Celtic Sex Magic - Jon G. Hughes 2001-12-01
The first written account by a contemporary Welsh initiate of the ancient tradition of sex magic as practiced by generations of Celtic druids. • Reveals authentic, accurate, and fully illustrated instructions. • Provides detailed instructions for crafting, purifying, and energizing all the necessary ritual tools. Sex magic is an important component of Celtic spiritual practice. Unlike other ritual practices that look to intermediaries or deities to execute the participants' wishes, druids believe that individuals can directly influence exterior reality by focusing their own internal sexual energy. Sex magic potentizes and projects this energy so that it reaches its full power, allowing the participants to liberate their consciousness from everyday awareness and influence reality at will. Written by a practicing druid with more than forty years in the tradition, Celtic Sex Magic explains the fundamental principles involved in channeling the vast amounts of energy generated during orgasm for the purpose of projecting spells and elevating consciousness. The secrets of this tradition have been passed down orally for generations and are revealed here in print for the first time. This workbook contains authentic, accurate, and fully illustrated instructions for a wide range of sex magic rituals that may be used by couples, groups, and solitary practitioners. The author also provides detailed instructions for crafting the necessary ritual tools and brewing the potions used in these rituals. Celtic Sex Magic offers the keys to unlocking and directing the enormous potential of sexual energy.

The Sacred Sex Rites of Ishtar - Ishtar Dingir 2015-06-06

This book is about Sovereignty. It's about the

superior intelligence and self empowerment which comes from interacting with beings which inhabit a parallel universe to this one - another dimension - from whom man has traditionally gained his wisdom about his place and purpose on Earth and in the cosmos. In ancient times, the ability to tap into this superior wisdom was transmitted to kings and pharaohs by one who was in touch with these extra-dimensional beings or lifeforms, who are also known as the spirits. Sovereignty comes from the spirits of the land, otherwise known as the Fae, the Gentry, the Sidhe or the Faeries. These spirits are like Man, but are of an Elder and wiser race which inhabits a timeless zone within the parallel dimensions. These days, only children can see them, who haven't yet had that perceptivity educated and ridiculed out of them. Shamans and high priestesses in Neolithic times were in touch with these spirits of the land, and so were able to transmit their wisdom to the king or pharaoh in sacred sex rites during his coronation night. This became known as the Sovereignty because it fired up the king's higher brain centres, giving him a superior intelligence and thus the ability and the right to reign. Our ancestors have left us magical keys in their orally passed on myths which, like messages in a bottle, can help us find the way to spark up that wisdom again, in ourselves. As a shaman and mythologist, the author Ishtar Babilu Dingir is regularly in communion with the spirits of the land where she lives in Glastonbury, Somerset. In this book, she has laid out the way for the ordinary person to regain their Sovereignty, which is their birthright, through shamanic sexual practises and also by learning to visit these other dimensions on the inner planes. First, she lays the foundation stone for the teaching by showing the evidence - from ancient Greece, Egypt, Crete, India, Sumer and Babylon - that sacred sex was an integral part of the Kingship rites, and the literary evidence that the spirits were present in the lovemaking. She also explains about our earlier ancestors' understanding about the Faery Marriage, and what she believes is the original meaning of the Holy Graal, tracing it back to the Neanderthals about 45,000 years ago. The reader then learns how to perform shamanic sex themselves, to fire up their own superior intelligence. Finally,

Ishtar reveals more about her own relationship with the local spirits of the land, so that others may become inspired to explore their own locality and thus begin their quest towards higher brain development and self-empowerment - to Sovereignty.

The Art of Everyday Ecstasy - Margot Anand 1999-04-20

"Ecstasy is about waking up and finding that you are in love with life." Most people think of ecstasy in terms of sexual ecstasy, which Tantric sex expert Margot Anand wrote about in her bestselling The Art of Sexual Ecstasy. Now, in The Art of Everyday Ecstasy, Anand expands our definition of ecstasy and shows how we can harness its energy to help us live, work, and love more passionately, joyfully, and with true spiritual focus. Our modern, work-obsessed, stress-filled culture—what Anand calls the "anti-ecstatic conspiracy"—has dulled our spirits, thrown us off balance, and alienated us from meaningful everyday experiences. In this inspirational journey toward finding the healing

nature of ecstasy, Anand explains how the two types of ecstatic experiences—the moments of epiphany called Ecstatic Awakenings, and Everyday Ecstasy, or the Ecstasy of Flow, a connection to our power and inner wisdom—can help us move beyond pain and doubt to reach our highest potential. Based on the spiritual path of Tantra, Anand shows how to use the natural energy system of our bodies—the seven chakras—as a map to ecstasy. As she guides us through the chakras, she explains how each one plays an important role in transforming energy into erotic passion, healing, empowerment, compassion, creativity, insight, and gratitude. Blocked chakras manifest themselves in surprising ways; wholeness can be achieved only when all of the chakras are open with energy flowing freely. By transforming negative behavioral patterns into positive ones and strengthening ourselves physically, emotionally, and spiritually, we can improve our health, sex life, career, relationships, and find profound meaning in everyday moments. With personal anecdotes, exercises, meditations, and rituals, *The Art of Everyday Ecstasy* shows us how to bring ecstatic energy into the body, mind, heart, and spirit—"to embrace every moment in our totality, to respond bodily, feel from the heart, perceive with clarity, and be fully present to others and to life."

Now significantly revised with over 70% new material, this is the authoritative presentation of Internal Family Systems (IFS) therapy, which is taught and practiced around the world. IFS reveals how the subpersonalities or "parts" of each individual's psyche relate to each other like members of a family, and how—just as in a family—polarization among parts can lead to emotional suffering. IFS originator Richard Schwartz and master clinician Martha Sweezy explain core concepts and provide practical guidelines for implementing IFS with clients who are struggling with trauma, anxiety, depression, eating disorders, addiction, and other behavioral problems. They also address strategies for treating families and couples. IFS therapy is listed in SAMHSA's National Registry of Evidence-Based Programs and Practices. New to This Edition *Extensively revised to reflect 25 years of conceptual refinement, expansion of IFS techniques, and a growing evidence base.

*Chapters on the Self, the body and physical illness, the role of the therapist, specific clinical strategies, and couple therapy. *Enhanced clinical utility, with significantly more "how-to" details, case examples, and sample dialogues.

*Quick-reference boxes summarizing key points, and end-of-chapter summaries.

Magia Sexualis - Paschal Beverly Randolph 2012-08-27

A step-by-step guide to the occult science of sex magic • Based on the practices of P. B. Randolph, occult rival of H. P. Blavatsky • Reveals how to perform sex magic rituals for specific real-world results, such as greater strength or enhancement of the senses • Explains how to create magical talismans, such as rings with specific planetary forces, how to enliven a painting, and how to charge an effigy

Conceived by Paschal Beverly Randolph, *Magia Sexualis* has been heralded as the most influential book about sex magic ever written, surviving to the present day solely through Maria de Naglowska's French translation. Published more than 50 years after Randolph's death, the authorship of this "translation" has been repeatedly called into question: While the greater part of the content can be traced to Randolph's known works, a very significant portion cannot--leading to the conclusion that this work was supplemented by Naglowska's own sex magic work and extensive occult teachings. *Magia Sexualis* explains Randolph's meticulous science of sex magic, practiced by the Brotherhood of Eulis and the Hermetic Brotherhood of Light. Beginning with exercises to develop essential skills, the book explains in step-by-step detail how to perform sex magic rituals for specific results, such as greater strength or enhancement of the senses, how to charge and use a "volt"--an effigy of a specific person you want to influence or protect, how to enliven a painting in order to influence those around it, and how to create magical talismans with specific planetary forces, using what Randolph calls "fluid condensers." This work from two great occult minds shows that true power of the spirit is acquired in conjunction with the power of sex--affirming that "sex is the fundamental force in every being, the most powerful force in Nature, and the most characteristic evidence of God."

Tao Tantric Arts for Women - Minke de Vos
2016-07-01

Awaken sexual energy for radiant love and empowerment, healing of emotional trauma and chronic conditions, and celebration of each stage of a woman's life • Reveals how to channel sexual energy to experience the 3 kinds of female orgasm, clear trauma, and heal issues related to PMS, menopause, and libido • Details how to perform breast self-massage, jade egg yoga, yoni articulation, and Universal Healing Tao work such as the Inner Smile and Ovarian Breathing • Includes solo and partner practices for conscious energy exchange, intimacy building, unconditional love, and activating your multi-orgasmic potential Through the Taoist tantric arts, women can experience the full

flowering of their sexual energy. Rooted in Chinese energy medicine, Universal Healing Tao practices, and ancient Taoist traditions from the Yellow Emperor and his three female advisors, these practices honor and celebrate each stage of a woman's life and allow women to awaken their genuine feminine sexuality--receptive, soft, sensitive, intuitive, and creative--rather than the masculine approach that focuses on strength, endurance, and control. In this comprehensive guide to Taoist tantric arts for women, author Minke de Vos reveals how to channel natural sexual energy to evolve the Divine within and heal deep-rooted negative emotions and traumas related to sexuality. She explores techniques from the Universal Healing Tao system, such as the Inner Smile and Ovarian Breathing, to cleanse the uterus of negative emotions and fill your creative center with compassionate vibrations. She offers sexual energy practices to prevent chronic conditions like cancer, depression, and osteoporosis and heal issues related to PMS, menopause, and libido. She explains how to experience the three different kinds of female orgasm and provides detailed, illustrated instructions for exercises such as breast self-massage for emotional transformation and jade-egg yoni yoga to strengthen the pelvic floor and stimulate inner flexing and articulation. She offers evocative meditations to connect with the Goddess within and embrace the innate sexiness at each stage of life. Including solo and partner practices for conscious energy exchange and intimacy building, Minke de Vos's detailed guide to cultivating female sexual energy allows you to ease the passage through the menstrual cycle, pregnancy, and menopause; harmonize your relationships; and merge your inner male and female energies into wholeness.
