**Bar & Restaurant Success** - Nick Fosberg  
2017-05-16

If you're a bar or restaurant owner, who's looking to attract new customers and turn them

into loyal customers, Bar Restaurant Success is going to give you a step by step road map to follow to make that happen. Here's what 2 industry experts had to say. "This should be a book that every owner or operator owns and devours. In my 20 plus years in the hospitality industry, I have yet to read anything like this. I got value on just about every page and couldn't stop reading!" James Henderson, Former Director of Operations TGI Fridays & Former Vice President of Human Resources for Rafferty's Restaurants "From Nick's personal experience, his insight into the industry, not only provides today's operators with an informative analysis on the ever changing consumer loyalty relationship, but has also developed a proven

solution in navigating and fusing the old world traditions of the hospitality industry with today's ever changing technology driven consumer. Bar Restaurant Success is a must read for any operator looking to stay ahead of the curve in securing and building customer loyalty for long term success." James Moreland, a New York based bar lifestyle, trade & industry expert Who Is The Book For? Any bar or restaurant owner who: \*Wants an easier, faster, less riskier way to increase sales and attract new customer without risking advertising dollars. \*Wants multiple ways to leverage their time and systematize their business so they can spend more time with family and friends. \*Wants a simple step-by-step guide to hand to their managers to help increase sales and get new customers in the door. \*Wants any advantage they can get over their competition. Any manager, server, or bartender who: \*Has a passion for marketing and promotions and wants to take their income to the next level by helping their owners build their

business with proven, time tested marketing strategies. \*Eventually sees themselves opening up their own bar or restaurant in the near future and wants a proven formula for building and scaling the business in a way where their brand stands out from the competition. Here Are A Few Secrets That You'll Discover... \*The number one reason owners see zero results from social media marketing and the one simple tweak to fix it. \*How to ONLY advertise to people in your area who are BUYING beer, wine, liquor, and meals at other bars and restaurants on their credit cards - can you think of the ROI you'd get targeting ONLY these types of people with offers to your business. \*How Lena added 20 daily loyal customers to her business in just 60 days using one marketing strategy that cost very little to use. (Every bar and restaurant owner should be using this one strategy, but most are unaware of what it is) \*How a high end steakhouse in Houston, TX made almost \$60,000 in sales and got over 2,000 brand new customers in the door

with one promotion using Facebook and e-mail.

\*The little known secret a restaurant owner in a town of 14,000 in Minnesota used to generate nearly \$30,000 in sales from only using his e-mail list (If this works for small town restaurant owners, it will work for anyone). \*The one key element that determines if your marketing campaign is going to be a success or failure.

\*The best offers to make to get new customers in your doors & the worst offers to make (Based on 6 years of testing different offers. This is your shortcut to eliminating trial and error). \*The 5 key ingredients you need in every ad to get the highest ROI on your marketing dollars - If you leave one of these out, you're marketing efforts can be a total loss. \*The \$85 marketing campaign that can easily bring you well over \$1,000 in sales if your ticket average is at least \$15.

**Jin Mi - Life and Love** - Jim Weeks 2021-07-22  
A very badly wounded Viet Nam veteran learned to fight through deep depression and lived with

his injuries. During recuperation, he found he had the ability to learn to play various musical instruments, and with his vocal ability, he was able to perform like a professional. He eventually reintegrated into as normal a life as possible. Along the way, he found the joys of love and the depths of extreme sadness. After leaving the military, he searched new locations for a place he could live in and found happiness—his private paradise. He found it and lost it a few times, but his music was always there to help him through the sad times. It also proved to be very entertaining to others, especially young women, and as a bonus, it was very profitable. He even learned to speak a foreign language. He made friends wherever he went. Some were very solid, long-lasting friendships, and others were very shallow and fleeting. Many people said he was the nicest man you would ever know. In the end, will there be a happy ever after?

*The Ultimate Chest Freezer Cold Plunge DIY Guide* - John Richter 2019-10-30

Regular cold-water immersion can improve your physical health and emotional well-being.

Whether you are an elite athlete, a bio-hacker, a health and fitness enthusiast, or someone who is trying to reboot your immune system, cold water might be the missing piece to enhance your results. However, if you live in a warm climate, what options do you have? Cold showers are a good place to start, but do not provide consistent temperatures year-round, and most people find them to be uncomfortable at best. Buying and hauling ice gets expensive and takes a lot of time. Cryotherapy chambers are inconvenient and expensive. Commercially built cold plunges can cost several thousand - or tens of thousands - of dollars. So, what is a great solution for the average person? Convert a chest freezer into a

cold plunge! However, chest freezers are not meant to hold water. Creating a personal cold plunge from a chest freezer is fraught with potential problems and missteps. If you don't set it up correctly, you can damage or break your chest freezer, waste hundreds of dollars and countless hours of time, or worse, injure yourself. After two years of research and modifications and helping more than 1,500 people from 72 countries in a private online group, John Richter has created a guide book that helps you convert a chest freezer into a cold plunge while avoiding costly mistakes and frustration. The Ultimate Chest Freezer Cold Plunge DIY Guide helps you: - Select the best chest freezer - Design options for various budgets - Prevent rust and other damage- Choose equipment for easy use and maintenance- Keep your water clean- with or without chemicals- Be safe- Set the optimal temperature- Create a cold-water practice- Find the best training- Avoid costly mistakes- And

much more Each chapter is easy to read and offers step-by-step directions. The book includes a buyer's guide, setup checklist, and a FAQ that answers more than 50 questions. This book is a must-have for professional athletes, students of the Wim Hof Method, followers of Dr. Jack Kruse, and anyone else who wants to take the benefits of cold training to the next level.

Brewing Everything: How to Make Your Own Beer, Cider, Mead, Sake, Kombucha, and Other Fermented Beverages (Countryman Know How) - Dan Crissman 2018-06-29

Easy and authentic ways to ferment delicious beverages at home Brewing Everything is a thorough, accessible, and humorous guide to brewing anything from beer to cider to sake. For every brewing project there is both an easy way and a hard way, a method useful to both the curious novice and the hardcore brewing veteran. Each chapter includes interviews with experts (brewmasters, cidermakers, new meadery startups, and small-batch kombucha

sellers) as well as the author's own home- tested recipes. Brewing Everything walks you through the process from start to finish, beginning with easier shortcuts until you get the hang of it, and then upgrading to the harder stuff after you've brewed a thing or two. With step-by-step instructions, color photographs, and methods for every level of experience, this is the ultimate guide to all things home brew.

**All In Startup** - Diana Kander 2014-06-30

If Owen Chase can't find a way to turn his company around in the next nine days, he'll be forced to shut it down and lay off all of his employees. He has incurred substantial debt and his marriage is on shaky ground. Through pure happenstance, Owen finds himself pondering this problem while advancing steadily as a contestant at the World Series of Poker. His Las Vegas path quickly introduces him to Samantha, a beautiful and mysterious mentor with a revolutionary approach to entrepreneurship. Sam is a fountain of knowledge that may save

his company, but her sexual advances might prove too much for Owen's struggling marriage. All In Startup is more than just a novel about eschewing temptation and fighting to save a company. It is a lifeline for entrepreneurs who are thinking about launching a new idea or for those who have already started but can't seem to generate the traction they were expecting. Entrepreneurs who achieve success in the new economy do so using a new "scientific method" of innovation. All In Startup demonstrates why four counterintuitive principles separate successful entrepreneurs from the wannapreneurs who bounce from idea to idea, unable to generate real revenue. You will likely get only one opportunity in your life to go "all in" in on an idea: to quit your job, talk your spouse into letting you drain the savings account, and follow your dream. All In Startup will prepare you for that "all in" moment and make sure that you push your chips into the middle only when the odds are in your favor. This book holds the keys
