Love the One You're With Emily Giffin 2010-09-09 If you can't forget the one who got away, can you truly love the one you're with? Ellen and Andy's first year of marriage doesn't just seem perfect, it IS perfect. There is no question how deep their devotion is, and how naturally they bring out the best in each other. Then, one fateful afternoon, Ellen runs into Leo for the first time in eight years. Leo, the one who brought out the worst in her. Leo, the one who left her heartbroken with no explanation. Leo, the one she could never quite forget. When his reappearance ignites long-dormant emotions, Ellen begins to question whether the life she's living is the one she's meant to live. **LOVE THE ONE YOU'RE WITH** is a powerful story about one woman at the crossroads of true love and real life.

The Love Hypothesis Ali Hazelwood 2021-09-14 The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Rimmer: 'I fell in love with this amazing book after the first sentence and would read it all over again. A wonderful mixture of emotions, real love, secrets, laughter and sadness.' Sky's Book Corner 'I was hooked right from the start, and it was just the most beautiful portrayal of falling in love I've ever read. It's the type of love you dream of and want for yourself... Kelly Rimmer has done an outstanding job with *Me Without You*, it's engaging, it warmed my heart to the very core, and then tore it out and stomped all over it. ... *Me Without You* is an unforgettable tale that I couldn't recommend more.' 5/5 GirlsLovetoRead.com 'Me Without You is the beautiful, moving story of Callum and Lilah and they turned me into a complete emotional wreck. I loved the banter and the chemistry between them both right from the first, brilliant chapter and then as the book went on, it warmed and broke my heart all at the same time... It's an incredible novel. Reviewed the Book 'It's been a while since I've read a book that made me 'ugly cry.' You know what I mean... big, fat tears rolling down your cheeks leaving you with eyes so puffy you look like you've had an allergic reaction. Think Claire Danes in... well... pretty much any role she's ever been in. Kelly Rimmer's *Me Without You* certainly broke that dry spell... a heartbreaker of a book that has great characters and a gut-wrenching ending that left me feeling a weird mix of bereft and yet hopeful.' JudgingCovers.co.uk 'There's not much I can say without giving the story away, other than how much I adore Callum and Lilah. Their love story is so genuine and heartfelt... This book is beautifully written, and I found myself highlighting like crazy throughout. I highly recommend this book, but I must warn you, it's one that will make you cry.' Mrs Leif's Blog

Victor Pemberton writes a compelling saga in Leo's Girl, a story of class divisions, romance and the Second World War. Perfect for fans of Dee Williams and Dilly Court. the heart of working-class Islington. Although she loves her parents, Peggy has always felt her home life to be narrow and claustrophobic so, when women are urged to help on the home front after the outbreak of the Second World War, she starts training as a conductor on a London Transport bus. Her parents are both appalled; it's hardly a fitting position for the daughter of a local magistrate. It is not just Peggy's parents who make her life difficult. Many of the bus crew haven't adjusted to women from their own class working let alone the likes of Peggy. And her relationship with Leo, who is most definitely from the wrong part of town, serves to create further tensions. It is only when the real enemy strikes, and a bomb explodes in the path of a bus, that these petty differences are cast aside, but, for some, it's too late to say sorry. What readers are saying about Victor Pemberton: 'Always a good and enjoyable read' 'An excellent read, [Victor Pemberton's] stories are always very authentic' 'Five stars'

SignMates Bernie Ashman 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

She H. Rider Haggard 2023-07-19 In giving to the world the record of what, looked at as an adventure only, is I suppose one of the most wonderful and mysterious experiences ever undergone by mortal men, I feel it incumbent on me to explain what my exact connection with it is. And so I may as well say at once that I am not the narrator but only the editor of this extraordinary history, and then go on to tell how it found its way into my hands. Some years ago I, the editor, was stopping with a friend, "vir doctissimus et amicus meus," at a certain University, which for the purposes of this history we will call Cambridge, and was one day much struck with the appearance of two persons whom I saw going arm-in-arm down the street. One of these gentlemen was I think, without exception, the handsomest young fellow I have ever seen. He was very tall, very broad, and had a look of power and a grace of bearing that seemed as native to him as it is to a wild stag. In addition his face was almost without flaw — a good face as well as a beautiful one, and when he lifted his hat, which he did just then to a passing lady, I saw that his head was covered with little golden curls growing close to the scalp. "Good gracious!" I said to my friend, with whom I was walking, "why, that fellow looks like a statue of Apollo come to life. What a splendid man he is!" "Yes," he answered, "he is the handsomest man in the University, and one of the nicest too. They call him 'the Greek god'; but look at the other one, he's Vincey's (that's the god's name) guardian, and supposed to be full of every kind of information. They call him 'Charon.'" I looked, and found the older man quite as interesting in his way as the glorified specimen of humanity at his side. He appeared to be about forty years of age, and was I think as ugly as his companion was handsome. To begin with, he was

shortish, rather bow-legged, very deep chested, and with unusually long arms. He had dark hair and small eyes, and the hair grew right down on his forehead, and his whiskers grew right up to his hair, so that there was uncommonly little of his countenance to be seen. Altogether he reminded me forcibly of a gorilla, and yet there was something very pleasing and genial about the man's eye. I remember saying that I should like to know him. "All right," answered my friend, "nothing easier. I know Vincey; I'll introduce you," and he did, and for some minutes we stood chatting — about the Zulu people, I think, for I had just returned from the Cape at the time. Presently, however, a stoutish lady, whose name I do not remember, came along the pavement, accompanied by a pretty fair-haired girl, and these two Mr. Vincey, who clearly knew them well, at once joined, walking off in their company. I remember being rather amused because of the change in the expression of the elder man, whose name I discovered was Holly, when he saw the ladies advancing. He suddenly stopped short in his talk, cast a reproachful look at his companion, and, with an abrupt nod to myself, turned and marched off alone across the street. I heard afterwards that he was popularly supposed to be as much afraid of a woman as most people are of a mad dog, which accounted for his precipitate retreat. I cannot say, however, that young Vincey showed much aversion to feminine society on this occasion. Indeed I remember laughing, and remarking to my friend at the time that he was not the sort of man whom it would be desirable to introduce to the lady one was going to marry, since it was exceedingly probable that the acquaintance would end in a transfer of her affections. He was altogether too good-looking, and, what is more, he had none of that consciousness and conceit about him which usually afflicts handsome men, and makes them deservedly disliked by their fellows. That same evening my visit came to an end, and this was the last I saw or heard of "Charon" and "the Greek god" for many a long day. Indeed, I have never seen either of them from that hour to this, and do not think it probable that I shall. But a month ago I received a letter and two packets, one of manuscript, and on opening the first found that it was signed by "Horace Holly," a name that at the moment was not familiar to me. It ran as follows: — " — — College, Cambridge, May 1, 18 — "My dear Sir, — You will be surprised, considering the very slight nature of our acquaintance, to get a letter from me. Indeed, I think I had better begin by reminding you that we once met, now some five years ago, when I and my ward Leo Vincey were introduced to you in the street at Cambridge. To be brief and come to my business. I have recently read with much interest a book of yours describing a Central African adventure. I take it that this book is partly true, and partly an effort of the imagination. However this may be, it has given me an idea. It happens, how you will see in the accompanying manuscript (which together with the Scarab, the 'Royal Son of the Sun,' and the original sherd, I am sending to you by hand), that my ward, or rather my adopted son Leo Vincey and myself have recently passed through a real African adventure, of a nature so much more marvellous than the one which you describe, that to tell the truth I am almost ashamed to submit it to you lest you should disbelieve my tale. You will see it stated in this manuscript that I, or rather we, had made up our minds not to make this history public during our joint lives. Nor should we alter our determination were it not for a circumstance which has recently arisen. We are for reasons that, after perusing this manuscript, you may be able to guess, going away again this time to Central Asia where, if anywhere upon this earth, wisdom is to be found, and we anticipate that our sojourn there will be a long one. Possibly we shall not return. Under these altered conditions it has become a question whether we are justified in withholding from the world an account of a phenomenon which we believe to be of unparalleled interest, merely because our private life is involved, or because we are afraid of ridicule and doubt being cast upon our statements. I hold one view about this matter, and Leo holds another, and finally, after much discussion, we have come to a compromise, namely, to send the history to you, giving you full leave to publish it if you think fit, the only stipulation being that you shall disguise our real names, and as much concerning our personal identity as is consistent with the maintenance of the bona fides of the narrative. "And now what am I to say further? I really do not know beyond once more repeating that everything is described in the accompanying manuscript exactly as it happened. As regards She herself I have nothing to add. Day by day we gave greater occasion to regret that we did not better avail ourselves of our opportunities to obtain more

information from that marvellous woman. Who was she? How did she first come to the Caves of Kôr, and what was her real religion? We never ascertained, and now, alas! we never shall, at least not yet. These and many other questions arise in my mind, but what is the good of asking them now? "Will you undertake the task? We give you complete freedom, and as a reward you will, we believe, have the credit of presenting to the world the most wonderful history, as distinguished from romance, that its records can show. Read the manuscript (which I have copied out fairly for your benefit), and let me know. "Believe me, very truly yours, "L. Horace Holly "P.S. — Of course, if any profit results from the sale of the writing should you care to undertake its publication, you can do what you like with it, but if there is a loss I will leave instructions with my lawyers, Messrs. Geoffrey and Jordan, to meet it. We entrust the sherd, the scarab, and the parchments to your keeping, till such time as we demand them back again. — L. H. H." This letter, as may be imagined, astonished me considerably, but when I came to look at the MS., which the pressure of other work prevented me from doing for a fortnight, I was still more astonished, as I think the reader will be also, and at once made up my mind to press on with the matter. I wrote to this effect to Mr. Holly, but a week afterwards received a letter from that gentleman's lawyers, returning my own, with the information that their client and Mr. Leo Vincey had already left this country for Thibet, and they did not at present know their address. Well, that is all I have to say. Of the history itself the reader must judge. I give it him, with the exception of a very few alterations, made with the object of concealing the identity of the actors from the general public, exactly as it came to me. Personally I have made up my mind to refrain from comments. At first I was inclined to believe that this history of a woman on whom, clothed in the majesty of her almost endless years, the shadow of Eternity itself lay like the dark wing of Night, was some gigantic allegory of which I could not catch the meaning. Then I thought that it might be a bold attempt to portray the possible results of practical immortality, informing the substance of a mortal who yet drew her strength from Earth, and in whose human bosom passions yet rose and fell and beat as in the undying world around her the winds and the tides rise and fall and beat unceasingly. But as I went on I abandoned that idea also. To me the story seems to bear the stamp of truth upon its face. Its explanation I must leave to others, and with this slight preface, which circumstances make necessary, I introduce the world to Ayesha and the Caves of Kôr. — The Editor. P.S. — There is on consideration one circumstance that, after a reperusal of this history, struck me with so much force that I cannot resist calling the attention of the reader to it. He will observe that so far as we are made acquainted with him there appears to be nothing in the character of Leo Vincey which in the opinion of most people would have been likely to attract an intellect so powerful as that of Ayesha. He is not even, at any rate to my view, particularly interesting. Indeed, one might imagine that Mr. Holly would under...FROM THE BOOKS. ordinary circumstances have easily outstripped him in the favour of She. Can it be that extremes meet, and that the very excess and splendour of her mind led her by means of some strange physical reaction to worship at the shrine of matter? Was that ancient Kallikrates nothing but a splendid animal loved for his hereditary Greek beauty? Or is the true explanation what I believe it to be — namely, that Ayesha, seeing further than we can see, perceived the germ and smouldering spark of greatness which lay hid within her lover's soul, and well knew that under the influence of her gift of life, watered by her wisdom, and shone upon with the sunshine of her presence, it would bloom like a flower and flash out like a star, filling the world with light and fragrance? Here also I am not able to answer, but must leave the reader to form his own judgment on the facts before him, as detailed by Mr. Holly in the following pages...FROM THE BOOKS.
