Me & Mr. T - Ruth Webb 2021-01-13

The young 25-year-old woman wants so much out of life, she had graduated High School. She had just finished her 4 years of college, at Morehouse University, with her master's degree in Business. Janie worked so hard to achieve her heart's desires and dreams. The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself.

There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself

with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

She becomes the victim of bad juju when she finds a lifeless body lying on a kitchen floor and another victim left for dead in one of her cottages, and Holly begins to wonder what could possibly happen next. Resolved to bring her aunt and guest home safely, Holly enlists the services of her ex-boyfriend, charter captain and official scum-of-the-earth, Quint Chambers. Along with the island cops, Holly and Quint stumble across the bloodied vehicle the women were last seen in, submerged in the murky mangroves of the intercoastal waterway. The Best Date Ever - Tyrtaeus Publishing 2012-07-17

How to be her best date ever ... and give her the most enjoyable, exciting, fun-filled, satisfying, and memorable experience of her life... without spending a lot! Have you ever been able to blow her mind on the first date, to a point where she's reeling from the enjoyment and ecstasy of the night you just gave her? Have you ever gone

home, after a date, knowing for a fact that she will be thinking, wanting, and even dreaming about seeing you again? If you answered "No" to the above questions, you are not alone. In fact, most guys have had the exact opposite of the above experiences during (and after) a first date... There's nothing worse than going home after a date, wondering if the girl will ever want to see you again... or if she will even answer the phone when you call her the next day... or wondering if this will be like most first dates where all your effort and hard work would once again go to waste - with nothing to show for it... not even a goodnight kiss... Let's face it... if she doesn't at least have an above average date with you, you would be lucky to even get a second date with her. And, if she has a bad date with you, you can pretty much guarantee that you will never see her again. She may not even answer your phone calls, text messages, or emails. The truth is, most guys can be so 'average' and boring during the first date, that the girl just wants to go home and be alone for the rest of the night... OR... she is tempted to call some other guy, who can give her the thrill and passion that she wants... (while you end up going home alone.) The worst part is, she will never tell you WHY it didn't work out, or what you did wrong to mess the date up - even if you asked her point blank. And, you would just have to continue 'guessing' as to what went wrong... and hope that you'll get it right when you start all over again, with somebody new... by going on yet another "first date"... So, just what the heck is it that you're supposed to do on a first date that will get her to enjoy, and even cherish the memories - after the night is over... to a point where she won't be able to wait to see you again, and spend more time with you? Would you like to find that out - once and for all - so that you can stop guessing at what works and what doesn't... and stop making those same "expensive" mistakes over and over again that continue to kill your chances with any girl you're attracted to? Because, you're about to finally get the exact recipe to creating fun, excitement, romance, passion, connection... all the ingredients to pack into that first date, to make it a special and memorable one for her.
