The topics covered include, secularism, Girl Childs, entrepreneurship, education, Transgender, Weaver houses, relationship between sense and peace, Inheritance rights among Syrian Christians, Pradhan Mantri Jan - Dhan Yojana, social Mobility, Women rights and Rayalaseema as a state, Indian Diasporic Literature, Malaysian Telugu Identity, Telugu Diaspora, The Chettiar

Community, Impact of Tamil on Mauritian Creole, Migration Dynamics, a Study of India's Diaspora, M.K. Gandhi's moulding Diasporic Views. etc. All the papers are well researched ones and add to our understanding of the Socio-Cultural aspects of Telugu, Tamil and Indian Diaspora in historical context. The volume serves as a source book for research scholars and teachers of Indian History, Diaspora, inter disciplinary studies and students alike and also a general reader. This volume also highlights the love and affection of Prof. P. Chenna Reddy enjoys in the intellectual world. The felicitation Volume is brought out in a series of 12 independent books covering a total of 460 articles. Every volume contains two sections.

The first section contains the biographical sketch of Prof.P.Chenna Reddy, his achievements and contribution to archaeology, history and Society.

Women Filmmakers in Contemporary Hindi Cinema - Aysha Iqbal Viswamohan 2023-01-28

This book is a comprehensive anthology comprising essays on women film directors, producers and screenwriters from Bollywood, or the popular Hindi film industry. It derives from the major theories of modernity, postmodern feminism, semiotics, cultural production, and gender performativity in globalized times. The collection transcends the traditional approaches of looking at films made by women filmmakers as 'feminist' cinema, and focuses on an extraordinary group of women filmmakers like Ashwini Iyer Tiwari, Bhavani Iyer, Farah Khan, Mira Nair Vijaya Mehta, and Zoya Akhtar. The volume will be of interest to academics and theorists of gender and Hindi cinema, as well as anybody interested in contemporary Hindi films

in their various manifestations.

The Newlyweds - Mansi Choksi 2022-09-26

India is teeming with a young population that was born post-liberalisation, grew up with the internet, witnessed the advent of smartphones and social media, and is well-versed in the many dialects of a globalised pop culture. But when it comes to love and marriage, they're often disconcertingly expected to adhere to the orthodoxy of a bygone era. It's this conflict between the parallel paths of alleged tradition and mutinous modernity that drives journalist Mansi Choksi's *The Newlyweds*. Through vivid, lyrical prose, Choksi shines a light on three young couples who buck against patriarchy-approved arranged marriages in the pursuit of love, illustrating the challenges, triumphs and losses that await them. Zigzagging through India and its smorgasbord of cultures, each chock-full of its own unwritten commandments and sanctions, Choksi introduces our brave newlyweds. First, there's the lesbian couple

by guest*

forced to flee for a chance at a life together. Then there's the Hindu woman and Muslim man who escaped their families under the cover of night after being harassed by a violent militia group. Finally, there's the inter-caste couple doing everything to avoid the horrifying fate of a similar duo murdered for choosing to love. Engaging and moving, *The Newlyweds* raises universal questions such as what are we really willing to risk for love? If we're lucky enough to find it, does it change us? For the better? Or for the worse?

TransFormed - Vins Santiago 2016-09-14

[Women, Gender and Religious Nationalism](#) -

Amrita Basu 2022-10-31

Explores women's roles and contributions in Hindu nationalism and nationalist organizations in the contemporary Indian context.

Gulam Mandi - Nirmala Bhuradia 2019-01-21

Gulam Mandi revolves around the life of its two protagonists - Kalyani and Janki. It makes one

travel through the horrible, fraught and turbulent world of human trafficking wherein innocent children and women are entrapped, sold and forced into flesh trade by a well-knit network of mafia gangs. In its quintessential, the story brings forth the myriad colours of human nature - hate, rejection, betrayal, apathy, ecstasy, opportunism, pure love, sex, expectation, trust, empathy, hope, rejuvenation and so on. Kalyani, a beauty queen, fears ageing and childbirth and is jealous of her own young daughter. Janki, who comes from an oppressed class and had a turbulent childhood, faces rejection from a few people, but finds shelter in Kalyani and Gautam, but, of late, destiny plays its tryst with her life. Finally, she finds solace in Mohan. It portrays the uneven world of the exploiters, who usurp and violate the victims, and the victims who are the sufferers and cannot normally escape the clutches of their perpetrators to rebuild their life. It also brings into limelight the pity world of hijras, the victims

genitalia that differ from those seen as socially typical for boys and girls. The report examines the controversy over the operations inside the medical community, and the pressure on parents to opt for surgery"--Publisher's description.

Gender and Spoken Interaction - P. Pichler
2009-02-12

This diverse collection of gender research with an exclusive focus on spoken interaction explores how gender is reflected and accomplished in relation to other situational and larger-scale sociocultural practices, identities and structures.

Handbook of Japanese Sociolinguistics -
Yoshiyuki Asahi 2022-04-04

This volume is the first comprehensive survey of the sociolinguistic studies on Japanese. Japanese, like other languages, has developed a highly diverse linguistic system that is realized as variation shaped by interactions of linguistic and social factors. This volume primarily focuses on both classic and current topics of

sociolinguistics that were first studied in Western languages, and then subsequently examined in the Japanese language. The topics in this volume cover major issues in sociolinguistics that also characterize sociolinguistic features of Japanese. Such topics as gender, honorifics, and politeness are particularly pertinent to Japanese, as is well-known in general sociolinguistics. At the same time, this volume includes studies on other topics such as social stratification, discourse, contact, and language policy, which have been widely conducted in the Japanese context. In addition, this volume introduces "domestic" approaches to sociolinguistics developed in Japan. They emerged a few decades before the development of the so-called Labovian and Hymesian sociolinguistics in the US, and they have shaped a unique development of sociolinguistic studies in Japan. Contents Part I: History Chapter 1: Research methodology Florian Coulmas Chapter 2: Japan and the

The Inclusive Language Field Guide -

Suzanne Wertheim, PhD 2023-10-03

*Downloaded from
legacy.opendemocracy.net on 2019-10-17
by guest*

Avoid inadvertently offending or alienating anyone by following six straightforward communication guidelines developed by a no-nonsense linguistic anthropologist and business consultant. In today's fast-moving and combative culture, language can feel like a minefield. Terms around gender, disability, race, sexuality and more are constantly evolving. Words that used to be acceptable can now get you cancelled. People are afraid of making embarrassing mistakes. Or sounding outdated or out of touch. Or not being as respectful as they intended. But it's not as complicated as it might seem. Linguistic anthropologist Suzanne Wertheim offers six easy-to-understand principles to guide any communication-written or spoken-with anyone: Reflect reality Show respect Draw people in Incorporate other perspectives Prevent erasure Recognize pain points This guide clarifies the challenges-and the solutions-to using "they/them," and demonstrates why "you guys" isn't as inclusive

as many people think. If you follow the principles, you'll know not to ask a female coworker with a wedding ring about her husband-because she might be married to a woman. And you'll avoid writing things like "America was discovered in 1492," because that's just when Europeans found it. Filled with real-world examples, high-impact word substitutions, and exercises that boost new skills, this book builds a foundational toolkit so people can evaluate what is and isn't inclusive language on their own.

The Health of Lesbian, Gay, Bisexual, and Transgender People - Institute of Medicine
2011-06-24

At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are

Downloaded from
legacy.opendemocracy.net on 2019-10-17
by guest

combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. The Health of Lesbian, Gay, Bisexual, and Transgender People assesses the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that

researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

Voice of the Voiceless - Mini VS 2022-05-03
Proceedings of select papers from the national webinar entitled Poetic Nations of the Soul: The Voice of World Women Poets held at the Dept. of English, St. Xavier's College for Women, Aluva, on 14 and 15 February 2022.

The Third Gender - HB Goldsmith (Dr. Hiren B. Soni)

The book 'The Third Gender' is exclusively written for bisexual people, drags, LGBT community, non-binary gender, transfeminists, transgender people, and transsexual humans of

the world. It reflects various types of stages and events that an LGBT community experiences in their lives. The author has highlighted the frequent phases of transgenderhood, which most of the lesbians, gays, bisexuals and transgenders undergo. The book covers imperative information about detransition, digital transgender archive, gender transition, healthcare, law, legal recognition, legal status of transgender people, LGBT in mythology, LGBT movements, LGBT sex education, medicalization, scientific studies of transsexuality, sex and gender, sexual orientation, spirituality, transfeminism, transgender day of remembrance, transgender history, transgender people and religion, and transvestism. It also focuses on some perceptive and discerning issues like criticism, discrimination, LGBT health disparities, suicide among LGBT youth, transgender inequality, transgender sex workers, transmisogyny, transphobia, violence against transgender people, and violence and

criminal justice system. The author is acknowledging all the colleagues, friends, relatives, social media friends, and contemporaries for their suggestions, feedbacks, and opinions. This book will definitely be a 24x7 guide and a handy tool for all transgenders worldwide. The author feels highly indebted to 'The Almighty Living God', who has helped him directly or indirectly in writing of this book. May all LGBTs of the world live happy and peaceful life !

Gender Dysphoria and Disorders of Sex Development - Baudewijntje P.C. Kreukels
2013-07-01

This book provides a state of the art review on the care and treatment of and current scientific knowledge on gender dysphoria (GD) and disorders of sex development (DSD). The book elucidates the history, the present situation, and the newest developments and future perspectives in both research on GD and DSD and the clinical management of individuals with

GD and DSD of all ages. With contributions from a selection of leading scientists and established clinicians in the field of GD and DSD, this is a unique and comprehensive book focusing on the etiology and developmental trajectories of GD and DSD regarding gender identity development, psychiatric comorbidity, classification dilemmas, ethical dilemmas in treatment, influences of societal stigmatization, and discussion of the medical and psychological implications and outcomes of treatment, and providing treatment guidelines for individuals with GD and DSD (distinct guidelines each for children, adolescents, and adults). By presenting not only an historic overview and the current state of the art, but also challenges for the future, the book aims to demonstrate the need for further research and to stimulate the development and improvement of the clinical care of individuals with GD and DSD.

Missing: Half the Story - Kalpana Sharma
2012-12-31

Toilets, trees and gender? Can there be a connection? Is there a gender angle to a business story? Is gender in politics only about how many women get elected to parliament? Is osteoporosis a women's disease? Why do more women die in natural disasters? These are not the questions journalists usually ask when they set out to do their jobs as reporters, sub-editors, photographers or editors. Yet, by not asking, are they missing out on something, perhaps half the story? This is the question this book, edited and written by journalists, for journalists and the lay public interested in media, raises. Through examples from the media, and from their own experience, the contributors explain the concept of gender-sensitive journalism and look at a series of subjects that journalists have to cover - sexual assault, environment, development, business, politics, health, disasters, conflict - and set out a simple way of integrating a gendered lens into day-to-day journalism. Written in a non-academic, accessible style, this book is possibly

the first of its kind in India - one that attempts to inject a gender perspective into journalism. Published by Zubaan.

Gender, Sexuality, and Indian Cinema - Srija Sanyal 2023-06-09

This edited volume offers a comprehensive understanding of the queer space in tandem with the transforming socio-cultural-political relationships in a country that exhibits diversified shades of ideologies and history - that is, India. The featured essays deal with the presence of queerness in visual media, particularly in films and the digital arena, from multilingual and multicultural perspectives, thus creating an exhaustive discourse encompassing argument and analysis. This book aims to depict the plurality and complexity of the Indian scenario, fostering mass acceptance of queerness, a rare scholastic endeavour.

Transgender Medicine - Leonid Poretsky 2019-02-22

Although transgender persons have been present in various societies throughout human

history, it is only during the last several years that they have become widely acknowledged in our society and their right to quality medical care has been established. In the United States, endocrinologists have been providing hormonal therapy for transgender individuals for decades; however, until recently, there has been only limited literature on this subject, and non-endocrine aspects of medical care for transgender individual have not been well addressed in the endocrine literature. The goal of this volume is not only to address the latest in hormonal therapy for transgender individuals (including pediatric and geriatric age groups), but also to familiarize the reader with other aspects of transgender care, including primary and surgical care, fertility preservation, and the

management of HIV infection. In addition to medical issues, psychological, social, ethical and legal issues pertinent to transgender individuals add to the complexities of successful treatment of these patients. A final chapter includes extensive additional resources for both transgender patients and providers. Thus, an endocrinologist providing care to a transgender person will be able to use this single resource to address most of the patient's needs. While Transgender Medicine is intended primarily for endocrinologists, this book will be also useful to primary care physicians, surgeons providing gender-confirming procedures, mental health professionals participating in the care of transgender persons, and medical residents and students.
