Gay and Lesbian, Then and Now - Robert Reynolds 2016-05-31

Queer Cities, Queer Cultures - Jennifer V. Evans 2014-08-28

Queer Cities, Queer Cultures examines the formation and make-up of urban subcultures and situates them against the stories we typically tell about Europe and its watershed moments in the post 1945 period. The book considers the degree to which the iconic events of 1945, 1968 and 1989 influenced the social and sexual climate of the ensuing decades, raising questions about the form and structure of the 1960s sexual revolution, and forcing us to think about how we define sexual liberalization - and where, how and on whose terms it occurs. An international team of authors explores the role of America in shaping particular forms of subculture; the significance of changes in legal codes; differing modes of queer consumption and displays of community; the difficult fit of queer (as opposed to gay and lesbian) politics in liberal democracies; the importance of mobility and immigration in modulating queer urban life; the challenge of AIDS; and the arrival of the internet. By exploring the queer histories of cities from Istanbul to Helsinki and Moscow to Madrid, Queer Cities, Queer Cultures makes a significant contribution to our understanding of urban history, European history and the history of gender and sexuality.

Pink Ink - Bill Calder 2016-08-01

The tapping of typewriters first lifted the secrecy around homosexuality, and a vibrant array of voices was soon heard. The publishers of gay magazines and newspapers were a diverse and lively lot. Some wanted to publicise where the best parties were held; some to fight the political battle; and others to show new ways for lesbians and gay men to live their lives. The story of these magazines and newspapers is the story of society's changing attitudes, and indeed, the changing gay world. This book traces the evolution of Australia's gay and lesbian publications from smudgy porn sold in brown paper bags to glossy coffee-table magazines proudly on display; from gestetnered newsletters to an industry publishing millions of newspapers each year - that is, until the Internet changed it all.

The Routledge Companion to Travel Writing - Carl Thompson 2015-12-22

As many places around the world confront issues of globalization, migration and postcoloniality, travel writing has become a serious genre of study, reflecting some of the greatest concerns of our time. Encompassing forms as diverse as field journals, investigative reports, guidebooks, memoirs, comic sketches and lyrical reveries; travel writing is now a crucial focus for discussion across many subjects within the humanities and social sciences. An ideal starting point for beginners, but also offering new perspectives for those familiar with the field, The Routledge Companion to Travel Writing examines: Key debates within the field, including postcolonial studies, gender, sexuality and visual culture Historical and cultural contexts, tracing the evolution of travel writing across time and over cultures Different styles, modes and themes of travel writing, from pilgrimage to tourism Imagined geographies, and the relationship between travel writing and the social, ideological and occasionally fictional constructs through which we view the different regions of the world. Covering all of the major topics and debates, this is an essential overview of the field, which will also encourage new and exciting directions for study. Contributors: Simon Bainbridge, Anthony Bale, Shobhana Bhattacharji, Dúnlaith Bird, Elizabeth A. Bohls, Wendy Bracewell, Kylie Cardell, Daniel Carey, Janice Cavell, Simon Cooke, Matthew Day, Kate Douglas, Justin D. Edwards, David Farley, Charles Forsdick, Corinne Fowler, Laura E. Diaspora - Helen Gilbert 2000

Sexual Orientation and Transgender Issues in Organizations - Thomas Köllen 2016-04-25

Over the last decade workforce diversity has attracted much scientific attention. Given the shortage of literature on issues related to homosexual, bisexual and transgender employees, compared to other facets of workforce diversity, this book opens up new perspectives on this issue. Emphasis is placed on the equal consideration of gay, lesbian, bisexual, and transgender issues. Thus the predominance of lesbian and gay issues in LGBT research (and practice), will be contrasted by an explicit consideration of the unique experiences, stressors and related needs of bisexual and transgender employees. Contributions provide deeper insights into the differing experiences the whole spectrum of LGBT employees make in the workplace in different national and occupational contexts. Furthermore, the collection offers contextualized insights for evaluating and conceptualizing organizational initiatives aiming at a higher level of inclusion for LGBT employees.

Understanding Your Inner Child and Overcoming Addiction - Eddie Capparucci 2023-09-12

This book provides a comprehensive overview of the Inner Child Model™ for treating Addictive Behaviors, a trauma-based approach to the treatment of various addictions including alcohol, drugs, food, gambling, sex, spending, smoking, etc. Research indicates the onset of addiction originates in childhood trauma, inability to process emotional discomfort, and attachment disorders. This book addresses each of these issues to assist individuals in

overcoming the drivers of addictive behaviors. But more importantly, provides solutions to help those who struggle to learn to manage their addiction. It contains numerous case studies in which readers will see themselves and their stories throughout the pages and assists readers in generating a comprehensive recovery roadmap that will provide real-world solutions to staying one step ahead of their addiction. While there have been books written about the Inner Child, few focus on how the Inner Child impacts addiction. This unique and interactive therapeutic approach empowers individuals by assisting them in understanding "why" they engage in addictive behaviors. This book is written for anyone struggling with behavioral/substance addiction, their loved ones, and clinicians working in the field of addiction treatment.

Imagining Gay Paradise - Gary L. Atkins
2012-01-01

This look at gay paradises in Southeast Asia and the men who created them considers the obstacles gay men have faced in securing a voice as citizens, and how they have used images of paradise in Bali, Bangkok and Singapore to create a sense of refuge, construct homes for themselves, and dissent from typical notions of manhood and masculinity. It focuses on Walter

Spies, a gay German painter who in the 1930s depicted Bali as an ideal male aesthetic state; Khun Toc, who founded an architectural paradise called Babylon in Thailand; and the "cyber-paradise" of Fridae.com created by a young Singaporean named Stuart Koe.

Collectively, Atkins examines their pursuit of sexual justice, the ideologies of manhood they challenged, the different types of gay spaces they created (geographic, architectural, online), and political obstacles they have encountered.

Gary Atkins is professor of communication at Seattle University. He is the author of *Gay Seattle: Stories of Exile and Belonging*.

The Cambridge Companion to Gay and Lesbian Writing - Hugh Stevens 2010-11-25

In the last two decades, lesbian and gay studies have transformed literary studies and developed into a vital and influential area for students and scholars. This Companion introduces readers to the range of debates that inform studies of works by lesbian and gay writers and of literary representations of same-sex desire and queer identities. Each chapter introduces key concepts in the field in an accessible way and uses several important literary texts to illustrate how these concepts can illuminate our readings of them. Authors discussed range from Henry James, E. M. Forster and Gertrude Stein to Sarah Waters and Carol Ann Duffy. The contributors showcase the wide variety of approaches and theoretical frameworks that characterise this field, drawing on related themes of gender and sexuality. With a chronology and guide to further reading, this volume offers a stimulating introduction to the diversity of approaches to lesbian and gay literature.

Montreal's Gay Village - Donald W. Hinrichs
2012-01-04

The Gay Village in Montreal is a vibrant and unique neighborhood born in the 1980s. It serves as the locus of much of the social life of LGBTQ persons, and is the site of many celebrations including annual pride activities such as the Divers/Cit arts and music festival, Community Day, and the Pride parade. As a result, it has become a popular draw for tourists from around the world. Montreal's Gay Village explores the neighborhood from a variety of vantage points and attempts to answer many salient questions about its origins, name,

residents, and more: When and why did the Village emerge as a gay neighborhood? Where did it get its name? Who are the residents of the Village? Is the Village primarily a space for gay men, or is it open to a diverse group of people? Is it truly a village, or is it a ghetto and what are the differences? Is it a safe neighborhood to live in and visit? How do LGBTQ persons, tourists, the media, the city, and the tourist industry view the Village? Does the Village have a future as a viable gay neighborhood? This scholarly profile explores the answer to these and many other questions regarding this unique, internationally known community.

Five Gay Tales - Jack Wentworth 2018-11-24

This specially selected group of books has been assembled to give readers an opportunity to enjoy some highly charged erotic gay stories. I know from the feedback I receive that my gay stories are very popular and are much hotter than most gay fiction. In the final book 'Slaves of Rome' there is some straight sex albeit of a perverse kind but there is so much great gay sex that it would have been a shame to leave it out of this collection. So, here you go, five books that you wouldn't want your maiden aunt to see, and maybe not your uncle either!

A Gay AwakeningThis is the first of a series about Jimmy, a twenty-two year old lad who comes out of the closet with a crash. During his first day living in the gay village he has sex with a stream of guys either singly or as part of a threesome. Almost everyone he meets, starting with the van driver who moves his possessions, gets to have sex with him and he loves every minute of it.

The Cruising GroundThis is the first story in a new series of adventures featuring Matthew Bass, a fit gay thirty year old man who likes his partners to be very well endowed. As the title implies, he spends a very happy day at a local cruising spot and has sex with a number of guys who have large endowments. He invites some of them to visit him at his flat and the final scene is where Matthew is gangbanged by his new friends.

Daisy Goes DoggingThis is the first story to feature Daisy, a twenty something gay cross dresser who just loves men and will do anything to please them. She visits a well know dogging spot and is soon taking on all comers. She also meets David and Sue*, better known as the secret doggers, and is introduced to strap-on sex.*See

the Secret Doggers Parts 1 to 8.

The Pink CucumberThis is the first of a series about Joe, a twentysomething who lands his dream job in a gay sauna called The Pink Cucumber. Joe is a submissive with a large manhood who discovers his boss is heavily into BDSM sex. From then on Joe is subject to domination, humiliation and punishment and he loves every minute of it.

Slaves of RomeSlaves of Rome introduces some new characters and a different setting to Jack Wentworth's previous writing. Writing of a time when there was no internet, cars, dogging, vibrators and a host of other modern things that we take for granted proved to be a challenge but one this story more than meets.

Set in ancient Rome in the household of a rich merchant this story introduces Quintus, a former gladiator who now acts as a bodyguard to the master of the house. Quintus is handsome, muscular, very well-endowed and willing to please his master, mistress and their guests in any way they wish.

All of the books in this selection have been published before and are available as single books on Amazon Kindle. The stories feature extremely graphic accounts of consensual gay sex and includes descriptions of threesomes, moresomes, gangbangs, double penetration, sex in public places, female bisexuality and water sports also appear. All the sexual activity in this book takes place between consenting adults and is intended to be read by broadminded people over the age of eighteen. Condoms are not used by the participants but this is a work of fantasy and in the real world that would be as sensible as playing Russian roulette with all six chambers of the revolver loaded. If you are easily offended by adult sexual themes this is the wrong book for you, but if you enjoy a really raunchy story that will set your blood racing look no further. I hope you enjoy reading my stories as much as I enjoy writing them.
