## **How to Be a Good Girlfriend and Keep Your Boyfriend Happy** - Andres Munsel 2015-04-12

Why should the women of today - who want to be treated equally to men - be motivated to go above and beyond in their relationship? The truth is, some women don't feel any desire to go out of their way to make their partners especially happy, and that's their prerogative. But contributing that bare minimum to a relationship makes you far from perfect, and makes the relationship far from perfect too. Even more so now that 21st century men are increasingly realizing their own shortcomings and attempting to correct them. Luckily, you're here reading this now because you probably aren't among the status quo: You're ready to take a path of self-improvement for the benefit of your relationship and the happiness of your boyfriend. Kudos! The perfect woman (in the opinion of most men) is an assertive and confident leader at work, a gourmet chef at home, a goddess in bed, and a master organizer. She's not only skilled, intuitive, intelligent, well-read, witty, and positive, but can put her hair in a pony-tail and whoop ass better than the best, when needed. Sure, this massive expectation isn't exactly fair, but that's the meaning and price of perfection. Getting into a relationship is easy, but keeping a relationship happy is hard work - even more so if you wish to be the unequivocal owner of your man's heart and mind.

## **Putting Her in Her Place** - Ryan Hale 2016-10-24

Girls are hardwired to obey and submit. The problem is men and women have reversed gender roles. This is causing men to become feminized and women to become masculinized. I can prove this. You don't see many girls wearing dresses any more, do you (?), because they are all out wearing what men wear; namely: pants, teeshirts, etc. I mean come on, SERIOUSLY! If you want to have the best possible relationship with a girl, where she obeys and submits like a good little girl, then you have to train her back to childhood obedience. You must instill the fear of God in her, letting her know that you are in control of her, and that she must obey you. The more you train her, the more she will start to fall in love with you. The more she will start to accept you as her dominant master. The more she will submit to you and obey you in everything you tell her to do. The less she will try and make decisions on her own. The more she will accept your punishments when she has wronged you. I am not a misogynistic man. I don't want you reading this thinking I am. I am a man who has a wonderfully loving relationship with my girl, who learned this secret and now want to share it with you. I watch too man of my male friends go through the pain and torment of relationships with girls. They don't know how to train a girlfriend, so they keep getting hurt, fucked, and you whatever other adjective you want to fill in the blank with. It doesn't have to be this way. It should not be this way. This book will help you fix it. I don't let my girl do anything adult. She has to play and do childlike activities. I am the adult, she is the little girl. I make her color, fingerpaint, journal in a diary (that I get to read), make her stand in a corner when she acts up, make her take a nap when she's tired, and withhold priveliges from her when she doesn't want to comply with my instructions. She loves me, let me assure you. She will never leave me, because she knows I am her answer and have her best interest at heart. She yearns to be taken care of and protected by me. She loves submitting and being dominated. The sex is amazing, let me share. You can have the same. Read this book. Do what it instructs you to do. Start training your girl today. You will win in the end, I promise. Start reading and taking notes! This is more than a book, it's a course! Grab Your Copy Now

Nervous to Approach and Talk to Women 1-on-1? Wipe Your Tears -- The Final Solution is Here... [Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough--just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. [When Girlfriends Let Go](#) - Savannah Page 2014-04-19

A novel about love, self-discovery, and realizing sometimes you have to let go. Jackie Kittredge is the consummate drama queen living the charmed life. She's enthusiastic, outspoken, and is always looking for a good time. At twenty-seven she's got a swanky Seattle townhouse, a wealthy husband, a designer wardrobe, the best of girlfriends, and a calendar filled not with meetings and deadlines, but spa appointments and happy hour reminders. On the outside, she's got it all. On the inside, though, Jackie's charmed life isn't as it seems. She's seeing a therapist, battling the demons of coming from a broken home and a past of promiscuity and heavy drinking. She can be selfish and demanding, sometimes even wearing her best friends thin. And now her marriage--what she thought could be her solid foundation--is on the rocks. Her husband Andrew spends nearly all his time at the office (and possibly with his secretary), and apologizes for his absence with lavish gifts and empty promises. Miserable and desperate, Jackie questions if her marriage is worth fighting for. Then a string of events begins to put

things into perspective...into a perspective she didn't quite anticipate. With her best friends by her side and some tough love, Jackie finds herself not only asking if she's where she belongs, but if she's who she's supposed to be. This is a passionate story about having to answer some of life's most important and difficult questions. It's a story about fear, courage, and personal growth. About what happens when girlfriends let go. While this Women's Fiction novel is Book #6 in the When Girlfriends collection, it can be read as a stand-alone.
