Putting Her in Her Place Ryan Hale 2016-10-24 Girls are hardwired to obey and submit. The problem is men and women have reversed gender roles. This is causing men to become feminized and women to become masculinized. I can prove this. You don't see many girls wearing dresses any more, do you (?), because they are all out wearing what men wear; namely: pants, teeshirts, etc. I mean come on, SERIOUSLY! If you want to have the best possible relationship with a girl, where she obeys and submits like a good little girl, then you have to train her back to childhood obedience. You must instill the fear of God in her, letting her know that you are in control of her, and that she must obey you. The more you train her, the more she will start to fall in love with you. The more she will start to accept you as her dominant master. The more she will submit to you and obey you in everything you tell her to do. The less she will try and make decisions on her own. The more she will accept your punishments when she has wronged you. I am not a misogynistic man. I don't want you reading this thinking I am. I am a man who has a wonderfully loving relationship with my girl, who learned this secret and now want to share it with you. I watch too many of my male friends go through the pain and torment of relationships with girls. They don't know how to train a girlfriend, so they keep getting hurt, fucked, and you whatever other adjective you want to fill in the blank with. It doesn't have to be this way. It should not be this way. This book will help you fix it. I don't let my girl do anything adult. She has to play and do childlike activities. I am the adult, she is the little girl. I make her color, fingerpaint, journal in a diary (that I get to read), make her stand in a corner when she acts up, make her take a nap when she's tired, and withhold privileges from her when she doesn't want to comply with my instructions. She loves me, let me assure you. She will never leave me, because she knows I am her answer and have her best interest at heart. She yearns to be taken care of and protected by me. She loves submitting and being dominated. The sex is amazing, let me share. You can have the same. Read this book. Do what it instructs you to do. Start training your girl today. You will win in the end, I promise. Start reading and taking notes! This is more than a book, it's a course! Grab Your Copy Now

How to Attract Women Zac Miller 2020-03-08 Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. There is no denying the fact that ladies love to throw the guys off balance when it comes to romantic relationships. In any pick up attempt, the chase is on and they know you want them but you are not going to get it that easily so they test you. They test you to see if you are worthy to have the trophy. How To Attract Women Steve Dean 2020-01-16 Are you looking forward to a Perfect Dating? Do you want to pass women's tests by decoding their behavior and effortlessly attracting the woman of your dreams? If yes, then keep reading... Whether you're a fan of it or not, chivalry is still very much alive and kicking. All women are romantics at heart, and their fairytale romances almost always begin and end with a prince that sweeps them off their feet. They want and desire to be taken care of, and men often feel the reciprocal need to be the protector and caretaker. Chivalry is in a sense, directly tied to our modern-day conception of romance. But chivalry is taking care of your woman in the primal way that a man does for his mate... and not in the way that a father takes care of his daughter. Your interactions must straddle the sometimes-thin line between your chivalrous instincts and smothering father territory. Fathering has the distinct effect of making someone feel smothered and that they are being tracked by someone for their own purposes - not that they are being taken care of and treated like a princess. For those of you that did not have overbearing fathers growing up, here's what fathers do: ask you where they were, ask you to check in with them, account for time away from them, be overly clingy and focused on you, place their own expectations on you, be preachy about what you're doing and who you're seeing, dote too much, and assume that will be spent together. Some women ultimately come to the conclusion that they want to marry someone very similar to their father - but absolutely not in this aspect. They spent (around) eighteen years living under the same roof with them and taking orders from them already, they don't want any more! You will create the same instinct that a woman will feel if you overly dote and become dependent and clingy on her. She'll feel cornered and instantly look for an escape route... and by creating that distance, it instantly turns you into the pursuer. We've gone over why this is a losing proposition for you. She might even lash out against you as a daughter would to her father setting her curfew. Even if she likes you and doesn't mind the excessive amount of attention and oversight, you create a negative association with each of your interactions - she will feel obligated to spend time with you, and may even do so out of guilt. You're putting your expectations on someone else, and anytime that happens, they will feel burdened to have to live up to them. Is it positive to have someone spend time with you out of a feeling of duty or guilt? Of course not! Your time spent together and dates should be highly anticipated and looked forward to. So how does the Jerk Complex treat his mate, where the True Jerk just doesn't care? He protects her, but he doesn't dote on her safety. He takes care of her, but doesn't nag that everything is in order. He protects her but doesn't make her carry her rape whistle. He takes advantage of the romantic side and charming side of chivalry and doesn't stay mired in treating her like a princess. The Jerk Complex can take care of himself, and assumes that his woman can as well. Your focus should be on romantic gestures that a mate uses for seduction, and not overbearing fatherly gestures that will drive her to rebel against you. This book gives a comprehensive guide on the following: How women test men What is the behavior of women? Be your own man and earn her respect. The importance of being self-confidence Adding more benefits to your love life with texting How to be attractive to women How to tell stories that activate her imagination and make her want more How to start fun conversations & keep them going Making sure you'll do it right ... How to Text a Girl Bruce Glover 2020-10-10 You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The

information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... AND MORE! What you waiting for, get this book Now!

The Noble Art of Seducing Women - My Foolproof Guide to Pulling Any Woman You Want Kezia Noble 2012-02-23 Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women.
