Super Marital Sex - Paul Pearsall 1987

If You're Not Dead, You're Not Done - James N. Watkins 2021-10

"You may be on the journey of being old, yet you're still alive and being renewed day by day. That's right! If

you woke up this morning, God has something eternally important and purposeful for you to do or learn. This humorous collection of 'pep talks' will have you bouncing out of bed, raring to go. Get ready to recharge your batteries with a healthy dose of hope, joy, and motivation for living life to its fullest."--Back cover.

Write Your Own Pleasure Prescription - Paul Pearsall 1997

Offers sixty suggestions for bringing back small, everyday pleasures into one's life to restore its balance, and describes the five Polynesian keys to happy life.

The Pleasure Prescription - Paul Pearsall 1996

Argues that the lack of joy in one's daily life is a more serious problem than stress, and suggests five steps for attaining a better and more rewarding balance in our lives.

New Millennial Sexstyles - Carol Siegel 2000

New Millennial Sexstyles questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive. Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists, Carol Siegel considers whether the sexual revolution may have succeeded, but in ways not recognized by current academic studies of gender and sexuality. In discouraging undomesticated heterosexuality, academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times. At the same time, the youth subcultures' challenges to these views of sexuality and gender have been dismissed as insignificant, or misunderstood as sexist. In this book, they receive more respectful attention. Siegel draws on her own experience as a college student to create a personal history of academic feminism's early sympathy with bourgeois values. She looks at the development of American sex advice literature and at the reception of such "transgressive" popular films as *Basic Instinct*, *Thelma and Louise*, and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative. A more encouraging vision emerges in the book's second half, where a record of conversations about sex and gender with young people, and of their responses to products designed for their consumption, takes the reader through some of today's most radical youth cultures and suggests new directions for gender studies.

Embattled Eros - Steven Seidman 1992

Between the '60s and the '80s he argues, there transpired neither a sexual revolution nor counter-revolution but a heightened conflict over the meaning of sex, its relation to pleasure, romance, and self-identity, its proper moral role in private and public life. In part two Seidman's primary purpose is to analyze moral arguments over sexual norms and practices. He chooses the sex debates that occurred within feminism and the gay male community in the late '70s through the '80s as his sites for moral engagement, as it is here that the debate over sexual ethics has been given its fullest elaboration. In conclusion, Seidman offers a pragmatic ethic that revolves around the concept of sexual and social responsibility as a bridge between libertarians and romanticists

Sexual Chaos - Tim Stafford 1993

Tim Stafford offers a comprehensive critique of contemporary culture and an in-depth examination of the biblical perspectives on sexuality which will help Christians stay on course amid rough waters. 216 pages, paper

Getting Your Sex Life Off to a Great Start - Clifford Penner 1994-11-10

Many couples put more planning into the wedding ceremony than they do for what comes after the wedding. Intelligent, deliberate preparation for a lifetime of sexual leasure is a worthy investment you won't regret. In *Getting Your Sex Life Off to a Great Start*, renowned sexual counselors and best-selling authors Clifford and Joyce Penner guide you through an encouraging process that begins by dispelling sexual myths and then guides you in getting to know yourself and each other emotionally and physically. With reassuring enthusiasm and straightforward advice, the Penners show you how to clarify your expectations and pursue the joyous marital passion described in Scripture. Through creative, step-by-step exercises and easy-to-understand examples, you'll learn how to: Design a successful honeymoon Prepare for your first sexual time together Choose and use family planning Create a mutually enjoyable wedding night

Get past disappointments Keep the spark alive Thousands of couples have discovered the marvelous gift of a positive sexual relationship through the Penners' helpful books and enlightening seminars. As your wedding day nears-or even if you're already newlyweds-this extraordinary book will help you get your sex life off to a great start.

Partners in Pleasure - Paul Pearsall 2001

This sequel to Pearsall's bestselling "The Pleasure Prescription" shows couples the way to true happiness. Drawing on 2,000-year-old Polynesian wisdom, "Partners in Pleasure" shows how to go beyond self-fulfillment to selfless, shared pleasure. The Foreword features rare written wisdom from a well-respected kapuna (Hawaiian elder).

Making Marriage Work - Kristin Celello 2009-02-01

By the end of World War I, the skyrocketing divorce rate in the United States had generated a deep-seated anxiety about marriage. This fear drove middle-class couples to seek advice, both professional and popular, in order to strengthen their relationships. In *Making Marriage Work*, historian Kristin Celello offers an insightful and wide-ranging account of marriage and divorce in America in the twentieth century, focusing on the development of the idea of marriage as "work." Throughout, Celello illuminates the interaction of marriage and divorce over the century and reveals how the idea that marriage requires work became part of Americans' collective consciousness.

A 14-Day Romance Challenge - Sharon Jaynes 2017-01-01

Captivate Your Husband All Over Again More than 250 ways to WOW your man Does your marriage need a little help in the romance department? Has it grown ho-hum in the daily routine? Public & Private Families - Andrew J. Cherlin 2008

Nationally recognized for its sound scholarship and balanced approach and written by one of the leading authorities in the field, this text examines the family through two lenses: the familiar private family in which we live most of our personal lives, and the public family in which we, as adults, deal with broader societal issues such as the care of the elderly, the increase in divorce, and childbearing outside of marriage. The book looks at intimate personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families. Distinctive chapters - Chapter 9, Children and Parents; Chapter 10, The Elderly and Their Families; and Chapter 14, The Family, the State and Social Policy - examine issues of great current interest, such as income assistance to poor families, the effects of out-of-home childcare, and the costs of the Social Security and Medicare programs.

Marriage Matters - Janice Crouse 2017-07-05

In *Marriage Matters*, Janice Shaw Crouse argues that marriage is a critical element in a free society and that society's most vulnerable communities, especially minorities and the poor, suffer the most from the nation's retreat from marriage. Crouse writes that marriage advances the public interest and we should create laws and policies that support rather than undermine it. She demonstrates both the public and private importance of marriage, and organizes her argument in a thoughtful and logical manner. Compared to other household arrangements, Crouse observes, marriage is by far the best for raising children and offers financial advantages as well. Writing about bullying, Crouse shows how the trend away from marriage has led to poor child-rearing and to some of the nation's worst contemporary problems. In household arrangements with an absence of traditional fathers, the government has in some ways overtaken this role by creating social programs such as food stamps, Social Security, and Medicare. Social programs are but a small part of an effective solution. The groundwork for strong marriages and lasting relationships is examined in detail. Crouse then discusses the role of sex in marriages and the harmful influence of casual sex. The second half of the work shows how marriage matters to individuals (specifically to women and children) and depicts same-sex marriage as a threat to the institution. Other public policy

issues affecting marriage are also explored.

Super Marital Sex - Paul Pearsall 1987

Just as he revolutionized ideas of illness and health in Super Immunity, Pearsall now breaks new ground in the area of intimacy. He shows how couples can find true togetherness--by making love from the heart and mind. An interactive guide sure to encourage participation from both partners.

The Reader's Digest - DeWitt Wallace 1988

The Publishers Weekly - 1988

The Ten Laws of Lasting Love - Paul Pearsall 1995-02

Drawn on the author's twenty-five years of counseling experiences, ten principles of relationship renewal enables couples at every stage to recapture the simple feelings that first brought them together and overcome everyday obstacles. Reprint.

Public and Private Families - Andrew J. Cherlin 2001-07

Nationally recognized for its sound scholarship and balanced approach and written by one of the leading authorities in the field, *Public and Private Families*, 3/e examines the family through two lenses, the familiar private family in which we live most of our personal lives, and the public family in which we, as adults, deal with broader societal issues such as, the care of the elderly, the increase in divorce, and childbearing outside of marriage. Consequently the book looks both at intimate personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families.
