**We're No Fun Anymore** - Robert Schwarz  
2012-04-23

In the 21st century, we tend to expect more than ever from our relationships without knowing how to sustain them. Often a married couple juggling the many demands of life, work and children take their bond for granted. They fail to cultivate and nurture the positive interactions they share, neglecting the fun, playful and sexy side of the relationship. Over time, this neglect creates an increasing spiral of dysfunction. *We're No Fun Anymore* reminds therapists and the couples they treat that marriage does not have to mean forfeiting the passion, playfulness and joy in a relationship. With 50 combined years of clinical experience backing it, the program outlined in this book will help to build up a relationship without first tearing it down, examining its weaknesses, or trying to fix its problems. Integrating findings from neuroscience, social psychology, positive psychology and marriage research, *We're No Fun Anymore* shows couple therapists how to create and magnify positive energy between their clients to refortify the foundation of their relationship and help it stand strong, even in times of strife and crisis. Readers will find a practical (and fun) plan to get their marriage out of the rut that's robbing it of fun, recapture the pleasure of dating, romance, and love, and revive the playful quality of sex that makes it the pleasurable and enjoyable experience it's supposed to be. Clinicians will also get the bonus of increasing the fun that they have in their personal lives and in their clinical work with clients.
