

Sex Zoom Backgrounds

Medical Education in Psychiatry - Doron Amsalem 2021-12-02

The Routledge Handbook of Digital Consumption - Rosa Llamas 2022-09-26

Since the publication of the ground-breaking first edition, there has been an exponential growth in research and literature about the digital world and its enormous potential benefits and threats. Fully revised and updated, this new edition brings together an expertly curated and authoritative overview of the impact and emerging horizons of digital consumption. Divided into sections, it addresses key topics including digital entertainment, self-representation, communication, Big Data, digital spirituality, online surveillance, and algorithmic advertising. It explores developments such as consumer data collection techniques, peer-to-peer payment systems, augmented reality, and AI-enhanced consumer well-being, as well as digital transgression, secrecy, cryptocurrencies, NFTs, and cultural concerns such as the spread of conspiracy theories and fake news. From digital influencers, digital nomads, and digital neo-tribalism to robots and cyborgs, it explores existences that blur boundaries between humans and machines, reality and the metaverse, and the emerging "technoculture" - a state of all-encompassing digital being. This unique volume is an essential resource for scholars, practitioners, and policy makers, and will continue to provide a new generation of readers with a deep understanding of the universe of digital consumption.

Zoom in on Equality - Heather Moore Niver 2018-07-15

Equality is as simple an idea as it is complex. This resource introduces young readers to the concept of equality using age-appropriate books, historical cases, and everyday examples. Lively, simple-to-understand text illustrates the problems with inequality and helps readers understand why and how it is an issue that needs to be addressed. They will learn why equality matters, as well as how they can make a difference in their own lives as well as in their own classrooms.

Modern Sexuality - Michael Aaron 2016-10-17

Human sexuality today stands at the crossroads between biological diversity and social conformity, and a battle between the two rages in the media, in social institutions, and in our daily lives. As a sex therapist, Michael Aaron witnesses this struggle each and every day as it plays out on his therapy couch. *Modern Sexuality: The Truth about Sex and Relationships* examines how biology and society collide head-on in the realm of human sexuality. Here, Aaron carefully and convincingly debunks some of the most commonly held beliefs about sexuality - that it is learned and can be changed; that "abnormal" sexual behavior is pathological; that healthy sexuality involves intimacy; that intimacy is the same to everyone; and that sexuality must have a clearly defined purpose. Using groundbreaking brain-imaging studies and cutting-edge psychological insights, *Modern Sexuality* presents the overwhelming case for sexual diversity including orientation, non-traditional relationships, and even specific fantasies and kinks. In a world where sexual "outsiders" battle for acceptance, this work helps to explore the variety of sexual expressions from a normative standpoint, helping readers to understand that their own desires and those of others can happily exist on the same continuum.

Women and Sex Therapy - Ellen Cole 2014-03-18

Outstanding feminist scholars present seldom discussed women's views of sexuality. In the past, there has been little feminist discussion among sexuality professionals and between feminist therapists and sex therapists. The valuable ideas expressed by the contributors to this book are aimed at increasing the possibilities for all therapists and counselors to discuss with their clients the nature of sexuality, and in particular, what women feel about sex. Professionals provide remarkable perspectives on issues that concern all women--orgasm, the double standard, new reproductive options, intimacy, bisexuality, and more.

The Big Book of LGBTQ+ Activities - Amie Taylor 2020-08-21

With 5 fun tales featuring merpeople, a rainbow wedding and a back-to-front horse, this captivating guide to LGBTQ+ identities takes you on a journey through Clear Sky Castle to promote inclusion for children aged 6 to 9. The interactive stories and games - including drawing, sculpting, word searches and quizzes - raise awareness of different kinds of families, as well as identities such as gay, lesbian, bisexual, transgender

and non-binary, and teach acceptance for all. The resourceful 'Guide for Adults' at the end of the book offers advice, answers to activities throughout, and signposts to helpful organisations for the adult reading the book with the child.

The End of Sex and the Future of Human Reproduction - Henry T. Greely 2016-05-30

Within twenty, maybe forty, years most people in developed countries will stop having sex for the purpose of reproduction. Instead, prospective parents will be told as much as they wish to know about the genetic makeup of dozens of embryos, and they will pick one or two for implantation, gestation, and birth. And it will be safe, lawful, and free. In this work of prophetic scholarship, Henry T. Greely explains the revolutionary biological technologies that make this future a seeming inevitability and sets out the deep ethical and legal challenges humanity faces as a result. "Readers looking for a more in-depth analysis of human genome modifications and reproductive technologies and their legal and ethical implications should strongly consider picking up Greely's *The End of Sex and the Future of Human Reproduction*...[It has] the potential to empower readers to make informed decisions about the implementation of advancements in genetics technologies." —Dov Greenbaum, *Science* "[Greely] provides an extraordinarily sophisticated analysis of the practical, political, legal, and ethical implications of the new world of human reproduction. His book is a model of highly informed, rigorous, thought-provoking speculation about an immensely important topic." —Glenn C. Altschuler, *Psychology Today*

The Sex Myth - Brooke Magnanti 2012-05-03

Why everything the media tells us about sex is wrong ... Is there any truth to the epidemic of sex addiction? Are our children really getting sexualised younger? Are men the only ones who like porn? Brooke Magnanti looks at all these questions and more - and proves that perhaps we've all been taking the answers for granted. Brooke Magnanti is no stranger to controversy. As Belle de Jour she enthralled and outraged the nation in equal measure. Now her real identity is out in the open, Brooke's background as a scientist and a researcher can come to bear in her fascinating investigation into the truth behind the headlines, scandals and moral outrage that fill the media (and our minds) when it comes to sex. Using her entertaining and informed voice, Brooke strips away the hype and looks at the science behind sex and the panic behind public policy. Unlike so many media column inches, Brooke uses verifiable academic research. This is fact not fiction; science not supposition. So sit back, open your mind and prepare to be shocked ... *A Study of Our Nation's Schools* - George W. Mayeske 1969

Sex - Nikol Hasler 2010-06

Discusses all aspects of sexuality and sexual behavior, including sexual orientation, masturbation, birth control, and sexually transmitted diseases, and answers teenagers' questions on sex in a straightforward and in-depth manner.

Sex is a Funny Word - Cory Silverberg 2015-07-28

2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book A comic book for kids that includes children and families of all makeups, orientations, and gender identities, *Sex Is a Funny Word* is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the "facts of life" or "the birds and the bees," *Sex Is a Funny Word* opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated *What Makes a Baby*, from sex educator Cory Silverberg and artist Fiona Smyth, *Sex Is a Funny Word* reimagines "sex talk" for the twenty-first century.

Practical Forensic Digital Imaging - Patrick Jones 2011-02-10

Well-documented scenes can prove to be invaluable pieces of evidence at trial, and the ability to take compelling photographs is a critical skill for forensic scientists and investigators. *Practical Forensic Digital Imaging: Applications and Techniques* is an up-to-date and thorough treatment of digital imaging in the forensic sciences. Balancing practical considerations with scientific and standards-based requirements, the

book's clear, concise presentation illustrates the essentials of digital imaging required by professionals in the field. Enhanced with crisp color photos, the book covers a host of critical topics, including: The fundamentals of photographing crime scenes The history of photography and the transition to digital imaging Digital camera hardware and photographic techniques Light, filters, and macro/micro imaging Lay, professional, and expert witnesses, and the implications of Frye and Daubert Enhancement of images and digital panoramic camera scanning Storage of digital media Ultraviolet and infrared imaging Digital photo imaging microscopes Covering the full range of scenarios that forensic professionals encounter, the author includes special sections dedicated to photography involving footwear and tire impressions, vehicles, death and morgue scenes, and taphonomic and entomological imaging, as well as fingerprints, burglaries, fire and arson, sex offenses, blood, and trace evidence and microscopy. The techniques in this volume enable photographers to capture the images that will not only tell the story, but will also stand up in court. Watch Patrick Jones in his laboratory on the CRC Press YouTube channel.

Sex Ecologies - Stefanie Hessler 2021-11-23

The first compendium of writing and art to present the case for the role of sex in environmental and social justice. *Sex Ecologies* explores pleasure, affect, and the powers of the erotic in the human and more-than-human worlds. Arguing for the positive and constructive role of sex in ecology and art practice, these texts and artistic research projects attempt nothing short of reclaiming the sexual from Western erotophobia and heteronormative narratives of nature and reproduction. The artists and writers set out to examine queer ecology through the lens of environmental humanities, investigating the fluid boundaries between bodies (both human and nonhuman), between binary conceptions of nature as separate from culture, and between disciplines. In newly commissioned texts from such writers as Mel Y. Chen and Jack Halberstam and a selection of influential essays—including an annotated version of Audre Lorde's "The Uses of the Erotic: The Erotic as Power"—as well as images and sketches from works in progress by a diverse group of artists, *Sex Ecologies* combines insights from the fields of art, environmental humanities, ecofeminism, gender studies, science, technology, political science, and indigenous studies. *Sex Ecologies*, which accompanies an exhibition of the same name at Kunsthall Trondheim, emerges from an arts-driven research project collaboratively developed between the art center and the Seed Box environmental humanities laboratory. Conceived not as a result but as a seed arising from this transdisciplinary fertilization, the volume presents a case for the role of sex in environmental and social justice. Copublished with Kunsthall Trondheim (Norway) and the Seed Box (Sweden)

Bookshelves in the Age of the COVID-19 Pandemic - Corinna Norrick-Rühl 2022-10-05

Bookshelves in the Age of the COVID-19 Pandemic provides the first detailed scholarly investigation of the cultural phenomenon of bookshelves (and the social practices around them) since the start of the pandemic in March 2020. With a foreword by Lydia Pyne, author of *Bookshelf* (2016), the volume brings together 17 scholars from 6 countries (Australia, Canada, Germany, the Netherlands, the UK, and the USA) with expertise in literary studies, book history, publishing, visual arts, and pedagogy to critically examine the role of bookshelves during the current pandemic. This volume interrogates the complex relationship between the physical book and its digital manifestation via online platforms, a relationship brought to widespread public and scholarly attention by the global shift to working from home and the rise of online pedagogy. It also goes beyond the (digital) bookshelf to consider bookselling, book accessibility, and pandemic reading habits.

Shakespeare Survey 74 - Emma Smith 2021-09-16

Shakespeare Survey is a yearbook of Shakespeare studies and production. The theme for Volume 74 is 'Shakespeare and Education'. The complete set of Survey volumes is also available online at <https://www.cambridge.org/core/what-we-publish/collections/shakespear>

e-survey.

Sexual Sports Rhetoric - Linda K. Fuller 2010

"*Sexual Sports Rhetoric: Global and Universal Contexts* is concerned with wider, international applications of language to sport. Topics discussed range from women's volleyball uniforms, ballroom dancing, female athletes as victims, soccer fans, nudity debates, homophobia, misogyny, Title IX, NASCAR, extreme sports, and trekking, to Japanese sports reports, Canadian hockey, sailors in the French press, British portrayals of Wimbledon champs, Australian heroes, German sports editorials, and masculinity relative to Mount Everest."--Publisher's description.

The Psychology of Preventive Health - Marian Pitts 2003-09-02

Should I vaccinate my child? Can we stop ourselves getting cancer? How much can I safely drink? These are the everyday questions that health educators and promoters face from the public, but how should they best be answered? From her extensive experience in health psychology Marian Pitts provides an overview of the latest research in the area of preventive health and questions some underlying assumptions in current practice. *The Psychology of Preventive Health* is written for students and health professionals interested in widening their perspectives on issues concerning primary health care.

A Psychoanalytic Exploration of the Contemporary Search for Pleasure - Vaia Tsolas 2023-07-19

This interdisciplinary collection of essays explores the malaise of the contemporary individual by returning the economic point of view of Freudian thinking, the concept of satisfaction, libido, and pleasure-unpleasure principle to their rightful place as the motivating forces of human existence. For Freud, pleasure stands apart from other human experiences, side by side with unpleasure, always a bonus in the search for satisfaction of the pleasure principle and beyond. Along with libido, emotional fulfillment, and the capacities for sublimation and play, pleasure has not been given enough attention in the psychoanalytic literature. The editors of this book address this lack and highlight the importance of examining today's social and individual malaise through these specific lenses of inquiry. It is particularly timely and important today to address this lack, and thereby examine the impact of the social phenomena of the pandemic, the crises of ideals and virtuality on the subject who feels in a state of constant emergency, overwhelmed, addicted, and delibidinalized. With contributions from across psychoanalysis, this book is essential reading for psychoanalysts in training and in practice who want to understand how the modern world has shaped our understanding of pleasure.

Sex Crimes - Alice S. Vachss 1993

Prosecutor Vachss describes her most famous cases and the system's "rape collaborators"--police and judges whose attitudes benefit the enemy; elected officials and attorneys obsessed with their political futures; and a legal system that disbelieves cries of rape.

Euphorias in Gender, Sex and Sexuality Variations - Tiffany Jones 2023-02-15

This Open Access book uses the concept of 'euphoria' to investigate when, why and how marginal gender, sex and sexuality groups have positive experiences of their diverse variations even within repressive and disordering contexts. Drawing on data from multiple online surveys including a study of 2,407 LGBTQ+ people and a study of 272 people with intersex variations, it names and offers a new ecological framework for understanding participants' influences on and barriers to euphorias, asserting the subversive possibilities of being euphorically queer, as opposed to euphoric and queer. The author argues that it is the particularities of negative internal, socio-cultural and institutional contexts for a marginal group or groups that contributes towards the possibilities that shape their potential euphoric feelings and experiences. Ultimately, she calls for a more expansive focus in gender and sexuality studies to show the complex effects of dysphoria and repression on the possibilities of pleasure and joy. This book will be of interest to scholars across Gender, Sexuality and Queer Studies.
