Emotional Blueprint Lulu Baba 2019-11-29 Introduction This book is about our emotions and expanding the spectrum of existence. This book will take you on a spiritual journey toward spiritual growth through energy healing. We will talk about love, energy, light, and joy, as well as magic, transformation, the shadow, black holes, consciousness, and alternate dimensions. We will also discuss God, nature, freedom, evolution, language, frequency, music, healing, and among other things; the mystery which unites everything within a dynamic existence. This is a dream book; an awakening, self-care, energy healing, positive energy, healing vibration, wisdom giving, and transcendent book of dreams. Ultimately though, this is a book of joy. Through this book you will hopefully learn how to cultivate your inner voice and transform your life to live with meaning and purpose. You will

learn about the stages in the cycle of elevation and the complementary forces which guide us to discover our unique emotional blueprint. Portraits of Time A picture shows you what was; a mirror shows you what is; a dream reveals what could be; while relationships expand all possibilities. Do not read the pages of this book the same way you would look at a picture. Do not mimic the messages within like you would gaze into a mirror. Do not get lost in the fantasy of a dream that could be. Apply the concepts you find useful in this book to discover your potential, your inner voice. Connect to the source of your energy--the motivation behind your inner voice--so you may discover your unique emotional blueprint. The source of your energy will reveal the purpose you were born to share with the world. Your purpose is the gift that will broaden the experience of this gift we call life. A picture, a mirror, and a dream are all images, perceptions and projections of the past, the present, and the future. The limitation these three aspects of time share is a visage of inaction. Action is what is required, what is necessary to transform vision into reality. Don't sit around and contemplate the words of this book or the philosophy of its teachings. On our spiritual journey toward spiritual growth, awakening, self-care, and energy healing, we must maintain a positive energy, a healing vibration which aligns with transcendence. Our consciousness must dream, but above all--we must Act. A dream book of joy would encourage nothing less than the courage to act. Experience what could be by manifesting your dreams into reality. True vision creates and produces purpose. Purpose is revealed by no other means than action. What you do, what you set into motion through decisive action, is what reflects purpose in your life. Life can add up to cheap thrills or valuable experiences. Our actions will dictate a life of substance or of insignificance. We create our pictures, we look into the mirror every day, and we dream for something which will resonate with us as meaning, yet we will never experience this connection or cultivate a relationship with our

purpose if we do not act. We mustn't hide in the safety and security of neutrality or mediocrity; we must risk it all in the face of adversity and rejection with the will to overcome any and all obstacles so our purpose and greatness may be revealed. It's only when we merge with our meaning that we are able to accept the past, understand the present and integrate the future to form an elevated vision of purpose, which compels us into action toward a perpetual dream. A transcendent voyage: The cycle of elevation. Discover the four stages of the cycle of elevation and discover your inner voice. Accept, understand, integrate, and elevate.

DescriptionAnxiety's Inner Voice describes how each reader can, like the author, make the journey from panic to emotional self-acceptance. A book for women, written by a woman who has gone through the experience, this life-changing book offers more than self-help. It focuses on a gentle self-acceptance. The Heart of the Matter Dr. Darren R. Weissman 2013-09-02 How do we access the authentic self in order to live fulfilling, meaningful lives? In straightforward terms, The Heart of the Matter: Gifts in Strange Wrapping Paper explains a simple but extraordinarily powerful technique called the See, Feel, Hear Challenge that enables people to easily gain entry into the storehouse of their subconscious core beliefs. In the process, it cracks the coded messages that those beliefs release in the form of disease, suffering, addictions, unhappy relationships, and victimized circumstances. Based in the latest findings in neuroscience and neurocardiology, this book guides readers to an uncomplicated understanding of the astounding power of our emotions and how life automatically delivers experiences that trigger negative reactions that subconsciously impact us. These emotions form the foundation of core beliefs that create unhealthy attitudes and dis-ease patterns that keep us from experiencing the authentic, satisfying lives we desire. Using clear examples and true stories from clients, Dr. Weissman's latest work demonstrates how we can release these stored emotions

and their wisdom via the See, Feel, Hear Challenge. It then explains how to use this simple method to evoke feelings that positively impact the quantum field, remolding our bodies, minds, and everyday lives into purposeful expressions of inner joy and radiant well-being. Whether you're dealing with addictions, dysfunctional relationships, or illness, or are focused on becoming an Olympic champion, *The Heart of the Matter* gives you a potent tool for positive change and transformation that you can use for the rest of your life.

Create the Life You Crave Rex Conner 2023-04-18 Looking to make a positive impact in your life? Look to your own internal

guidance system first! The one activity each of us can pursue that would make the most significant impact in every life and in the world in general is to follow our internal guidance system—sometimes called the conscience. With Rex Conner’s insights, we can change the world! If you want to get what you crave out of life in just the way you want it, look no further than your own internal guidance system. There are many ways to apply this guidance if you know what to look for. This book contains a few of the most foundational and critical of those applications. For example, when we act on the assumption that love is unconditional and relationships are not, we are then free to be guided to make the best individual relationships in our lives. We won’t need to rely on other people or on societal norms or what might work in other relationships. When we learn to rely first on our internal guidance system to make the big crossroads decisions in our lives, we will be able to analyze and prioritize the avalanche of well-meaning advice we may receive from others. These are just two of the many applications of using your internal guidance system that will lead you to what you crave from your life. There is no preaching in Rex’s advice. The only advice Rex gives is to follow our internal guidance system until it leads us to the power within us! Who will this book serve? • You, if you are facing significant crossroads decisions in your life. • You, if all of the noise in the world leaves you feeling like you should do what you can about it. • You, if you feel that you should be contributing more to people or to life than you currently are, but don’t know to whom or how. • You, if you need permission to align your life with an inner voice or calling that seems to be compelling you to take action that you have been avoiding. • You, if you feel the need to develop your skills but realize current educational options will not result in that development. • You, if you are climbing the ladder of success but sense that it might be leaning against the wrong wall. • You, if you are compelled to make your life something that your inner guidance will judge to be a success. • You, if you have

the influence to help someone who may need help. During preparations and training to become an Air Force fighter pilot, Rex had experiences that changed the direction of his life. When his wings were awarded, instead of flying fighters, he voluntarily became an instructor pilot and has been training people ever since. From the Air Force, “Train-a-saurus Rex” went on to become a trusted advisor inside more than fifty companies in more than a dozen industries. The uncommon path Rex introduces us to reflects the experience and knowledge he gained from his roles as trainer and advisor. By choosing to follow this path, we will find meaning and purpose in line with the only judge that matters: our own internal guidance system. Rex has the educational and professional credentials to lead, and he has the practical experience to help people find and follow the natural laws that underlie all human performance success.

treasure for all.(...) The wisdom throughout this book is truly

Book Review "Your Destiny is Inside You" is a book in which Pat

takes the readers on an inspiring spiritual journey, and inspires

the awakening of a new state of consciousness based on a deep

understanding that everything is energy. He demonstrates how

the liberation of the ego-based mind transforms consciousness,

opening up a whole new world of positive energy allowing you to

stay optimistic in your daily life. The book represents a map that

leads to the deepest corners of the unconscious, which helps you

achieve your ultimate personal and spiritual development. Pat

explains that the world that surrounds us and our inner world are

like two wings of one bird. If a bird has one strong wing and the

other one is weak, it will never be able to fly. The book is a deeply

spiritual manifesto that emanates with undeniable truth, wisdom

and spiritual strength. It's an inspiring story about self-discovery.

It teaches the wisdom of listening to your own heart. It helps to

get rid of suffering and obsessions based on self-limiting beliefs

that deprive you of joy, peace and creativity. This is one of THE

BEST books that I have ever read. I will be reading this over and

over again. - Bonnie B, Reviewer "Your Destiny is Inside You" is one of the few books that have the extraordinary power to create inspiring and motivating thoughts that can radically change the readers' lives. It's a book that's worth coming back to from time to time. Pat's writing is compelling throughout, and the section on meditation included at the end of this text was one of the best-written explanations I have ever read. - James W Vine Voice INCLUDES APPENDIX: Meditate and live an active life. -What is meditation and what benefits does it have? -How to learn to meditate? The first steps.

Your Inner GPS Zen Cryar DeBrücke 2016-04-01 Many of us rely on our car's or phone's GPS but ignore the life-directional system we were each born with. This innate compass — what Zen Cryar DeBrücke calls our internal guidance system (IGS) — wants us to be happy, successful, and stress-free. How do we tune in to this tool? DeBrücke learned from trial and error and through the dramatic crucible of being the CEO of an internet firm during the dot-com bust. Her IGS helped her ride these daunting waves — and in the process she learned to leave painful memories behind, abandon destructive relationship patterns, and set boundaries. Learning to recognize and speak her truth led to the “beautiful sensation of being comfortable in [her] own skin.” Here DeBrücke shares her innovative program with readers so they too can have the life-changing experiences that result when we follow the guidance within.

I Know I'm In There Somewhere Helene Brenner 2004-05-03

Based on her work with over a thousand women across the country, psychologist Helene G. Brenner has learned that women feel the impulse to accommodate, adapt and mold themselves to serve others at their own expense. Her solution is an invigorating new approach to women's psychology. The key to transformation, she explains, is not self-improvement, but self-acceptance—affirming and validating what we truly feel and experience and who we already are. Dr. Brenner shows women how to discover and express what they truly want and value, guiding you toward your own Inner Voice. *I Know I'm In There Somewhere* will show you: - How to embrace, rather than fix, the Inner Voice that has been there all along - How to distinguish the Outer Voices (the expectations of the people around you) from Your Inner Voice (the voice of your true self that goes beyond intuition and guides you wisely towards what is right for you) - What to do when you feel that the essence of who you are is being stifled by external demands and expectations
