**Prepare Today Survive Tomorrow** - LG Wellington 2014-04-01

This book will introduce you to a wealth of information on emergency preparation, and will provide your

family or organization with important strategies, insights, tips, guidelines, and lists on how to prepare for a disaster. Survival planning is nothing more than realizing a disaster could happen that would put everyone

in a survival situation and, with that in mind, taking steps to increase your chances of survival. Although helping others is certainly meaningful, worthwhile, and in some cases, necessary, the main emphasis of all household or organization team members should be to purchase, gather, and store resources and supplies for your own team members. Everyone must be encouraged and expected to provide for themselves. We have been encouraged through religious, education, scientific, and government media to prepare for these future events.

### **A Marriage Made in Heaven** - Naomi Seidman 2023-04-28

With remarkably original formulations, Naomi Seidman examines the ways that Hebrew, the Holy Tongue, and Yiddish, the vernacular language of Ashkenazic Jews, came to represent the masculine and feminine faces, respectively, of Ashkenazic Jewish culture. Her sophisticated history is the first book-length exploration of the sexual politics underlying the "marriage" of Hebrew and Yiddish, and it has profound implications for understanding the centrality of language choices and ideologies in the construction of modern Jewish identity. Seidman particularly examines this sexual-linguistic system as it shaped the work of two bilingual authors, S.Y. Abramovitsh, the "grand-father" of modern Hebrew and Yiddish literature; and Dvora Baron, the first modern woman writer in Hebrew (and a writer in Yiddish as well). She also provides an analysis of the roles that Hebrew "masculinity" and Yiddish "femininity" played in the Hebrew-Yiddish language wars, the divorce that ultimately ended the marriage between the languages. Theorists have long debated the role of mother and father in the child's relationship to language. Seidman presents the Ashkenazic case as an illuminating example of a society in which "mother tongue" and "father tongue" are clearly differentiated. Her work speaks to important issues in contemporary scholarship, including the psychoanalysis of language acquisition, the feminist critique of Zionism, and the nexus of women's studies and Yiddish literary history. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1997.

The Reluctant Daughter - Lesl[a Newman 2009-09-01

A story every daughter will recognize, The Reluctant Daughter depicts the struggles of Lydia Pinkowitz to communicate the realities of her life as a lesbian, as a feminist scholar, and as the woman she has become to her mother Doris. After years of hoping to attain her mother's love and acceptance while struggling to live a true and honest life, Lydia eventually acknowledges her mother will never really see her. When Doris develops a life-threatening illness, Lydia is forced to make a life-and-death decision of her own: should she make one final attempt to heal her relationship with her mother or simply let her go?

Where IS Your Mother? - Ava Carroll-Brown 2011-06-17

Where IS Your Mother? offers answers to the everyday questions regarding basic etiquette and simple grace. Fun, easy, and informative, this guide will open the doors to rediscovering the importance and ease of basic etiquette and simple grace in today's world. This is not "just another book on etiquette"—each chapter is filled with sound information and great tips presented in a simple, informative, and straightforward manner. The easy strategies for more gracious living within are founded on classic eighteenth-century guidelines, re-imagined for today's considerably more complicated life, society, and lifestyles. Many basic (and not-so-basic) etiquette questions are addressed, along with the mystery of whether or not Grandma was really telling the truth about the power of the magic words of etiquette:

please, thank you, and excuse me. The presentation of these guidelines has been simplified, eliminating the intimidation of the subject matter, but the basics are very much in line with the Old World etiquette lessons—lessons that author Ava Carroll-Brown feels should not only be taught and followed but practiced regularly. Where IS Your Mother? is a wonderful addition to any reference library and the perfect gift for anyone at any occasion.

Families, Young People, Physical Activity and Health - Symeon Dagkas 2016-05-05

The family is an important site for the transmission of knowledge and cultural values. Amidst claims that young people are failing to follow health advice, dropping out of sport and at risk of an ever-expanding list of lifestyle diseases, families have become the target of government interventions. This book is the first to offer critical sociological perspectives on how families do and do not function as a pedagogical site for health education, sport and physical activity practices. This book focuses on the importance of families as sites of pedagogical work across a range of cultural and geographical contexts. It explores the relationships between families, education, health, physical activity and sport, and also offers reflections on the methodological and ethical issues arising from this research. Its chapters discuss key questions such as: how active living messages are taken up in families; how parents perceive the role of education, physical activity and sport; how culture, gender, religion and social class shape engagement in sport; how family pedagogies may influence health education, sport and physical activity now and in the future. This book is essential reading for anyone with an interest in health, physical education, health education, family studies, sport pedagogy or the sociology of sport and exercise.
