relating with women. You don't need a bunch of seduction techniques, mind games, or pick-up tactics to make a woman want you. Because quite frankly, no seduction technique in the world will turn a woman on and make her want you if she does not RESPECT you as a man. If a woman cannot respect you as a man, she won't be able to trust you. If she isn't able to place her trust in you, she simply cannot fall in love or STAY in love with you. Discover the Secrets of What Women Want in a Man Most guys simply don't know what women want in a man. Because of this, they try all kinds of "seduction tactics" to attract women, and only end up with low-quality women and terrible relationships. If you ask the average guy what women want, he may say things like confidence, money, or ridiculous good looks, but all of these things are just the tip of the iceberg. Here's what women really want from men... Security. How to Get the Respect, Desire, and Unwavering Loyalty of a Woman If you can communicate to a woman that you're a

man that can offer her security in the world, she will give you her heart and more. And get this, you don't need to be ridiculously good-looking or have a big bank account to make a woman feel secure with you. There's a much better (and easier) way, and that's what you'll discover inside What Women Want In A Man. In What Women Want In A Man you're going to learn: How to understand women and the one thing that you can improve about yourself to make a woman want you more. The reason why a really great woman is HARD-WIRED by NATURE to CHASE the kind of man that possesses several qualities that are rare in most men. (Hint: This is the key to understanding how women think) Ten ways in which you can IMMEDIATELY begin working on yourself to become an overpowering magnet for the woman of your dreams. How to be decisive and become a master at dealing with conflict while staying perfectly calm and poised. The unforgivable sin that can ruin your chances of getting (and keeping) a girlfriend. thing that FORCES her to either want to DUMP YOU or CHEAT ON YOU without her understanding why. How to take control of your emotions in any situation and be the rock that she needs you to be. How to make a woman happy by being THE MAN in your relationship; you know – the one that “wears the pants.” The reasons why the woman you want may put you in the friend zone, and how to avoid falling into this horrifying category. Why men who suffer from the nice guy syndrome have the most difficulties attracting and keeping a phenomenal woman to build an amazing relationship with. How to become an alpha male and become more assertive with women. This is the key to transforming yourself into the kind of man that she can confidently rely on and most importantly, RESPECT. How to silence your "inner weakling" and become so secure with yourself as a man that she won't be able to entertain the thought of being with some other guy. And much, much more... [Men Are Stupid](#) - Richard D. Wright, Jr.

If you've lost your ex, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal. If you have a goal, then the next thing you need is a plan and a strategy. That means planning, considering the pros and cons, and carefully weighing your options. However, with this book you're in the best position to get your ex back – and it starts the very moment you start reading and

implementing what I teach you. This book will explain some very simple tactics that can give your ex a completely different view of the person you are and get her to fall in love with you all over again. But more importantly, I will help you determine exactly why you lost her in the first place, how to shift your focus from her onto you to break the energy attachment, and show you how to keep her this time by actually becoming a better man and being her best option. While it may seem completely counter-intuitive but focusing on yourself is the critical first step in getting your ex back and keeping her. This book will start from square one and lead you through all the steps to getting the woman you've been after, whether it's your ex or someone even better. We cover the essentials to developing yourself so that you are attractive to women. How to determine what type of woman is best for you. How to pull off the romance she so desperately wants. And most importantly to your success, how to build your own self-confidence

so that you are comfortable doing anything. If you master the techniques presented in this book, you will have all of the tools necessary to make women find you irresistible. I titled the book "Men Are Stupid" because so many men spend so much time and energy trying to play games and manipulate women all in an effort to "trick" her and get her into bed. I said men are stupid because they fail to realize that women are incredible creatures and are just as, if not more, sexual and sensual than men. They want sex just as much as we do. You don't need to play games or tricks. You just simply need to understand that women get turned on from the inside out. You must seduce her mind first, then everything else will open. The best way to find and maintain a relationship with a woman is to first understand how she operates, what turns her on, and how to keep her interested. Once you understand these key points you will unlock the secrets of seducing a woman. The first thing to do is to get inside her mind, and determine

her inner workings. Once you truly understand
