[A Woman'S Guide to the Male Mind](#) - Sam Geraldo

2011-01-14

A Womans Guide to the Male Mind is the indirect result of a blog that I wrote in 2005 How Do You Tell If a Guy Fancies You? The article was so popular, receiving more than 70 replies from women with lots more questions, that I launched my web site [www.seducemen.co.uk](http://www.seducemen.co.uk). Since then, most of the advice Ive given in hundreds of published articles was based on my own experiences and those of my friends. To write the book, however, I adopted a more scientific approach. I performed a significant amount of research into recent discoveries by anthropologists, sociologists, psychologists and biochemists on topics ranging from basic sexual attraction to

personality type and male/female communications strategies. Its my belief, therefore, that A Womans Guide to the Male Mind features the best of two worlds: common sense opinions backed by solid empirical evidence. By helping ladies understand the male point of view with regard to sex, dating and relationships; I hope to eliminate the senseless conflicts that so often erupt between lovers and would-be lovers. Once you understand a few fundamentals about the male mind and male behaviour, you will stop thinking of men as inscrutable blockheads and primitive misfits. You will no longer regard them as you would a small, nasty child or an alien race. Arming yourself with the wisdom in this book, youll increase your odds of finding happiness and harmony in romantic relationships, and you will help ensure that this bliss lasts a lifetime. By the time a man reaches maturity, he has passed through four evolutionary stages in his attitude toward women and

relationships. Its very important to understand and identify these four stages, because it will save you from wasting time on guys who arent ready for serious romance.

*Attraction Explained* - Viren Swami 2015-12-22

How much does appearance matter in the formation of romantic relationships? Do nice guys always finish last? Does playing hard-to-get ever work? What really makes for a good chat-up line? When it comes to relationships, there's no shortage of advice from self-help 'experts', pick-up artists, and glossy magazines. But modern-day myths of attraction often have no basis in fact or - worse - are rooted in little more than misogyny. In *Attraction Explained*, psychologist Viren Swami debunks these myths and draws on cutting-edge research to provide a ground-breaking and evidence-based account of relationship formation. At the core of this book is a very simple idea: there are no 'laws of attraction', no foolproof

methods or strategies for getting someone to date you. But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, *Attraction Explained* looks at how factors such as geography, appearance, personality, and similarity affect who we fall for and why.

[How to Attract Women](#) - Leonardo Bustos 2015-09-10

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and

thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the

emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's

liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments.

**How to Attract Women** - Zac Miller  
2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that...

While women are in fact crazy,

I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what

exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your

girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you.

Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report,

Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! [61 Ways to Attract Women](#)

[According to 61 Experts](#) - Joshua Strachan

Want to become irresistible to women, a center of attention, and an object of desire? The ultimate goal for every man is to attract the woman he needs and the women he wants. The extent of a man's happiness depends solely on the kind of women he can attract daily. A woman is the only reason a man can change for good, take responsibilities, and be pushed to achieve things bigger than his own imagination. Women do not just add meaning to life; they create life, the life we all dream of. A man can never dream of a fabulous life in his future without including a woman or something that relates to women's existence. The men that choose to ignore this fact about the importance of women tend to become miserable in the end. Women are to be loved and cherished; this love becomes a strong emotion that keeps us on the definite radar. For the love of women, we become fools for love but always make the right decisions because, in the end,

love is the only thing that matters. Success, riches, and wealth are the definitions of success that are often contemplated when it comes to attracting women. Success defines you as a man; it makes you charming and powerful. Women love men with power, success, phenomenal demeanor, and care. How to keep the seduced? The charm to attract and keep women resides in the possession of few men. These men may not be physically attractive, but they possess a personality that makes every woman fall. They can attract your girlfriend and they know what they are doing. They know the right button to push to get any woman to bed. They take charge and know the right words to say and at the right moment to keep women coming back. These “supermen” are not familiar with the three magic words. They make women tell them, but they don’t say it. They confuse women everywhere they go, although they keep one that takes care of them, these ones they love dearly.

These men have not studied the laws of attraction; they’ve just discovered the ways to effectively keep women excited, to be suspicious and curious about their exceptional personalities. These men have found the essence of life because with these skills they also get the best jobs, influence the right people and accumulate more than enough money to keep them alive, comfortable, increasing their chances of getting the most beautiful women. Some of them have capitalized on these skills so well, they are now the wealthiest, and they control a lot of things that concern society. There is a power accumulated within themselves that makes them extremely influential without trying too hard to be. They seem light-hearted and easy-going, but in the end, accomplish the most complex goal. This book will be about everything you ever wanted, this attractive gem. Some of the ideas from these experts might seem extreme and controversial but they are practical; people like you have

used them in simple ways and have achieved the life they want, attracting the women they want anywhere. To make women fight to have you, take advantage of this book and join the real alpha male train.

times can you come home without meeting anybody before you feel like there's something wrong with you? Seriously, have you ever come home from parties, events, clubs and bars more depressed than when you left? If you're like me, you've tried everything. Different bars, different people, different events. You changed your look, your clothes, your style. The result? Nada, nothing, zip. You may as well go straight. Well one day, I met a body language expert. He told me something that would change my life: Half the Guys You Like Are Turned Off By Your Body Language You know what my reaction was? "Bullsh\_t." I mean, come on! Body language? I'm not meeting good looking guys because of my body language? Puh-leeze. Stay with me because this is where it gets interesting. The body language expert (a psychologist, actually) took me under his wing and coached me in the art of using body language to attract the kind of guys I liked. He wanted a guinea pig-ME-to

prove that the sexual body language principles that work for straight couples could, with some adaptation, work for gay men. Yes, body language for gay men. Here's a partial list of what he changed: \* The way I shook hands. \* The way I leaned in (or away). \* How I pointed with my feet (yes, feet, long story). \* The angle that I talked to people. \* The direction that I approached guys I wanted to meet. \* The way I looked at guys I was interested in. \* The way I used my body to catch their eye. \* The way I used my hands to gesture. The result? In less than an hour, two good-looking guys struck up a conversation with me! After that profound revelation I was determined to make this knowledge available to all other gay guys who couldn't figure out why their love life sucked. So here it is and here's what you'll learn: MAKE YOURSELF MORE APPROACHABLE 1. Wear certain types of shirts and pants. Research shows men are far more attracted to clothes that... Well, it's on Page 23. 2.

Wear a certain type of jewelry and accessories. I'll give away one of the secrets right now: Shoes! Find out why on Page 25. 3. Open your "Territory Line." I show you how to do it on Page 26. 4. Create "Invisible Hallways" between the two of you by using your hands and arms while you're talking to friends. 5. Point with your hands, your feet and your head. This is a little known secret among communication researchers. Pointing is an "invitation" (it also reveals how he feels about you). Where should you point and how? It's all on Page 28. 6. Use Inviting Postures. Whether you're standing, sitting (even slouching), there are do's and don'ts to show your interest. They're all on Page 29. 7. Make it easy for him to touch you. See Page 30 for inventive things you can wear or do to make touching you irresistible. They work like a charm! Fed Up With Feeling Invisible At Bars & Parties? Not meeting the type of guys you like? Frustrated you always have to make the first move? Use this

guide to change your body language and watch how many more attractive guys approach you.

They're all on P. 55-75. [How to Attract Women If You're Not That Attractive](#) - Enrique Voltaire 2017-04-13  
What is the Best Way to Approach an Attractive Lady? How do you get her attention? What should you say? How do you ask for her phone number? Some guys are so good-looking that girls naturally flock to them. Other guys, who are not as genetically blessed, have to use courage, humor, intelligence, psychology, and resiliency to attract beautiful women. [How to Attract Women if You're Not That Attractive](#) answers everything you need to know about attracting women if you do not look like Prince Charming.

### **Girls Magnet Instagram Profile** - ARX Reads

When men talk about what, outside of personality, they find super attractive about a certain woman, the list usually involves a lot of body parts. But when women describe what they find attractive about a man, it often comes down to body language; the way he walks, the way he holds a glass, and even the way

he buttons his shirt can be huge, inexplicable turn-ons. Not that a girl can't appreciate a nice set of guns, of course, or a tall frame, but more often than not, it's little gestures that can drive a woman wild. And what's funny about it is that the guy doesn't even realize he's doing something that's a turn-on, because that's just how he is naturally (which, of course, is part of what makes it so hot). Herein, allow us to present a brief list of some of the non-sexual sexy things guys do that women have revealed to be huge turn-ons. And to get the other side's perspective, check out [How to Set Up Your Instagram Profile So Girls Will Find You Attractive](#)

So you want to be the special guy that almost every girl will find irresistible. You're fed up with the fact that you're having such a hard time trying to impress a girl only for you to end up rejected at the end of

the day. Your main questions usually circles around what you have against what other guys have. Why is it so easy for other males to attract the opposite sex, but almost impossible when you do it? Even when you're trying your best, you realize that you're getting nowhere. Well, that's what this book is going to do for you. It's going to give you a makeover that begins in your mind. By the end of the book, you're going to be different and you're going to feel different from how you were before. Best of all, you're going to like it and you wouldn't want to change back.

you attractive to women...

From: John Dear Friend, Dating is a game but 95% of the men out there have no idea how to play it. It's true, dating is a numbers game and most guys' chances of success are slim. Don't get me wrong, everyone gets rejected...even the most attractive, hottest, richest most charming guys hear a "no" once in a while. But that's what dating is all about, it's a numbers game, a game of chance and... ..You Are About To Increase Your Chances Of Sweeping A Beautiful Woman Off Her Feet Ten Fold! How do I know? Because this used to be my life's story... It's funny when I think back to just a few months ago. I remember having no idea, no clue what so ever about what I was doing when trying to meet women. I was truly clueless, and like most men I had no idea why I was constantly getting rejected. But instead of giving up, which was not even an option, I started to learn. my hands on. I've spent thousands of dollars on dating courses and tips and got rejected a 100 times over just so I can learn about what I'm doing wrong. And after all that reading, listening to audio tapes and experience I have finally discovered the true methods and techniques to being successful in the dating game! Give Me Just A Few Minutes Of Your Time, And I Will Show You Exactly How You Too Can Have Beautiful Women Asking You For Your Phone Number! Like I said, dating is a numbers game and you are about to turn the odds in your favor! This can easily be accomplished by actually knowing what women look for in a man, what they are attracted to and carrying yourself the right way around girls. Because lets face it, dating is a very important game in your life...you might as well know how to play it! Here is just a small taste of what you are about to discover: - Why online dating is one of the easiest ways to meet beautiful women if you are shy and

afraid of face to face rejection (more and more women are choosing the safe environment of online dating sites as a way to meet men). - The qualities every woman no matter the race or age looks for and find absolutely irresistible in men. These qualities are not something you're born with, in fact they are extremely easy to get! - The absolute most important rules of the art of attraction. If you don't understand this, you are never going to be successful with women, no matter what you look like or how much money you have. - How to easily get rid of your fear of approaching and meeting women! This is something a lot of us guys have a problem with, and yet it is so easy to overcome. - How to become a first date professional. You'll need to learn this if you are planning on using this guide properly...because you will be going on a lot of first dates! - Everything you need to know about using online dating sites the right way! From the first contact all the way to getting

her to want to meet up with you. - A guaranteed way to get her begging you for a second date. You wont believe how powerful yet simple this technique is! - How To Honestly Date Multiple Women At The Same Time With No One Getting Hurt In The Process (if you are looking to have fun but at the same time don't want to hurt anyone this is something you absolutely must know). - Why most women would rather have a "bad boy" instead of a nice caring guy that's always there for her. And how you can be that "bad boy" without actually being bad. - Why catering to her every need from the moment you meet her will absolutely kill your chances of being anything more than her "talking friend". - Why compliments will not always get you past the pick up line, and how to really get a woman's attention when approaching her. - Why what you think girls want and what you have always been told girls want (even by other women) is one of the biggest reasons

most men's chances of sweeping a beautiful woman of her feet are next to nothing. - The 7 or so things a woman is really looking for when she meet a man. This is exactly what 95% of men out there are missing when they are trying to pick up girls. - The 14 essential rules you should always follow when dating. Follow these rules and your troubles with women are sure to disappear. - A list of the hottest online dating websites that will help you get a date every day of the week! - The complete guide to having a successful first date. Including where to go, how long to stay, what to talk about and how to behave. - The 4 things you should never talk about or even mention on a first date (bring this stuff up and you'll ruin everything!). - Easy ways to tell if a woman is truly interested in you or just being nice. - Easy ways to defeat your shyness and fear of approaching women that actually work! - And Much, Much more! I've read all the books, listened to all the tapes and studied all the dating

courses. I've spent thousands of dollars and gotten rejected over a hundred times trying to figure out what really works when it comes to meeting beautiful women. I've tried and tested all that I have learned, and now I know what really works and what women really find attractive! Sure, there are thousands of so called "sure" ways to try and attract women...but there are only a few that truly matter and work. And that is exactly what you'll get in the "How to seduce women" book. So how much is the "How to seduce women" worth to you?
