**TV-Philosophy in Action** - Sandra Laugier  
2023-06-27

TV-Philosophy in Action is inspired by philosopher and series-devotee Sandra Laugier's monthly columns published in the French journal Libération. It is her contribution to the collective reflection on TV series produced by critics, theorists, and the vast mass of individual watchers who evaluate and discuss these programmes every day. The book brings together a selection of articles from Libération, as well as longer pieces, to demonstrate 'TV-Philosophy in action': Laugier's response as a philosopher-viewer to a range of particularly salient TV shows from the last 20 years, and

their relationship to social and political issues of our times. Arranged under a number of important themes--relating to politics, identity, and the stories we tell ourselves about our world--the book shows how TV series provide a rich resource for thinking about our lives, and places them centre-stage as works of art, and of thought, in their own right.

Emily in Paris: Paris, J'Adore! - Emily in Paris  
2022-10-27

The official authorized companion to the much-loved Netflix show Emily in Paris. Paris, J'Adore! is Emily Cooper's diary about her life in France so far. From leaving her boyfriend in Chicago to starting at marketing firm Savoir in Paris, it reveals all the thrill, fear and confusion Emily experiences as she embarks on her new life. She becomes acquainted not only with French workplace etiquette - the long lunches, the arguments, the determined reluctance to use social media - but also with Gabriel, the hottest chef in town. Some things, though, are beyond

comprehension: like why the first floor in a Parisian apartment building is the second floor and the first floor is the ground floor. As the months go by, Emily learns how it's perfectly normal to have a glass of Sancerre for breakfast and how you should never turn up early at work. But more than anything, she learns about love, female friendships, and how exciting it is to step out of your comfort zone in this beautiful and intriguing city. Paris, J'Adore! is also a guidebook to how to be a Parisian, with tips on fashion, romance, and where to capture the perfect selfie in the City of Lights. Written in Emily's voice, it will contain the following sections: 1. Emily's Fashion Paris - all about Emily's favourite outfits and designers - from Cadault to Chanel - as well as tips on what to wear to the beach, where to find the best boutiques, and how to dress like a Parisian; 2. Emily's Romantic Paris - the best bridges to kiss and break up on, where you can find the most breathtaking views and the most perfect

backstreets, why the magic of the Eiffel Tower twinkling at night is the most intoxicating backdrop to falling in love, and a selection of the most evocative French songs to sing along to; 3. Emily's Secret Paris - where Parisians show Emily the real Paris, from the hamman in the Mosquée de Paris to the Atelier des Lumières, and from small independent French cinemas to delightful neighbourhood restaurants; 4. Emily's Workplace Paris - how to navigate tensions and emotions in a French boardroom, lunch and coffee break rituals, Sylvie's own version of Savoir's Employee Handbook, and how to teach the French about social media; 5. Emily's Escapades from Paris - including the delights of the Champagne region, the sheer glamour of Saint-Tropez and the opulence of the Château de Versailles. Packed with four-colour photographs, exquisite illustrations and beautiful shots of Paris, Paris, J'Adore! is a hugely desirable gift book for all the fans of the show.

algorithms to personalize our experience of the web. Using sophisticated technology and vast amounts of consumer data, companies began to predict our tastes better than we could ourselves. In response, ecommerce expanded, and journalism adapted itself to the personalized attention economy. However, there was a hidden side effect, which Eli Pariser termed "the filter bubble," which is the exclusion of other perspectives from our tech-assisted preferences. Raising many hard questions including data security, political propaganda, and the pervasiveness of digital "junk food," filter bubbles reveal the future challenges of a personalized, automated web. Features such as media literacy questions and terms enhance this collection, encouraging readers to analyze reporting styles and devices.

"John Grisham's first work of non-fiction, an exploration of small town justice gone terribly awry, is his most extraordinary legal thriller yet. In the major league draft of 1971, the first player chosen from the State of Oklahoma was Ron Williamson. When he signed with the Oakland A's, he said goodbye to his hometown of Ada and left to pursue his dreams of big league

glory. Six years later he was back, his dreams broken by a bad arm and bad habits - drinking, drugs and women. He began to show signs of mental illness. Unable to keep a job, he moved in with his mother and slept 20 hours a day on her sofa. In 1982, a 21 year-old cocktail waitress in Ada named Debra Sue Carter was raped and murdered, and for five years the police could not solve the crime. For reasons that were never clear, they suspected Ron Williamson and his friend Dennis Fritz. The two were finally arrested in 1987 and charged with capital murder. 44 Chapters About 4 Men - BB Easton

2019-11-19

One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series SEX/LIFE. School psychologists aren't supposed to write books about sex. Doing so

would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. Sex/Life: 44 Chapters About 4 Men is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire

under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

**Rethinking Horror in the New Economies of Television** - Stella Marie Gaynor 2022-06-07

This book explores the cycle of horror on US television in the decade following the launch of *The Walking Dead*, considering the horror genre from an industrial perspective. Examining TV horror through rich industrial and textual analysis, this book reveals the strategies and ambitions of cable and network channels, as well as Netflix and Shudder, with regards to horror serialization. Selected case studies; including *American Horror Story*, *The Haunting of Hill House*, *Creepshow*, *Ash vs Evil Dead*, and *Hannibal*; explore horror drama and the utilization of genre, cult and classic horror texts, as well as the exploitation of fan practice, in the changing economic landscape of contemporary US television. In the first detailed exploration of

graphic horror special effects as a marker of technical excellence, and how these skills are used for the promotion of TV horror drama, Gaynor makes the case that horror has become a cornerstone of US television.

**A Culture of Engagement** - Cathleen Kaveny 2016

more sectarian movements such as Mormonism and Hassidism. However, legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility--a culture of engagement--that accommodates and respects tradition. It also recognizes the need to interact with culture to remain relevant and to offer critiques of social, political, legal, and economic practices. Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life, we should use this conflict as an opportunity to come together and to encounter, challenge, contribute to, and correct one another. Focusing on five broad areas of interest--Law as a Teacher, Religious Liberty and Its Limits, Conversations about Culture, Conversations about Belief, and Cases and Controversies--Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich, constructive, and difficult discussions between moral and cultural traditions. This provocative collection of

Kaveny's articles from Commonweal magazine, substantially revised and updated from their initial publication, provides astonishing insight into a range of hot-button issues like abortion, assisted suicide, government-sponsored torture, contraception, the Ashley Treatment, capital punishment, and the role of religious faith in a pluralistic society. At turns masterful and inspirational, A Culture of Engagement is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life.

Madrigal, the legendary transgender landlady of 28 Barbary Lane—as she embarks on a road trip that will take her deep into her past. Now ninety-two, and committed to the notion of “leaving like a lady,” Mrs. Madrigal has seemingly found peace with her “logical family” in San Francisco: her devoted young caretaker Jake Greenleaf; her former tenant Brian Hawkins and his daughter Shawna; and Michael Tolliver and Mary Ann Singleton, who have known and loved Anna for nearly four decades. Some members of Anna’s family are bound for the otherworldly landscape of Burning Man, the art community in Nevada’s Black Rock Desert where 60,000 revelers gather to construct a city designed to last only one week. Anna herself has another destination in mind: a lonely stretch of road outside of Winnemucca where the 16-year-old boy she once was ran away from the whorehouse he called home. With Brian and his beat-up RV, she journeys into the dusty troubled heart of her Depression childhood to unearth a

lifetime of secrets and dreams and attend to unfinished business she has long avoided.

Sex, Death and Resurrection in Altered Carbon - Aldona Kobus 2020-01-28

The 2018 Netflix series *Altered Carbon* is a vital contribution to the cyberpunk renaissance, among such titles as *Snowpiercer* or *Blade Runner 2049*. This collection of new essays answers the question: is this increasing popularity of cyberpunk a sign of recognition of the genre's transgressive aspects, such as a stark critique of capitalism, or is it the opposite—a sign of the genre's failure to successfully
