Mismatched in Manhattan - Tash Skilton 2020-05-26

'A sweet, genuinely funny, banter-filled delight of a rom-com. I absolutely loved this modern day You've Got Mail' Kerry Winfrey, author of *Waiting for Tom Hanks* Love can happen when you least expect it . . . Dumped by his fiancée, Miles is reduced to couch-surfing across Manhattan and using a local café as his office. Also, he no longer believes in love - not exactly a good look in his line of work. Zoey's eccentric L.A. boss sent her to New York to 'grow'. But beneath her chill Cali exterior, Zoey's terrified to venture beyond the café across the street. Miles and Zoey have absolutely nothing in common. The only thing they share is their daily battle for the café's day-old biscotti. They don't know they're both ghost-writing 'authentic' profiles for rival online dating services. Until they meet online, pretending to be other people . . . As their clients head for dating disaster, Miles and Zoey spend their virtual time falling for one another, but will their online connection turn into a perfect match when they realise who they are IRL? The perfect love letter to Nora Ephron, Carrie Fisher and all the wonderful rom-coms that act as a pick-me-up when we most need it. 'Skilton puts a multicultural millennial spin on You've Got Mail in this laugh-out-loud romance. Rom-com fans will find this one well worth their time' Publishers Weekly 'An energetic romance that would make Nora Ephron proud' Kirkus Reviews *Mismatched in Manhattan is alternatively titled *Ghosting: A Love Story in the US*

The Princess and the Fangirl - Ashley Poston 2019-04-02

The Prince and the Pauper gets a Geekerella-style makeover in this witty and heartfelt novel for those who believe in the magic of fandom—now with an excerpt from *Bookish and the Beast*. Imogen Lovelace is an ordinary fangirl on an impossible mission: to save her favorite Starfield character, Princess Amara, from being killed off. On the other hand, the actress who plays Amara wouldn't mind being axed. Jessica Stone doesn't even like being part of the Starfield franchise—and she's desperate to leave the intense scrutiny of fandom behind. Though Imogen and Jess have nothing in common, they do look strangely similar to one another—and a case of mistaken identity at ExcelsiCon sets off a chain of events that will change both of their lives. When the script for the Starfield sequel leaks, with all signs pointing to Jess, she and Imogen must trade places to find the person responsible. The deal: Imogen will play Jess at her signings and panels, and Jess will help Imogen's best friend run their booth. But as these "princesses" race to find the script leaker—in each other's shoes—they're up against more than they bargained for. From the darker side of fandom to unexpected crushes, Imogen and Jess must find a way to rescue themselves from their own expectations...and redefine what it means to live happily ever after.

Geekerella - Ashley Poston 2017-04-04

Cinderella goes to the con in this fandom-fueled twist on the classic fairy tale romance—now with a special Starfield bonus scene! Part romance,

part love letter to nerd culture, and all totally adorbs, Geekerella is a fairy tale for anyone who believes in the magic of fandom. Geek girl Elle Wittimer lives and breathes Starfield, the classic sci-fi series she grew up watching with her late father. So when she sees a cosplay contest for a new Starfield movie, she has to enter. The prize? An invitation to the ExcelsiCon Cosplay Ball, and a meet-and-greet with the actor slated to play Federation Prince Carmindor in the reboot. With savings from her gig at the Magic Pumpkin food truck (and her dad's old costume), Elle's determined to win...unless her stepsisters get there first. Teen actor Darien Freeman used to live for cons—before he was famous. Now they're nothing but autographs and awkward meet-and-greets. Playing Carmindor is all he's ever wanted, but the Starfield fandom has written him off as just another dumb heartthrob. As ExcelsiCon draws near, Darien feels more and more like a fake—until he meets a girl who shows him otherwise.

Hollywood Ending - Tash Skilton 2021-09-07

With wit, humor, and a delightfully fresh voice, from the inimitable duo Tash Skilton, author of *Ghosting: A Love Story*, comes this friends-to-lovers rom-com that explores the hilarious highs and lows of adulting, Hollywood, and what happens when BFFs are forced to take a hard second look at their favorite fandoms—and at each other. ONE PERFECT FRIENDSHIP—ABRUPTLY CANCELED All through college, Nina and Sebastian were sentence-finishing, secret-sharing BFFs, and absolute super fans of *Castles of Rust and Bone*. It was the kind of show—and the kind of friendship—that demands you're all in, for the plot twists, the unresolved sexual tension, the weekly coup d'état—and ultimately, the heartbreak. At least until the big cliffhanger . . . But when *Castles'* season finale turned into the unceremoniously axed show's awkward farewell, Nina and Sebastian's friendship ended just as suddenly—and just as awkwardly. And Sebastian's longed-for chance to woo Nina into something more than friendship was written out of their story. In Hollywood, there's always a comeback. Five years later, Nina and Sebastian are living their best lives in L.A.—and *Castles* is being rebooted. Nina's a social media coordinator for the streaming service that will air the show, and Sebastian is a PA for the production company. What could be more perfect? How about running into each other on set . . . ? Fingers crossed for a happy ending . . . Turns out even the most dedicated fans are due for a wake-up call when they get to peek behind-the-scenes. And suddenly Nina and Sebastian are remembering when they were super fans of each other instead. Will flipping the script from buddy comedy to real romance ruin everything—or deliver the happily-ever-after they both crave? Praise for *Ghosting: A Love Story* "I absolutely loved this modern-day You've Got Mail." —Kerry Winfrey, author of *Waiting for Tom Hanks* "An energetic romance that would make Nora Ephron proud." —Kirkus Reviews "A multicultural millennial

spin on You've Got Mail in this laugh out loud romance." —Publishers Weekly

So, when she decides to take advantage of an expiring coupon and try out a new virtual reality dating service, it's sort of a big deal. It's an even bigger deal when it chooses as one of her three matches none other than Caleb himself. That has to be a sign, right? Except that her other match, Jeremy, just happens to be her new best friend IRL. Mariam's heart is telling her one thing, but the app is telling her another. So, which should she trust? Is all fair in modern love?

Places No One Knows - Brenna Yovanoff 2016-05-17

Fans of *Lady Bird* will love this novel about a good girl who dreams herself into a bad boy's room in this lyrically romantic novel that Maggie

Stiefvater, author of *The Raven King*, says she read and "woke up satisfied." Waverly Camdenmar spends her nights running until she can't even think. Then the sun comes up, life goes on, and Waverly goes back to her perfectly hateful best friend, her perfectly dull classes, and the tiny, nagging suspicion that there's more to life than student council and GPAs. Marshall Holt is a loser. He drinks on school nights and gets stoned in the park. He is at risk of not graduating, he does not care, he is no one. He is not even close to being in Waverly's world. But then one night Waverly falls asleep and dreams herself into Marshall's bedroom—and when the sun comes up, nothing in her life can ever be the same. In Waverly's dreams, the rules have changed. But in her days, she'll have to decide if it's worth losing everything for a boy who barely exists. "Waverly and Marshall burn brightly . . . both refreshingly flawed as they come into their own. Readers will forgo sleep themselves to witness their vibrant, aching real story unfold. A brilliant romance." —Kirkus Reviews, Starred "A tightly woven, luminously written novel that captures the uncertain nature of high school and the difficult path of self-discovery." —Booklist, Starred "Yovanoff offers a multilayered exploration of human connections, particularly those that manifest in unpredictable ways." —Publishers Weekly, Starred

Analee, in Real Life - Janelle Milanés 2018-09-18

"Milanes has created authentic characters with family issues that reflect the world we live in...Refreshing." —The New York Times Book Review "Heartfelt and smart." —Lilliam Rivera, author of *The Education of Margot Sanchez* "Funny and affecting, well-balanced, and simply fun." —Kirkus Reviews "An entertaining novel for all teen collections." —School Library Journal A Cuban-American teen navigates social anxiety, her father's remarriage, and being torn between two very cute boys in this "genuine and humorous" (Booklist) contemporary novel—perfect for fans of Morgan Matson and Kasie West. Ever since her mom died three years ago, Analee Echevarria has had trouble saying out loud the weird thoughts that sit in her head. With a best friend who hates her and a dad who's marrying a yogi she can't stand, Analee spends most of her time avoiding reality and role-playing as Kiri, the night elf hunter at the center of her favorite online game. Through Kiri, Analee is able to express everything real-life Analee cannot: her bravery, her strength, her inner warrior. The one thing both Kiri and Analee can't do, though, is work up the nerve to confess her romantic feelings for Kiri's partner-in-crime, Xolkar—a.k.a. a teen boy named Harris whom Analee has never actually met in person. So when high school heartthrob Seb Matias asks Analee to pose as his girlfriend in an attempt to make his ex jealous, Analee agrees. Sure, Seb seems kind of obnoxious, but Analee could use some practice connecting with people in real life. In fact, it'd maybe even help her with Harris. But the more Seb tries to coax Analee out of her comfort zone, the more she starts to wonder if her anxious, invisible self is even ready for the real world. Can Analee figure it all out without losing herself in the process?

The Love That Split the World - Emily Henry 2016-01-26

"A truly profound debut."—Buzzfeed "A time-bending suspense that's contemplative and fresh, evocative and gripping."—USA Today "Henry's story captivates, both as a romance and as an imaginative rethinking of time and space."—Publishers Weekly "This time-traveling, magical, and beautifully written love story definitely deserves a spot on your bookshelf."—Bustle Emily Henry's stunning debut novel is Friday Night Lights meets The Time Traveler's Wife and perfectly captures those bittersweet months after high school, when we dream not only of the future, but of all the roads and paths we've left untaken. Natalie's last summer in her small Kentucky hometown is off to a magical start . . . until she starts seeing the "wrong things." They're just momentary glimpses at first—her front door is red instead of its usual green, there's a preschool where the garden store should be. But then her whole town disappears for hours, fading away into rolling hills and grazing buffalo, and Nat knows something isn't right. Then there are the visits from the kind but mysterious apparition she calls "Grandmother," who tells her, "You have three months to save him." The next night, under the stadium lights of the high school football field, she meets a beautiful boy named Beau, and it's as if time just stops and nothing exists. Nothing, except Natalie and Beau.

Chaotic Good - Whitney Gardner 2018-03-13

Cosplay, comic shops, and college applications collide in this illustrated novel, perfect for fans of Adam Silvera and Noelle Steveson! Cameron's cosplay creations are finally starting to earn her attention—attention she hopes to use to get into the CalArts costume design department for college. But after she wins a major competition, she inadvertently sets off a firestorm of angry comments from male fans online. When Cameron's family moves the summer before her senior year, she hopes to complete her costume portfolio in peace and quiet away from the abuse. Unfortunately, the only comic shop in town—her main destination for character reference—is staffed by a dudebro owner who challenges every woman who comes into the shop. At her twin brother's suggestion, Cameron borrows a set of his clothes and uses her costuming expertise to waltz into the shop as Boy Cameron, where she's shocked at how easily she's accepted into the nerd inner sanctum. Soon, Cameron finds herself drafted into a D&D campaign alongside the jerky shop-owner Brody, friendly (almost flirtatiously so) clerk Wyatt, handsome Lincoln, and her brother Cooper, dragged along for good measure. But as her "secret identity" gets more and more entrenched, Cameron's portfolio falls by the wayside—and her feelings for Lincoln threaten to make a complicated situation even more precarious in this geek girl anthem from You're Welcome, Universe author Whitney Gardner, complete with fully illustrated comic pages inked by Gardner herself.
