

I Love Her All The Time Sonic Youth

Unspooled - Rob Drew 2024-01-26

Well into the new millennium, the analog cassette tape continues to claw its way back from obsolescence. New cassette labels emerge from hipster enclaves while the cassette's likeness pops up on T-shirts, coffee mugs, belt buckles, and cell phone cases. In *Unspooled*, Rob Drew traces how a lowly, hissy format that began life in office dictation machines and cheap portable players came to be regarded as a token of intimate expression through music and a source of cultural capital. Drawing on sources ranging from obscure music zines to transcripts of Congressional hearings, Drew examines a moment in the early 1980s when music industry representatives argued that the cassette encouraged piracy. At the same time, 1980s indie rock culture used the cassette as a symbol to define itself as an outsider community. Indie's love affair with the cassette culminated in the mixtape, which advanced indie's image as a gift economy. By telling the cassette's long and winding history, Drew demonstrates that sharing cassettes became an acceptable and meaningful mode of communication that initiated rituals of independent music recording, re-recording, and gifting.

Tape Delay - Charles Neal 2001

Bestselling collection of interviews with the Eighties underground. Republished. A classic rock read.

Goodbye 20th Century (Large Print 16pt) - David Browne 2010-06

Rising from the drug-infested streets of '80s New York City, the incomparable Sonic Youth recorded some of the most important albums in alternative music history and influenced an entire generation of indie rockers. They helped spawn an alternative arts scene of underground films and comics, conceptual art, experimental music, even fashion. More than perhaps any band of their time, they brought art previously considered "fringe" into the mainstream - and irrevocably altered the cultural zeitgeist. Based on extensive research, exclusive band

interviews, and unprecedented access to unreleased recordings and documents, *Goodbye 20th Century* is the definitive biography of the Velvet Underground of their generation.

SPIN - 1985-08

From the concert stage to the dressing room, from the recording studio to the digital realm, *SPIN* surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of *SPIN* pulsate with the energy of today's most innovative sounds.

Whether covering what's new or what's next, *SPIN* is your monthly VIP pass to all that rocks.

Listen to This If You Love Great Music - Robin Murray 2021-06-01

Listen To This If You Love Great Music is a must read for anyone with even a passing interest in music. Featuring 100 of the best albums from the last four decades, *clashmusic.com* editor Robin Murray shares his passion for exceptional music and offers insightful takes on what elevates these records above the competition. Robin steers clear of the usual classics - The Beatles and The Clash, for example - and instead goes deep into his record collection to pull out the albums he considers the greatest ever. For each, a solid case is made for why it represents a watershed moment in music history, outlining the story behind the record and critiquing what constitutes a classic. Uniquely curated to offer a fresh perspective on the last 40-plus years of music, find politically charged rock brushing shoulders with dub-infused electronica, progressive pop and dreamy shoegaze shaken awake by ear-drum rattling grime and house music. Whether it's bass-heavy hip-hop from Nas that inspired a thousand MCs to pick up a mic or experimental indie dance from LCD Soundsystem that blurred genres and tempted musicians to trade in their guitars for synthesizers, this is an essential rundown of the albums that really matter. You need to play them

loud.

Rock Song Index - Bruce Pollock 2014-03-18

First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

Love & Death - Max Wallace 2004-04-09

A stunning and groundbreaking investigation into the death of one of the great rock icons of our times -- revealing new evidence that points to a terrible conclusion. On Friday, April 8, 1994, a body was discovered in a room above a garage in Seattle. For the attending authorities, it was an open-and-shut case of suicide. What no one knew then, however, and which is only being revealed here for the very first time, is that the person found dead that day -- Kurt Cobain, the superstar frontman of Nirvana -- was murdered. In early April 1994, Cobain went missing for days, or so it seemed; in fact, some people knew where he was, and one of them was Courtney Love. Now a star in Hollywood and rock music, in early 1994 she was preparing to release her major label debut with her band, Hole, and what she knew then, though few others did, was that Cobain was planning to divorce her. *Love & Death* paints a critical portrait of Courtney Love; it also reveals for the first time the case tapes made by Love's own P.I., Tom Grant, a man on a mission to find the truth about Kurt Cobain's demise; and introduces us to a number of characters who feature in various theories about plots to kill Cobain. In addition, Cobain's grandfather goes public, charging that his grandson was murdered. Drawing on new forensic evidence and police reports obtained under the Freedom of Information Act, the book explodes the myths that have long convinced the world that Cobain took his own life, and reveals that the official scenario was scientifically impossible. Against a background of at least sixty-eight copycat suicides since 1994, award-winning investigative journalists Max Wallace and Ian Halperin have conducted a ten-year crusade for the truth, and in *Love & Death* they are finally able to present a chilling and convincing case that each and every one of these suicides was preventable -- and in doing so, they call for this case to be reopened and properly investigated.

New York Magazine - 1992-08-24

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Rough Guide to Rock - Peter Buckley 2003

Compiles career biographies of over 1,200 artists and rock music reviews written by fans covering every phase of rock from R & B through punk and rap.

Sonic Youth Slept On My Floor - Dave Haslam 2018-05-24

'Beautifully judged account of the Manchester scene . . . There is something of the fairy tale about Dave Haslam's sage joyful testament to the kind of life that nobody could ever plan, a happy aligning of a cultural moment and a young man who instinctively knew that it was his once upon a time' Victoria Segal, Sunday Times
'Witty, sometimes dark, revealing, insightful, everything one could hope for from one of those folk without whom independent music simply wouldn't exist' Classic Rock
Sonic Youth Slept on My Floor is writer and DJ Dave Haslam's wonderfully evocative memoir. It is a masterful insider account of the Hacienda, the rise of Madchester and birth of the rave era, and how music has sound-tracked a life and a generation. In the late 1970s Dave Haslam was a teenage John Peel listener and Joy Division fan, his face pressed against a 'window', looking in at a world of music, books and ideas. Four decades later, he finds himself in the middle of that world, collaborating with New Order on a series of five shows in Manchester. Into the story of those intervening decades, Haslam weaves a definitive portrait of Manchester as a music city and the impact of a number of life-changing events, such as the nightmare of the Yorkshire Ripper to the shock of the Manchester Arena terror attack. The cast of Haslam's life reads like a who's who of '70s, '80s and '90s popular culture: Tony

Wilson, Nile Rodgers, Terry Hall, Neneh Cherry, Tracey Thorn, John Lydon, Johnny Marr, Ian Brown, Laurent Garnier and David Byrne. From having Morrissey to tea and meeting writers such as Raymond Carver and Jonathan Franzen to discussing masturbation with Viv Albertine and ecstasy with Roisin Murphy, via having a gun pulled on him at the Hacienda and a drug dealer threatening to slit his throat, this is not your usual memoir.

Hollywood Rock - Marshall Crenshaw 1994
Offers reviews, comments, and production credits for films about rock music, musicals with rock scores, movies featuring rock stars as actors, rock documentaries, and films with influential rock soundtracks.

Our Band Could Be Your Life - Michael Azerrad 2012-12-01

The definitive chronicle of underground music in the 1980s tells the stories of Black Flag, Sonic Youth, The Replacements, and other seminal bands whose DIY revolution changed American music forever. *Our Band Could Be Your Life* is the never-before-told story of the musical revolution that happened right under the nose of the Reagan Eighties -- when a small but sprawling network of bands, labels, fanzines, radio stations, and other subversives re-energized American rock with punk's do-it-yourself credo and created music that was deeply personal, often brilliant, always challenging, and immensely influential. This sweeping chronicle of music, politics, drugs, fear, loathing, and faith is an indie rock classic in its own right. The bands profiled include: Sonic Youth Black Flag The Replacements Minutemen Husker Du Minor Threat Mission of Burma Butthole Surfers Big Black Fugazi Mudhoney Beat Happening Dinosaur Jr.

Punk Aesthetics and New Folk - John Encarnacao 2016-04-15

Joanna Newsom, Will Oldham (a.k.a. 'Bonnie Prince Billy'), and Devendra Banhart are perhaps the best known of a generation of independent artists who use elements of folk music in contexts that are far from traditional. These (and other) so called 'new folk' artists challenge our notions of 'finished product' through their recordings, intrinsically guided by practices and rhetoric inherited from punk. This book traces a fractured trajectory that includes

Harry Smith's Anthology of American Folk Music, Bob Dylan, psych-folk of the sixties (from Vashti Bunyan to John Fahey), lo-fi and outsider recordings (from Captain Beefheart and The Residents to Jandek, Daniel Johnston and Smog), and recent experimental folk (Animal Collective, Six Organs of Admittance, Charalambides) to contextualise the first substantial consideration of new folk. In the process, Encarnacao reviews the literature on folk and punk to argue that tropes of authenticity, though constructions, carry considerable power in the creation and reception of recorded works. New approaches to music require new analytical tools, and through the analysis of some 50 albums, Encarnacao introduces the categories of labyrinth, immersive and montage forms. This book makes a compelling argument for a reconsideration of popular music history that highlights the eternal compulsion for spontaneous, imperfect and performative recorded artefacts.

The Hacienda - Peter Hook 2009-10-01

Legendary musician Peter Hook tells the whole story - the fun, the music, the vast loss of money, the legacy - of Manchester's most iconic nightclub Peter Hook, as co-founder of Joy Division and New Order, has been shaping the course of popular music for thirty years. He provided the propulsive bass guitar melodies of 'Love Will Tear Us Apart' and the bestselling 12-inch single ever, 'Blue Monday' among many other songs. As co-owner of Manchester's Hacienda club, Hook propelled the rise of acid house in the late 1980s, then suffered through its violent fall in the 1990s as gangs, drugs, greed and a hostile police force destroyed everything he and his friends had created. This is his memory of that era and 'it's far sadder, funnier, scarier and stranger' than anyone has imagined. As young and naive musicians, the members of New Order were thrilled when their record label Factory opened a club. Yet as their career escalated, they toured the world and had top ten hits, their royalties were being ploughed into the Hacienda and they were only being paid £20 per week. Peter Hook looked back at that exciting and hilarious time to write HACIENDA. All the main characters appear - Tony Wilson, Barney, Shaun Ryder - and Hook tells it like it was - a rollercoaster of success, money, confusion and true faith.

Psychic Confusion: The Sonic Youth Story -
Stevie Chick 2009-11-05

In the early 80s Sonic Youth regenerated the spirit of punk by creating their own spectacular brand of noise rock. Without them, much of the independent rock community that followed would never have come into being and it was a direct result of their influence that Nirvana releases Nevermind on a major label. Drawing on interviews with the group and the people closest to them, Steve Chick gives a fascinating insight into this most fearless and adventurous of bands, charting their revolutionary path and exploring the aftershocks they left both on pop culture and the counter-culture.
