Just Pervs - Jess Taylor 2019-09-04

In Just Pervs, Jess Taylor's sophomore story collection, contemporary views of female sexuality are subverted and complicated -- no longer are women figures to be acted upon by men; here they have agency over their desires and their bodies. Through the characters in these stories we discover how sex can be many things: it can be gross, shameful, exhilarating, hidden, or open, but it is always complicated. Just Pervs explores the strange oppression and illumination that desire can create, the bewilderment of adolescence, the barriers to intimacy we discover within ourselves and the ones that are imposed on us. All while speaking honestly and openly about sex and championing expressions of female sexuality.

Sex Addiction as Affect Dysregulation: A Neurobiologically Informed Holistic Treatment (Norton Series on Interpersonal Neurobiology) - Alexandra Katehakis 2016-09-20

Examining the neurobiological underpinnings of sex addiction. Neuroaffective science—studying the integrated development of the body, brain, and mind—has revealed mechanisms linking psychological and biological factors of mental disorders, including addiction. Indeed, its paradigm-shifting theoretical umbrella demonstrated that substance and behavioral dependencies share identical neurobiological workings, and thus that problematic repetitive behaviors are genuine addictions—a state increasingly understood as a chronic brain disorder. Clinical experience strongly suggests that sex addiction (SA) treatment informed by affective neuroscience—the specialty of Alexandra Katehakis—proves profoundly transformative. Katehakis's relational protocol, presented here, blends neurobiology with psychology to accomplish full recovery. Her Psychobiological Approach to Sex Addiction Treatment (PASAT) joins therapist and patient through a relationally-based psychotherapy—a holistic, dyadic dance that calls on the body, brain, and mind of both. Written with clarity and compassion, this book integrates cutting-edge research, case studies, verbatim session records, and patient writings and art. Katehakis explicates neurophysiological, psychological, and cultural forces priming and maintaining SA, then details how her innovative treatment restores patients' interpersonal, sexual, and

spiritual relationality.

The Human Magnet Syndrome - Ross A. Rosenberg 2013-04-01

"Born in the cauldron of personal experience of suffering and healing and honed through years of professional experience, this book will help anyone understand the attractors of love and consequent suffering. I recommend it to couples who are mystified by the depth and repetition of their pain and joy and to therapists whose destiny is to help them." ~ Harville Hendrix, Ph.D., co-author with Helen LaKelly Hunt of *Making Marriage Simple: Transform the Relationship you Have Into the Relationship you Want* Since the dawn of civilization, men and women have been magnetically and irresistibly drawn together into romantic relationships, not so much by what they see, feel and think, but more by invisible forces. When individuals with healthy emotional backgrounds meet, the irresistible "love force" creates a sustainable, reciprocal and stable relationship. Codependents and emotional manipulators are similarly enveloped in a seductive dreamlike state; however, it will later unfold into a painful "seesaw" of love, pain, hope and disappointment. The soul mate of the codependent's dreams will become the emotional manipulator of their nightmares. Readers of the Human Magnet Syndrome will better understand why they, despite their dreams for true love, find themselves hopelessly and painfully in love with partners who hurt them. This book will guide and inspire both the layman and the professional.

How to Seduce a Woman and Get Her Sexually Addicted to You in 5 Steps - Michael Pilinski 2012-07-13

Did you ever wonder if it was possible to create your very own female pleasure-bot? I'm talking about a woman so devoted to your sexual skills and to the emotional fantasy world that you've created for her that she forms an addictive attraction to you she simply cannot control? Mike Pilinski, seduction writer and author of 'Without Embarrassment: The Social Coward's Totally Fearless Seduction System', thinks so - and in this, his first new book since 2007, he presents a detailed 5 step process that lays out exactly how any guy can create a sexually charged relationship that satisfies his every whim and desire. 'How to Seduce a Woman and Get Her Sexually Addicted to You in 5 Steps' explores the complexities of female sexuality with a focus on learning how to play to her dreams and desires just like the mysterious lover of her deepest, darkest fantasies would do. Mr. Pilinski describes how to "benevolently manipulate" the typical female mind in a way that will gradually capture her love and sexual devotion, and do so in a manner that will seem both thrilling and subconsciously familiar to her in a comforting sense. Before long you'll know enough to step into any woman's world that you choose to and turn it completely inside out. And most importantly... have a blast at each and every step along the way! 'How to Seduce...' is loaded with dozens of clever and creative ploys that can take any woman from that point where you are just beginning to date her, to a state which can only be characterized as a sexually-centered obsession... aimed straight at YOU! This enjoyable but still very serious training is presented in Mike's signature, easy-to-read, detail-oriented yet humorous style which has characterized all of his terrific books since he first broke onto the PUA scene in 2002. This latest text is not just full of entertaining theory and philosophy however... it's a true teaching guide in the fine art of female seduction and using psychological tactfulness to your advantage. Mike even includes a comprehensive Crypt Notes section at the end of the book - showing a genuine dedication to help his male readers learn how to utilize all his solid ideas to supercharge their own sex lives. Just page through the look-in-book above and check out the Introduction for a quick overview: Part 1 "Her Seduction" introduces a series of romantic actions that work to draw a woman closer to a man emotionally, setting

the stage for a future of great sex with her. The particular steps include: Developing a Formula For Seduction, Guaranteed Sexual Conquest and Securing Her as Your Lover. Part 2 then delves straight into establishing a woman's complete sexual addiction to you. Here's where the fun really begins as you develop a mastery of both the physical and psychological aspects of dealing with a woman in a way that will set you far apart from any other lover she's ever known. There's also a helpful section on premature ejaculation and erectile dysfunction which advocates for a unique non-drug method to overcome what the author believes are essentially mental-based issues that most men can easily correct for themselves. As Mike Pilinski comments: "This whole idea started out as a small project but then grew into a more comprehensive guide as I began digging back through my old notes and old memories. This book is also the first installment in my new Advanced Dating and Seduction Skills for Men Series, and I wanted it to be something that you guys could really use to take your current relationship - and especially a brand new one - to stratospheric levels sexually. I'm talking about creating intense shared pleasure states that probably less than 5% of people ever experience." And now it's time for YOU to join that elite 5% and embrace the ultimate Alpha Male experience for yourself.

Therapists are invited to use the recovery program presented as an effective treatment regimen for sex addicts. Internet pornography addicts men and women who have a weakness for sexual stimulation. One estimate is that as much as half of the male population and a third of the female population are addicted to pornography. The need for a relevant clinical tool is real.
