Planets in Transit - Robert Hand 2002

This book covers complete delineations of all the major transits - conjunction, sextile, square, trine and opposition - that occur between transiting Sun, Moon and all planets to each planet in the natal chart and the Ascendant and Midheaven, as well as complete delineations of each planet transiting each house of the natal chart. These 720 lucid delineations are full of insight for both the professional astrologer and the beginner.

Aspects and Personality - Karen Hamaker-Zondag 1990-01-01

Companion to Psychological Astrology. An intensive psychological study of the aspects made by planets in the natal horoscope. Discusses how aspects are formed, how signs affect an aspect, how approaching and departing aspects work, and shares aspect experiences of her clients. Includes a cookbook to show how an aspect will work in relation to individual development.

Discover the Aspect Pattern in Your Birth Chart - Glenn Mitchell 2020-03-08

Read Your Birth Chart with Confidence Using This Guide's 100+ Charts & Examples Professional astrologer Glenn Mitchell gives you a strong foundation for chart reading, presenting clear information about aspect patterns and the immediate psychological insights they provide. From the Bowl and Bundle to the T-Square and Grand Trine, these patterns reveal your personality traits, talents, values, and aspirations. Plus, they'll help you read the birth chart of anyone in your life so you can improve your personal and professional relationships. Featuring over one hundred charts and numerous case studies, including those of famous figures like Oscar Wilde, Dustin Hoffman, and Helen Keller, this practical guide helps you clearly and efficiently identify patterns and interpret them. You'll also explore imbalances, unaspected and retrograde planets, intercepted and duplicated signs, and more. This essential book has everything you need to master the birth chart and deepen your astrological practice.

Astrology - Kevin Burk 2001

In *Astrology: Understanding the Birth Chart*, Kevin Burk takes you step-by-step from the core basics to the finer complexities of chart interpretation while avoiding sidetracks into obscure techniques and fuzzy thinking. As a teacher, Burk also understands that a real grasp of the subject entails more than just learning the techniques—it also involves grasping the underlying principles that make those techniques valid. *Astrology: Understanding the Birth Chart* is designed to be useful to all students of astrology, from beginners to more advanced practitioners, and will help you develop an integrated, synthesized approach to understanding the birth chart. You will discover how classical astrology can enrich your understanding of the planets, signs, and houses. You will explore the meaning of the Lunar Nodes, eclipses, the angles, retrograde planets, and aspect patterns. You will also learn how to identify key themes in the chart, and how to relate the different aspects and elements together to gain a holistic understanding of the birth chart—and of the individual. An up-to-date listing of astrological organizations and software programs is

included that offers a wealth of resources for any astrologer. In short, this is a well-designed course that provides a solid foundation for anyone who is interested in practicing astrology quickly and with confidence. While many books at this level simply give you a set of techniques and ready-made interpretations, this book will give you a deeper grasp of an art and science that has its expression in the world around us, but its roots in the invisible world of primal origins.

The Little Book of Saturn - Aliza Einhorn 2018-06-01

The Little Book of Saturn, a smart, friendly introduction to the astrological Saturn, is a book for curious readers who know there is more to astrology than their sun signs. Saturn has traditionally been considered the planet of challenges, but the life lessons that this stern planet brings are necessary for personal growth. This book is suitable for beginners and experts alike. It discusses the influence of Saturn on the natal horoscope, focusing on Saturn in its various places in the birth chart and exploring the various transits, especially the return(s), which brings with it a period of transition that is often feared, but Aliza Einhorn shows you how to understand and navigate them with confidence.

Astrology & Relationships - David Pond 2001

Most of what is published about astrological relationships covers the same ground. We've all read that Libra gets along well with Leo, Aries is bound to clash with Capricorn, Pisces and Scorpio are natural lovers, and so on. It all sounds like a pretty well worn formula, but there's one problem—people are not that simple, and neither are relationships! *Astrology & Relationships* takes a much more satisfying path, showing how astrology can help you improve all of your relationships. It addresses the complexities of real relationships by revealing the essential nature, needs, strengths, and challenges of every combination. Then it takes the unique step of offering exercises that will help you manifest the true potential that exists between each of the signs. This book emerged from actual experiences between a practicing professional astrologer and the thousands of people he has worked with. The ideas and exercises included within have been tried, tested, and refined so that they can be integrated into daily living. The program presented in this book has been proven to work—not just in theory, but in real life.

The Weiser Concise Guide to Practical Astrology - Priscilla Costello 2008-05-01

In *The Weiser Concise Guide to Practical Astrology*, Priscilla Costello introduces the reader to the basic principles of modern astrology and unveils the secrets of this elegantly developed language of symbols. Costello shares with the reader both the philosophical and esoteric world view of astrology, while exploring the meanings of signs, planets, houses, and aspects on many levels, as well as its connection to psychology, religion and spirituality, and related esoteric studies. *The Weiser Concise Guide to Practical Astrology* serves as both a primer for the new student of astrology and a handy reference for the more seasoned practitioner. As complete as it is concise, this course of study delves deeply into the history and true spirit of astrology, making it accessible to all.

Astrology of the Moon - Amy Herring 2010-09-08

Your moon sign represents your emotional nature and lights the way toward profound spiritual growth. With Astrology of the Moon, you can identify and better understand your core emotional needs, learn to fulfill them, and make positive choices for a more rewarding, spiritually enriched life. Illuminating the natal and progressed moon relationship, this information-packed astrology book explains the moon's powerful energetic potential in relation to the signs, houses, planets, and aspects. In an easy-to-use "cookbook" format designed to help you quickly look up your moon sign, Amy Herring reveals your ever-evolving emotional needs when it comes to love, family life, spiritual health, career planning, and more. You will also find many practical activities and ideas to maximize your creative potential and fulfill your essential needs so you can create happiness at every stage of life. Praise: "A new book about new astrology for the New Age! Even a seasoned astrologer will find the insights new and sometimes profound. This is a good book to highlight in your astrology section." —New Age Retailer "For beginners and more advanced students alike, Amy Herring's Astrology of the Moon will illuminate the path to personal growth."—Dell Horoscope

Planets in Aspect - Robert Pelletier 1974

Every major aspect (conjunction, sextile, square, trine, opposition, inconjunct) is covered, 314 aspects in all, 300 words per aspect, thumb indexed for easy reference. Planets in Aspect, the first volume published in Para Research's Planets series, is undoubtedly the most thorough in-depth study of planetary aspects (including the inconjuncts) ever written. It's intelligent, yet easy to read. It's personal, yet objective. It's astrology that really works... and keeps on working for you.

Incarnation - Melanie Reinhart 2014-10-10

Both of the seminars in this book address the theme of 'orientation', offering the reader a profound but accessible interpretation of the structure and the 'spinal column' of the horoscope. The four angles - Ascendant, Descendant, MC and IC - reflect the horizon and meridian at the moment of birth, and symbolise the 'cross of matter' into which we are born. They describe our participation in external reality, and also clarify how the subtle patterns of belief, attitude and circumstance affect our inner sense of orientation. Each angle is described separately, in terms of the element and mode, and the meaning of the houses which flank it. Transits are also considered, and there is a guided imagery process where the individual horoscope placements are explored. The axis of the Moon's Nodes represents an arc of meaning along which the activities of 'being' and 'doing' are balanced, over and over again. Our ability to let go of the past is tested, and we embrace the future from the vantage point of the eternal 'now'. This section reviews familiar material, and also offers a number of approaches to the Nodes which the reader will not find elsewhere. There is a review of the Nodes as placed in the six pairs of opposite signs, plus a questionnaire for readers to consider their own Nodes. This book includes astronomical and psychological material, presented in a lively seminar format which will expand the understanding of beginners and experienced astrologers alike.

Predictive Astrology - Bernadette Brady 2022-06-01

A groundbreaking work that offers deep insights and astrological techniques for bringing the future to light. "Predictive Astrology is one of the first astrology books that opened my eyes to the idea that astrology is about cycles of time. And that you can predict when certain things will happen based on where the planets are in the sky now compared to where they were when you were born."—Katie Sweetman, from O Magazine's "15 Best Astrology Books for Anyone Who Can't Get Enough of the Zodiac" Predictive Astrology shows the reader how to use Time Maps to approach to the fate of the transits, and includes new methods for calibrating and filtering progressions, returns of all kinds, eclipses, and planetary areas. By combining these techniques, you can reveal the future and put various aspects of your life into perspective. Offering many new techniques and concepts, this classic groundbreaking work (first published in 1976) is finding a new and growing audience. The book brings predictive astrology into a world of its own. This new Weiser Classics edition includes a new foreword by Theresa Reed, author of Astrology for Real Life.

Aspects in Astrology - Sue Tompkins 2002-09-01

Illustrates how aspects can offer a profound depiction of an individual and his or her destiny. • Contains comprehensive sections full of interpretations for every planetary combination. • Concepts are explained through the use of actual birth charts and diagrams. • A core textbook at the Faculty of Astrological Studies in London. Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using

the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual. Aspects describe the drama of our lives--the complex configurations that influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines and elemental trines, and cardinal, mutable, and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being. With Aspects in Astrology, Tompkins provides both the novice and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.

Astrology Made Easy - Yasmin Boland 2018-09-04

A clear and step-by-step guide to understanding the age-old wisdom of astrology. Astrology is an ancient and well-known wisdom system, yet still shrouded in mystery. In this book, award-winning astrology writer Yasmin Boland provides the tools every astrology newbie needs to understand their chart and begin making accurate predictions. In this book, readers will explore how astrology can be used as a tool to better understand ourselves and others. They will also learn: - how to read and understand their chart - how the planets, the signs of the zodiac, the houses and their aspects relate to each other - the talents and challenges every person is born with - how to make predictions - how to be a better parent, friend and colleague through knowing your close-ones' charts The book includes a link for the reader to download their personalized astrology chart. This book was previously published within the Hay House Basics series.

The Contemporary Astrologer's Handbook - Sue Tompkins 2009-06-01

"The Contemporary Astrologer's Handbook" is the long-awaited, complete guide to horoscope interpretation by Tompkins, author of the modern classic "Aspects in Astrology." This manual presents an in-depth exploration of the planets, signs, houses, and aspects, and guides the reader through the essential stages of chart delineation.

The Astrological Aspects - C. E. Carter 2000-09

1930. Carter was one of the outstanding British astrologers of the century. This is a treatise in some detail on the 36 possible combinations of the Sun, the Moon and the seven known planets. Each combination is treated under three heads: harmonious aspects, the conjunction, and inharmonious aspects. A number of examples is given of each combination.

The Rulership Book - Rex E. Bills 2007-06

This volume, a directory of astrological correspondences, is the result of a research project that drew together the thoughts of many others into a reference book, assuming the role of a dictionary to astrologers, but vastly more complete. It is the only place where all sign, planetary and house rulerships have been brought together and put in a good workable order. It is organized in such a way that one can use the book for quick and easy reference, and it eliminates the need to search through various other volumes. In four parts: an alphabetical listing, a listing by planets, a listing by signs, a listing by houses. Plus an Appendix with special listings: principal bones of the body, principal veins of the body, chart of an organization, flavors and handwriting forms. Enthusiastically endorsed and used by professionals and students alike, no reference library is complete without this best-selling volume.

Depth Astrology - Gargatholil 2014*Astrology* - Isabel M. Hickey 1992**Llewellyn's Complete Book of Astrology** - Kris Brandt Riske 2010-09-08

The easiest way to learn astrology is to start with yourself. Your astrological birth chart is a powerful tool for gaining a deeper understanding of your unique gifts, talents, challenges, and life's purpose. As you begin to decipher the wealth of information in your own birth chart, you'll experience astrology in a personally meaningful way-which makes it easier to understand and remember. Once you learn the basics of astrology, you'll be able to read the birth charts of yourself and others. This friendly guidebook is the most complete introduction to astrology available. Popular astrologer Kris Brandt Riske presents the

essentials of astrology in a clear, step-by-step way, paying special attention to three areas of popular interest: relationships, career, and money. She explains the meaning of the planets, zodiac signs, houses, and aspects, and how to interpret their significance in your chart. Over 30 illustrations, including the birth charts of several famous people—Al Gore, Oprah Winfrey, Brad Pitt, and Tiger Woods, to name just a few—add a helpful visual dimension to your learning experience. Practical and positive, Llewellyn's Complete Book of Astrology offers techniques for using astrology to identify the qualities you seek in an ideal mate, realize your career and financial potential, calculate your luck, and discover your inner strength.

Aspects In Astrology - Sue Tompkins 2012-07-31

What are astrological aspects and how do they show themselves in a horoscope? How do they relate to the zodiac as a whole and how important are they? Most importantly, how can they best be put to use in understanding our individual needs and relationships? Sue Tompkins, former Director of Schools for the prestigious Faculty of Astrological Studies, explains the significance and practical use of astrological aspects, which go much deeper into revealing the layers of a person's character than do most summaries offered by basic descriptions of star signs. Included is a section offering interpretations for every planetary combination. Also featured are examples drawn from the lives of many well-known people, along with charts and diagrams. Not simply another book on astrology, this is informative and useful guide will appeal equally to the experienced astrologer and to the beginner who wishes to know more.
