The only survivor plucked from a world where life has been burned out from horizon to horizon, Rat Korga is a very unusual human. On his own world he was subjected to Radical Anxiety Termination-a synapse-jamming technique banned on many planets. Now the officials of the Web must find a new world for him. Their first choice is the planet Velm: a world on which humans co-exist uneasily with the trisauian evelmi - and also the world of Marq Dyeth, for whom Korga is calculated to be the

perfect erotic object, to about seven decimal places . . .

**Star Studies** - Martin Shingler  
2019-07-25

Martin Shingler presents the mother volume for Palgrave's Film Stars series in three easily-navigable chapters in which he provides a summative and instructive account of star studies for today's film student. Via a critical evaluation of the work of leading film scholars, he provides a convincing argument for how this important area of film studies has evolved. Building on this, he offers some new directions for star scholarship, and ends by offering the film student a

useful set of themes and issues for his or her own investigation. 'Star Studies' is the perfect companion for the student who wishes to foster further research on stardom across a wide range of contexts, from national cinemas, to mainstream and marginal cinemas, to different historical periods and beyond.

**Fallen Stars** - Julian Upton  
2004

Fallen Stars probes the underside of fame to reveal a

host of glittering careers stunted by ill-health, alcoholism, drug addiction and egomania. **Sextrology** - Stella Starsky  
2007

We've all done it: glanced casually at the horoscope pages, secretly hoping the stars will forecast our fame and fortune. Yet the zodiac can tell us far more than this, revealing even our most intimate secrets. Sextrology is a highly intelligent and enlightening guide to sex and the sexes using a wholly original astrological philosophy. In frank, sophisticated and uninhibited language, the authors profile each gender's zodiac sign and uncover the naked truth behind

*Signs and Symbols of*

*Primordial Man* - Albert Churchward 2007-06-01

African people developed signs and symbols as a way of communicating and delivering messages. It is most unfortunate that most people who today are members of secret societies have no in-depth knowledge of the history of the society and the unifying role it played in the early intellectual life of the Nile Valley. It is through Churchward's examination of most of the known cultures of the people of his day that the signs and symbols of primordial

man is revealed. At this juncture we need to be reminded that Nile Valley stretches over 4,000 miles into the body of Africa and that the creations of Nile Valley civilizations cannot be attributed only to that portion of North Africa that the Greeks called, "Egypt." The Nile river was the world's first great cultural highway, bringing people and cultures out of the body of inner Africa. This great cultural migration led to the peopling of Egypt. Making Egypt and composite civilization comprised of different African people who dwelled along the banks of the Nile river. The civilization that developed in Egypt was the culmination of civilization.

*Sex Symbol Dynasty* - Julie Strain 1996

*My Story* - Marilyn Monroe  
2006-11-25

Written at the height of her fame but not published until over a decade after her death, this autobiography of actress and sex symbol Marilyn Monroe (1926-1962) poignantly recounts her childhood as an unwanted orphan, her early adolescence, her rise in the film industry from bit player to celebrity, and her marriage to Joe DiMaggio. In this intimate

account of a very public life, she tells of her first (non-consensual) sexual experience, her romance with the Yankee Clipper, and her prescient vision of herself as "the kind of girl they found dead in the hall bedroom with an empty bottle of sleeping pills in her hand." The Marilyn in these pages is a revelation: a gifted, intelligent, vulnerable woman who was far more complex than the unwitting sex siren she portrayed on screen. Lavishly illustrated with photos of Marilyn, this special book celebrates the life and career of an American icon—from the unique perspective of the icon herself.
