

What To Tell Your Child Sex

You're Teaching My Child What? - Miriam Grossman 2009-08-04

If you think sex education is still about the birds and the bees, think again. And it's not about science either. In her shocking exposé, *You're Teaching My Child What?*, Dr. Miriam Grossman rips back the curtain on sex education today, exposing a sordid truth. Today's sex ed programs aren't based on science; they're based on liberal lies and politically correct propaganda that promote the illusion that children (yes, children) can be sexually free without risk. As a psychiatrist and expert on sexual education, Dr. Grossman cites example after example of schools and organizations whitewashing—or omitting altogether—crucial information that doesn't fit in with their "PC" agenda. Instead, sex educators only tell teens the "facts of life" that promote acceptance, sexual exploration, and experimentation. What sex educators call an education, scientists would call a scam:

- Sex educators won't tell girls their bodies are biologically and chemically more susceptible to STDs; they will only say 3 million girls have a sexually transmitted infection
- Educators say it's natural for children to "explore" their sexuality from a young age and only they can decide when it's right to have sex—the real truth is neurobiologists say teen brains are not developed to fully reason and weigh consequences, especially in "the heat of the moment"
- Teens are told condoms, vaccines and yearly testing provide adequate protection, without being told that studies now show condoms are no match for herpes, HPV and gonorrhea

In *You're Teaching My Child What?*, Dr. Grossman reveals biological truths that you won't find in today's classrooms. *You're Teaching My Child What?* is critical reading for parents with teens and instrumental in teaching children the truth about sex.

What to Tell Your Child about Sex - Child Study Association of America/Wel-Met 1974

The Sex Education Answer Book - Cath

Hakanson 2020-10-30

By the age responses to tough questions kids ask parents about sex (for parents of kids aged 3-14)

[Sex is a Funny Word](#) - Cory Silverberg 2015-07-28

2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book A comic book for kids that includes children and families of all makeups, orientations, and gender identities, *Sex Is a Funny Word* is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the "facts of life" or "the birds and the bees," *Sex Is a Funny Word* opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated *What Makes a Baby*, from sex educator Cory Silverberg and artist Fiona Smyth, *Sex Is a Funny Word* reimagines "sex talk" for the twenty-first century.

Everything You Never Wanted Your Kids to Know about Sex, (but Were Afraid They'd Ask) - Justin Richardson 2003

Written by two Harvard-trained doctors, this one-of-a-kind survival guide helps parents stay sane through every stage of their child's sexual development—from infancy to the teen years and beyond. Our generation was supposed to have sex all figured out. We knew it was healthy. We were too cool to ever get flustered. Then we had kids. And when those kids showed up with sexual ambitions of their own, suddenly we didn't feel so cool anymore. In fact, the confusion, fear, and (let's face it) outright panic we felt the moment our five-year-olds started asking, "Mommy, do you like to rub your wiener, too?" might have done our own parents proud. Well, understanding kids' sexuality doesn't have to be an angst-ridden enterprise. With

confidence, wisdom, and humor, Dr. Justin Richardson, a psychiatrist and noted consultant on youth and sex, and Dr. Mark A. Schuster, a pediatrician and leading researcher on parenting strategies and adolescent sexuality, help us regain our equilibrium with this remarkable book. Smart, frank, and occasionally hilarious, this comprehensive guide offers practical and often surprising answers to the questions that bedevil parents at every stage in their children's coming-of-age. What do you say when your four-year-old daughter walks in on you having sex? What about when you walk in on her and the girl next door finger painting each other's bottoms? What, exactly, should you tell your third-grader about sex, and if he says, "That's gross!" does that mean you've said too much? And what about teenagers? Should you buy your son condoms? Should you try to prevent your daughter from having sex? Does telling her to wait actually work? Drs. Richardson and Schuster tackle these and countless other crucial challenges you're likely to face in the first twenty or so years of your children's lives. Packed with the latest research on parenting techniques and childhood sexuality and filled with helpful stories from real parents about what worked (and what didn't) with their kids, this authoritative volume offers advice and comfort to anyone who is hoping to have a productive dialogue with young people about sex. Whether your focus is on protecting your teens from STDs or raising your little ones to understand their bodies, *Everything You Never Wanted Your Kids to Know About Sex (But Were Afraid They'd Ask)* is an indispensable resource that is sure to leave you educated, entertained, and relieved.

How to Talk to Your Muslim Child about Sex - Firoza Osman 2020-10-26

Our children are growing up in a hypersexualized world. It is a subject that most Muslim parents find difficult and awkward to discuss with their children. This book will lessen that discomfort and build your confidence to tackle this sensitive subject. Firoza Osman outlines how an Islamic foundation when talking to your children about sexual matters from preschool (proper vocabulary, boundaries) to adolescence can help shape a healthy Islamic identity and view of sexuality. *How to Talk to Your Muslim Child about Sex* offers practical

suggestions to address building an Islamic understanding of sex and sexuality- Chapter 1 concerns the challenges of raising children in a digital age. The challenges addressed are peer orientation, cultural norms, sex-obsessed culture, gender-specific issues, pornography, dangers of social media, school environment and muslim-specific challenges Chapter 2 covers building communication and connection with your children so they come to you for information. How to build a connection with Allah, the self and the family are outlined. It addresses building a connection with Allah through love over fear so they wish to please Him. Connection with self is about building your child's self-esteem so they can confidently hang on to their faith and resist peer pressure. Connection with the family is where values, morality and beliefs are built. Chapter 3 covers how and when to talk about sex with your children. It covers how and when to explain puberty, physical intimacy, dating and healthy relationships, consent, gender issues, pornography with conversation starters for all topics. There are over 70 references included and a list of useful resources around parenting and sex education. Firoza Osman has over 20 years of teaching experience with youth and adolescents, working as a Further Education lecturer in the UK, Educational Assistant with a public school board and Afterschool Program Manager for a Canadian Islamic non-profit organization delivering workshops to Muslim youth on Healthy Relationships. She has two adult sons in the UK and resides with her husband in Edmonton, Canada. Follow her at https://www.instagram.com/halal_birdsandbees.talk/ and Facebook <https://www.facebook.com/authorFirozaO>

The Parents Guide to Explaining Sex - Robert Barrett 2022-08-16

It might be one of the most uncomfortable talks you'll ever have with your kid about sex, but it doesn't have to be. Whether or not your kid has shown an interest in having sex, you should still educate them about it in an age-appropriate manner to get them ready for their next sexual encounter. As many parents are aware, it may be challenging to explain to their children how to have sex, where babies come from, how puberty

occurs, and what their private parts are employed for. Teenagers will resort to social media, online pornography, and counsel from their peers if we don't provide them clear, comprehensible solutions. You'll learn the following from *The Parents' Guide to Explaining Sex: How to describe sex in whichever way is most natural for you* - This exquisitely designed parent's manual offers explanations for both conventional and gender-nonconforming practices along with a wealth of kid-friendly graphics. How to teach your kid about your sexual beliefs and act as a moral compass for them so they know what kinds of sexual attitudes and behaviors are acceptable. How to start a conversation about sex and sexual development with even the most resistant youngster How to respond to your child's sexual interest in straightforward, factual ways while using language that is acceptable for their age. How to have a modern, inclusive conversation about sex with your kid so that they are aware of all kinds of relationships and sexual encounters, Teen sexual education doesn't have to be a minefield of discomfort and misinformation to be comprehensive and ethical *The Parents' Guide to Explaining Sex* offers parents of various comfort levels a straightforward manual on what to say to their children about sex and when, how, and how much.

How to Tell Your Child about Sex - James L. Hymes 1949

Sex education is a strange business. We can tell our children where bananas are grown and how a car runs and what makes it rain. But telling about ourselves-how human bodies work, how life starts-that is rough going. We think, Someone else could do this better.--I'm probably making all kinds of mistakes. -- Are these the right words to use? I hope he doesn't ask. ..." If you feel this way, you have a lot of company. There are few "experts" on sex teaching. And many of us heave a sigh of relief when each incident is over.--p. 1.

[Helping Your Child Recover from Sexual Abuse](#) - Caren Adams 2015-09-01

The sexual abuse of a child creates a devastating family crisis. Parents want to know what to do and say to help their child, both immediately and in the long term. *Helping your Child Recover from Sexual Abuse* offers practical guidance for

parents who courageously face the days and months after a child's abuse. Written in a positive, reassuring jargon-free style, it discusses each stage of a child's recovery. Information for parents appears on the left-hand pages; sample conversations and activities for parent and child together are on the right-hand pages. The book presents the collective wisdom of numerous parents who have been through this experience and have learned how to help their children feel stronger, safer, braver, more lovable, worthwhile, and competent. Topics covered: What to do when abuse is first disclosed; Helping a child cope with the legal system; Responding to the reactions of friends and loved ones; Children's reactions to abuse; How parents and children grieve differently; Rebuilding a child's self-esteem; Dealing with confusion about sexuality; Helping a child feel safe and in control; Typical problems at different ages; Recognizing when a child is getting better.

[What Makes a Baby](#) - Cory Silverberg 2013-05-07

Geared to readers from preschool to age eight, *What Makes a Baby* is a book for every kind of family and every kind of kid. It is a twenty-first century children's picture book about conception, gestation, and birth, which reflects the reality of our modern time by being inclusive of all kinds of kids, adults, and families, regardless of how many people were involved, their orientation, gender and other identity, or

family composition. Just as important, the story doesn't gender people or body parts, so most parents and families will find that it leaves room for them to educate their child without having to erase their own experience. Written by a certified sexuality educator, Cory Silverberg, and illustrated by award-winning Canadian artist Fiona Smyth, *What Makes a Baby* is as fun to look at as it is useful to read.

What to Tell Your Children about Sex - Child Study Association of America 1968

How to Talk to Your Child About Sex - Linda Eyre 2007-04-01

Linda and Richard Eyre stress that it's never too soon-or too late-to start discussing sex and values with your children, and they've got proven strategies to make it easier. For parents who want to go beyond the birds and the bees talk, *How to Talk to Your Child About Sex* provides thoughtful, clear, specific guidance on when and, most important, how to help children begin to learn and understand sex, love, and commitment from the most positive viewpoint possible. Preliminary "as needed" talks with three-to eight-year-olds The age eight Big Talk Follow-up talks with eight-to thirteen-year-olds Behavior discussions and guidelines with eleven-to sixteen-year-olds Discussions of perspective and personal standards with fifteen-to nineteen-year-olds

The Parents' Guide to Explaining Sex - Hakanson Cath 2022-04-23

Mum, what's sex for? Where do babies come from? What's a "sperm"? Such questions are enough to rattle even the most confident parent. And if you don't answer them, someone else will surely try: schoolmates, social media, or internet pornography. But providing a thorough, responsible sexual education doesn't have to be a minefield of discomfort and misinformation! *The Parents' Guide to Explaining Sex*, the latest guide by experienced sex educator Cath Hakanson, is an easy no-nonsense guide on exactly what to say to your kids and, better still, how and when to say it. Learn how to: ?Broach the subject with even the most reluctant child?Break sex down into simple, manageable steps to avoid overwhelming your child (or yourself!)?Answer your child's questions and satisfy their curiosity?Explain sex however feels

most comfortable - *The Parents' Guide to Explaining Sex* is full of child-friendly images and includes both traditional and inclusive explanations. So put away the birds and the bees - *The Parents' Guide to Explaining Sex* is communication done right.

Beyond Birds and Bees - Bonnie J. Rough 2018-08-21

A provocative inquiry into how we teach our children about bodies, sex, relationships and equality -- with revelatory, practical takeaways from the author's research and eye-opening observations from the world-famous Dutch approach Award-winning author Bonnie J. Rough never expected to write a book about sex, but life handed her a revelation too vital to ignore. As an American parent grappling with concerns about raising children in a society steeped in stereotypes and sexual shame, she couldn't quite picture how to teach the facts of life with a fearless, easygoing, positive attitude. Then a job change relocated her family to Amsterdam, where she soon witnessed the relaxed and egalitarian sexual attitudes of the Dutch. There, she discovered, children learn from babyhood that bodies are normal, the world's best sex ed begins in kindergarten, cooties are a foreign concept, puberty is no big surprise, and questions about sex are welcome at the dinner table. In *Beyond Birds and Bees*, Rough reveals how although normalizing human sexuality may sound risky, doing so actually prevents unintended consequences, leads to better health and success for our children, and lays the foundation for a future of gender equality. Exploring how the Dutch example translates to American life, Rough highlights a growing wave of ambitious American parents, educators, and influencers poised to transform sex ed -- and our society -- for the better, and shows how families everywhere can give a modern lift to the birds and bees. Down to earth and up to the minute with our profound new cultural conversations about gender, sex, power, autonomy, diversity, and consent, Rough's careful research and engaging storytelling illuminate a forward path for a groundbreaking generation of Americans who want clear examples and actionable steps for how to support children's sexual development -- and overall wellbeing -- from birth onward at home, in schools, and across our

evolving culture.

I Want to Teach My Child about Sex - Karl Wendt 2005

Featuring quick tips, easy-to-use charts, and instantly usable lists and illustrations, this hands-on resource helps parents who want to teach their kids about sex by applying biblical principles.

It's So Amazing! - Robie H. Harris 2014-09-09
 "An outstanding book. . . . Meets the needs of those in-between or curious kids who are not ready, developmentally or emotionally, for *It's Perfectly Normal*." —Booklist (starred review)
 How does a baby begin? What makes a baby male or female? How is a baby born? Children have plenty of questions about reproduction and babies—and about sex and sexuality, too. *It's So Amazing!* provides the answers—with fun, accurate, comic-book-style artwork and a clear, lively text that reflects the interests of children age seven and up in how things work, while giving them a healthy understanding of their bodies. Created by the author and illustrator of *It's Perfectly Normal*, this forthright and funny book has been newly updated for its fifteenth anniversary.
