*To Love, Honor, and Vacuum* Sheila Wray Gregoire 2014 "Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"-- Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful,

concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.

Ross 2013-08-04 How to Improve Your Sex Life (It's Not What You Think) Husbands everywhere have heard the expression "Happy wife, Happy life..". But if sounds crazy - or even supremely unfair - to you, get ready for us to shock your pants off (literally, we hope!). Authors Diane A. Ross and Kathryn Calhoun help men find their way to happier wives with 50 "quickie" tips you can learn in 5 minutes or less - and put into practice right away. Learn once and for all: - What she means when she says she's "fine" - The hottest foreplay trick (it isn't what you think!) - The easy way to buy perfect gifts and knock special occasions out of the park (with little to no effort on your part) - The questions you ask that guarantee you won't have sex tonight (and how to avoid them) - How to give her the romance she craves (these tips will surprise you!) "Do You Want to Be Right or Do You Want to Have More Sex?" is for men everywhere who love their wives but wish to restore some intimacy in their marriage. If it just seems like you can't do anything right no matter how hard you try, this book is for you. If you're wondering how to improve your marriage in more ways than one, this book is for you. If you feel like you're always driving your wife up the wall - and not in a sexy way - this book is for you. How to Improve Your Marriage and Spice Up Your Relationship Note: This isn't a technical "where to touch her and how to have more sex" manual, but more of a "wife-decoder" manual. This is about learning how your wife works, what turns her on and, just as importantly, what turns her OFF - because you can't learn how to improve your sex life without learning how to improve your marriage. Learn what she needs from you to be interested in sex so that you can both get more of what you want. If you're craving a more intimate, loving marriage, this is the place to start. Are you feeling... - Frustrated that your wife says one thing and does another? - Annoyed that she nags you about how to dress, smell, eat, and even relax? - Confused about why she asks for your advice but gets upset when you give it? - Angry that she seems to withhold sex because she's mad at you? - Tired of being blamed for things that really have nothing to do with you? "Do You Want to Be Right or Do You Want to Have More Sex?" addresses all of common these questions and many more. No matter how big or small these issues are in your marriage, every husband can benefit from gleaning a little insight into the (sometimes crazy) inner workings of his wife's mind. Wondering how to improve your sex life?

**How to Find Love** Mary Shelps 2015-04-05 How to Find Love The Secret to Finding your Life Partner and Making it Last This book is about the foolproof ways to find love and a partner for life. Strategies for finding the right man or woman are also found in this book, as well as pre-dating tips. Readers will also enjoy reading about relationship pitfalls and ways to avoid them. There is likewise a bonus chapter entitled Spice Up Your Love Life for couples who want to make their relationship, or marriage, last. The contents of this book are arranged chronologically and readers are advised to start with the first chapter, Love and Its Nuances, to get an overview of love and its many kinds and definitions. It also elaborates on the various misconceptions about love that people have believed over the years. The second chapter, The Preliminaries, covers pre-dating tips and narrations of real-life experiences of men and women who have been in the dating game. Some of the names have been changed to protect their identities. The next chapter, The Search for 'The One', centers on the qualities that one should look for in a partner. Examples from people were likewise included in this chapter to help the readers relate to the situations. Another feature of the third chapter is the list of characteristics people should think twice about. This would help readers gauge the people they meet and whether they are ready for a relationship. The next chapter, Relationship Pitfalls (and How to Avoid Them) emphasizes couples or single men and women who are already in the dating and getting-to-know-you stage. This was written in an optimistic tone, and the readers have been provided with practical tips to make their relationships last. The fifth chapter, on the other hand, is a short description of ideal romantic pairs in literature that real-life couples could emulate. Aptly entitled as Literary Models, the chapter hopes to inspire couples through literature. What's Next?, the last chapter, gives the readers several last-minute suggestions, with the knowledge that they have already learned a lot from the previous chapters and are now ready to find their life partner."
