangering the man she's growing to love.

**I'm with the Banned** - Marlene Perez 2021-10-05

I never wanted to be a vampire queen. But on the bright (if not sunny) side of the debacle, I've got a super-hot new boyfriend. And he just might be the perfect guy. Well, if the perfect guy ghosts you for a month and then comes back to school with a new look, a pack of friends, and a secret. But we have bigger problems. The Drainers are back. They're singing a different song, but have they really changed? Even worse, werewolves' hearts are being ripped from their bodies—which is putting the people I love in danger. I need

to figure out who is behind the murders before there's an all-out vampire werewolf war. No one is going to mess with my friends, even the ones who like to get wild and howl at the moon. Sometimes, all a girl can do is grab her tiara and start kicking some supernatural ass... The Afterlife series is best enjoyed in order.

*The Silent Waters* - Brittainy C. Cherry 2016

Moments. Our lives are a collection of moments. Some utterly painful and full of yesterday's hurts. Some beautifully hopeful and full of tomorrow's promises. I've had many moments in my lifetime, moments that changed me, challenged me. Moments that scared me and engulfed me. However, the biggest ones—the most heartbreaking and breathtaking ones—all included him. I was ten years old when I lost my voice. A piece of me was stolen away, and the only person who could truly hear my silence was Brooks Griffin. He was the light during my dark days, the promise of tomorrow, until tragedy found him. Tragedy that eventually drowned him in a sea of memories. This is the story of a boy and girl who loved each other, but didn't love themselves. A story of life and death. Of love and broken promises. Of moments. (Book Three in the Elements Series. Complete Standalone.)

*The Girl From Everywhere* - Heidi Heilig 2016-03-03

It was the kind of August day that hinted at monsoons, and the year was 1774, though not for very much longer. Sixteen-year-old Nix Song is a time-traveller. She, her father and their crew of time refugees travel the world aboard *The Temptation*, a glorious pirate ship stuffed with treasures both typical and mythical. Old maps allow Nix and her father to navigate not just to distant lands, but distant times - although a map will only take you somewhere once. And Nix's father is only interested in one time, and one place: Honolulu 1868. A time before Nix was born, and her mother was alive. Something that puts Nix's existence rather dangerously in question . . . Nix has grown used to her father's obsession, but only because she's convinced it can't work. But then a map falls into her father's lap that changes everything. And when Nix refuses to help, her father threatens to maroon Kashmir, her only friend (and perhaps, only love) in a time where Nix will never be able to find him. And if Nix has learned one thing, it's that losing the person you love is a torment that no one can withstand. Nix must work out what she wants, who she is, and where she really belongs before time runs out on her forever.

**Entangled Life** - Merlin Sheldrake 2020-05-12

NEW YORK TIMES BESTSELLER • A “brilliant [and] entrancing” (The Guardian) journey into the hidden lives of fungi—the great connectors of the living world—and their astonishing and intimate roles in human life, with the power to heal our bodies, expand our minds, and help us address our most urgent environmental problems. “Grand and dizzying in how thoroughly it recalibrates our understanding of the natural world.”—Ed Yong, author of *An Immense World* ONE OF THE BEST BOOKS OF THE YEAR—Time, BBC Science Focus, The Daily Mail, Geographical, The Times, The Telegraph, New Statesman, London Evening Standard, Science Friday When we think of fungi, we likely think of mushrooms. But mushrooms are only fruiting bodies, analogous to apples on a tree. Most fungi live out of sight, yet make up a massively diverse kingdom of organisms that supports and sustains nearly all living systems. Fungi provide a key to understanding the planet on which we live, and the ways we think, feel, and behave. In the first edition of this mind-bending book, Sheldrake introduced us to this mysterious but massively diverse kingdom of life. This exquisitely designed volume, abridged from the original, features more than one hundred full-color images that bring the spectacular variety, strangeness, and beauty of fungi to life as never before. Fungi throw our concepts of individuality and even intelligence into question. They are metabolic masters, earth

makers, and key players in most of life's processes. They can change our minds, heal our bodies, and even help us remediate environmental disaster. By examining fungi on their own terms, Sheldrake reveals how these extraordinary organisms—and our relationships with them—are changing our understanding of how life works. Winner of the Wainwright Prize, the Royal Society Science Book Prize, and the Guild of Food Writers Award • Shortlisted for the British Book Award • Longlisted for the Rathbones Folio Prize  
*Baby Daddy* - Kendall Ryan 2018-02-27

A hot and hilarious new standalone from New York Times bestseller Kendall Ryan. We met in a trapped elevator. Emmett was on his way to work, sophisticated and handsome in his tailored suit and tie. I was on my way to the sperm bank. Awkward, right? At thirty-five, my life hadn't taken the path I thought it would and I was tired of waiting—I wanted a baby. And I was ready to take matters into my own hands to make it happen. After our ill-fated elevator encounter, Emmett insisted on taking me to dinner—he also insisted on something else—that I ditch my plan involving a turkey baster and let him do the job. He would be my baby daddy. He was a wealthy and powerful CEO with little interest in diapers or playdates. And since he didn't want kids, I'd be on my own once his bun was in my oven, free to go my own way. But once his baby was inside me, it was like a switch had been flipped, and I got a whole lot more than I ever bargained for. This full-length standalone contains a hot, swoonworthy hero, lots of playful banter and some hot baby-making! Enjoy.

Lucy Foster, needlepoint ninja, big sister to an aspiring pitcher, and chicken advocate, likes a little mayhem. So what if she gets lost taking her brother to baseball camp...at her own high school? The pitching coach, some hotshot high school player, obviously thinks she's a hot mess. Too bad he's cute, because he's so not her type. Problem is, they keep running into each other, and every interaction sparks hotter than the last. But with Dylan's future on the line, he has to decide whether some rules are made to be broken...

*The Wisdom of Anxiety* - Sheryl Paul 2019-06-27

'We have to shift from a mindset of shame, which sees anxiety as evidence of brokenness, to a mindset of curiosity, which recognizes that anxiety is evidence of our sensitive heart, our imaginative mind and our soul's desire to grow towards wholeness.' Three million people are thought to suffer from anxiety in the UK, and it is an issue that affects a growing number of people across all ages. For anyone troubled by obsessive thoughts, insomnia and other manifestations of anxiety, counsellor Sheryl Paul offers shelter in the storm. In *The Wisdom of Anxiety*, Paul reveals that anxiety, like any emotion, is a signal - a clear bodily invitation to heal and renew your trust in your choices, self-image and core values. Weaving together practical exercises with personal stories, Paul offers medication-free approaches for accessing the gifts in different kinds of anxiety, and especially the anxiety summoned by life's transitions, for example a career change, becoming parents or becoming carers for loved ones. Chapters include recognising the symptoms of anxiety, its origins, the myth of 'normal', the expectation of happiness and a timeline of healing that includes exercises for the body and mind. There are also chapters on parenting in an age of anxiety and the vulnerability of connection and relationships.
