Body Language - Michael Craft 2013-07-23

A gay Chicago reporter returns to his Wisconsin hometown—and a morass of lust, lies, and lethal family secrets in this “neatly twisted” mystery (Booklist). An unexpected windfall has given burned-out Chicago journalist Mark Manning the chance to reconnect with his boyhood roots. With the blessing of his lover, Neil, he leaves the Windy City to return to Dumont, Wisconsin, to take over the town paper. His long-awaited family reunion is cut short when his cousin Suzanne is bludgeoned to death just before Christmas dinner. Before she dies, she whispers something to Manning: the name of her son. Was she expressing a mother’s dying wish for the future welfare of her child? Or revealing the identity of her murderer? When Manning ends up in the local law’s sights, he’s suddenly racing against time to clear his own name and smoke out a killer. With no lack of suspects, from a troubled homophobe to a lesbian activist to a housekeeper, the clock is ticking on a story that could be the biggest of Manning’s career—if he lives long enough to write it. *Body Language* is the third book in Michael Craft’s Mark Manning series, which begins with *Flight Dreams* and *Eye Contact*.

How to Attract Women - Leonardo Bustos
2015-09-10

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach

and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

Without Saying a Word - Kasia Wezowski 2018-07-24

One wrong move can undercut your message. Believe it or not, our bodies speak louder than our words. Postures, gestures, and expressions convey reams of information—and often not what you'd expect. A smile, for example, is usually considered welcoming. However, crook one corner of your mouth higher and you project superiority, subconsciously chasing other people away. This book explains how even the subtlest motions have meaning. Distilling decades of research, *Without Saying a Word* deciphers these unspoken signals: facial expressions, fleeting micro expressions, positive body language, negative body language, And much more! Discover which postures and gestures indicate confidence and build rapport—and which reveal disinterest, arrogance, or even aggression. Learn to end off-putting habits, accentuate good ones, and become an authentic and effective communicator. Exhibiting body language that is open, honest, and self-assured increases your social influence and enhances your skill as a negotiator while the ability to read the emotions and intentions of others is equally indispensable. Whether you're making a presentation, pitching a project, or closing a deal, the right body language can be your best ally.
