Hacking Tinder - Mattie Culkin 2019-09-17

Every day, millions of people around the globe use the dating app Tinder to try and find a date. But for many men, this is a frustrating endeavor at

best, and a humiliating failure at worst. The way most guys use Tinder is as such: they load the app up a couple times a day, usually while at home or work, and carelessly swipe right on every decent girl they see until either they get cut off for the day or they get bored. They may spend over ten hours a week swiping, only to see a tiny, microscopic percent of their work pay off in matches. What if I told you there was a better way? Around the internet, there is a widely held belief that only super good looking dudes get lots of matches on Tinder. I am here to tell you that isn't the case. I know it isn't because I am pretty average looking, and yet am able to collect around 25-40 matches a week using a system I have devised over several years of trial and error. And the best part is I only swipe for 30 minutes a week. This probably sounds impossible to you, or that I must be exaggerating, but I'm not. I have shared my system with multiple male friends and associates, and every single one comes running back blown away with the success I've brought them. I felt it was my duty to inform others what I have discovered. While I'll admit my system is pretty clever, I am constantly shocked that I have never read any other person online mention it. I even went and checked out several of the other Tinder books available online. The quality of those books varied greatly, and not one came close to what I have written about in my book. I'm not lying; inside this book contains a real, repeatable strategy you can use to get 3, 5, or even 10x more matches each week, no matter how many you get currently. It's not something stupid obvious like using Super Likes, either. While my match system is the thing you'll likely get the most use from, this book also serves as my explanation of everything I have learned from nearly a decade of matching, dating, and attracting women online. Everything I have ever learned about how to succeed on Tinder I wrote in this guide. In part 1, I go over Tinder as a whole and explain how the app works and why matches can be so hard to come by. I discuss how Tinder decides who sees whom, and how you can manipulate the program's algorithm to get yourself seen more. In part 2, I go over the profile. Here I offer advice on the best profile pics, as well as how to create the perfect "about me" section to stand out from the crowd. I have a background in essay writing, and I will show you how to

write about yourself so that women take notice. In part 3, I go over what to do after you've matched. I start with the perfect opener (it is not "hi") and move on to how to gain her interest and keep her attention. I end by showing how to get her to accept a date and take you up to the moment you meet her. And in part 4, I talk about the date itself. I have been on over 100 Tinder dates, and there are a lot of things I wish I knew before I started. I go over everything here, from what steps you should do ahead of time to ensure a smooth date, to how you can know if she wants to kiss you. Even if you think you have the dating thing all figured out, I guarantee you will learn some great tips and ideas from me here. This book isn't a cash grab or bait-and-switch looking to scam some desperate guys out of their money. I wrote this book because A) I have learned so much about Tinder and dating, and want to share that knowledge with the world, and B) Because I read much too often about guys not finding the results they want from online dating, and thinking that it must be because they're too ugly or boring. That's not really what is happening. And if you read my book, you will learn what is happening, as well as how you can fight back and get the matches, dates, and relationships you deserve. It's time to hack Tinder. Who's in?

Smart Girls Screw Up Too - Bella Zanesco 2017-12-11

Own your screw ups, get inspired and create the life you want. Sick of chasing the perfect relationship, career or bank balance? Tired of feeling like you're never quite 'enough'? You're not alone. And it's time to do something about it. Smart Girls Screw Up Too, is THE no-nonsense guide for a generation of women who secretly muse about what might be possible in their careers, health and relationships but don't know where to start or are too afraid to. When a clusterf**k of screw ups found author Bella Zanesco burnt out, depressed and with a broken soul, she knew something - perhaps everything - had to change. But what? Her first ports of call were the usual Band-Aids: Tinder, work and shopping. But soon, she realised those weren't going to work. If she wanted to fix

this thing, she was going to need to take extreme measures. And so she began the journey that would transform her from 'Sad Girl' to 'Smart Girl'; a journey that meant taking up all the things that she'd been told were good for her but she had always been too afraid, too 'busy', or too lazy to try. Cue everything from green juices to setting boundaries to quitting her job to culling her friends. Delivered with no-holds-barred honesty, humour and compassion, *Smart Girls Screw Up Too* brings together: the latest research into gut science, neuroscience and epigenetics; ancient tribal wisdom; interviews with global game changers; and insights from the author's own two-year study of over 2000 women. Paired with a Personal Life Audit, you will get immediate clarity about where to start when seeking purpose, vitality and love. And, together with Bella - the wise but ass-kicking bestie you wish you'd known earlier - you'll embark on a series of simple daily challenges that will not only get you to the root causes of why you think, feel and behave as you do, but see you making changes that stick. No matter what your starting point, you are capable of creating the life you want NOW.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For

many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Confessions of a Tinderella - Rosy Edwards 2015-05-21

The laugh-out-loud true story of one girl's experience of life on Tinder. Rosy Edwards is the epitome of a contradictory twenty-something year old. She's frugal when it comes to food shopping, but is willing to splash out on shampoo. She's career minded, she just doesn't know which career to have in mind right now. And although she's happy being single, a part of her kind of wants a boyfriend. So after a few unsuccessful dates with friends of friends (read: being forced to date their shortest/dullest/oddest acquaintance), she put herself on Tinder, the app that has transformed the world of online dating. And she soon learns the unspoken rules the hard way: always reject a guy with black and white profile pics (he is ginger and/or ugly); is wearing a hat (bald); has a shot

of his torso (moron) or is not standing beside anything scaleable (5'8 and under). And then there are the dates themselves. From a sky-high dinner date to a borderline drug bust in Chelsea, Rosy has experienced it all, swinging through her love life on the trapeze of Tinder. She falls for the wrong guys, ditches the nice ones, but can she finally find her happy ending. Brilliantly honest and hilariously funny, Rosy's story shows us all that the key to a successful love life could just be a swipe away.
